SALARY INCREASE PLAN FOR FISCAL YEAR 2018:  
SCHOOL OF MEDICINE CAMPUS, SIUC

Summary

This matter presents for Board approval a salary increase plan for Southern Illinois University School of Medicine. The plan sets forth general policies and parameters within which employee salary increases may be granted.

Rationale for Adoption

Board policy requires the approval of a salary increase plan. This plan does not set forth specific salary recommendations for each employee, but rather establishes the general parameters for the distribution of salary increase funds. In addition, this plan does not address changes in salaries established through collective bargaining.

Adequate salaries for our faculty and staff continue to be a high priority for the University. Under this plan, an amount may be distributed to provide eligible SIUSOM employees an average salary increase pool of up to 2 percent to be effective March 1, 2018 for the 2017-2018 fiscal year. This salary increase will only apply to non-represented staff and non-physician faculty. Union employees with a closed contract containing salary adjustments benchmarked to non-represented employees will also be eligible. Working with the Dean and Provost, the President will determine the guidelines and eligibility. For those in unions which have open contracts, any compensation adjustments will be part of the contract negotiations.

Considerations Against Adoption

Funds used for salary increases will not be available for other projects and initiatives.

Constituent Involvement

The plan is consistent with the discussions the Dean and Provost has had with constituency leaders.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in a regular meeting assembled, That:

(1) The President of Southern Illinois University is hereby authorized to grant an amount providing a salary increase pool of 2 percent to Southern Illinois University School of Medicine for Fiscal Year 2018 with an effective date of March 1, 2018.

(2) The President of Southern Illinois University be and is hereby authorized to issue guidelines and eligibility requirements for Fiscal Year 2018 salary increases for staff who are not represented by a recognized bargaining agent and non-physician faculty.

(3) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

APPROVAL FOR GRANT OF PERPETUAL EASEMENT  
ON POULTRY CENTER DRIVE AND RADIO DRIVE  
TO DELTA COMMUNICATIONS, LLC,  
CARBONDALE CAMPUS, SIUC

Summary

Approval is requested to grant a perpetual easement to Delta Communications, LLC, d/b/a Clearwave Communications (hereinafter Clearwave), for the installation and maintenance of a fiber optic cable running from McLafferty Annex along the south side of Poultry Center Drive to Radio Drive south to the WSIU radio tower.

Rationale for Adoption

Clearwave has requested a perpetual easement to install approximately 2,100 feet of conduit and a new fiber optic cable to provide communication resilience. Currently there is one central hub for campus wide communications. The installation of a second fiber optic connection will greatly improve the reliability of continued bandwidth for the campus. The work is estimated to begin after full execution of the easement and will take approximately two weeks to complete.

The attached legal description was prepared by Clearwave. University officials have reviewed the documents and found them acceptable.

The Chancellor and the Executive Director of Administration and Finance, SIUC, recommended this item to the President.

Considerations Against Adoption

University officers are aware of none.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The request to grant a perpetual easement to Delta Communications, LLC, d/b/a Clearwave Communications, for a fiber optic cable running from McLafferty Annex along the south side of Poultry Center Drive to Radio Drive south to the WSIU radio tower in Jackson County, be and is hereby approved.

(2) The perpetual easement to Delta Communications, LLC, d/b/a Clearwave Communications, is described in the attached documents which are on file with the Office of the Board of Trustees.

(3) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

That for and in consideration of the benefits to be gained by the installation, construction, maintenance, and repair of the improvements to be made to the land described herein, and the sum of One Dollar (\$1.00) and other good and valuable consideration, the Parties agree as follows:

GRANTOR does hereby grant, bargain, sell, transfer, and convey unto the GRANTEE, its successor and assigns, a perpetual easement with the right to construct, bury, install, operate, inspect, maintain, repair, upgrade, replace and remove a fiber optic cable and any and all lines, conduits, access manholes, pull vaults, and all necessary appurtenances thereto, over, across and through the land of the GRANTORS situated in Jackson County, State of Illinois, said land being described as follows:

A portion of Section 29, Township 9 South, Range 1 West of the 3<sup>rd</sup> P. M., all being situated in the Township of Carbondale, County of Jackson, in the State of Illinois, hereby releasing and waiving all rights under and by virtue of the Homestead Exemption Laws of the State of Illinois.

Together with the right of ingress and egress over the adjacent lands of the GRANTORS, their successors and assigns, for the purposes of this easement.

The easement shall be Twenty (20) feet in width: beginning at the intersection of Chautauqua Street and running southward along the west right-of-way of McLafferty Road to a point South of University Press Drive, thence southwesterly approximately 300 feet; also extending easterly from the previously identified point South of University Press Drive, along the South side of Poultry Center Drive, thence southward along Radio Drive, thence westward toward the tower, the centerline of which shall be the fiber optic cable as proposed

in Exhibit A-KM SIU, with the easement extending Ten (10) feet on both sides of the fiber optic cable when installed.

The Grantee's fiber optic cable system is to be placed underground and the same shall be constructed at a depth of not less than 36 inches below the surface of the lands and the Grantee shall have the right to bore, trench and to make any other necessary excavations provided that the same shall be back-filled as soon thereafter as practicable. Grantee shall have the right to place on the surface of the lands equipment and attachments necessary to the construction, operation repair and/or maintenance of any underground cables and/or systems.

Any rights to use of the land not expressly granted to Grantee by this instrument are reserved to Grantor, including without limitation, the right to use, and conduct its operations on, the land within the easement for any and all purposes that do not unreasonably interfere with Grantee's rights granted herein, including without limitation the rights to ingress and egress, to mow, cut or remove vegetation or plant vegetation and remove rubbish.

Grantee shall cause its operation and construction hereunder and the use of the easement to be in compliance with all applicable laws, statutes, regulations, rules, zoning laws, environmental laws, health and safety laws, and any other federal, state or local codes and ordinances applicable to the party, its business, operations, improvements and equipment, and the property affected thereby. Grantee shall conduct its operations on the easement in a good and workmanlike manner, exercising reasonable skill, care and diligence in performing the same, consistent in all material respects with prudent industry practices.

All Grantee uses of Grantor's property are made at the risk of the Grantee. Grantee, agrees to restore the surface of the land after the initial construction and any reconstruction, maintenance, repair, replacement or removal of its facilities or cable or any part thereof, as near as practicable, to the condition found prior to each such operation, including, without limitation, the removal from the easement and Grantor's property of all debris, surplus material, construction equipment and surplus earth that are the result of Grantee's operations and the return of the land to the grade and smoothness in which it was found; and to leave the premises in a neat presentable condition.

The consideration hereinabove recited shall constitute payment in full for any damages to the land of the GRANTORS, its successors and assigns, by reason of the installation, operation and maintenance of the structures or improvements referred to herein.

The GRANTEE covenants to maintain the easement in good repair so that no unreasonable damage will result from its use to the adjacent land of the GRANTORS, its successors and assigns.

The grant and other provisions of this easement shall constitute a covenant running with the land for the benefit of the GRANTEE, its successors and assigns.

Notwithstanding any other term or condition of this grant of easement, Grantor may terminate this easement upon the occurrence of any of the following conditions:

1. Upon Grantee's or its successor(s) or assign(s) failure to cure a breach of any term or condition of this grant of easement within 60 days of Grantor's provision of written notice thereof; or

2. A nonuse of the easement herein for a consecutive 2 year period for the purposes granted.

IN WITNESS WHEREOF, the parties hereto have hereunto set their hands and seals the day and year first above written.

AWARD OF CONTRACT: FOUNDERS HALL RENOVATION, PHASE 1, SWING  
SPACE FIT-OUT, SIUE

Summary

This matter seeks to award contracts in the amount of \$1,283,298 for Founders Hall Renovation, Phase 1, Swing Space Fit-Out, as part of the 21<sup>st</sup> Century Buildings Plan. The contracts for the Swing Space Fit-Out shall be funded from the Facilities Fee. The award of contracts for future phases will require further Board consideration.

Rationale for Adoption

On September 14, 2017, the SIU Board of Trustees provided project and budget approval in the amount of \$34,100,000 for the project Founders Hall Renovation, SIUE.

The core campus buildings on the Edwardsville campus were constructed in the 1960s and 1970s. While the buildings have been adequately maintained, the primary electrical, lighting, plumbing, window, and mechanical systems are original and the buildings were not designed to current life safety, energy, and seismic codes. The 21<sup>st</sup> Century Buildings Plan is a program that will renovate six core campus buildings in sequential order: Founders Hall, Alumni Hall, Rendleman Hall, Dunham Hall, Peck Hall and the Lovejoy Library.

This fit-out of the swing space will allow the current occupants of the offices and classrooms in the upper two floors of Founders Hall to be temporarily relocated to the Science East Building and the Vadalabene Center. Once the occupants have been relocated, the renovation work in Founders Hall can begin. Once the upper two floors are renovated, the occupants will move back and the swing space in Science East and Vadalabene will once again be rearranged to prepare for the occupants of the lower two floors. When the lower two floors are renovated, the occupants will move back and the renovation of Founders Hall will be complete. Each Swing Space Fit-Out and Founders Hall Renovation phase will require additional Board approval.

Bids received on December 20, 2017, for the first fit-out work were favorable and awarding the contracts is requested. A summary of bids received is attached for review. The Swing Space Fit-Out and renovation of Founders Hall will be funded from the Facilities Fee. The 21<sup>st</sup> Century Buildings Plan was structured to be a "pay as you go" plan so no loan is anticipated for this project. The Chancellor and the Vice Chancellor for Administration, SIUE, have recommended this matter to the President.

Considerations Against Adoption

Renovation of Founders Hall will cause a temporary inconvenience to the faculty and students who have offices and classrooms in the buildings. Directional signage will help mitigate the inconvenience.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The contracts to perform construction services for the Founders Hall Renovation, Phase 1, Swing Space Fit-Out, SIUE, be and are hereby awarded to the following:

- a) General Work \$465,021

AWARD OF CONTRACT: PRAIRIE HALL ROOF REPLACEMENT, SIUE

Summary

This matter seeks to award contracts in the amount of \$1,018,905 to replace the Prairie Hall roof on the Edwardsville campus.

Rationale for Adoption

On December 14, 2017, the SIU Board of Trustees provided project and budget approval in the amount of \$1,300,000 for the Prairie Hall Roof Replacement, SIUE. The project entails replacement of approximately 40,500 square feet of roofing; replacement of existing drains and addition of secondary overflow drains; replacement of the roof and ductwork insulation; installation of taller equipment curbs for the a/c units; and replacement of coping and parapet flashing. Work will be completed during the summer months in order to minimize disruptions in student housing. The work will be funded from SIUE Housing Repair and Replacement Reserve (RRR) funds.

Bids received were favorable and awarding the contracts is requested. A summary of bids received is attached for review. The Chancellor, the Vice Chancellor for Student Affairs, and the Vice Chancellor for Administration, SIUE, have recommended this matter to the President.

Considerations Against Adoption

This project would reduce the amount of housing reserves. The roof replacement remains the highest priority to be funded by housing reserves.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The contracts to perform construction work required for the capital improvement project, Prairie Hall Roof Replacement, SIUE, be and are hereby awarded to the following:

a. Roofing Contractor                      \$790,905

PROJECT AND BUDGET APPROVAL: CAMPUS SIDEWALK REPLACEMENT,  
PHASE 2, SIUE

Summary

This matter seeks project and budget approval to replace a portion of the sidewalks on the Edwardsville campus. The estimated cost of the project is \$600,000 and will be funded from Facilities Management Plant funds.

Rationale for Adoption

On December 8, 2016, the SIU Board of Trustees gave planning approval for all phases of the capital project, Campus Sidewalk Replacement, SIUE. This matter would provide project and budget approval for phase two. Phase one was completed in summer 2017.

The existing Edwardsville pedestrian walks are deteriorating from age and use. A pavement condition survey found the condition of most of the walks to be "Poor," "Very Poor," "Serious" or "Failed." The condition of the walks is a growing safety concern and accessibility limitation for students, faculty, staff, and visitors, and detracts from the appearance of the campus. Replacement of the current asphalt walks with concrete walks will be accomplished over multiple phases of the project. The estimated cost for Phase 2 of the project is \$600,000 and will be funded from Facilities Management Plant funds. The work is being phased based on pavement condition, maintaining access to campus buildings, and coordination with other projects, with Phase 2 replacing pedestrian walks at various locations within the core campus area. The estimated cost of all phases of the project is approximately \$3,000,000. Phase 1 was completed below its approved budget at a final cost of \$500,987. If approved, the completion of Phases 1 & 2 will represent approximately 1/3 of the overall project phases. Approval for the additional phases of work will require further Board consideration as funding is identified.

Work on Phase 2 is anticipated in the summer of 2018. The Chancellor and the Vice Chancellor for Administration, SIUE, have recommended this matter to the President.

Considerations Against Adoption

Construction will require closure of sidewalks on campus, the impact of which is being mitigated by phasing of the work to maintain access to campus buildings, and by accomplishing the work during the summer.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The capital improvement project, Campus Sidewalk Replacement, Phase 2, SIUE, be and is hereby approved at an estimated cost of \$600,000.

(2) The project shall be funded from Facilities Management Plant funds.

(3) The President of Southern Illinois University be and is hereby authorized to take all action required in the execution of this resolution in accordance with established policies and procedures.

PROJECT AND BUDGET APPROVAL: RENOVATION OF STUDENT SUCCESS  
CENTER, PHASE 1, SIUE

Summary

This matter seeks Project and Budget approval for Renovation of the Student Success Center, Phase 1 on the Edwardsville campus in the amount of \$900,000. Award of contracts will require further Board consideration.

Rationale for Adoption

The SIU Board of Trustees provided planning approval for Renovation of Student Success Center on December 14, 2017. Plans looked at designs and costs for expanding the Disability Support Services office to accommodate the now 700 students that require assistance for testing services, and relocating the smart seminar room and computer lab space as a result. Options for design consideration included ways to expand Disability Support Services space to accommodate the growing needs for this population. It was reported at that time, that the project would be completed in phases to continue Disability Support Services office operations during the construction.

This initial phase of renovations shall include relocation of the computer lab to the upper level of the Student Success Center, creation of a new smart seminar room on the lower level, reconfiguration of small meeting rooms on the lower level, and new flooring and furniture for the upper level lounge. The renovations in Phase 1 are expected to be completed in summer 2018 and will set the stage for Phase 2, the expansion of the Disability Support Services office for completion in summer 2019.

The renovations will be funded from the Student Success Center Repair and Replacement Reserve funds. The Chancellor, the Vice Chancellor for Student Affairs, and the Vice Chancellor for Administration, SIUE, have recommended this matter to the President.

Considerations Against Adoption

Any funds expended on this project will not be available for other Student Success Center initiatives.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The project and budget for Renovation of the Student Success Center, Phase 1, SIUE, be and is hereby approved at a cost of \$900,000.

(2) The project shall be funded from the Student Success Center Repair and Replacement Reserve funds.

(3) The President of Southern Illinois University be and is hereby authorized to take all action required in the execution of this resolution in accordance with established policies and procedures.

PROJECT AND BUDGET APPROVAL: WATER DISTRIBUTION SYSTEM VALVE  
AND HYDRANT REPLACEMENT, PHASE 2, SIUE

Summary

This matter seeks project and budget approval for the second phase of replacing valves and fire hydrants in the Edwardsville campus exterior water distribution system. The estimated cost of the project is \$600,000 and would be funded from Facilities Management Plant funds.

Rationale for Adoption

On July 14, 2016, the SIU Board of Trustees approved planning authority for all phases of the capital project: Water Distribution System Valve and Hydrant Replacement, SIUE. This matter would provide project and budget approval for phase two. Phase one was completed in summer 2017.

Much of the Edwardsville campus exterior water distribution system dates from the original construction of the campus. While the distribution lines remain in generally good condition, valves used to control the system and fire hydrants have been failing. As a result, ever larger portions of the system must be shut down to accomplish maintenance and repairs, requiring greater disruption of University operations and campus activities. The replacement of over 300 valves and hydrants is envisioned over multiple phases of the project. Phase 2 of the project addresses priority valves at an estimated cost of \$600,000. The estimated cost of all phases of the project is approximately \$3.7 million. Phase 1 was completed below its approved budget at a final cost of \$633,082. If approved, the completion of Phases 1 & 2 will represent approximately 1/3 of the overall project phases. Approval for the additional phases of work will require further Board consideration as funding is identified.

Work on Phase 2 is anticipated in the summer of 2018. The Chancellor and the Vice Chancellor for Administration, SIUE, have recommended this matter to the President.

Considerations Against Adoption

Replacement of valves and hydrants will require water be turned off to campus buildings, the impacts of which will be mitigated by appropriate project phasing and scheduling.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The capital development project for Water Distribution System Valve and Hydrant Replacement, Phase 2, SIUE be and is hereby approved at an estimated cost of \$600,000.

(2) The project will be funded from Facilities Management Plant funds.

(3) The President of Southern Illinois University be and is hereby authorized to take all action required in the execution of this resolution in accordance with established policies and procedures.

## APPROVAL OF PURCHASE: ATHLETIC BUS SERVICE NEEDS, SIUE

### Summary

This matter would award a contract for drivers and maintenance/cleaning fees and storage for SIUE charter buses owned by SIUE Athletics. The contract would be funded from Intercollegiate Athletics – Athletic Sponsorship.

### Rationale for Adoption

This contract provides for drivers and maintenance/cleaning fees, along with parts, repairs, labor, and storage for SIUE charter buses owned by SIUE Athletics. The initial contract would be for a fifteen-month period beginning April 1, 2018 thru June 30, 2019. The University reserves the option to renew the contract for up to four additional years through June 30, 2023. Bids were received from two bus service providers. The estimated cost of the five year contract is \$835,000 and will be funded from Intercollegiate Athletics – Athletic Sponsorship. The Chancellor has recommended this matter to the President.

### Considerations Against Adoption

Athletic sponsorship funds would not be available for use on other Athletic program expenses.

### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That

(1) A contract for up to five years for drivers and maintenance/cleaning fees and storage for SIUE charter buses owned by SIUE Athletics, be and is hereby awarded to Cavallo Bus Lines, Gillespie, IL, at an approximate cost of \$167,000 per year, and;

(2) The contract will be funded from Intercollegiate Athletics – Athletic Sponsorship.

(3) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

APPROVAL OF SALARY AND APPOINTMENT: INTERIM DEAN,  
COLLEGE OF AGRICULTURAL SCIENCES, SIUC

Summary

This matter presents for approval the salary and appointment of Ms. Karen Midden for Interim Dean of the College of Agricultural Sciences, SIUC.

Rationale for Adoption

Policies of the Board require the Board of Trustees approval of the salary and appointment of professional staff who have a proposed salary of \$150,000 or more. The University sought nominations and applications from the college community for Interim Dean, resulting in the consideration of individuals internal and external to the University. The Interim Dean of the College of Agricultural Sciences serves as the college's chief academic and administrative officer and is responsible for the academic programs, recruitment and retention of students, fundraising, fiscal management, personnel, external relations, and other duties.

The recommended candidate, Ms. Karen Midden, holds the rank of Professor with tenure in the Department of Plant, Soil and Agricultural Systems. She has served as Associate Dean of the College since 2014 and previously served for more than seven years as Assistant Chair of the Department of Plant, Soil and Agricultural Systems. She began her career at SIU Carbondale in 1985 as an Instructor in the Department of Plant and Soil Science.

The Chancellor and both Associate Provosts, SIUC, have recommended this matter to the President.

Constituency Involvement

The University took into consideration feedback from the stakeholders in the College of Agricultural Sciences in making this decision. The College Operating Paper does not specifically address the process for selecting an Interim Dean.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That: Ms. Karen Midden be appointed to the position of Interim Dean of the College of Agricultural Sciences, SIUC, with an annual salary of \$168,000, effective February 9, 2018.

PROPOSED TUITION RATES AND FEE MATTERS, SIUC  
[AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX A]

Summary

This matter proposes changes to the previously approved tuition schedule and various fee matters.

Rationale for Adoption – Tuition

**Undergraduate and Graduate Student Tuition Rates**

Southern Illinois University Carbondale is one of only 5 Illinois public universities classified by Carnegie as a research institution and currently has the lowest undergraduate tuition rate of the group. It remains the intent of the University administration to continue to deliver a high quality educational experience at an affordable price and to honor the tradition of providing an accessible education regardless of financial need or other economic barriers.

Proposed tuition rates for undergraduate, graduate and physician assistant students, and for students enrolled in the professional schools of Law and Medicine are shown in Table 1. The proposed rates, which include an increase of 2.0% in undergraduate tuition rates, are needed to fund additional cost obligations of the University. Without this additional funding, the quality of educational opportunities for students would be diminished. The proposed tuition rate for non-resident students enrolled in the School of Law is 1.5 times the in-state rate, a decrease from the current rate of 2.3 times the in-state rate.

Accordingly, the University hereby proposes changes for FY 2019 tuition as outlined in Table 1. Also, Alternate Tuition Program policies are updated to provide clarification as outlined in Table 2.

Rationale for Adoption – Mandatory Student Fees

**General Student Fee – On-Campus**

For the third year, mandatory fee rates will not be increased, with the exception of the optional, refundable Student Insurance Fee (see separate section below). However, the University proposes to consolidate 14 mandatory fees that are separately assessed into a single General Student Fee – On-Campus as shown in Table 3. The current mandatory fee structure includes 3 fees that are uncapped, 4 fees that are flat rates, and 9 fees that are capped at 12 credit hours per semester. To eliminate inconsistencies between the fees, the University proposes to uncap all fees and to move

two fees from a flat rate to a per credit hour rate. This will result in higher costs for some students and less for others. Due to grant restrictions, the Student to Student grant fee is a fixed fee of \$3.00 per semester that must be refundable; therefore, it will continue to be billed separately. In addition, the optional, refundable Student Insurance Fee will also be billed separately.

### **General Student Fee – Off-Campus**

Students enrolled in off-campus classes are assessed four mandatory fees: the Distance Learning fee, the Information Technology fee, the Student Services Building fee, and the Student to Student grant fee (undergraduate only). The University proposes to consolidate these fees into a single General Student Fee – Off-Campus as shown on Table 3. There will be no increase to any of the individual fees. Due to grant restrictions, the Student to Student grant fee is a fixed fee of \$3.00 per semester that must be refundable; therefore, it will continue to be billed separately.

### **Student Medical Benefit: Student Insurance Fee**

The Student Medical Benefit (SMB) Student Insurance Fee is based on actual market rate pricing by the vendor, as allowed under the contractual agreement approved by the Board of Trustees in April 2015. The fee is based on previous claims history, plan enrollment, and medical inflation. The University expects to receive the new rate during February 2018.

The new Fall 2018, Spring 2019 and Summer 2019 rates will be effective with the collection of fees for Fall Semester 2018. This proposed rate will reflect the subsidizing of the annual premium with funds from the student health insurance reserve. The decision to subsidize the quoted premium for future years will be dependent upon available uncommitted funds in the reserve.

The Student Insurance Fee allows for the continuation of the commercially insured program of external medical and hospitalization coverage that is fully compliant with the Affordable Care Act (ACA). The Student Medical Insurance Plan provides students with comprehensive health coverage at affordable low-cost rates. In accordance with current policy, students who have their own comparable health insurance coverage may apply for a refund of the Student Insurance Fee.

### Considerations Against Adoption

University officers are concerned that increasing costs to our students may affect access to the University. The University has been sensitive to these concerns in preparing the proposed increases.

### Constituency Involvement

The appropriate constituency and student advisory boards have been presented the rationale and proposed increases.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That: 4 Policies of the Board, Appendix A, be and is hereby amended as follows:

- (1) Tuition rates be amended for FY 2019, as presented in Table 1.

PROPOSED TUITION RATES AND FEE MATTERS, SIUE  
[AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX B]

Summary

This matter proposes changes to the previously approved tuition schedule and various fee matters.

Rationale for Adoption – Tuition

**Undergraduate and Graduate Student Tuition Rates**

Historically, Southern Illinois University has been a leader in delivering a high quality educational experience to its students at an affordable price. It remains the intent of the Board and University administration to continue with that policy and to honor the tradition of providing an accessible education regardless of financial need or other economic barriers.

Proposed tuition rates for undergraduates, nursing accelerated students, graduate students, and for students enrolled in the professional schools of Dental Medicine and Pharmacy are shown in Table 1. The proposed rates, which include an increase of 4% in Undergraduate tuition rates, are needed to fund additional cost obligations of the University. Without this additional funding, the quality of educational opportunities for students would be diminished.

Accordingly, the University hereby proposes changes for FY 2019 tuition as outlined in Table 1.

**Graduate Domestic Student Tuition Rates**

In an effort to better position the University to compete for outstanding graduate talent that supports mission critical faculty research and undergraduate instruction and to also allow the University's online graduate programs to better compete for a critical share of a growing and evolving national market, the University proposes to make the in-state graduate rate applicable to all new and continuing domestic graduate students effective beginning fall 2018 as described in Table 1.

International graduate students will continue to be assessed a 2.5 times surcharge on the in-state rate unless they qualify for an Alternate Tuition Rate. Further, certain graduate program rates and other special differential tuition programs will continue as previously outlined in the footnotes of Tables 1 and 2.

## **Pharmacy Domestic Student Tuition Rates**

As a result of a declining number of applicants to pharmacy schools nationwide and to improve the recruitment of pharmacy students who might not otherwise attend SIUE, the University proposes to make the in-state pharmacy rate applicable to all new and continuing domestic pharmacy students beginning fall 2018 as described in Table 1.

This proposal would allow out-of-state students to view the SIUE School of Pharmacy as an affordable option to receive an excellent education while allowing the School of Pharmacy to fill its classes to capacity with qualified students.

Accordingly, the University hereby proposes changes to the pharmacy domestic student tuition rates as outlined in Table 1.

## **Alternate Tuition Program: International GEO**

On May 12, 2011, the SIU Board of Trustees approved an alternate tuition rate of 1.2 times the current in-state rate for high-achieving/talented international SIUE students who are assigned discretionary tuition rates designated by the University. This proposal would modify the existing International GEO Alternate Tuition Rate to make it applicable to partner institutions as well as individual students. The rate would be determined by the Chancellor and based on the nature of the relationship described in the memorandum of understanding with the institution.

This proposal would allow the University to offer an alternate tuition rate to institutions that have been a good partner in order to increase the number of students that these institutions send to SIUE. In addition, the University would be able to offer a competitive rate to potential new partner institutions in order to strategically begin recruiting new students from these institutions.

Accordingly, the University hereby proposes changes to modify the International GEO Alternate Tuition Rate as outlined in Table 2.

## **Rationale for Adoption – General Student Fee**

A piecemeal approach to setting individual fees over time has led to a confusing and inconsistent fee structure. In an effort to streamline fee rates and offer current and prospective students and their families a less confusing fee rate structure and to be able to better budget, the University is proposing to consolidate General Student Fees and charge a consistent amount per credit hour for undergraduate, graduate and professional students whether enrolled in on-campus, off-campus, on-line or hybrid courses. The University hereby proposes changes in the General Student Fees as described below and as listed in Table 3.

In addition, since the University is proposing to move to a consolidated General Student Fee rate, there is no longer a need to include the individual fee descriptions in Board Policy. Therefore, the University hereby proposes to remove the individual fee descriptions as referred to in Table 3.

Effective fall 2018, the proposed rate is \$100.30 per credit hour for the consolidated General Student Fee. This represents an increase of \$3.55 or 3.7% over the FY18 rate structure adjusted to a per credit hour rate of \$96.75. Programmatic increases are proposed for the following areas: Facilities, Information Technology, Athletics, Student Programming, Student Government, Student Publications, Counseling and Health Services and Career Development Center.

The increase for Facilities is being requested to update the campus' buildings and infrastructure. During the next ten to fifteen years, SIUE will see an unprecedented increase in major building repairs. The Edwardsville Campus has a large group of major buildings and infrastructure built over a short period of time during the same era. There are seven major buildings on campus built between 1965 and 1979, totaling nearly one million square feet. Major systems of that era are reaching the end of their economic lives. Experience has shown that once buildings and their supporting infrastructure go past their economic life, the operating and maintenance costs rise rapidly and the ability to meet user needs and to adapt to changing user demands decrease. Some of these impacts are already visible on campus. Representative projects funded with this fee include: renovate offices and classrooms in various classroom buildings. The fee also will help address any utilities shortfall.

The increase for Information Technology is being requested to offset inflationary operating cost increases. The costs of supporting computing and the campus network infrastructure have been historically funded through a combination of network connection "jack charges" and appropriated funds. Every year, more of the University's operations are done through computing resources and require an ever greater infrastructure. The University needs to continually expand and enhance computing resources and the campus network infrastructure to satisfy the increasing demand as well as maintain and support information technology services for its faculty, staff, and students.

The increase being requested for Athletics would support the annual operating expenses associated with SIUE's continual evolution as a NCAA Division I Institution.

Increases in Student Programming, Student Government, Student Publications, Counseling and Health Services, and Career Development Center are to support various positions and programs to better serve our students.

#### Rationale for Adoption – Housing and Meal Plan Rates

#### **Housing and Meal Plan**

This matter would approve a rate increase effective May 2018, in the University Housing rental rates. The proposed increase for Cougar Village Apartments, Woodland, Prairie, Bluff, and Evergreen Halls for Shared and Single rates would increase by 3.0% as shown in Table 4, effective May 2018. This matter would also approve an increase of 3.0% for the meal plan effective fall 2018.

Proposed increases in FY19 occupancy fee rates would offset inflationary cost increases projected at 2-3%, provide additional funds toward debt service, allow the University to maintain adequate fund balances in the housing operation, and provide for administrative costs assessed auxiliaries.

The Resident Housing Association recommended a 3.0% increase per semester in the FY19 meal plan charges for students residing in Woodland, Prairie and Bluff Halls. The rates proposed herein were developed to offset inflationary cost increases in labor and food costs.

#### Considerations Against Adoption

University officers are concerned about increases in the cost of attendance and their possible negative effect on access to the University. Such concerns are integral to SIUE's annual tuition and fee review process and reflect its historic efforts to maintain tuition and fees at the lowest practical level.

#### Constituency Involvement

The appropriate constituency advisory board has approved the General Student Fee rate and the housing occupancy rate increases. The proposed General Student Fee rate and housing occupancy rate increases were approved by the Student Senate and the University Planning and Budget Council. The Chancellor and the Vice Chancellor for Student Affairs, SIUE, have recommended this matter to the President.

The first ABSN cohort began January 2006. The ABSN program currently requires ~~62-64 63 or 65~~ credit hours for completion, ~~which reflects a decrease from the previously required 66 hours. The decrease is a result of curricular changes and the~~ variability in the number of credit hours depends on the student's research-based coursework in their prior degree.
