**Announcements**

Dr. Gupchup introduced System Open Education Resources (OER) Taskforce members, Associate Provost Elza Ibroscheva (SIUE) and Director Amy Etcheson (SIU University Press), to present. Dr. Ibroscheva discussed the rising costs of textbooks and the need for textbook affordability. She discussed the OER initiative at SIUE, and the expansion of this to a system level initiative. She mentioned that, this year, the system taskforce joined DOERS, which is a leading national collaborative focused on OER. SIU is the first system in the state of Illinois to join this network. She also mentioned that the system taskforce has partnered with SIU University Press to submit a proposal to the Midwestern Higher Education Compact. Ms. Etcheson joined the OER taskforce to see how the press could support the OER production at each campus. She stated that it became clear that OER publishing assistance is needed beyond just SIU. This led to the proposal submission to the Midwestern Higher Education Compact, which they were granted \$10,000.00. She said the grant funds will be used to hold a conference for all Illinois OER leaders to see what the needs are and how SIU University Press can establish themselves as a project management hub for OER publishing in the state.

# STUDENT-ATHLETE ACADEMIC PROFILE

2024-25

## Overview

Southern Illinois University student-athletes demonstrated exceptional performance in their sports while prioritizing academic achievement during the 2024-2025 academic year. Coaches and administrators rely on the data presented in this report to make strategic decisions in recruiting and to uphold the high academic standards of their programs. In the ever-evolving landscape of college athletics, SIU student-athletes continue to exemplify dedication to their education, community engagement, and personal growth.

SIU takes great pride in the academic accomplishments of its student-athletes and values the efforts of its academic services team in supporting both student-athletes and coaching staff. Success in college athletics is defined by achievements in both athletic competition and academics. By evaluating key metrics such as grade point average (GPA), Academic Progress Rate (APR), and graduation rates, coaches, administrators, and the University can effectively gauge the potential for success both in the classroom and on the field.

Below is an overview of the academic profile for Saluki student-athletes during the 2024-2025 academic year.

### **2024-2025 SIU Athletic Department Academic Highlights**

The Academic Progress Rates (APR) for all sports in the 2024-25 academic year was 987, an increase from the 2023-24 academic year. This rate exceeds the NCAA threshold of 985 to earn academic-based revenue. Nine of 15 sports earned 1,000 single-year APR. Softball and volleyball continued to earn a multi-year APR of 1,000.

Josh Delgado (Men's Track & Field), Mia Sinkiewicz (Women's Swim & Dive) and Ashlyn Henrie (Women's Soccer) earned the Missouri Valley Conference (MVC) Good Neighbor Award, awarded to student-athletes who demonstrated good citizenship through sportsmanship and community service. One athlete from each member school is identified in fall, winter, and spring to receive the award. Recipients must be in good academic standing, must demonstrate good citizenship through good sportsmanship and significant community service, and participate in a sport during the season of recognition.

Olivia Herron (Women's Swimming) earned Missouri Valley Conference Scholar-Athlete of the Year honors for the 2024-25 academic year.

Alex Cimera (Men's Swim & Dive) earned Missouri Valley Conference Elite 18 honors. This award honors the highest achievement in academics and athletics by a student-athlete in each MVC-sponsored sport.

Twenty-five student-athletes were named to 2024-25 Conference Scholar-Athlete teams, including the Missouri Valley Conference and the Missouri Valley Football Conference.

Seven student-athletes earned MVC Board of Directors Academic Award, 86 student-athletes earned MVC Commissioner's Academic Excellence Awards, and 214 student-athletes earned MVC Honor Roll.

### Academic Progress Rate

The Academic Progress Rate (APR) is an NCAA metric used to track the academic success of Division I student-athletes and serves as an early indicator of graduation by assessing two critical factors each term: academic eligibility and retention.

The NCAA releases APR data annually with a one-year delay and also reports a four-year rolling average, providing a more complete and stable view of a team's academic performance over time. SIU's APRs by team are reported in the table below:

TEAM	2021-22	2022-23	2023-24	2024-25	Multiyear
