Short Description: IDPH-WOMEN'S HEALTH CLINICS

House Sponsors

Rep. Mary E. Flowers-Anne Stava-Murray-Carol Ammons-Rita Mayfield-LaToya Greenwood, Bob Morgan, Camille Y. Lilly, Barbara Hernandez, Frances Ann Hurley and Emanuel Chris Welch

Synopsis As Introduced

Amends the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois. Requires the Department of Public Health to establish women's health clinics throughout the State to provide affordable health care for women. Requires the services provided at the women's health clinic to be offered at an affordable price and to include specified services, including women's health examinations, pregnancy confirmation, prenatal care, labor and delivery services, postpartum care, family planning examinations and birth control services, and care for sexually transmitted diseases and infections.

Fiscal Note (Dept. of Public Health)

The legislation does not specify the total number or geographic locations of women's health clinics so there is no way to calculate the costs for the State to establish facilities directed to provide the following services: annual women's health examinations, pregnancy confirmation services, prenatal care, labor and delivery provided by an obstetrician, postpartum care and support, family planning services, sexually transmitted disease care, doulas and childbirth consultants and childbirth education and breastfeeding care. The best example to look at is federally qualified health centers (FQHCs), where all of this care is already provided, except for labor and delivery (which needs to be done at a hospital due to the need for surgical/anesthesia services). According to the federal government, the costs of FQHCs in Illinois in 2017 were \$968,572,482. This figure does not include the costs for construction or obtaining building spaces, or any of the costs for the more costly care involving child birth, including surgical care, infant resuscitation teams, etc.

Land Conveyance Appraisal Note (Dept. of Transportation)

No land conveyances are included in this bill; therefore, there are no appraisals to be filed.

State Debt Impact Note (Government Forecasting & Accountability)

This bill would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Pension Note (Government Forecasting & Accountability)

HB 6 amends the Department of Public Health Powers and Duties Law of the Civil Administrative Code in a way that does not impact any State pension fund.

Correctional Note (Dept of Corrections)

There is no fiscal or population impact on the Department.

Judicial Note (Admin Office of the Illinois Courts)

This legislation would neither increase nor decrease the number of judges needed in the State of Illinois.

Balanced Budget Note (Office of Management and Budget)

Please be advised that the Balanced Budget Note Act does not apply to this bill, as it is not a supplemental appropriation that increases or decreases appropriations. Under the Act, a balanced budget note must be prepared only for bills that change a general funds appropriation for the fiscal year in which the new bill is enacted.

Housing Affordability Impact Note (Housing Development Authority)

This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)

This bill does not create a State mandate.

Home Rule Note (Dept. of Commerce & Economic Opportunity)

This bill does not pre-empt home rule authority.

House Sponsors

Rep. André Thapedi-Jehan Gordon-Booth-Joe Sosnowski-La Shawn K. Ford-Theresa Mah, Camille Y. Lilly, Linda Chapa LaVia, Kambium Buckner, Curtis J. Tarver, II and Maurice A. West, II

Synopsis As Introduced

Creates the Vocational Academy Opportunity Act. Creates 2 vocational academies, one located in Cook County and the other in a downstate county, which shall be residential institutions. Provides that each academy shall be a State agency, funded by State appropriations, private contributions, and endowments. Provides that the academies shall be governed by a single Board of Trustees for the collective operation and oversight of the academies. Provides for the membership of the Board. Specifies the duties and powers of the Board. Provides that each academy shall be empowered to lease or purchase real and personal property on commercially reasonable terms for the use by the academy.

Fiscal Note, House Floor Amendment No. 1 (State Board of Education)

House Bill 27 (H-AM 1) would increase the Evidence-Based Funding (EBF) gap to adequacy. EBF provides funding to two existing laboratory schools. Based on the fiscal year 2019 EBF calculations, the Final Adequacy Target for the two existing non-residential laboratory schools, adjusted for regionalization, averaged nearly \$10,700 per student. This fiscal note assumes that each new vocational academy would have an average student enrollment of 250 students per grade or 750 per school. Based on the FY19 EBF calculations mentioned above, the estimated state resources needed for the EBF formula would be \$7.2 million for each vocational school to be funded at 90% adequacy for a total of \$14.4 million. The bill does not provide a mechanism for the new school districts to receive a Base Funding Minimum from EBF for the new vocational schools. This bill would also impact EBF Tier funding amounts received by other school districts in the future as a result of reduced enrollment for a school district that has a pupil enroll in one of the new vocational academies. The bill also has an inconsistency with the definition Of "Average Student Enrollment" in Section 18-8.15 of the School Code. This estimate does not include construction costs nor the operational costs of housing students in a residential facility as the bill authorizes the school districts to use a cost recovery fee for these costs. The fiscal impact to the Illinois State Board of Education's operating budget cannot be determined at this time but there will be operational costs to comply with the provisions of House Bill 27 (H-AM 1).

Fiscal Note, House Floor Amendment No. 2 (State Board of Education)

House Bill 27 (H-AM 2) creates the Vocational Academy Opportunity Act and four public vocational academies which shall also be residential institutions. The bill provides that each academy shall be its own school district and funded as a laboratory school from the Evidence-Based Funding (EBF) formula. The local capacity percentage for these new vocational academies in the EBF formula would be set at 10% in the absence of local tax resources. House Bill 27 (H-AM 2) would increase the EBF gap to adequacy. EBF provides funding to two existing laboratory schools. Based on the fiscal year 2019 EBF calculations, the Final Adequacy Target for the two existing non-residential laboratory schools, adjusted for regionalization, averaged nearly \$10,700 per student. This fiscal note assumes that each new vocational academy would have an average student enrollment of 250 students per grade or 750 per school. Based on the FY19 EBF calculations mentioned above, the estimated state resources needed for the EBF formula would be \$7.2 million for each vocational school to be funded at 90% adequacy for a total of \$28.8 million. The bill does not provide a mechanism for the new school districts to receive a Base Funding Minimum from EBF for the new vocational schools. This bill would also impact EBF Tier funding amounts received by other school districts in the future as a result of reduced enrollment for a school district that has a pupil enroll in one of the new vocational academies. The bill also has an inconsistency with the definition of "Average Student Enrollment" in Section 18-8.15 of the School Code. Synopsis As Introduced

Amends the Equal Pay Act of 2003. Prohibits an employer from: (i) screening job applicants based on their wage or salary history, (ii) requiring that an applicant's prior wages satisfy minimum or maximum criteria, and (iii) requesting or requiring as a condition of being interviewed or as a condition of continuing to be considered for an offer of employment that an applicant disclose prior wages or salary. Prohibits an employer from seeking the salary, including benefits or other compensation or salary history, of a job applicant from any current or former employer, with some exceptions. Senate Committee Amendment No. 1

Replaces everything after the enacting clause. Amends the Equal Pay Act of 2003. Provides that the exceptions to the equal pay requirement based on sex also apply to the equal pay requirement for African-American employees. Provides that an employer may prohibit a human resources employee, supervisor, or other employee whose job responsibilities require or allow access to other employees' wage or salary information from disclosing that information without prior written consent from the employee whose information is sought or requested. Provides that specified provisions shall not be construed to prevent an employer or employment agency from: providing information about the wages, benefits, compensation, or salary offered in relation to a position; or engaging in discussions with an applicant for employment about the applicant's expectations with respect to wage or salary, benefits, and other compensation. Provides that an employer is not in violation of specified provisions when a job applicant voluntarily and without prompting discloses his or her current or prior wage or salary history, including benefits or other compensation, on the condition that the employer does not consider or rely on the voluntary disclosures as a factor in determining whether to offer a job applicant employment, in making an offer of compensation, or in determining future wages, salary, benefits, or other compensation. Makes other changes. Effective 60 days after becoming law.

Senate Floor Amendment No. 2

Provides that a wage differential factor that is not based on sex or a factor that would constitute unlawful discrimination under the Illinois Human Rights Act must account for the differential (instead of "the entire differential").

Provides that the State Treasurer shall establish the Illinois Higher Education Savings Program for the purpose of expanding access to higher education through savings. Provides for enrollment in the Program. Provides further duties and requirements of the Treasurer regarding the Program. Creates the Illinois Higher Education Savings Program Fund as a fund held

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)

This bill does not create a State mandate.

Fiscal Note (Office of the Treasurer)

Based upon Illinois' current birth rate of 155,000 to 165,000 newborns per year, the annual cost for this program is expected to be \$9-10 million per year, beginning in FY21. This includes approximately \$8 million for the initial seed funding of \$50 per child and an estimated \$1.5 million to develop local savings incentive partnerships, engage parents and children in related financial literacy initiatives, and administer the program. Because unclaimed and unused funds will remain with the program for future use, the need for annual appropriations will decline after year 10 of the program as unclaimed and unused funds are recycled.

House Floor Amendment No. 3

Modifies the definition of "eligible child".

Amends the Illinois Dental Practice Act. Changes the definition of "public health dental hygienist." Provides that the requirement that a public health dental hygienist have additional structured courses in dental education in advanced areas specific to public health dentistry shall include emergency procedures for medically compromised patients, pharmacology, medical recordkeeping procedures, geriatric dentistry, pediatric dentistry, and pathology provided by an educational institution accredited by the Commission on Dental Accreditation, such as a dental school or dental hygiene program, or a statewide dental association, approved by the Department of Financial and Professional Regulation to provide continuing education, that has developed and conducted training programs for expanded functions for dental assistants and hygienists. Provides that the training program must include a minimum of 26 hours of didactic study; include 8 hours of in-person classroom experience with an outcome assessment examination that tests the competency of the didactic subjects required by the Act; require the hygienist to complete an 8-hour, on-site mentoring experience monitored by the dentist who will have a public health supervision agreement with the hygienist; issue a certificate of completion of the training program, which must be kept on file at the supervising dentist's office and which will be made available to the Department upon request; and operate in a public health setting pursuant to a written public health supervision agreement with a dentist who is working in or has contracted with a local or State government agency or institution or who is providing services as part of a certified school-based program or school-based oral health program. Effective immediately.

House Committee Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with changes that include the following. Specifies the number of hours of education required in certain advanced areas specific to public health dentistry and requires that the training program for a public health dental hygienist include a minimum of 29 hours of didactic study in those areas (instead of a minimum of 26 hours of didactic study). Provides that the education in advanced areas specific to public health dentistry may be provided by a statewide dental hygiene association that meets certain requirements. Provides that the didactic study may be taken in compliance with specified continued learning education requirements. Provides that the training program for a public health dental hygienist must require completion of 5 hours of didactic courses in the topic areas of special needs dentistry, teledentistry, nutritional needs of geriatric and low income patients, communication techniques with non-English speaking patients, cultural competency, and professional ethics. Provides that the training program must require completion of an 8 hour in-person classroom review (instead of classroom experience) that includes a comprehension exam on specified topics (instead of an outcome assessment examination) and submit certification of successful completion to the supervising dentist. Removes a requirement that the training program require the hygienist to complete an 8-hour, on-site mentoring experience monitored by the dentist who will have a public health supervision agreement with the hygienist. Makes grammatical and other changes.

House Floor Amendment No. 2

Removes a provision requiring training programs for public health dental hygienists to operate in a public health setting pursuant to a written public health supervision agreement with a dentist who is working in or has contracted with a local or State government agency or institution or who is providing services as part of a certified school-based program or school-based oral health program. Further amends the Illinois Dental Practice Act. Provides that after completion of a training program for a public health dental hygienist, a public health dental hygienist may operate in a public health setting that meets specified requirements with a dentist who is working in or has contracted with a local or State government

agency or institution or who is providing services as part of a certified school-based program or school-based oral health program.

Synopsis As Introduced

Creates the Retention of Illinois Students and Equity Act. Provides for legislative findings and a definition. Provides that, notwithstanding any other provision of law to the contrary, a student attending an institution of higher learning in this State who is deemed an Illinois resident for tuition purposes and is not otherwise eligible to receive federal financial aid shall be eligible to apply or receive consideration for State financial aid, including any student aid or benefit funded or administered by the State, a State agency, or any public institution of higher learning, including, but not limited to, scholarships, grants, awards, stipends, free room and board, tuition waivers, or other financial or in-kind assistance.

House Committee Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Makes changes to the legislative findings. Provides that a student who is an Illinois resident and who is not otherwise eligible for federal financial aid, including, but not limited to, a transgender student who is disqualified for failure to register for selective service or a noncitizen student who has not obtained lawful permanent residence, shall be eligible for State financial aid and benefits. Provides that, to ensure equity, success, and the retention of Illinois residents, a student who is an Illinois resident may not be subject to any caps on grant assistance available under the Monetary Award Program other than those required by State law. Provides that the eligibility requirements for any student

aid or benefit funded or administered by the State shall be interpreted to promote the broadest eligibility for students who are Illinois residents in accordance with State law or policy. Makes other changes.

Fiscal Note, House Committee Amendment No. 1 (IL Student Assistance Commission)

The scholarship and grant programs that ISAC administers are subject to appropriation. Thus, making more students eligible to apply for these programs (which HB 2691 does) will not automatically add to their cost. However, funding additional recipients would either require additional appropriations or shifting dollars from other low-income students who are currently eligible. Based on limited available data, including estimates provided by advocates for the bill of the number of undocumented Illinois students, approximately 3,500 students may become newly eligible for the Monetary Award Program (MAP) under HB 2691, as amended, adding about \$9.0 million in annual demand for the program. Without additional funding, adding new recipients would require shifting dollars from other recipients. This projection incorporates estimates of the number of undocumented Illinois students, transgender students who may be required to register for Selective Service, and students who are currently ineligible for MAP because they have used the program to help pay for at least 75 credit hours but have not yet attained junior status. This estimate could be low for several reasons. Overall demand for funding could increase in future years as additional students apply. Also, ISAC does not have adequate information to estimate the potential increase in demand for smaller grant programs (which are also subject to appropriation) or any increases in demand for ISAC-administered programs attributable to students who receive in-state tuition rates because of their military or veteran status.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)

This bill does not create a State mandate.

Fiscal Note (Dept. of Commerce & Economic Opportunity)

HB 3349 requires DCEO to award grants designed to encourage and facilitate employment in water infrastructure careers. Competitive awards shall be made for various activities including: identification of individuals for job training in the water sector; counseling, preparation, skills training, and other support to increase a candidate's likelihood of success in a job training program and career; and several others. While HB 3349 requires DCEO to make the grants, the legislation does not specify a funding source for the program. Without a funding source, the legislation represents a potential unfunded mandate on the agency. Without additional information on available funding and the number of grants required to be awarded, the Department lacks the ability to determine program scope and ongoing implementation costs. As a result, we are unable to determine the fiscal impact of this legislation.

Synopsis As Introduced

Amends the Minimum Wage Law. Makes a technical change in a Section concerning the short title.

Senate Floor Amendment No. 1

Replaces everything after the enacting clause. Amends the Illinois Income Tax Act and the Minimum Wage Law. Provides for an increase in the minimum wage and for a credit against withholding payments in relation to the increase. Increases the minimum wage to \$9.25 per hour beginning January 1, 2020. Provides for annual increases in the minimum wage culminating in a minimum wage of \$15 per hour beginning on January 1, 2025. Provides to employers with 50 or fewer full-time equivalent employees a credit against tax withheld beginning January 1, 2020. Reduces the credit beginning January 1, 2021. Provides employers may claim the credit amount in effect on January 1, 2025 until December 31, 2026 and that employers with no more than 5 employees may claim that credit until December 31, 2027. Authorizes the Department of Labor to perform random audits of employer to ascertain compliance with the Minimum Wage Law. Authorizes a penalty of \$100 per employee for failure to maintain required records. Effective immediately.

Pension Note (Government Forecasting & Accountability)

There is no readily discernible fiscal impact associated with SB1, as engrossed. To the extent minimum wage workers participate in pension funds governed by the Pension Code, there could be an increase in accrued liability, but it would presumably be very small and likely actuarially insignificant.

State Debt Impact Note (Government Forecasting & Accountability)

This bill would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Fiscal Note (Dept of Revenue)

Increasing the minimum wage to \$15 per hour over 6 years increases state revenues. The positive effect on tax revenue, in the form of income and sales taxes, is only slightly offset by the negative effect on income tax revenues of the tax credit extended to eligible businesses. Overall, the net impact of this proposed legislation is an increase in state revenues of nearly \$390 million by fiscal year 2027. The positive effect on tax revenue is produced by the additional income tax collection and sales tax collection given by higher wages and personal consumption expenditure in the state economy. We estimate Individual Income tax (IIT) revenue at the current individual income tax rate of 4.95 percent. The estimate for Sales Tax revenue values were decreased to account for the fact that the state does not tax services and receives no share of revenue on food for consumption off site, prescription drugs or certain medical devices. The negative effect on Income tax revenue is due to the tax credit against withholdings. The tax credit for eligible employers is a declining percentage of the wage increment defined as the differential between the employee's hourly wage from the final quarter of the previous calendar year and the State's minimum wage of the present year). The credit,

applied on a calendar year basis, is set to scale down over the course of the ramp (to year 2025) at which point the calculation of the credit shifts to a flat, fixed dollar amount. The schedule of credits is as follows: 25% credit in 2020; 21% credit in 2021; 17% credit in 2022; 13% credit in 2023; 9% credit in 2024, and 5% credit in 2025. In calendar year 2026, the credit for businesses is fixed to match the credit taken in 2025; in calendar year 2027, the credit for those businesses with 5 or fewer employees is fixed to match the credit taken in 2025. In calculating the cost of the tax credit, we considered the number of minimum wage jobs increasing from \$8.25 in 2019 to \$10.00 in 2020, from \$10.00 to \$11.00 in 2021 and so on until 2027. We discounted those jobs in firms with more than 50 employees using Census bureau data on small firms in Illinois. We considered 1750 hours of work as full time in accordance with prior studies on the subject. All estimates above are static estimates, meaning that they do not account for changes in the labor supply and demand associated to the increase in labor cost.

Home Rule Note (Dept. of Commerce & Economic Opportunity)

This bill does not pre-empt home rule authority.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)

This bill does create a State mandate.

Balanced Budget Note (Office of Management and Budget)

Please be advised that the Balanced Budget Note Act does not apply to SB 1, as it is not a supplemental appropriation that increases or decreases appropriations. Under the Act, a balanced budget note must be prepared only for bills that change a general funds appropriation for the fiscal year in which the new bill is enacted.

Correctional Note (Dept of Corrections)

There is no fiscal or population impact on the Department of Corrections.

Judicial Note (Admin Office of the Illinois Courts)

This bill would neither increase nor decrease the number of judges needed in the State of Illinois.

Housing Affordability Impact Note (Housing Development Authority)

This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

Synopsis As Introduced

Amends the Higher Education Student Assistance Act. Provides that a person is a qualified applicant if, despite not meeting other residency requirements, the applicant is a resident of Illinois at the time of application and at some point after leaving federal active duty service was a resident of Illinois for 15 consecutive years. Effective July 1, 2019.

Senate Committee Amendment No. 1

Replaces everything after the enacting clause. Amends the University of Illinois Act. With regard to scholarships for children of veterans, provides that, subject to eligibility requirements, the child of a person who served in the armed forces of the United States during Operation Just Cause between December 20, 1989 and January 31, 1990 is entitled to a scholarship in the University. Effective July 1, 2019.

Senate Floor Amendment No. 2

Replaces everything after the enacting clause. Amends the Scholarships Article of the School Code. With regard to the MIA/POW Scholarship, provides that the definition of "eligible veteran or serviceperson" includes, among other requirements, a veteran or serviceperson who is a resident of Illinois at the time of application for the Scholarship and, at some point after leaving service, was a resident of Illinois for at least 15 consecutive years. Amends the Higher Education Student Assistance Act. With regard to the Illinois Veteran grant program, provides that a person is a qualified applicant if, despite not meeting other requirements, he or she is a resident of Illinois at the time of application to the Illinois Student Assistance Commission and, at some point after leaving federal active duty service, was a resident of Illinois for at least 15 consecutive years. Effective July 1, 2019.

Fiscal Note (Illinois Student Assistance Commission)

SB 1467 would extend eligibility for the IVG and MIA/POW programs to veterans who have, at some point after separation from service, lived in Illinois for 15 continuous years. ISAC does not have

adequate information to provide a reliable estimate of the size of this newly-eligible population, nor the likelihood that newly-eligible individuals would take advantage of the program if SB 1467 becomes law. In FY18, 4,116 Illinoisans received IVG grants averaging \$4,545, and for FY17 (most recent available), 1,211 Illinoisans received MIA/POW grants averaging \$2,487 (administered by IDVA). A 1% increase in the number of participants would be expected to increase IVG waivers by about \$187,000 and MIA/POW waivers by about \$30,000, for a total increase of \$217,000 per percentage point increase in the number of eligible applicants. If the number of eligible applicants increased by 5%, the amount waived would be expected to increase by approximately \$1.1 million above current levels. Notably, the affected programs require public universities and community colleges to waive tuition and fees for eligible applicants, whether or not the institution receives reimbursement from the state for providing the waiver. If not reimbursed through state appropriations, institutions must absorb or offset any costs incurred due to the programs (for example, through additional fees or tuition increases paid by other students).

Pension Note (Government Forecasting & Accountability)

SB 1467, as engrossed, amends the Scholarship Article of the School Code and the Higher Education Student Assistance Act in a way that does not impact any pension system.

State Debt Impact Note (Government Forecasting & Accountability)

SB 1467, as engrossed, would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Effective immediately.

Synopsis As Introduced

Amends the Higher Education Student Assistance Act. Provides that, beginning with the 2019-2020 academic year, the Illinois Student Assistance Commission must implement and administer a program to award Early Childhood Workforce Free College grants to all eligible child care workers seeking an associate or bachelor's degree from a public institution or a regionally accredited, online-only early childhood education degree program; defines terms. Specifies grant eligibility and renewal requirements. Creates the Early Childhood Workforce Advisory Committee to advise the Commission on all matters relating to the Early Childhood Workforce Free College grant program and on the ways to improve and expand the early childhood workforce in this State. Provides for the membership and support of the Committee and requires the Committee to (i) study and make recommendations to the Commission that are related to the implementation of the Early Childhood Workforce Free College grant program, (ii) conduct an analysis from data received by the Commission to ensure the program is at full utilization, (iii) address access issues to the program, including, but not limited to, geographic, financial, cultural, and workplace settings, and (iv) address ways to expand the early childhood workforce in this State. Amends the State Finance Act to create the Early Childhood Workforce Free College Fund. Effective immediately.

Senate Committee Amendment No. 1

Expands the definition of "child care worker". Changes the definition of "early childhood degree program" to a regionally accredited degree program (rather than online degree program) administered solely through an Illinois-based, not-for-profit organization or through a public institution through which a child care worker may attain a degree or credential or maintain a classroom role in any child care or early childhood education setting, including a Child Development Associate Credential program or an Early Childhood Education (ECE) degree program. Requires the Illinois Student Assistance Commission to implement and administer the Early Childhood Workforce Free College grant program beginning with the 2020-2021 (rather than 2019-2020) academic year and subject to appropriation. Provides that, if other eligibility requirements are met, an eligible child care worker seeking to enroll in an alternative educator licensure program under the School Code is eligible for a grant under the program. Removes a provision allowing for exceptions to a student's initial enrollment in a public institution or an early childhood degree program for extenuating circumstances as provided in rules by the Commission. Provides that, in awarding grants under the program, if, in any fiscal year, the amount appropriated for the grants is less than the amount determined necessary to cover the cost of attendance for all eligible applicants, then the Commission must proportionately reduce the grants accordingly (rather than must develop the selection and renewal criteria for students). Requires the Illinois Early Learning Council (rather than the Commission) to provide the Early Childhood Workforce Advisory Committee with administrative and other support. Makes other changes.

Senate Floor Amendment No. 2

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill as amended by Senate Amendment No. 1 with the following changes. Changes the definition of "early childhood degree program". Provides that if a student chooses to enroll in a private institution, the grant

awarded to the student under the program shall be no more than 150% of the highest rate paid on behalf of students in a similar program at a public institution to cover the cost of tuition and mandatory fees, less all other student aid. Provides that after completion of or disenrolling from his or her program of study, a student must reside and work within this State in a child care or early childhood education setting for a minimum of one year. Provides that if the student does not reside and work within this State for a minimum of one year, the student must repay the total grant amount awarded to him or her through installments in accordance with rules adopted by the Illinois Student Assistance Commission. Creates the Early Childhood Workforce Free College Advisory Committee (rather than the Early Childhood Workforce Committee), established by the Illinois Early Learning Council; changes the membership of the Committee and the Committee's duties. Makes other changes. Effective immediately.
