Mitchell, Silvana Tabares, Carol Ammons, Juliana Stratton, Jaime M. Andrade, Jr., Kathleen Willis, Theresa Mah, Daniel J. Burke, Gregory Harris, Sam Yingling, Deb Conroy, Natalie A. Manley and Katie Stuart

Synopsis As Introduced

Creates the Public University Uniform Admission Act. Requires each public university in this State to admit first-time freshman applicants as undergraduate students if the applicant graduated with a grade point average in the top 10% of the student's high school graduating class in one of the 2 school years preceding the academic year for which the applicant is applying for admission and (1) the applicant graduated from an accredited public or private high school in this State or from a high school operated by the United States Department of Defense; (2) the applicant successfully completed the minimum college preparatory curriculum requirements for admission to the university or satisfied the ACT's College Readiness Benchmarks on the ACT college admission assessment applicable to the applicant or earned on the SAT college admission assessment a score of at least 1,500 out of 2,400; and (3) if the applicant graduated from a high school operated by the United States Department of Defense, the applicant is a State resident or is entitled to pay tuition fees at the rate provided for State residents. Provides that the University of Illinois at Urbana-Champaign is not required to offer admission to applicants who qualify for automatic admission in excess of the number required to fill 75% of the university's enrollment capacity designated for first-time resident undergraduate students in an academic year. Sets forth other provisions concerning the University of Illinois at Urbana-Champaign. Sets forth other provisions concerning admissions. Provides for additional preparation for college, student outreach, and rulemaking.

Fiscal Note (Illinois Board of Higher Education)

Assuming the provisions of HB 230 would operate under existing capacity levels, it appears that the increased number of mandated entering freshmen students would off-set other eligible entering freshmen and the cost of instruction would generally remain the same. However, depending on the financial profile of the freshmen included under the guidelines presented in HB 230, financial aid costs could increase, although specific estimates are undeterminable at this time. The Illinois Board of Higher Education's FY2016 Weighted Average Tuition Report indicated an entering freshman class of 34,760 for the current academic year.

State Debt Impact Note (Government Forecasting & Accountability)

This legislation would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

House Committee Amendment No. 1

Provides that the Illinois Student Assistance Commission (rather than the Board of Higher Education) shall develop and implement a program to increase and enhance efforts of institutions in conducting outreach to academically high-performing high school seniors in the State who are likely eligible for automatic admission under the Act.

Fiscal Note, House Floor Amendment No. 2 (Illinois Board of Higher Education)

Assuming the provisions of House Bill 230 (H-AM 2) would operate under existing capacity levels, it appears that the increased number of mandated entering freshman students would off-set other eligible entering freshman and the cost of instruction would generally remain the same. However, depending on the financial profile of the freshman included under the guidelines presented in House Bill 230, financial aid costs could increase although specific estimates are undeterminable at this time.

Judicial Note, House Floor Amendment No. 2 (Admin Office of the Illinois Courts)

This legislation would neither increase nor decrease the number of judges needed in the State.

State Debt Impact Note, House Floor Amendment No. 2 (Government Forecasting & Accountability)

This legislation would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Housing Affordability Impact Note, House Floor Amendment No. 2 (Housing Development Authority)

This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

Balanced Budget Note, House Floor Amendment No. 2 (Office of Management and Budget)

The Balanced Budget Note Act does not apply to this bill as it is not a supplemental appropriation that increases or decreases appropriations. Under the Act, a balanced budget note must be prepared only for bills that change a general funds appropriation for the fiscal year in which the new bill is enacted.

Pension Note, House Floor Amendment No. 2 (Government Forecasting & Accountability)

This legislation will not impact any public pension fund or retirement system in Illinois.

Correctional Note, House Floor Amendment No. 2 (Dept of Corrections)

This legislation has no fiscal or population impact on the Department of Corrections.

Home Rule Note, House Floor Amendment No. 2 (Dept. of Commerce & Economic Opportunity)

This bill does not pre-empt home rule authority.

State Mandates Fiscal Note, House Floor Amendment No. 2 (Dept. of Commerce & Economic Opportunity)

Ford, Anna Moeller, Barbara Flynn Currie, Juliana Stratton, Natalie A. Manley, Sara Feigenholtz, William Davis, Jaime M. Andrade, Jr., Linda Chapa LaVia and Carol Ammons

Synopsis As Introduced

Creates the Immigration Safe Zones Act. Provides that schools, medical treatment and health care facilities, and places of worship may not grant access to State and local law enforcement agencies that have entered into an agreement with United States Immigration and Customs Enforcement or undertake other joint efforts with federal, State, or local law enforcement agencies to investigate, detain, or arrest individuals for violation of federal immigration law, unless a court has issued a warrant and appropriate personnel have reviewed that warrant and have consented to access or unless required by law and appropriate personnel have consented. Prohibits employees of elementary and secondary schools and institutions of higher education from asking about a student's immigration status or that of the student's family members, with exceptions. Requires the Department of Human Services to provide training or make training available to teachers, administrators, and other staff of elementary and secondary schools, as well as to medical treatment and health care facilities, on how to deal with immigration issues and how to notify families of those issues in multiple languages. Requires appropriate personnel of a facility to develop a plan to provide assistance, information, and safety to persons who are concerned about the government's immigration enforcement efforts. Provides for the removal of certain file information by State agencies, public schools, and public institutions of higher education. Contains a severability clause. Effective immediately.

Fiscal Note (Dept. of Human Services)

The estimated cost of \$5 million is based on the current \$1.9 million Immigrant Family Resource Program (IFRP), which educates and assists immigrants on Department of Human Service (DHS) benefits. In addition to providing multi-lingual education, DHS is responsible for the required training of various providers--such as health care and education--statewide. The \$5.0 million fiscal impact could grow for that reason.

Manley, Rita Mayfield, Linda Chapa LaVia, Kathleen Willis, André Thapedi, William Davis, Will Guzzardi, Marcus C. Evans, Jr., Theresa Mah, Sam Yingling, Al Riley, Juliana Stratton, Gregory Harris, Christian L. Mitchell and Litesa E. Wallace

Synopsis As Introduced

Amends the Higher Education Student Assistance Act. Requires the Illinois Student Assistance Commission to award grants to students in financial need whose household income is less than the poverty guidelines updated periodically in the Federal Register by the U.S. Department of Health and Human Services and who are enrolled for at least 15 credit hours in a public university. Provides that the Commission shall receive funding for the grants through appropriations, with each grant awarded being in

an amount sufficient to pay the cost of attendance at the university in which the student is enrolled for 2 semesters of enrollment within an academic year. Defines "cost of attendance" to mean the tuition and fee, room and board, and book and supply costs related to a student's attendance at a public university.

Fiscal Note (Illinois Student Assistance Commission)

The cost to implement HB 456 would vary based on the number of students who take advantage of the program, the availability of other financial aid programs (namely, the MAP grant), and the cost of attendance at Illinois public universities. Assuming that MAP grants continue to be funded, it would cost approximately \$300 million during the first year to fully fund the new grants under HB 456 for the estimated 19,900 students who currently meet the bill's enrollment and income requirements. The cost in future years would increase as additional students changed their behavior to qualify for the grant (e.g. by enrolling full-time rather than part-time or by transferring from other sectors to public universities). Depending on how many students took advantage of the program and were accepted by public universities, annual costs in future years could reach \$800 million or more. If the MAP grant were not funded, the Year One costs of HB 456 would be approximately \$380 million; future annual costs would be expected to grow to about \$1 billion as students changed their behavior to qualify. Since HB 456 requires the grant to be "in an amount sufficient to pay the cost of attendance," future costs would also grow as public university tuition and fees, room and board, and book and supply costs increased.

House Floor Amendment No. 1

Provides that the award of grants each year is subject to appropriation. Provides that if, in any fiscal year, the amount appropriated for grants is less than the amount determined necessary to cover the cost of attendance for all eligible applicants, then the grants shall be proportionately reduced accordingly.

Provides that the amount of the credit is equal to 25% of the qualified college tuition expenses, but not to exceed \$2,500 per student per taxable year. Provides that, if a taxpayer claims a credit for a dependent, then that dependent may not claim a credit on the dependent's return for that taxable year. Defines "qualified college tuition expenses" as the tuition required for the enrollment or attendance of an eligible student at an institution of higher education who is eligible to receive grants from the Monetary Award Program,

except that tuition payments made through scholarships or other financial aid are excluded and tuition payments for post-baccalaureate or other graduate degrees are excluded. Provides that the credit may not reduce the taxpayer's liability to less than zero and may not be carried back or carried forward. Exempts the credit from the Act's sunset provisions. Synopsis As Introduced

Amends the Illinois Educational Labor Relations Act. Makes a technical change in a Section concerning unfair labor practice procedures.

House Floor Amendment No. 1

Replaces everything after the enacting clause. Amends the Board of Higher Education Act. Requires the Board of Higher Education to establish and administer, subject to appropriation, an Illinois Excellence Program to incentivize the recruitment and retention of promising faculty throughout the Illinois system of

higher education. Amends the Higher Education Student Assistance Act. Requires the Illinois Student Assistance Commission to implement and administer a program beginning with the 2018-2019 academic year to award College Affordability grants to certain Illinois residents who have graduated from an approved high school with a cumulative grade point average of at least a 3.0 on a 4.0 scale and are seeking a degree from a public institution of higher education. Sets forth the grant amount. Sets forth the terms and conditions of the program, including requiring a 2-year residency obligation following termination of the academic program and requiring students awarded grants under the program to participate in a student loan counseling program through the Commission. Requires the Commission to implement and administer a program in which the Commission shall award work-study stipends to applicants who are grant recipients and who agree to work for 5 to 15 hours per week as peer mentors or tutors for other grant recipients. Requires the Commission to implement and administer a program in which the Commission shall buy-out the private student loans of any eligible participants. Sets forth eligibility requirements. Amends the State Finance Act to create the College Affordability Fund, Work-Study Fund, College Affordability Purchasing Fund, and Illinois Excellence Fund as special funds in the State treasury. Effective July 1, 2018, but provisions concerning the College Affordability grants are effective immediately.

Fiscal Note (Illinois Student Assistance Commission)

This fiscal note discusses the three programs that would be administered by ISAC: (1) COLLEGE AFFORDABILITY GRANT: An estimated 100,000 students would immediately qualify for the College Affordability Grant program. If MAP and Pell grant funding is held constant, approximately \$300 million would be required to fully fund the new program in the first year (FY19). This cost would be expected to grow in subsequent years as additional students qualified for the grant; based on the current capacity of public institutions, these costs could rise to \$400 million annually; (2) Given the terms of the grant and their potential to convert to loans, the program could entail substantial start-up and on-going operational costs. ISAC preliminarily estimates that if the grant/loan program itself were fully funded, additional operational costs could total over \$10 million annually, particularly because the program requires tracking recipients from the time the grant is made until at least two years after graduation. In the case of recipients who enter repayment, the agency would be required to collect from them for at least a decade and longer in some cases, since some recipients will be unable to pay back the grants over 10 years; (3) WORK-STUDY: Each participant in the work-study program would be permitted to work 5-15 hours/week, or 150-450 hours in the average academic year. At the Illinois minimum wage of \$8.25 an hour, each recipient would need to be allocated a minimum of \$1,237.50 - \$3,712.50 annually. To double current work-study opportunities (the intent described by one bill sponsor) about 11,000 work study recipients would be served at a cost of about \$18.1million annually; (4) PRIVATE STUDENT LOAN PURCHASING: Appropriators could allocate any amount to this program; ISAC estimates that Illinois public university graduates from the last ten years with GPAs at or above 3.0 may hold approximately \$500 million in private loan debt. The fiscal impact of this program would include both the amount needed to purchase the loans and the start-up and on-going operational costs to administer the new loan program. Even a relatively small pilot program would have to be run for more than 10 years. If \$50 million in outstanding private loans were to be purchased, ISAC estimates additional funding needs of approximately \$780,000 in the first year and a total of about \$6 million over the 10-year life of the new loans to cover program costs. Those include the one-time cost of originating the new loans, plus the on-going costs of servicing, reporting, monitoring, collection of delinquent loans, etc. In addition, some portion of the loans that become delinquent will ultimately be written off as uncollectible.

Synopsis As Introduced

Creates the Wage Lien Act. Provides that a lien exists on an employer's property for the amount of unpaid wages owed to an employee. Defines terms and includes provisions concerning creation of the lien; exemptions; notice; limitations; recording of the lien; enforcement; other claims on the employer's property; successor obligations; and construction.

Fiscal Note (Dept. of Revenue)

The Department of Revenue currently lacks expertise in the filing and enforcement of liens. With passage of this bill, the Department will need to add up to three fulltime staff to devise and implement new lien procedures, research, file, and process the liens. Also, two additional attorneys preferably with lien recovery experience are needed to review for enforcement sufficiency and to represent the Department at hearing. Additionally, two administrative law judges with lien recovery and or Uniform Commercial Code expertise would also be needed to handle the increase in administrative hearings. Administrative costs include postage, filing fees, office supplies and new employee IT equipment and licensing. Currently, according to the Cook County Recorder of Deeds, recording costs for liens range from \$25.00 to \$32.00. It is estimated that if the Department had this additional staff the number of liens that it theoretically could record would be around 1,000 to 1,500 per year. Fiscal Impact = \$1,038,336 (7 Headcount - \$972,336; Administrative Costs - \$66,000).

Beiser, Lawrence Walsh, Jr., Frances Ann Hurley, Justin Slaughter, Jay Hoffman, Elgie R. Sims, Jr., Jaime M. Andrade, Jr., Rita Mayfield, Camille Y. Lilly and Jerry Costello, II

Synopsis As Introduced

Creates the Tuition Reduction Act. Beginning with the 2017-2018 academic year, requires each public university located in this State to reimburse its full-time resident undergraduate students a portion of the tuition charged in the form of a grant applied directly to a student's financial aid account. Provides that to determine the per-pupil grant amount, the university shall calculate the difference, if any, between the current fiscal year's aggregate appropriations to the university and fiscal year 2015's aggregate appropriations to the university and divide that amount by the number of students enrolled in the previous academic year. Provides that 50% of this calculation then equals the per-pupil grant amount, to be awarded to currently enrolled students to reduce their tuition costs (unless the current fiscal year's aggregate appropriations to the university are equal to or less than fiscal year 2015's aggregate appropriations). Requires each university to annually report updated estimates of the total amount in grants awarded in an academic year to the Governor and the appropriate committees of the General Assembly. Effective immediately.

Fiscal Note (Illinois Board of Higher Education)

House Bill 3447 directs each public university in Illinois to calculate a per-pupil tuition grant reimbursement for its full-time resident undergraduate student population. The formula for this calculation is the difference between the current fiscal year's (Fiscal Year 2017) aggregate appropriations to each university and the Fiscal Year 2015 aggregate appropriations. In the absence of a definition for "aggregate appropriations" the Illinois Board of Higher Education assumes the term includes all direct operations and grants appropriations that are not restricted; this does not include restricted funds such as student financial aid, capital projects, research, retirement contributions, and other purposes. Under current fiscal conditions, there will be no per-pupil grant awards since the difference between Fiscal Year 2017 and Fiscal Year 2015 is less than zero.

House Floor Amendment No. 1

Replaces everything after the enacting clause with provisions of the introduced bill with the following changes: Provides that the terms of the Act only apply to appropriations to public universities for operations. Changes the year with which to compare a university's appropriations from 2015 to 2002. Provides that the tuition grant shall be determined by dividing the differences in appropriations by the number of students enrolled on the 10th day of the previous academic year (rather than divided by the number of students enrolled in the previous academic year). Provides that if the General Assembly increases funding for each university for 4 consecutive years, the Board of Higher Education shall report to the General Assembly on whether or not the Act should be repealed. Effective immediately.

Short Description: LIVING WAGE ACT

Senate Sponsors

Sen. Daniel Biss and Omar Aquino

Synopsis As Introduced

Creates the Living Wage Act. Provides that the State, its agencies, and political subdivisions shall ensure that new contracts and subcontracts include a provision specifying that, as a condition of payment of the contract, the minimum wage to be paid to workers in performance of the contract or subcontract shall be at least \$16.36 per hour for new contracts created after January 1, 2018. Provides that for every year thereafter, the Department of Labor shall adjust the amount of the hourly minimum wage by the annual percentage increase in the consumer price index. Sets forth provisions concerning enforcement and penalties. Creates a private right of action to enforce the provisions of the Act. Provides for debarment of certain contractors or subcontractors for violation of the Act. Contains severability provisions. Effective January 1, 2018.

Senate Floor Amendment No. 1

Replaces everything after the enacting clause with provisions of the introduced bill with the following changes: Removes references to "political subdivisions" of the State. Adds a definition of "State". Effective January 1, 2018.

Fiscal Note (Dept. of Central Management Services)

The Department of Central Management Services cannot quantify a financial impact to the Agency at this time. However, after reviewing a sample of the FY16 contractual wage data from CMS' State Use Vendors, the data preliminarily suggests that there could be a significant increase in vendor labor costs, potentially up to a \$5.5 million annual increase. When vendor prices increase, this is typically passed along to the customers, in this case the State of Illinois.

Synopsis As Introduced

Creates the Underrepresented Groups in Academia Task Force within the Board of Higher Education to examine strategies to grow underrepresented groups in institutions of higher education and to ascertain the viability of increasing the number of laboratory schools in the State and creating State-owned and operated trade schools.

Fiscal Note (Illinois Board of Higher Education)

According to House Joint Resolution 2, members of the Underrepresented Groups in Academia Task Force shall serve without compensation. Although some costs might be incurred to the Illinois Board of Higher Education in order to provide support for the Task Force, such costs would most likely be minimal. Expanding services and programs for underrepresented students can provide opportunities for a more marketable skill set that lends itself to enhancing the growth and economic viability of the State of Illinois. The Illinois Board of Higher Education has also been in discussions about developing a conference specifically focused on assisting underrepresented student populations at both public and private institutions. The Underrepresented Groups in Academia Task Force could help to promote this cause as well and/or connect its work to such a forum.

State Debt Impact Note (Government Forecasting & Accountability)

This legislation would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.
