Chair Gilbert explained the procedures for the public comment and question portion of the Board's agenda. There were no speakers signed up to speak.

Chair Gilbert turned the floor over to Vice President Gupchup to introduce the SIUC Student Presentation on *Southern Illinois University's Journey to the National Championship: Our Underdog Story*. Vice President Gupchup introduced the advisor to the student group, Dr. Tim Hurley, a clinical assistant professor of accounting with a specialization in taxation. Dr. Hurley then turned the presentation over to the students to share their journey to winning a national championship. The students presenting included: Mackenzie Piazza, Matthew Carrazco, Jayda Smith, Lexie Lingle, and Ben Morgan.

The group presented on their experience as they won the national championship for Deloitte's FanTAXtic Case Competition. They discussed the assembly of their team by Faculty Advisor Tim Hurley. SIU had never participated in the challenge before and the team could only consist of one senior and one junior. The team shared how they met weekly at the library to prepare and how they set goals. The team competed with some of the top schools in the nation at nationals and said they were determined to prove SIU's School of Accountancy is right up there with those other teams. They discussed the

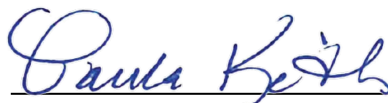

weekend and the various sessions they attended. They came in first place with USC and UCLA taking second and third place. They concluded their presentation with what it meant for them to win as they made many connections and contacts and received much media coverage. Chair Gilbert and others congratulated the group and Professor Hurley.

At approximately 4:00 p.m., Chair Gilbert moved that the Board go into closed session to consider imminent and/or pending court proceedings against or on behalf of the Board; appointment, employment, compensation, discipline, performance, or dismissal of specific employees; collective negotiating matters between the public body and its employees or their representatives; and review of minutes of meetings lawfully closed under the Open Meetings Act. The relevant sections of the Open Meetings Act that allowed for the closed session are 5 ILCS 120/2(c) (1), (2), (11), (21). The motion was duly seconded by Trustee O'Dell. The motion carried by the following recorded vote: aye, Ms. Dorcas Brou, Hon. J. Phil Gilbert, Dr. Ed Hightower, Ms. Hailee O'Dell, Ms. Sara M. Dr. Gireesh Gupchup, Vice President for Academic Innovation, Planning, and Partnerships  
Dr. Jerry Kruse, Provost and Dean, SIU School of Medicine  
Dr. Duane Stucky, Senior Vice President for Financial and Administrative Affairs and Board Treasurer

Also present was Ms. Paula Keith, Executive Secretary of the Board and Assistant to the President.

NOTE: Copies of all background documents furnished to the Board in connection with the following matters have been placed on file in the Office of the Board of Trustees.

The Executive Secretary reported and Chair Gilbert determined that a quorum was physically present.

Chair Gilbert explained the format of the meeting was prudent due to the ongoing Disaster Proclamation for public health concerns.

The Chair reviewed the history of the endowment established by the family of the late Lindell W. Sturgis to recognize annually the community service contributions of an SIU Carbondale employee. He reviewed the accomplishments of the recipient and then presented the Lindell W. Sturgis Public Service Award to Mr. Dan Becque. The Chair also recognized past award recipients who were in attendance. The Chair noted that the Board attended a breakfast in honor of the recipient prior to the meeting.

Chair Gilbert recognized Student Trustees Dorcas Brou, Carbondale; and Hailee O'Dell, Edwardsville; for their service on the Board and thanked them for their service as it was their last regularly scheduled Board meeting and presented them certificates.

The Chair announced that the Board would reconvene following the Committee meetings.

The Board reconvened at approximately 10:50 AM.

Trustee Salger moved that the Minutes of the Meetings held February 8 and 9, 2023, be approved. Trustee Tedrick seconded the motion, and the minutes were approved by the following recorded vote: aye, Ms. Dorcas Brou, Hon. J. Phil

Gilbert, Dr. Ed Hightower, Ms. Hailee O'Dell, Ms. Sara M. Salger, Dr. Subhash Sharma, and Mr. Roger Tedrick; nay, none.

Under Committee Reports, the Chair reported that the Executive Committee had not met between Board meetings.

Dr. Dan Mahony, President, Southern Illinois University, provided his report for the SIU system. Trustee Simmons commented to signify he joined the meeting. President Mahony began with an update on the SIU System Strategic Plan and asked Dr. Rose Moroz from SIUC and Dr. Susan Morgan from SIUE to share on the Cooperative PhD Program. Dr. Moroz discussed the five cooperative PhD programs: computer science; engineering science; environmental resources and policy; historical studies; and pharmacology and neuroscience. Dr. Morgan discussed the strategic plan process; specifically, closing information and communications gaps and also bringing faculty together to support program and student success. Dr. Morgan introduced Goksu Avdan who is a Co-op PhD student in Engineering Sciences and he shared his experience as a student in the cooperative program.

President Mahony discussed the continued work with the National Association of System Heads Networked Improvement Communities which focuses on course sharing. He said 20 courses have been identified which will be accessible for students across the system. He stated this will give more opportunities for students, give faculty a chance to interact with students from other campuses and ultimately help students get to graduation more effectively and efficiently.

Next, President Mahony introduced Dr. Sheila Caldwell, Vice President for Anti-racism, Diversity, Equity and Inclusion and Chief Diversity Officer. Dr. Caldwell

presented the ADEI Lifetime Achievement Award Winners: Dr. Earleen Patterson from SIUE and Father Joseph Brown from SIUC. Dr. Caldwell discussed the criteria for the award and why each recipient was selected. Dr. Caldwell also recognized SIUE Instructional Design Team members Matthew Schmitz, Pamela Williams and Sarah Laux for helping with the following ADEI initiatives: Inclusive Language Guide, Climate Survey Executive Summary Reports and the ADEI Commitment Statement Video.

In other ADEI updates, Dr. Caldwell shared that SIU was awarded the NADOHE 2023 Institutional Excellence Award (Professional Schools) at the National Association of Diversity Officers in Higher Education meeting. Dr. Caldwell discussed some of the national presentations on ADEI initiatives and how it is important to tell SIU's story and promote the great things SIU is doing with regards to ADEI throughout the nation. She also thanked the System Diversity Advisory Council for their work on the tenure and promotion recommendations. Last, she talked about the Conversations of Understanding and how the topics were a result of the Campus Climate survey findings. She reminded everyone the Conversations are available to watch on the System's YouTube page. President Mahony thanked Dr. Caldwell for her work. President Mahony also acknowledged Dr. Candace Hall and her documentary "clusterluck" and the recognition it has received.

President Mahony gave an update on the Institute for Rural Health and said it has its first cohort in the Certified Recovery Support Specialist Certificate Program. He said funds have been received to purchase a mobile clinic unit to provide treatment for opioid use disorders. Next, he shared the Office of Community Engagement is involved with a number of funding proposals where work is being done across the system and also

with outside agencies to help support development within the region. He closed with sharing SIU had SIU Day at the Capitol for the first time since the pandemic and it was a successful day interacting with the legislators.

Dr. Austin Lane, Chancellor, SIU Carbondale, provided his report for the Carbondale campus. He began by acknowledging outgoing and incoming student and faculty leaders. He discussed Bob Odenkirk's visit to campus and how he took time to spend with students and faculty while on campus to receive his honorary degree. In relation to scholarship support, Dr. Lane said the campus set a record of \$4 million plus on the SIU Day of Giving and thanked Matt Kupec for his work. Also, he discussed the inaugural Saluki Ball and said \$665,775 was raised from the Ball.

Dr. Lane discussed fall enrollment. Applications and admissions are up for new undergraduates, transfers and graduate students. He also discussed the Saluki Brew Works and the collaboration with Ravinia and discussed the reception for alumni at Ravinia the evening before the Saluki Ball. Next, he recognized recent faculty and staff award winners.

In conclusion, Dr. Lane introduced the Chief of Police, Ben Newman, and thanked him and the Department of Public Safety for their work. He asked Chief Newman to discuss the campus active threat drill. Chief Newman described the drill that took place on April 20 and all the various groups involved – the drill showed areas that need improvement and he said much was learned from the exercise.

Dr. Jerry Kruse, Dean and Provost, SIU School of Medicine, provided his report for the School of Medicine. Dr. Kruse discussed the School of Medicine's Match Day 2023 and shared the process for medical students as they go from pre medical studies to

medical school to the residency and fellowship. He said 27% of the students stay with SIU SOM programs. Dr. Kruse said there are a total of 113 students coming to SIU School of Medicine's residencies and fellowships with 16 coming from SIU School of Medicine. There are 93 residents in 22 programs and 20 fellows in 12 programs. In conclusion, Dr. Kruse mentioned the work of the Simmons Cancer Institute and stated that during the pandemic the Institute's patient count increased by 98%.

Dr. James Minor, Chancellor, SIU Edwardsville, provided his report for the Edwardsville campus. He began with congratulating Dr. Earleen Patterson on receiving the ADEI Lifetime Achievement award. He also thanked Trustee O'Dell for her service. Next, he provided an update on fall enrollment. Both undergraduate and graduate applications are up as well as fall registrations. He said the challenge is converting those admitted into students walking around on campus. With respect to yield, he discussed the engagement and yield strategies the campus is employing in order to convert the admits to registered students.

Dr. Minor discussed Governor Pritzker's visit to campus where he held a press conference to discuss the state's investment in higher education and the campus was also able to announce the new health sciences complex. Additionally, Dr. Minor said 30% of SIUE undergraduates are MAP grant recipients and they had a student speak at the Governor's press conference on the importance of MAP grants and the state's investment in them.

Dr. Minor also discussed two new academic programs the campus will launch in Fall 2023: Cybersecurity Engineering and Land Surveying/Geomatics. Next, he provided an update on campus safety at SIUE. Dr. Minor echoed Dr. Lane's comments on

the campus public safety officers and thanked them for their work. Chancellor Minor also thanked the campus Foundation team for their work. They completed their second annual dedicated day of giving day and raised over \$1.25 million. Dr. Minor thanked Trustee Salger and her family for making a gift to honor her father – they established an endowment in her father's name to help students afford college.

In closing, Dr. Minor shared the SIUE Cougar Logo reveal and discussed the brand evolution. He said the new logo has been well received. He also announced Andrew Gavin joined SIUE as the new Athletics Director.

Chair Gilbert explained the procedures for the public comment and question portion of the Board's agenda. Executive Secretary Keith announced individuals had signed up to speak. First was Dr. Tim Lewis, faculty member at SIUE. Dr. Lewis expressed his gratitude of the Board's upcoming vote on his tenure as he is the first black American to receive tenure within SIUE's department of Political Science. He shared the significance of the upcoming vote by the Board of Trustees and what it meant to him. Second speaker was Dr. Ed Navarre, SIUE Faculty Association President. Dr. Navarre shared the faculty have been without a contract for 10 months and how faculty are leaving the institution which in turn impacts the students. Third speaker was Dr. Rachel Tollett, IEA-NEA. Dr. Tollett shared comments on behalf of a faculty member in Edwardsville who is leaving the institution. She relayed her opinion that morale is low and stated faculty are choosing to leave the institution. Last speaker was Julie la Tempt-Brazier, Office Manager in Theater and Dance, SIUE. She stated that SIUE lost 92 union civil service employees and 14 of them remain unfilled due to the pay at the university.

Chair Gilbert explained the procedure for the Board's omnibus motion. The listing of items proposed for the omnibus motion were as follows:

Southern Illinois University  
Board of Trustees

PROPOSED REVISIONS TO BOARD OF TRUSTEES POLICIES:  
CHANGE TO EXPORT CONTROLS POLICY  
[AMENDMENT TO 7 POLICIES OF THE BOARD N]

Summary

This matter seeks approval by the SIU Board of Trustees to amend 7 Policies of the Board N - Export Control Policy. The principal reason for this amendment is to refine and improve the required export control training of faculty, staff and administration, as stipulated by the United States Department of Commerce.

Rationale for Adoption

Export control training for faculty and staff has become de-facto training for U.S. universities due to the expectation of the U.S. government. Export control training is one of eight elements the U.S. Department of Commerce uses to determine if a university has an effective export control program on its campus. A proper training program, or lack of a training program, is also a main factor in determining the monetary penalties a university would face by the U.S. Department of Commerce if an export control violation is found on campus.

This matter seeks to align the University's export control training with current United States Department of Commerce practice and guidance. The revisions will clarify who is to be trained and how they are trained.

Considerations Against Adoption

None are known to exist.

Constituency Involvement

The Carbondale, Springfield, and Edwardsville campuses, all faculty and staff will be involved in this change to better clarify who will be trained and how they will be trained.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That: 7 Policies of the Board N is hereby amended as per the attached.

N. Export Control Policy

**1. Purpose**

To address the Southern Illinois University – System (SIU-S) obligations to comply with federal export controls. This policy applies to the SIU-S and each of its campuses-- Southern Illinois University Carbondale (SIUC), Southern Illinois University Edwardsville (SIUE), and the Southern Illinois University School of Medicine (SIUSOM). The policy codifies SIU’s commitment to compliance with U.S. export controls, identifies the corresponding responsibilities of SIU-S personnel, and establishes the administrative foundation for the SIU-S export controls compliance program. These steps are required to ensure SIU-S compliance with U.S. export controls.

**2. Scope**

This policy applies to all members of the SIU-S community, including but not limited to employees, tenure-and non-tenure-track faculty, lecturers, students, postdoctoral fellows, postdoctoral scholars, and other postdoctoral personnel, independent researchers, visiting scholars, visiting scientists, contractors, subcontractors, and volunteers.

**3. Policy**

SIU-System (SIU-S) is committed to complying with U.S. export controls including without limitation the Arms Export Control Act (“AECA”), 22 U.S.C. 2751 et seq.; the International Traffic in Arms Regulations (“ITAR”), 22 C.F.R. 120 et seq.; the Export Administration Regulations (“EAR”), 15 C.F.R. 730 et seq.; the Foreign Assets Control Regulations (“FACR”), 31 C.F.R. 500 et seq.; and all campus policies and procedures related to export controls.

SIU-S recognizes the importance of these laws and regulations and expects compliance from all of its personnel. No members of the SIU-S community may engage in any activity or commit SIU-S to engage in any activity that violates U.S. export control laws and regulations. Individuals involved in research and academic projects that are subject to export controls must follow the requirements that are appropriate for the roles they serve. These individuals are responsible for reviewing the materials on the SIU-S Export Control Website and consulting with the Export Controls Office when export controls apply.

SIU-S export control compliance efforts, screening, and training are coordinated through the Export Controls Office. Export Control procedures will be drafted by the Export Controls Office in conjunction with each campus. It is the responsibility of the Principal Investigator/Project Office on any project or contract to be aware of this policy and to notify the Export Controls Office of potential export control issues.

Violations can result not only in significant civil or criminal liabilities for SIU-S, and potentially the individuals involved, up to and including termination of employment, but also in damage to national security and to SIU-S’s standing as an institution of research and learning.

Deleted: the University

**4. Export Controls Record Retention**

SIU-S must comply with regulatory requirements regarding export control-related recordkeeping. These records must be organized to be available when requested by U.S. governmental authorities or for internal audit purposes. Records include printed and hard copy documents, as well as electronic records (including e-mail, e-mail attachments and other electronic files). All records will be retained for a minimum period of five (5) years from the date of export or from the date of license expiration, as per the requirements of ITAR Section 123.22 and EAR Section 762.6. Departments, researchers and all SIU-S offices must keep soft or hard copies of all their export documentation, including Restricted Party Screens, financial records such as purchase orders, and shipping documentation (commercial/pro forma invoices, packing lists, FedEx and other international freight forwarder/courier documents), in their research project files for a period of five years from the date of the export, re-export, or controlled deemed export.

### 5. Export Control Training

To address the SIU-S obligations to comply with U.S. export controls, training of employees, as determined by the Export Controls Office in consultation with the Provost and the Chief Research Administrator on each campus, will be required on an ongoing basis. This training applies to SIU-S and each of its campuses. Training is the foundation of a successful export compliance program. Well-informed employees minimize the likelihood that inadvertent violations of the law will occur. The training codifies SIU-S's commitment to U.S. export control training for SIU-S employees.

Mandatory training shall occur, at a minimum, every three (3) years. SIU-S export control training shall be managed by the Export Controls Office in coordination with the Provost and Vice Chancellor for Academic Affairs, the Chief Research Administrator on each campus and Dean/Provost of the School of Medicine. The Export Controls Office will consult with these campus administrators to assure the training is suitable to adequately inform employees. Notice of training procedures, including planned training, employees trained, and dates of training will be provided to the Chancellor, Provost and Chief Research Administrator on each campus prior to training. The Export Controls Office will provide specific training for personnel involved in conducting export-controlled research and periodic awareness training tailored to the specific needs of a given department when necessary. New faculty hires shall be trained as soon as practical or at a designated scheduled time in the year of hire as determined by the Export Controls Office and the new hire's department. Other training shall occur on an "as-needed basis" as determined by the Export Controls Office. Provosts, Academic Deans, Offices, and Department Chairs will assist the Export Controls Office in implementing the export controls training relative to their respective colleges, schools, departments, centers, or institutes, as needed.

Faculty, staff, and students involved in research and academic projects that are subject to export controls must follow the requirements that are appropriate for the roles they serve. These individuals are responsible for reviewing the materials on the SIU-S export controls website and consulting the Export Controls Office when export controls apply. SIU-S personnel subject to a Technology Control Plan ("TCP") must complete an initial in- person export control training when the TCP is implemented, and are required to

All additional Policies, Procedures or campus specific rules or regulations, shall be located in the SIU System University Guidelines under Section 12: Export Controls.

## 7. Definitions

### Deemed Export:

Any release of controlled technology or source code subject to the Export Administration Regulations ("EAR") to a foreign person in the U.S. is "deemed" an export to the person's country or countries of nationality. This deemed export rule does not apply to persons lawfully admitted for permanent residence in the U.S. and does not apply to persons who are protected individuals under the Immigration and Naturalization Act. Refer to section 734.2(b) of the EAR. A "deemed" export situation can occur by access/use in research or training, visual inspection, or an oral exchange of information.

### Export Administration Regulations ("EAR"):

Regulations implemented by the U.S. Department of Commerce, which control the export of dual-use technologies (i.e., items used or having the potential to be used for both military and commercial purposes that could adversely affect national security if exported).

### International Traffic in Arms Regulations (ITAR):

Regulations implemented by the U.S. Department of State to regulate military or defense-related articles, technologies, and services.

### Office of Foreign Asset Control (OFAC) Sanctions:

A department of the U.S. Treasury that enforces economic and trade sanctions against countries and groups of individuals involved in terrorism, narcotics, and other disreputable activities enforced by the Office of Foreign Asset Control of the U.S. Department of Treasury.

### Public Domain as defined by EAR:

Covers published information and software. Information is "published" when it becomes generally accessible to the interested public in any form, including but not limited to: o publication in periodicals, books, print, electronic, or other media available for general distribution, either free or at a price that does not exceed the cost of reproduction and distribution

- available at libraries open to the public or university libraries
- issued patents or open patent applications published and available at any governmental patent office

- released or publicly discussed at an open conference, meeting, seminar, trade show, or other open gathering

**Public Domain as defined by ITAR:**

Covers published information generally accessible or available to the public through:

- sales at newsstands and bookstores
- subscriptions available without restriction
- second class mailing privileges granted by the U.S. government
- libraries open to the public or from which the public can obtain documents or patents available at any patent office
- through unlimited distribution at a conference, meeting, seminar, trade show or exhibition, generally accessible to the public, in the U.S.
- public release (i.e., unlimited distribution) in any form
- fundamental research in science and engineering at accredited institutions of higher learning in the U.S., where the resulting information is ordinarily published and shared broadly in the scientific community

## TEMPORARY FINANCIAL ARRANGEMENTS FOR FISCAL YEAR 2024

### Summary

This matter requests approval to make expenditures consistent with approved budget levels for Fiscal Year 2023 until such date as the Board of Trustees takes further action on the Operating Budget for Fiscal Year 2024.

### Rationale for Adoption

The preparation of the Fiscal Year 2024 Southern Illinois University budget cannot begin until the Legislature and Governor have taken final actions on the State budget. To maintain the operation of the University between the beginning of Fiscal Year 2024 and the time at which a budget can be prepared for Board approval, Board approval is requested for temporary financial arrangements.

### Considerations Against Adoption

None are known to exist.

### Resolution

WHEREAS, Southern Illinois University's budget for Fiscal Year 2024 is scheduled to be submitted for approval by the Board of Trustees after July 1, 2023.

NOW, THEREFORE, BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That: subject to the availability of funds, the President of Southern Illinois University is authorized to make expenditures consistent with approved budget levels for Fiscal Year 2023 until such date as the Board of Trustees takes further action on the Operating Budget for Fiscal Year 2024.

PROPOSED TUITION RATES AND FEE MATTERS, SIUC  
[AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX A]

Summary

This matter proposes changes to the previously approved tuition schedule and various fee matters. Relevant information that appears in 4 Policies of the Board, Appendix A will be updated as appropriate to reflect the Board of Trustees action.

Rationale for Adoption – Tuition

**Undergraduate and Graduate Student Tuition Rates**

Southern Illinois University Carbondale is requesting no increase in tuition rates for any Undergraduate or Graduate students, other than for the School of Medicine, for academic year 2023-2024, as shown in Table 1. This is the sixth year in a row at the current credit hour rate for undergraduate tuition.

The University believes it will continue to provide a high-quality educational experience as a Carnegie-designated High Research activity institution which offers undergraduate, graduate and professional degree seeking students an excellent value. SIU Carbondale continues to honor its tradition of providing an accessible education to students from throughout the state, nation and world and is committed to helping students remove barriers to attaining their education.

The tuition rate for the School of Medicine is proposed to increase by 2.5% for students in the MD and DMSc programs and 5% for the Physician Assistant program. The Graduate School portion of the Physician Assistant program remains unchanged.

Rationale for Adoption – Mandatory Student Fees

**General Student Fee – On-Campus**

Following conversations with students who support this proposal, the university is proposing no increase to general student fees.

**General Student Fee – Off-Campus**

The university is proposing a 10.1% increase in the Off-Campus fees as shown in Table 2. Uses of the additional funds will include providing Student Success Coaches for students enrolled exclusively in online and off-campus programs, supporting innovative academic program development by faculty, and creating opportunities for critical student support activities and efforts for students as they navigate transitions to

and within their academic career and challenging moments in their journey to earning their degree. The General Student Fee – Off Campus is comprised of three parts, divided between Extended Campus, Information Technology and the Student Services Building account. This is the first increase to the Extended Campus portion of the Off-Campus fee since its inception in 2010.

### **School of Medicine Student Fee**

The university is proposing an 11.1% increase in the School of Medicine technology fee and a 9.6% increase in the School of Medicine student activity fee as shown in Table 2.

### **Student Medical Benefit: Student Insurance Fee**

The Student Medical Benefit (SMB) Student Insurance Fee is based on actual market rate pricing by the vendor, as allowed under the contractual agreement approved by the Board of Trustees in April 2015. The fee is based on previous claims history, plan enrollment, and medical inflation.

The Student Health Insurance Fee can be waived if the student provides proof of comparable insurance from another source. For the current academic year, only about a third of the students utilized the student insurance program.

The new Fall 2023, Spring 2024 and Summer 2024 rates will be effective with the collection of fees for Fall semester 2023 and is proposed as an increase of 4.9% for the Fall and Spring semesters. Summer rates are estimated. A student who attends the university and is enrolled in the insurance plan during the Spring semester will not incur the Student Health Insurance fee if enrolled in the following Summer semester.

The Student Insurance Fee allows for the continuation of the commercially insured program of external medical and hospitalization coverage that is fully compliant with the Affordable Care Act (ACA). The Student Medical Insurance Plan provides students with comprehensive health coverage at affordable low-cost rates. In accordance with current policy, students who have their own comparable health insurance coverage may apply for a refund of the Student Insurance Fee.

### **Constituency Involvement**

The Dean/Provost of the School of Medicine, the Vice Chancellor for Student Affairs, SIUC, and other university officials have received the support from the appropriate student government bodies and student advisory boards for the proposed tuition and mandatory student fee rates.

### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That: 4 Policies of the Board, Appendix A, be and is hereby amended as follows:

- 1) Tuition rates shall be and are hereby amended for FY2023, as presented in Table 1.
- 2) 4 Policies of the Board, Appendix A, sections 6 and 10 be and are hereby amended as presented in Table 2.

BE IT FURTHER RESOLVED, That: the President shall be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

Annual Rate based on two semesters except for the Doctor of Medical Science which is based on three semesters.

**Notes:**

- 1) New entering and continuing international student tuition is 2.5 times the Undergraduate rate unless they qualify for an Alternate Tuition Program.
- 2) New entering and continuing non-resident student tuition is 2.5 times the in-state rate unless they qualify for an Alternate Tuition Program.
- 3) Non-resident tuition is 3.0 times the in-state rate for the Medical School M.D. Program. For the PA Program, non-resident tuition is 1.5 times the in-state rate for the Medical School PA rate portion and 2.5 times the in-state rate for the Graduate School rate portion. Doctor of Medical Science in-state and non-resident tuition rates are the same. The non-resident tuition rate for the School of Law is 1.0 times the in-state rate.
- 4) Students in the Master of Science Program in Physician Assistant Studies (PA) will be assessed **\$469.50** per uncapped credit hour in addition to the Graduate School tuition rate of \$469.50, for the first 15 credit hours. All credit hours in excess of 15 will be assessed at **\$469.50** per credit hour. First year PA students take 44 credit hours/AY (Fall 22 credits; Spring 22 credits).
- 5) Beginning Fall 2008 (FY09), the College of Business implemented a 15% differential tuition surcharge for new entering Undergraduate and Graduate students with a declared College of Business major. Also beginning Fall 2008 (FY09), the College of Business implemented a Minor Program Fee that is equal to 15% of 15 credit hours of applicable in-state tuition for new entering Undergraduate students with a declared College of Business minor. The differential tuition surcharge for both in-state and out-of-state students will be assessed on the applicable in-state tuition rate and will be capped at 15 credit hours per semester. Beginning Fall 2016 and thereafter, newly entering Undergraduate or Graduate students who declare a College of Business major or minor will pay the uncapped credit hour rate for the differential tuition surcharge.

The rate for these students will be as follows:

PROPOSED TUITION RATES AND FEE MATTERS, SIUE  
[AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX B]

Summary

This matter proposes changes to the previously approved tuition schedule and various fee matters. Relevant information that appears in 4 Policies of the Board, Appendix B will be updated as appropriate to reflect the Board of Trustees action.

Rationale for Adoption – Tuition

**Undergraduate, Graduate, and Professional Student Tuition Rates**

Historically, Southern Illinois University has been a leader in delivering high quality educational experiences to students at an affordable price. It remains the intent of the Board and University administration to continue with that practice and to honor the tradition of providing an accessible education regardless of financial need or other economic barriers. This represents only the second increase in Undergraduate tuition in the last five years.

Proposed tuition rates for undergraduates, nursing accelerated students, graduate students, and for students enrolled in the professional schools of Dental Medicine and Pharmacy are shown in Table 1. The proposed rates, that include a 2.9% increase in the Undergraduate and Accelerated Bachelor of Science in Nursing tuition rates, a 3% increase in the Graduate tuition rate, and a 3% increase for newly entering students only in the School of Dental Medicine, reflect the University's continued efforts to maintain affordability for its students while also providing a quality educational experience. There is no tuition rate increase proposed for the School of Pharmacy.

Accordingly, the University hereby proposes changes for the FY 2024 tuition rates as outlined in Table 1.

Rationale for Adoption – Alternate Tuition Programs

This matter would implement an alternate tuition rate of \$913.00 per credit hour for students in the Nurse Anesthesia specialization under the Doctorate of Nursing Practice (DNP) program, effective Fall 2023. This proposed alternate tuition rate is only applicable for students participating in the Nurse Anesthesia DNP specialization and all other programs and specializations under the DNP program are excluded.

SIUE's Nurse Anesthesia specialization is currently one of the lowest priced programs in the country and well below our local competitors. The proposed increase in

the program's tuition rate should have no effect on the number of students who are accepted. Currently, there are approximately 200 applications for 32 seats in a cohort. The additional revenue generated from the alternate tuition rate would be used to increase the cohort to 40 students and to cover the increasing costs of the software for compliance, exams, and certifications as well as required updates and new equipment needed for this program.

Accordingly, the University hereby proposes changes in Appendix B, 1, B to add an alternate tuition rate for the Nurse Anesthesia specialization under the Doctorate of Nursing Practice program as outlined in Table 2.

### Rationale for Adoption – General Student Fee

Beginning in Fall 2018, the University implemented a consolidated General Student Fee rate, that streamlined fee rates offering students and their families a less confusing fee structure to enable ease of budgeting. Under this structure, charges are assessed as a consistent amount per credit hour for undergraduate, graduate, and professional students whether enrolled in on-campus, off-campus, on-line or hybrid courses. The University hereby proposes changes to the General Student Fee in Appendix B, 4 as described below and as listed in Table 3.

Effective Fall 2023, the proposed rate is \$111.55 per credit hour for the consolidated General Student Fee. This represents an increase of \$3.15 per credit hour or 2.9% over the FY 2023 fee rate of \$108.40.

Additional funding from the proposed increase would help cover increased mental health support services for students, assist in covering inflationary and other required expenses necessary to maintain and update the campus network infrastructure, and to improve the student experience by providing additional funding for Athletics, student programming, and other events on-campus.

### Rationale for Adoption – Student Health Insurance Fee

Based on the financial aid disbursement schedule, this matter seeks a minor revision to the previously approved rates for the Student Health Insurance Plan Fee, effective Fall 2023. In order to better serve students and to replicate how other public universities in the state assess their rates to students, it was determined that the Student Health Insurance Plan Fee should be charged equally for each semester. Therefore, the fee rates for the Fall term and the combined Spring/Summer term will each be \$1,200.00 per semester.

Additionally, this matter seeks to add a separate Summer term rate for the Student Health Insurance Plan Fee, effective Summer 2024. This additional rate is necessary for students who start at the University during the Summer term instead of during the Fall or Spring semesters. Assessing a Summer only rate will allow these students to also have health insurance coverage during this time in order to protect the

safety and well-being of all SIUE students. The fee rate for the Summer only term will be \$610.00.

Accordingly, the University hereby proposes changes in Appendix B, 4 to revise the Fall term and the combined Spring/Summer term fee rates and to add a Summer term fee rate for the Student Health Insurance Plan Fee as outlined in Table 3.

### Rationale for Adoption – School of Dental Medicine and School of Pharmacy Student Fees

#### **School of Dental Medicine Technology Fee**

This matter seeks approval to charge a Technology Fee to students in the School of Dental Medicine, effective Fall 2023. The proposed rate charged in the Fall and Spring semesters would be \$573.00 and the rate charged in the Summer semester would be \$254.00.

This new fee would help to cover the costs of incorporating new digital technologies to support the dental education program curriculum as required by the Commission on Dental Accreditation. Since 2020, the implementation of digital technologies in clinical dentistry has nearly doubled and is predicted to continue increasing since these technologies are faster, cleaner, more streamlined, and more accurate than used in conventional procedures. This new fee will help the School of Dental Medicine increase and update its digital equipment footprint so that it can provide the necessary skills to train competent and proficient dentists.

Accordingly, the University hereby proposes changes in Appendix B, 4 to add the School of Dental Medicine Technology Fee as outlined in Table 3.

#### **School of Pharmacy Clinical Program Fee**

This matter proposes an increase to the School of Pharmacy Clinical Program Fee from \$200.00 per semester to \$419.00 per semester, effective Fall 2023. This fee was first approved by the Board of Trustees in 2018 and has not been increased since that time.

This fee currently helps to cover clinical experiential sites for Pharmacy students. In recent years, the practice of pharmacy schools paying for clinical sites has increased both locally and nationally. These rotation site costs vary significantly and have increased over the years since this fee was originally implemented in 2018.

The School of Pharmacy has approximately 300 clinical sites that include hospitals, clinics, and pharmacies that it places students at for their required rotations. The School of Pharmacy is often required to pay between \$300 - \$500 per student for a rotation. In addition, the proposed fee increase will also support additional software

expenses that are specific to experiential education and continuing education that is required.

Accordingly, the University hereby proposes changes in Appendix B, 4 to revise the rate for the School of Pharmacy Clinical Program Fee as outlined in Table 3.

### **School of Pharmacy Software Fee**

This matter proposes an increase to the School of Pharmacy Software Fee from \$137.00 per semester to \$247.00 per semester, effective Fall 2023.

This increase would help to cover the rising software costs associated with the growth in the School of Pharmacy's assessment program in order to meet the expanded accreditation requirements for the Doctor of Pharmacy degree. Technology usage and evolving software capabilities require that pharmacists remain up to date and learn to leverage technology as students through simulations, licensing board and local exams, and other analytic platforms appropriate to health records and pharmacy practice.

Accordingly, the University hereby proposes changes in Appendix B, 4 to revise the rate for the School of Pharmacy Software Fee as outlined in Table 3.

### **Rationale for Adoption – International Student Exchange Program Fee**

Beginning in Fall 2019, the University began offering students the opportunity to participate in the International Student Exchange Program (ISEP), that is an exchange organization comprised of more than 300 universities in over 50 countries. At its May 16, 2019 meeting, the Board of Trustees approved charging the ISEP Fee to outbound SIUE students who participated in this program.

The ISEP Fee consists of a bundling of existing student fees in order to simplify the international student exchange process through this program. This fee covers the following expenses: General Student Fee, Housing and Meal Plan, Matriculation Fee, and Transcript Fee. The ISEP Fee is based on existing student fees approved by the Board so when those rates increase or decrease this fee will also change.

Accordingly, the University hereby proposes changes in Appendix B, 4 to increase the International Student Exchange Program Fee from \$6,345.30 to \$6,513.10, effective Fall 2023, as outlined in Table 3.

### **Rationale for Adoption – Housing and Meal Plan Rates**

This matter proposes a rate increase effective May 2023, in the University Housing rental rates as shown in Table 4. The proposed rates for all Cougar Village Apartments, all Evergreen Hall room types, and Woodland, Prairie, and Bluff Hall shared rooms would increase by approximately 2.9%. Deluxe single and suite rates in Woodland,

Prairie, and Bluff Halls would increase by approximately 6.0%. This matter would also approve an increase of approximately 2.8% for the meal plan effective Fall 2023.

Proposed increases in the FY 2024 occupancy fee rates are necessary to offset higher utility expenses, inflationary cost increases, provide additional funds toward debt service, and provide support for supplies and equipment required to maintain quality residential living units.

A proposed 2.8% increase per semester in the FY 2024 residential meal plans would help to offset some of the inflationary food cost increases that are currently being experienced in the dining industry.

The University hereby proposes changes to the Housing and Meal Plan rates as described above and as listed in Table 4.

### Considerations Against Adoption

University officers are concerned about increases in the cost of attendance and their possible negative effect on access to the University. Such concerns are integral to SIUE's annual tuition and fee review process and reflect its historic efforts to maintain tuition and fees at a rate that preserves affordability, but also maintains a quality experience.

### Constituency Involvement

The appropriate constituency and student advisory boards have been consulted in the University's decision making on tuition and fee rates.

### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That: 4 Policies of the Board Appendix B be amended as follows:

(1) The FY 2024 rates for tuition shall be and are hereby amended, as presented in Table 1.

(2) Appendix B, 1, B be amended to add an alternate tuition rate for the Nurse Anesthesia specialization under the Doctorate of Nursing Practice program, as presented in Table 2.

(3) The FY 2024 general student fees shall be and are hereby amended, as presented in Table 3.

(4) Appendix B, 4 be amended to revise the Fall term and the combined Spring/Summer term fee rates and to also add a Summer term fee rate for the Student Health Insurance Plan Fee, as presented in Table 3.

(5) Appendix B, 4 be amended to add the School of Dental Medicine Technology Fee and revise the rates for the School of Pharmacy Clinical Program Fee and School of Pharmacy Software Fee, as presented in Table 3.

(6) The FY 2024 fee rate for the International Student Exchange Program Fee shall be and is hereby amended, as presented in Table 3.

(7) The FY 2024 rents and charges heretofore established for University Housing shall be and are hereby changed, as presented in Table 4.

(8) The President of Southern Illinois University shall be and is hereby authorized to take whatever action shall be required in the execution of this resolution in accordance with established policies and procedures.

APPROVAL OF SALARY AND APPOINTMENT:  
PROVOST AND VICE CHANCELLOR FOR ACADEMIC AFFAIRS, SIUC

Summary

This matter presents for approval the salary and appointment of Dr. Sheryl A. Tucker as the Provost and Vice Chancellor for Academic Affairs, SIUC.

Rationale for Adoption

Policies of the Board require the Board of Trustees to approve the salary and appointment of the vice chancellors of the SIU Carbondale campus. The Provost and Vice Chancellor for Academic Affairs is the campus' chief academic officer and is responsible for ensuring students' academic success. The office works to set overall academic programs and priorities and allocate funds to carry these priorities forward. The Provost provides leadership in student retention; faculty hiring, promotion and tenure; outreach to the community, and overall student support. The responsibility area includes the colleges, Library Affairs, Exploratory Student Advisement, Extended Campus, Saluki Success, Aerospace Studies (AFROTC), Army Military Science (Army ROTC), Core Curriculum, Center for Learning Support Services, Center for Teaching Excellence, Chancellor's Scholars and University Honors.

The recommended candidate is Dr. Sheryl A. Tucker. Tucker comes to SIU Carbondale from Oklahoma State University, where she serves as vice provost and dean of the graduate college for the OSU System graduate campuses. She joined OSU as dean and chemistry professor in 2011 and has held several administrative positions. Before OSU, she worked for two years at the National Science Foundation as program director and visiting scientist in its Graduate Research Fellowship Program. Before NSF, Tucker served in faculty and administrative roles at the University of Missouri – Columbia for 15 years.

Tucker earned her bachelor's degree from Kent State University, her master's from the University of North Texas and her doctorate from Duke University.

The Chancellor, SIUC, recommended this matter to the President.

Constituency Involvement

In accordance with University policies, the Chancellor initiated a national search that combined the work of a campus search committee with a professional search firm. Following the evaluation of dozens of candidates, five finalists participated in on campus interviews in February. Candidates interacted with a wide variety of faculty, staff,

and students who were able to evaluate the candidates through small group interview sessions and an open forum.

The Chancellor relied on feedback from the search committee, search firm and campus community at large in making a recommendation.

### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That: Dr. Sheryl A. Tucker be appointed to the position of Provost and Vice Chancellor for Academic Affairs, SIUC, with an annual salary of \$285,000, effective no later than July 1, 2023.

APPROVAL OF PURCHASE:  
MICROSOFT ENROLLMENT FOR EDUCATION SOLUTIONS, SIU SYSTEM

Summary

This matter seeks approval to enter into a three-year agreement with SHI International Corp! for Microsoft software licenses to be used throughout the Southern Illinois University System. The total cost for this agreement is \$2,963,379.36.

Rationale for Adoption

Using the Illinois Public Higher Education Cooperation (IPHEC), SIU Carbondale, including the School of Medicine, and SIU Edwardsville jointly propose entering a three-year agreement for Microsoft campus licenses which will cover the use of Microsoft 365, Office and various desktop and server operating systems. The contract also includes access to advanced software and features that can improve the effectiveness and efficiency of university operations, such as enhanced security efforts, increased data informatics capabilities and broader availability to telecommunications modes. This software is utilized on student, faculty and staff computers, lab environments, and on production servers.

The agreement provides client-access licenses enabling connection to production servers and systems such as: SharePoint, Exchange and virtualized environments. In addition, this agreement covers the following:

- Installation of Microsoft Operating Systems and Office products
- Email, calendar, and scheduling
- Project and task management
- Classroom tools
- Advanced threat and information protection
- Endpoint and app management
- Analytics
- Identity and access management
- Multi-factor Authentication
- Information governance
- Meetings, calling and chat
- Classroom tools
- Windows end-point protection
- eDiscovery and auditing
- Encryption
- Azure Education Discounts

This agreement allows the university system to continue using Windows Operating Systems, Office 365 products and online services. The contract will be funded from the SIUC and SIU School of Medicine Information Technology Fee Accounts and the SIUE Information Technology Fee and Information Technology Infrastructure accounts. The shared services contract allows for additional savings through the

combined purchasing power of the system and it creates consistency across the campuses on Microsoft products available to its stakeholders. The cost of the contract is based on total number of users and the cost will be allocated to the campuses accordingly.

This matter was recommended to the President by the Chancellors, SIUC and SIUE, and the Dean/Provost of the SIU School of Medicine.

### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The contract for Microsoft software license be and is hereby awarded to SHI International Corp! of Somerset, NJ, for a period of three years, beginning July 1, 2023, at a total cost of \$ 2,963,379.36.

(2) The Board of Trustees hereby authorizes the purchase of goods and services associated with this award.

(3) Funding for this purchase will come from the SIUC and the SIU School of Medicine Information Technology Fee accounts and the SIUE Information Technology Fee and Information Technology Infrastructure accounts.

(4) The President of Southern Illinois University be and is hereby authorized to take any action that may be required in the execution of this resolution in accordance with established policies and procedures.

APPROVAL OF PURCHASE:  
SOFTWARE SUPPORT CONTRACT,  
SIU SYSTEM

Summary

This matter seeks approval for the purchase of Oracle Support Services for the Oracle E-Business Suite (EBS) applications, database, and middleware software, known as “Administrative Information Systems,” used within the Southern Illinois University System. This purchase will be made under a contract negotiated by the Midwestern Higher Education Compact (MHEC) and Oracle America, Inc.

Rationale for Adoption

This matter seeks to award a contract to Oracle America, Inc. in the total amount of \$1,097,982.06. The purchase will be funded from the Administrative Information Systems-Production account. This account is funded by a quarterly billing to the SIU campuses for their proportion of the annual budget expense.

Through this contract, Oracle provides security and maintenance patching and version upgrades for the System’s financial and human resource applications, as well as for the unlimited use databases, application servers, tuning and analytics software. This software is the base for the System’s financial applications (Accounts Payable, Cash Management, Fixed Assets, General Ledger and Purchasing) and Human Resource/Payroll applications. The covered software, Oracle’s E-business Suite, Database, Internet Application Server, and Database utilities, are all patented and copyrighted, meaning Oracle is the sole provider of software support.

The SIU System Office, SIU Carbondale, including the School of Medicine in Springfield, and SIU Edwardsville all use products and services provided through this agreement.

The State of Illinois is a member of MHEC, which is a non-profit regional organization and is an instrument of government in each of its twelve-member states. MHEC offers aggregation purchasing programs that bring significant volume discounts to member state universities. The MHEC contract with Oracle America, Inc. provides a significant savings plus a predictable cost structure to allow for appropriate budgetary planning.

The Chancellor, SIUC, and the Chancellor, SIUE, have recommended this matter to the President.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The Oracle Support Services contract will be purchased for a period of two years, from May 29, 2023 through May 28, 2025, at a cost of \$1,097,982.06.

(2) Funding for this purchase will come from the Administrative Information Systems – Production account.

(3) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

APPROVAL OF PURCHASE: SOFTWARE MAINTENANCE AND LICENSING,  
CARBONDALE AND EDWARDSVILLE CAMPUSES

Summary

This matter seeks approval for the purchase of a combined software maintenance and licensing agreement with Ellucian Company LP (Ellucian) for the Carbondale and Edwardsville campuses. The purchase order for the maintenance, licensing, and professional service agreement totals approximately \$6,500,000 over a 5-year period.

Rationale for Adoption

Ellucian is the current vendor of the SIUC and SIUE Student Information System. Its Banner product includes student, financial aid, human resources, payroll, procurement, and accounting modules. This software maintenance, licensing, and professional services agreement with Ellucian ensures that the campuses have the most recent functional and security software available to run these programs and provides near round-the-clock support for problem resolution.

As the campuses work together to seek efficiencies, Information Technology officials at SIUC and SIUE collaborated on this contract to take advantage of significant cost savings. The result was a negotiated rate structure to ensure the University is receiving the best price available by leveraging the purchasing power of both campuses. The combined purchase will save the University approximately \$1,100,000 over separate annual contracts.

Funds for this purchase come from the Student Technology Fee account on the SIUC campus and the Information Technology Services account on the SIUE campus. SIUC will fund approximately 61% of the total purchase and SIUE will fund approximately 39% of the purchase. In considering the potential of using a different vendor for its student information systems, University officials recognized the substantial effort and cost associated with implementing such a change and determined it would not be practical or cost effective to do so.

In accordance with the Illinois Procurement Code and Board of Trustees policies, a sole source justification has been submitted to the Chief Procurement Officer for review.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The purchase of Ellucian Banner software maintenance, licensing, and services agreement for SIUC and SIUE be and is hereby awarded to Ellucian Company LP, of Malvern, PA, in the amount of \$6,500,000 for a 5-year contract for the period July 1, 2023 through June 30, 2028.

(2) The Board of Trustees hereby authorizes the purchase of goods and services associated with this award.

(3) The purchase will be funded by the SIUC Student Technology Fee account and the SIUE Information Technology Services account.

(4) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

APPROVAL OF PURCHASE: 340B PHARMACEUTICAL PROGRAM,  
SCHOOL OF MEDICINE, SIUC

Summary

This matter seeks approval to renew a purchase order for the SIU School of Medicine 340B Pharmaceutical Program for McKesson Medical Surgical Incorporated. The total request is \$5,000,000 for a twelve-month period beginning July 1, 2023.

Rationale for Adoption

5 Policies of the Board C.3.b requires approval of all purchasing contracts involving the commitment of \$1,000,000 or more.

The School of Medicine's Center for Family Medicine sites in Springfield, Quincy, Decatur, and Carbondale, as well as their associated satellite sites, currently participate in the federal 340B Pharmaceutical Program, which is regulated by the Office of Pharmaceutical Affairs (OPA) and managed by Health Resources and Services Administration (HRSA).

This program provides patients the ability to purchase outpatient medications and medical supplies at significantly reduced costs. The drug manufacturers are required to pass the savings on to the program participants. The total cost of this purchase will be funded by non-appropriated funds and 340B pharmaceutical revenue generated through this program. McKesson Medical Surgical Incorporated provides the actual medications for CVS, Walmart, Walgreen's, County Market, Hy-Vee, and other contract pharmacies as part of the program.

The provisions of the Illinois Procurement Code do not apply to contracts for medical services necessary for the delivery of care and treatment at medical facilities utilized by SIU.

The Chancellor, SIUC, and the Dean and Provost of the SIU School of Medicine have recommended this matter to the President.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in a regular meeting assembled, That:

(1) The purchase orders for the SIU School of Medicine to participate in the 340B Pharmaceutical Program be awarded to McKesson Medical Surgical, Incorporated in the amount of \$5,000,000 for the contract term of July 1, 2023 – June 30, 2024, and;

(2) The Board of Trustees hereby authorizes the purchase of pharmaceutical products associated with the 340B Pharmaceutical Program, and;

(3) The expenditure will be funded by non-appropriated SIU School of Medicine funds and 340B pharmaceutical program revenue, and;

(4) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

APPROVAL OF PURCHASE:  
PHYSICIAN COVERAGE, SCHOOL OF MEDICINE, SIUC

Summary

This matter seeks approval to renew agreements with LocumTenens.com and Weatherby Locums Inc. to provide physician coverage for pediatric general surgery and pediatric orthopedic surgery.

Rationale for Adoption

The School of Medicine continues recruitment efforts to hire permanent faculty members to provide pediatric general surgery and pediatric orthopedic surgery services in collaboration with HSHS St. John's Hospital in Springfield. Until the School of Medicine can make such hires, these needed services will be provided by contracted physicians through an external firm specializing in the health care field.

This matter seeks to award a one-year contract to LocumTenens.com of Alpharetta, GA, for \$3,400,000 and Weatherby Locums Inc. of Fort Lauderdale, FL, for \$1,850,000. The agreements include an option to cancel the contract with a 30-day notice, which will be provided upon the hiring of permanent faculty. Both firms specialize in the temporary placement of physicians, physician assistants, nurse practitioners, psychologists, and other healthcare professionals at healthcare facilities across the United States.

The provisions of the Illinois Procurement Code do not apply to contracts for medical services necessary for the delivery of care and treatment at medical facilities utilized by SIU.

The purchase will be funded by non-appropriated funds of the School of Medicine.

The Chancellor, SIUC, and the Dean and Provost of the SIU School of Medicine have recommended this matter to the President.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in a regular meeting assembled, That:

(1) The contract for physician services by LocumTenens.com of Alpharetta, Georgia, is approved to provide coverage for pediatric general surgery and pediatric orthopedic surgery through June 30, 2024, at a total cost of \$3,400,000, and;

(2) The contract for physician services by Weatherby Locums Inc. of Fort Lauderdale, Florida, is approved to provide coverage for pediatric general surgery and pediatric orthopedic surgery through June 30, 2024, at a total cost of \$1,850,000, and;

(3) The Board of Trustees hereby authorizes the purchase of goods and services associated with this contract, and;

(4) Funding for this purchase will come from non-appropriated funds at the School of Medicine, and;

(5) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

APPROVAL OF PURCHASE:  
HVAC MAINTENANCE SERVICES,  
SCHOOL OF MEDICINE, SIUC

Summary

This matter seeks approval for a purchase order renewal for the SIU School of Medicine for HVAC maintenance services. The total request is \$1,000,000 for a one-year period beginning July 1, 2023.

Rationale for Adoption

5 Policies of the Board C.3.b requires approval of all purchasing contracts involving the commitment of \$1,000,000 or more.

The Board of Trustees approved the initial terms of this award for services through June 30, 2023 at a regular meeting held on September 13, 2018. The University seeks to exercise the first of the five optional one-year renewal terms to provide HVAC maintenance services for the School of Medicine Springfield Campus. The contract will be reviewed annually for continuing need and satisfactory performance.

This matter seeks approval for a one-year renewal of an existing agreement with Carrier Corporation of Bridgeton, MO for \$1,000,000 for a period beginning July 1, 2023 through June 30, 2024

The Chancellor, SIUC, and the Dean and Provost of the SIU School of Medicine have recommended this matter to the President.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in a regular meeting assembled, That:

(1) The purchase order for the SIU School of Medicine HVAC maintenance services be awarded to Carrier Corporation, in the amount of \$1,000,000 for the contract term of July 1, 2023 – June 30, 2024, and;

(2) The Board of Trustees hereby authorizes the purchase of services associated with the School of Medicine HVAC maintenance services, and;

APPROVAL OF PURCHASE:  
TELEPHONY SYSTEM MAINTENANCE AND TECHNICAL SUPPORT,  
SCHOOL OF MEDICINE, SIUC

Summary

This matter seeks approval for a purchase order for the SIU School of Medicine telephony system maintenance and technical support from Consolidated Communications Inc. The total request is \$1,458,431.16 for a period beginning July 23, 2023.

Rationale for Adoption

5 Policies of the Board C.3.b requires approval of all purchasing contracts involving the commitment of \$1,000,000 or more.

The School of Medicine initiated a competitive bid solicitation for the purchase of maintenance and technical support for its telephony system. Consolidated Communications Inc. of Mattoon, IL, was the sole respondent.

The bid was favorable in the amount of \$1,215,359.30 for an initial contract term of July 23, 2023 through June 30, 2028 with an optional one-year renewal of \$243,071.86 through June 30, 2029.

The Chancellor, SIUC, and the Dean and Provost of the SIU School of Medicine have recommended this matter to the President.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in a regular meeting assembled, That:

(1) The purchase order for the SIU School of Medicine maintenance and technical support for telephony system be awarded to Consolidated Communications Inc, in the amount of \$1,215,359.30 for the initial contract term of July 23, 2023 – June 30, 2028, and an optional one-year renewal in the amount of \$243,071.86 through June 30, 2029, and;

(2) The Board of Trustees hereby authorizes the purchase of maintenance and technical support associated with the School of Medicine telephony system, and;

(3) The expenditure will be funded by appropriated and non-appropriated SIU School of Medicine funds, and;

APPROVAL OF PURCHASE: TEACHING CLINIC AND ACADEMIC OFFICES  
BUILDING LEASE, SCHOOL OF MEDICINE, SIUC

Summary

This matter seeks approval for the purchasing contract for approximately 67,654 square feet of leased space.

Rationale for Adoption

5 Policies of the Board C.3b. requires approval of all purchasing contracts involving the commitment of \$1,000,000 or more.

The School of Medicine (SOM) currently leases 47,310 gross square feet of clinical and academic office space for the Department of Surgery at 747 North Rutledge Street in Springfield, Illinois, with the lease expiring in February 2029. Additional space is needed for the expansion of programs in this facility and to provide appropriate space for clinical services, academic offices, and trainees. The landlord plans to renovate 20,344 of space in this building which would accommodate the SOM growth. The landlord has proposed terminating the existing lease effective with the execution of a new fifteen-year lease inclusive of the additional square feet. This space is located adjacent to existing School of Medicine facilities on the Springfield campus.

The proposed lease has a fifteen (15) year term beginning March 1, 2024 to February 28, 2039, for \$28,601,261.16 including a 1.5% annual escalator, plus estimated O&M costs of \$13,192,464.60 for total payments of \$41,793,725.76.

This matter is recommended for adoption by the Chancellor, SIUC, and the Dean and Provost of the School of Medicine.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The purchase of leased space be and is hereby awarded to Memorial Health System d/b/a Memorial Health, Springfield, IL, for a fifteen-year term to begin March 1, 2024.

(2) The Board of Trustees hereby authorizes the purchase of the goods and services associated with this award.

(3) The Board of Trustees hereby determines that a lease term of more than 10 years is necessary and in the best interest of the institution.

(4) The purchase will be funded by School of Medicine non-appropriated funds.

(5) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

APPROVAL TO ACQUIRE REAL ESTATE AND PROJECT AND BUDGET APPROVAL:  
SOUTH 5<sup>th</sup> STREET, SPRINGFIELD  
SCHOOL OF MEDICINE, SIUC

Summary

This matter seeks approval to acquire improved real property located at 1310 South 5<sup>th</sup> Street, Springfield, Illinois for the School of Medicine and project and budget approval for associated renovation costs.

Rationale for Adoption

6 Policies of the Board A requires the Board of Trustees approval of the acquisition of real property.

The School of Medicine wishes to acquire real property for expansion of ambulatory instructional facilities for the Springfield campus. The acquisition of this approximately 13,905 square foot building would allow the School of Medicine to renovate an existing single-story structure for use as a medical office building for clinical instructional programs at a total cost of \$5,650,000. This property is located in proximity to the School of Medicine main campus in Springfield with proximal access to Interstate 55 and would allow the School of Medicine to extend clinical and teaching programs at this location.

The owner has agreed to sell the property for \$2,150,000 contingent on the University receiving a satisfactory appraisal and other usual and customary inspections that may be deemed necessary. The offer is consistent with other recent property purchases in the vicinity. It is estimated that approximately \$25,000 in additional funding will be required for costs associated with closing on the property.

The cost of renovations of this project is estimated at \$3,475,000 and would consist of renovations to create clinical space and associated support services. Award of contracts for renovation costs will require further Board approval.

Funding for this purchase will come from non-appropriated funds available to the School of Medicine.

This matter is recommended for adoption by the Chancellor, SIUC, and the Dean and Provost of the School of Medicine.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

- (1) The request to acquire real property located at 1310 South 5<sup>th</sup> Street, Springfield, Illinois be and is hereby approved at a total cost of \$2,150,000 plus associated closing costs, and subject to any contingencies, and;
- (2) Project and budget approval for renovations at 1310 South 5<sup>th</sup> Street, Springfield IL, School of Medicine, SIUC, at an estimated cost of \$3,475,000 be and is hereby approved, and;
- (3) Funding for this purchase shall be from a non-appropriated source, and;

APPROVAL OF PURCHASE: ATHLETIC APPAREL & SPONSORSHIP PACKAGE,  
SIUE

Summary

This matter would award a contract for the purchase of team athletic apparel, footwear, and accessories for SIUE's 7 Men's and 7 Women's sports teams, coaches, and staff, on an annual basis, and includes an exclusive and direct athletic apparel sponsorship agreement. The funding will come from Athletic Fees.

Rationale for Adoption

The SIUE Department of Intercollegiate Athletics purchases wearing apparel, footwear, and accessories for all athletes, coaches, and staff for team competitions, practices, and events. A multi-year bid contract will cost less than single retail purchases during the same time period. The contract would have an initial six-year term, effective July 1, 2023 through June 30, 2029, with the option to renew for two (2) consecutive two-year periods for an additional four (4) years. The contract would be subject to renewal upon demonstration of satisfactory service, continued need, favorable market conditions, and funds appropriated.

The cost of the initial six-year contract is approximately \$1,350,000, or \$225,000 per year, and will be funded by Athletic Fees. The total value of the 10-year option agreement is approximately \$2,250,000. The actual cost is dependent upon the needs of the athletes and staff based on the number of competitions, practices, and events scheduled each year. Bids for the services were received in accordance with University procurement policies. The Chancellor and the Interim Vice Chancellor for Administration, SIUE, have recommended this matter to the President.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The contract to purchase Athletic Apparel & Sponsorship for SIUE, be and is hereby awarded to Game-One/Adidas, Horseshoe Bay, Texas.

(2) The cost of \$1,350,000 for the initial six-year contract period with option to renew for two (2) consecutive two-year periods, subject to continuing need, availability of funds, and satisfactory performance, for a total cost of \$2,250,000 be and is hereby approved.

CAMPUSES, SIUE

Summary

This matter would award a contract for Beverage, Beverage Vending Services and Pouring Rights for all campuses of Southern Illinois University Edwardsville. The funding will come from multiple university departments.

Rationale for Adoption

This contract provides for the purchase of Beverage, Beverage Vending Services and Pouring Rights which are purchased university wide for students, faculty, staff and student events.

The cost of the initial five (5) year contract, effective July 1, 2023 through June 30, 2028, is approximately \$3,050,000 and will be funded by the Dining Services and Athletics Departments of SIUE. The total value of the five (5) year renewal option agreement is approximately \$3,893,000. The actual cost is dependent upon the need for Beverage, Beverage Vending Services and Pouring Rights. Bids for the services were received in accordance with University procurement policies. The Chancellor and the Interim Vice Chancellor for Administration, SIUE, have recommended this matter to the President.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The contract for up to 10 years to purchase Beverage, Beverage Vending Services and Pouring Rights for SIUE in an amount not to exceed \$6,943,000, be and is hereby awarded to PepsiCO, Cypress, TX.

(2) The contract will be funded from various campus departments.

APPROVAL OF EXECUTIVE DIRECTOR FOR MARKETING AND  
COMMUNICATIONS TITLE AND POSITION

Summary

This matter requests approval of the title for the System Executive Director for Marketing and Communications and approval for establishing it as a full-time position.

Rationale for Adoption

2 Policies of the Board B require that “the Board shall approve ...a position of employment created by the President within two reporting levels of the President.”

The SIU System wishes to proceed with recruiting and hiring a new permanent full-time position with the title Executive Director of Marketing and Communications.

A draft of the description of responsibilities is attached.

An open national search will be conducted for candidates for the position.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, that the creation of the position of System Executive Director for Marketing and Communications is hereby approved.

**SIU System**  
**Executive Director of Marketing and Communications**

**Draft**

The **Executive Director of Marketing and Communications (EDMC)** will be responsible for operation of the newly formed Southern Illinois University (SIU) System Office of Marketing and Communications. The Executive Director will be responsible for coordinating System efforts to develop and maintain external media communications, internal System messaging, website/social media content, marketing, branding and communications materials for existing and new programs and opportunities in furtherance of the university's mission of excellence in teaching, research and service.

This individual will coordinate all System marketing and communications activities. The EDMC reports to the President and will be based in Springfield, Illinois. The individual will serve as liaison between system news sources and outside media in responding to inquiries concerning System and SIU Board of Trustees activities, programs or events. In addition, the EDMC will establish and maintain media and public information contacts and, working with campus partners, produce multimedia content for System events.

In overseeing system marketing and branding, the EDMC will develop and evaluate materials for outreach through websites, news releases, publications and other communication vehicles in support of the System's mission and goals, its strategic plan and the development of system and joint campus programming. The individual will coordinate internal and external branding and will serve as liaison with campus marketing and communications offices.

The EDMC will work closely with campus communications team members and contributors to identify, write and edit relevant marketing materials, highlighting system goals and accomplishments while cultivating relationships within the system-wide community. The individual will provide leadership, project support and will counsel the President and System officials in the development and management of strategic internal and external communication projects, initiatives and events.

The EDMC will manage and monitor the university's online presence, as well as develop and manage social media strategies. The individual will track system social media growth; recommend changes in social media strategy and coordinate with

system-wide social media communicators. The EDMC will also develop visual and graphic elements of publications, website, photo, audio and video communication projects.

THOMPSON POINT HEATING SYSTEM PIPING REPLACEMENT,  
CARBONDALE CAMPUS, SIUC

Summary

This matter seeks award of contract for phase 1 of the multi-phase project to replace the existing piping for the heating systems at the Thompson Point residential halls.

Rationale for Adoption

At the December 2, 2021, Board of Trustees meeting, the multiphase project to replace the existing piping for the heating systems at Thompson Point was approved.

Phase 1 of the construction will be completed during the summer of 2023 and will address the systems at Smith and Warren Halls. The cost for this first phase is estimated at \$750,000 and will be funded by HAFS Series 2022A Bonds. The debt payment will be repaid with revenues generated by University Housing. Bids for this project were received and are shown on the attached bid tab.

The Chancellor, the Vice Chancellor for Student Affairs, and the Vice Chancellor for Administration and Finance, SIUC, have recommended this matter to the President.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The contract for heating work for phase 1 of the multi-phased project to replace the existing piping for the heating systems at Smith and Warren Halls at Thompson Point residential halls, Carbondale Campus, SIUC, be and is hereby awarded to Southern Illinois Piping Contractors, Inc., Carbondale, IL, in the amount of \$499,000.

(2) Funding for this project will come from HAFS Series 2022A Bonds. The debt payment will be repaid with revenues generated by University Housing.

(3) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

DOCUMENTATION OF OWNERSHIP OF PROPERTY  
AND GRANTING OF EASEMENTS:  
SOUTHEAST CORNER OF OAKLAND AVENUE AND CHAUTAUQUA STREET,  
CARBONDALE CAMPUS, SIUC

Summary

This matter seeks to officially document the ownership of a parcel of land located on the southeast corner of the intersection of Oakland Avenue and Chautauqua Street to the Illinois Department of Public Health (IDPH) and reserve the utility easement and grant a right of ingress and egress to IDPH. This parcel of land is further defined in the attached legal description and shown on the Plat of Survey provided by Shawnee Professional Services, Engineers, Surveyors, Acquisition, & Energy located in Vienna, IL.

Rationale for Adoption

The original property was purchased by the State of Illinois in 1939 from Lovina R. Thompson. Part of the land was to be used for IDPH for the construction of a Public Health Laboratory and part was for the SIU campus. Due to an error in the warranty deed, the IDPH property was originally located east of the current location. It was ultimately determined that IDPH would occupy the southeast corner of the intersection of Oakland Avenue and Chautauqua Street and therefore permit the expansion of the campus to the west. Since the State was the official owner, it appears no official documentation was recorded with the county but the transfer of properties is evidenced by archived documents between the State's Department of Registration and Education and the Department of Public Health dated February 5, 1944. This matter documents the allocation of the property in question between IDPH and SIU and will provide a legal agreement for the ownership.

The Chancellor and the Vice Chancellor for Administration and Finance, SIUC, have recommended this matter to the President.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The Illinois Department of Public Health and Southern Illinois University have agreed that ownership of the property located at the southeast corner of Oakland Avenue and Chautauqua Street, Carbondale, Illinois, shall be as described in the attached legal description, which be and is hereby approved.

(2) The reservation of utility easements, as described in the attached legal description, by Board of Trustees of Southern Illinois University be and is hereby approved.

(3) The granting of the right of ingress and egress easement and to construct an entrance to the facility to Illinois Department of Public Health, as described in the attached legal description, by Board of Trustees of Southern Illinois University be and is hereby approved.

(4) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

PLANNING APPROVAL:  
MEDICAL EDUCATION BUILDING,  
SCHOOL OF MEDICINE, SIUC

Summary

This matter seeks approval to develop plans for the programming, design, procurement and construction of a new medical education building on the School of Medicine campus in Springfield. The project's architectural and engineering team will develop cost estimates during the design phase.

Rationale for Adoption

The School of Medicine's primary teaching facility in Springfield was constructed more than fifty years ago and lacks adequate space and technology necessary for modern teaching methods. This project is the School of Medicine's priority project for Capital funding from the State of Illinois. Due to the critical nature of this project the School of Medicine desires to proceed with the planning for this project using local reserves.

This project will include construction of new space for use as standardized patient exam rooms, conference rooms, collaboration space, classroom/tutor rooms, and associated support services. The new building will provide space for education and curriculum delivery to facilitate problem-based learning, health science graduate programs, and space to provide adequate student collaboration for medical students and graduate students to facilitate informal communication and team building between students as well as interaction between faculty and students.

This project will focus on the programming, design, procurement and construction of a new medical education building. The planning and design work is estimated at \$8,740,000 and will be funded with local reserves available to the School of Medicine. If State funds are not appropriated for the project, the School of Medicine would seek additional funding from external and/or internal financing as determined by the Board Treasurer. Project and budget approval and the award of contracts will require further Board approval. The project has a preliminary estimated budget range of \$79,450,000 to \$87,400,000.

The Chancellor, SIUC, and the Dean and Provost of the SIU School of Medicine have recommended this matter to the President.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in a regular meeting assembled, That:

(1) Development of plans and cost estimates for the programming, design, procurement and construction of a new medical education building, School of Medicine, SIUC, be and is hereby approved, and;

(2) A plan for implementation shall be developed which corresponds with available funding sources. The plan shall be approved by the President and Board Treasurer and subsequently submitted for Board approval prior to execution, and;

(3) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

PLANNING APPROVAL: NEUROSCIENCE INSTITUTE  
AMBULATORY INSTRUCTIONAL FACILITY AND ACADEMIC OFFICES,  
SCHOOL OF MEDICINE, SIUC

Summary

This matter seeks approval to develop plans for the design, procurement and construction of a new ambulatory instructional facility and academic offices for the Neuroscience Institute. The project's architectural and engineering team will develop cost estimates during the design phase.

Rationale for Adoption

The School of Medicine's Neuroscience Institute is comprised of the Department of Psychiatry, the Department of Neurology and the Neurosurgery Division of the Department of Surgery. These academic units are housed in three separate locations including two on the School of Medicine campus in Springfield and a leased multi-tenant off-campus facility.

The existing facilities do not allow for interdisciplinary collaborations of faculty, modern teaching environment for our learners, or adequate space for faculty, staff and patients. Further, a new facility will bring the Department of Psychiatry from outdated leased space consisting of several non-continuous suites on multiple floors, onto the medical school campus in a University branded building.

This project will focus on the design, procurement and construction of a new ambulatory instructional facility and academic offices. The planning and design work is estimated at \$3,850,000 and will be funded with local reserves available to the School of Medicine. Project and budget approval and the award of contracts will require further Board approval. Construction work for the project will be funded from external and/or internal financing as determined by the Board Treasurer. The project has a preliminary estimated budget range of \$35,000,000 to \$38,500,000.

The Chancellor, SIUC, and the Dean and Provost of the SIU School of Medicine have recommended this matter to the President.

PROJECT AND BUDGET APPROVAL:  
ATRIUM GATHERING SPACE, INTERIOR RENOVATIONS,  
SCHOOL OF MEDICINE, SIUC

Summary

This matter seeks project and budget approval for the School of Medicine's interior renovations for the Atrium Gathering Space.

Rationale for Adoption

The Atrium Gathering Space is envisioned as a campus gathering and event space for an underutilized atrium connecting the Medical Instructional Facility, also known as 801 N. Rutledge, and the Springfield Combined Laboratory Facility. The atrium was constructed in 1988 as part of the construction of the Springfield Combined Laboratory Facility to connect to the existing 801 N. Rutledge building.

This renovation project consists of 6000 square feet of an underutilized two-story space originally designed as a break area for students, faculty, and staff. The project consists of the relocation of an existing glass curtainwall to capture 1200 square feet of outdoor space currently part of a covered courtyard. The third-floor enclosed walkway connecting two sections of the 801 N. Rutledge building will be expanded into the atrium space to create additional square footage of gathering space and include a new stairwell connecting the two floors. Renovations include the creation of gender inclusive restrooms, upgrades to the HVAC systems, vending machine space, and the creation of a food service venue. This will allow for the placement of a permanent food service venue on campus for the first time since the School of Medicine's Springfield facilities were constructed.

The cost of this project is estimated at \$5,700,000 and will be funded with plant reserve funds available to the School of Medicine.

The Chancellor, SIUC and the Dean and Provost of the School of Medicine recommended this matter to the President.
