TEMPORARY FINANCIAL ARRANGEMENTS FOR FISCAL YEAR 2027

Summary

This matter requests approval to make expenditures consistent with approved budget levels for Fiscal Year 2026 until such date as the Board of Trustees takes further action on the Operating Budget for Fiscal Year 2027.

Rationale for Adoption

The preparation of the Fiscal Year 2027 Southern Illinois University budget cannot begin until the Legislature and Governor have taken final actions on the State budget. To maintain the operation of the University between the beginning of Fiscal Year 2027 and the time at which a budget can be prepared for Board approval, Board approval is requested for temporary financial arrangements.

Considerations Against Adoption

None are known to exist.

Resolution

WHEREAS, Southern Illinois University's budget for Fiscal Year 2027 is scheduled to be submitted for approval by the Board of Trustees after July 1, 2026.

NOW, THEREFORE, BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That: subject to the availability of funds, the President of Southern Illinois University is authorized to make expenditures consistent with approved budget levels for Fiscal Year 2026 until such date as the Board of Trustees takes further action on the Operating Budget for Fiscal Year 2027.

PROPOSED REVISIONS TO BOARD OF TRUSTEES POLICIES:
CHANGE TO INVESTMENT POLICY
[AMENDMENT TO 5 POLICIES OF THE BOARD O]

Summary

This matter seeks approval by the SIU Board of Trustees to amend 5 Policies of the Board O- Investment Policy. The principal reason for this amendment is to incorporate recent changes to the Illinois Public Funds Investment Act (30 ILCS 235) and Accountability for the Investment of Public Funds Act (30 ILCS 237), and to provide clarification as needed.

Rationale for Adoption

Effective January 1, 2025, the Illinois Public Funds Investment Act amended the definition of long-term corporate obligations to include obligations with a maturity of more than 270 days but less than 10 years from the date of purchase. The prior definition of long-term corporate obligations had a maximum maturity of 3 years from the date of purchase.

Effective August 15, 2025, the Accountability for the Investment of Public Funds Act was amended to extend the deadline for monthly online reporting of investment activity from the 15th day following the end of the month to no later than the end of the month following the last day of the preceding month.

This matter amends the Investment Policy to incorporate changes to the Illinois Public Funds Act and the Accountability for the Investment of Public Funds Act. In addition, minor updates are being proposed for purposes of clarification.

Considerations Against Adoption

None are known to exist.

Constituency Involvement

Not applicable.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That: 5 Policies of the Board O is hereby amended as per the attached.

**STATEMENT OF INVESTMENT POLICY
SOUTHERN ILLINOIS UNIVERSITY
BOARD OF TRUSTEES**

I. STATEMENT OF OBJECTIVES

It is the policy of Southern Illinois University to invest funds in a manner which will provide investment returns and security consistent with good business practices, while meeting the daily cash flow demands of the University, and conforming to all statutes governing the investment of funds. Funds of Southern Illinois University will be invested in accordance with the provisions of the Illinois Compiled Statutes, Chapter 30, Section 235, "The Public Funds Investment Act", the Policies of the Board of Trustees of Southern Illinois University, and covenants provided from the University's bond and Certificate of Participation issuance activities.

Deleted: /0.01 - 235/8

As provided in Illinois Compiled Statutes, Chapter 30, Section 225 "The Public Funds Deposit Act," public funds of the University will be deposited in savings and loan associations, savings banks, or State or national banks in Illinois.

A. Overall Risk Profile

The three basic objectives of Southern Illinois University's Investment Program are:

1. Safety of invested funds;
2. Maintenance of sufficient liquidity to meet cash flow needs;
3. Attainment of the maximum investment returns possible consistent with the first two objectives.

The achievement of these objectives shall be accomplished in the manner described below:

1. Safety of Invested Funds

The University will insure the safety of its invested funds by limiting credit and interest rate risks. Credit risk is the risk of loss due to the failure of the security issuer or backer to meet promised interest or principal payments on required dates. Interest rate risk is the risk that the market value of portfolio securities will fall or rise due to changes in general interest rates. The physical security of the University's investments is also an important element of safety. Detailed safekeeping requirements are defined in Section IV of this policy.

- a. Credit risk will be mitigated by:
 - i) Limiting investments to those specified in the Illinois Public Funds Investment Act, which prohibits investment in corporate bonds with maturity dates longer than 10 years from the date of purchase;
 - ii) Diversifying the investment portfolio so that the failure of any one issue or backer will not place an undue financial burden on the University.

- b. Interest rate risk will be mitigated by:
 - i) Maintaining significant balances in cash equivalent and other short maturity investments as changing interest rates have limited impact on these securities' prices;
 - ii) Establishing maturity diversification that is consistent with the expected cash flows of the University.

Deleted: 3

2. Liquidity

The University's investment portfolio will be structured in such a manner that securities mature at the same time as cash is needed to meet anticipated demands. Additionally, since all possible cash demands cannot be anticipated, the portfolio should consist largely of securities with active secondary or resale markets.

3. Investment Returns

Investment returns on the University's investment portfolio is a priority after the safety and liquidity objectives described above. Investments are limited to relatively low risk securities in anticipation of earning a fair return relative to the risk being assumed.

B. Maturity Diversification

The University's investment portfolio will be structured to provide that sufficient funds from investments are available every month to meet the University's anticipated cash needs. Subject to the safety provisions outlined above, the choice in investment instruments and maturities will be based upon an analysis of anticipated cash needs, existing and anticipated revenues, interest rate trends, and specific market opportunities.

The University's funds (excluding debt financing funds) will generally be invested in accordance with the following maturity ranges:

Portfolio	Approximate Average Maturity Range
Cash & Cash Equivalents	Less than one year; typically less than 30 days
Short Term	Up to 3 years;
Intermediate Term	Up to 10 years

C. Definition of Funds

Funds for the purpose of this policy are all University funds which are available for investment at any one time. Funds include those in the University's general operation and debt financing activities.

D. Prudence

Investments shall be made with judgement and care - under circumstances then prevailing - which persons of prudence, discretion and intelligence exercise in management of their own affairs, not for speculation but for investment, considering the probable safety of their own capital as well as the probable income to be derived.

The standard of prudence to be used by investment officials shall be the "prudent person" standard and shall be applied in the context of managing an overall portfolio.

II. INVESTMENTS

This section of the Investment Policy identifies the types of instruments in which the University may invest its funds.

A. Eligible Securities

1. Southern Illinois University will make investments under the Public Funds Investment Act (Illinois Compiled Statutes Chapter 30, section 235). This affords the University a number of investment opportunities including:

- Securities of the United States of America, its agencies, and its instrumentalities;
- Interest bearing savings accounts, certificates of deposit, interest bearing time deposits, other direct obligations of any bank defined in the Illinois Banking Act;
- Certain obligations of U.S. Corporations rated in the three highest rating classifications by at least two standard rating services provided: the issuing entity has at least \$500 million in assets; such purchases do not exceed 10% of the corporation's outstanding obligations; no more than one-third of the University's funds may be invested in short-term obligations that mature within 270 days or less from the settlement date; and, no more than one-third of the University's funds may be invested in long-term obligations of

- Money market mutual funds provided they are comprised of only U.S. Treasuries, Agencies, and instrumentalities;
- Public Treasurer's Investment Pool-State Treasurer's Office;
- Repurchase agreements of Government securities;
- Other specifically defined repurchase agreements.

2. Southern Illinois University may pool their funds with other Illinois Public Agencies for investment purposes under the Intergovernmental Cooperation Act, 5 ILCS 220/1 *et seq.* This affords the University the opportunity to invest, in accordance with the Public Funds Investment Act (Illinois Compiled Statutes Chapter 30, section 235), through:

The Illinois Trust local government investment pools.

B. Diversification

Southern Illinois University will diversify its investments by security type, issue and maturity in order to reduce overall portfolio risks while striving to meet or exceed the benchmark average rate of return. Obligations of the United States of America, its agencies, and its instrumentalities are eligible without limit. No more than one-third of Southern Illinois University's funds may be invested in short-term obligations of corporations and no more than one-third may be invested in long-term obligations of corporations.

C. Collateralization Requirements

In accordance with the State Finance Act (30 ILCS 105/6a-1), deposits that exceed the amount of federal deposit insurance coverage shall be collateralized using eligible securities as listed in the Deposit of State Moneys Act (15 ILCS 520/11). The collateral for various investments shall be held by third parties or in a separate trust department of a participating bank. The collateralization level must be in an amount equal to at least market value of that amount of funds deposited exceeding the insurance limitation provided by the Federal Deposit Insurance Corporation or the National Credit Union Administration or other approved share insurers.

D. Release of Collateral

Only the Treasurer and his designees shall be authorized to release securities pledged as collateral. All requests for the release of collateral shall be confirmed in writing.

E. Confirmation

Receipts for confirmation of purchase of authorized securities should include the following information: trade date, par value, rate, price, yield, settlement date, description of securities purchased, agency's name, net amount due, and third party custodial information. These are minimum information requirements.

F. **Pooling**

To the extent possible, the University will pool all operating cash for investment purposes to provide for efficiencies and economies in their management. Proceeds related to revenue bond and certificate of participation financing activities will be pooled to the extent allowed under the covenants.

III. **SELECTION OF INVESTMENT ADVISORS, INVESTMENT MANAGERS, AND FINANCIAL INSTITUTIONS**

A. **Investment Advisors and Investment Managers**

Investment advisors and investment managers who manage University funds must be registered with the Securities and Exchange Commission and carry adequate levels of insurance. The University will send a copy of the Investment Policy to investment advisors and investment managers who manage University funds upon engagement and whenever the policy is updated. The University will follow the State's Procurement Policy when issuing public Requests For Proposal in selecting its advisors and managers.

Deleted: annually

B. **Qualification of Brokers, Dealers, and Financial Institutions**

The University will only transact business with banks, savings and loan associations, and broker dealers who have been approved by the University.

If the University hires an investment advisor to provide investment management services, and the investment advisor maintains a list of approved Broker/Dealers that is adhered to for investment transactions, the University may adopt that Investment Advisor's list as it may be amended periodically.

IV. **INTERNAL CONTROL PROCEDURES**

A. **Purchase of Securities**

The Treasurer will delegate authorization to purchase investment securities to employees, as needed. A list of these authorized employees will be provided to each investment broker/dealer. A confirmation of the purchase of authorized securities will be provided to the Treasurer. All security transactions will be conducted "delivery versus payment."

On occasion, there will be a need for the Treasurer to delegate authorization to a third party to purchase securities on behalf of the University. In these instances, a one-time

delegation will be executed that clearly states the type of security, the amount to be purchased, the maturity date, and the purchase date.

Deleted: ¶

B. Safekeeping of Assets

All securities (except collateral) owned by the University will be held by its safekeeping agents. The University will contract with a bank or banks for the safekeeping of securities which are owned by the University as a part of its investment portfolio or which have been transferred to the University under the terms of any repurchase agreements. Safekeeping reports shall be provided.

C. Sale of Securities

The Treasurer will delegate authorization to initiate the sale of investment securities to employees, as needed. A list of these authorized employees will be provided to each broker/dealer. The proceeds of all sales transactions will be deposited into a University account.

D. Wire/ACH Transactions

Where possible, the University will use repetitive wire transfers and preformatted ACH transfers to restrict the transfer of funds to preauthorized accounts only. When transferring funds to an account using a non-repetitive wire or a non-preformatted ACH transfer, the bank is required to call back a second pre-established employee for confirmation that the transfer is authorized.

V. STRUCTURE AND RESPONSIBILITY

This section of the Policy defines the overall structure of the investment management program.

A. Responsibilities of the Finance Committee of the Board of Trustees

The Finance Committee of the Board of Trustees will:

Deleted: upon recommendation of the Treasurer

1. Approve general philosophies and strategies for investment practices;
2. Review and recommend to full Board a written investment policy, consistent with the requirements of the Public Funds Investment Act; and
2. Review quarterly investment reports.

B. Responsibilities of the Treasurer

The Treasurer is appointed by the Board of Trustees and is chief custodian of all funds held in the name of the Board of Trustees. The Treasurer is responsible for recommending, as necessary, financial policies and procedures to ensure compliance

with State and Federal laws, Board Policies and University Guidelines. Investment oversight and banking relations are also responsibilities of the office. The Treasurer will recommend the selection of investment managers and assess their performance. The Treasurer is responsible for providing the President and Board of Trustees, a quarterly report of cash and investment activities.

Deleted: via the Finance Committee,

C. Investment Managers

The investment managers are accorded full discretion, within the limits set forth in this Statement of Investment Policy and investment guidelines, to (1) select individual securities, (2) adjust the maturity mix, where applicable, and (3) diversify their portfolios so as to limit the impact of large losses in individual investments on the total portfolio.

The investment managers will provide the Treasurer with a monthly report of investment activity and investment performance.

D. Ethics and Conflicts of Interest

Officers, employees and agents, including, but not limited to, investment managers, involved in the investment process shall refrain from personal business activity that conflicts with the proper execution of the investment program, or impairs their ability to make impartial investment decisions. They shall disclose any material financial interests that could be related to the performance of the University's investment portfolio. They shall also comply with all applicable Federal and State laws governing ethics and conflict of interest.

VI. PERFORMANCE EVALUATION

The Treasurer will perform periodic reviews of the cash and investment activity to ensure that the safety, liquidity and performance of the investment portfolio is appropriate.

The Treasurer will provide a quarterly report of cash and investment activity to the President and Board of Trustees, for review.

Deleted: via the Finance Committee,

Performance results will be evaluated by the Board Treasurer, or a designee, relative to the below benchmarks and relative to the risks incurred in generating the results.

VII. SUSTAINABLE INVESTING

Material, relevant, and decision-useful sustainability factors are regularly considered by the University, within the bounds of financial and fiduciary prudence, in evaluating investment decisions. Such factors include, but are not limited to: (i) corporate governance and leadership factors; (ii) environmental factors; (iii) social capital factors; (iv) human capital factors; and (v) business model and innovation factors, as provided under the Illinois Sustainable Investing Act (30 ILCS 238).

While such factors are not determinative for investment decisions, the University will periodically review the portfolio holdings to determine the consistency with these objectives and will identify specific issuers that are restricted from purchase under this policy.

VIII. STATEMENT OF INVESTMENT POLICY REVIEW

This Statement of Investment Policy will be reviewed as governing Statutes are modified or when there is a material change in University circumstances that may warrant a new asset allocation policy. Absent these changes, this policy statement will be reviewed and modified, if appropriate, no less than every five years.

IX. PUBLIC NOTICE

**STATEMENT OF INVESTMENT POLICY
SOUTHERN ILLINOIS UNIVERSITY
BOARD OF TRUSTEES**

I. STATEMENT OF OBJECTIVES

It is the policy of Southern Illinois University to invest funds in a manner which will provide investment returns and security consistent with good business practices, while meeting the daily cash flow demands of the University, and conforming to all statutes governing the investment of funds. Funds of Southern Illinois University will be invested in accordance with the provisions of the Illinois Compiled Statutes, Chapter 30, Section 235, "The Public Funds Investment Act", the Policies of the Board of Trustees of Southern Illinois University, and covenants provided from the University's bond and Certificate of Participation issuance activities.

As provided in Illinois Compiled Statutes, Chapter 30, Section 225 "The Public Funds Deposit Act," public funds of the University will be deposited in savings and loan associations, savings banks, or State or national banks in Illinois.

A. Overall Risk Profile

The three basic objectives of Southern Illinois University's Investment Program are:

1. Safety of invested funds;
2. Maintenance of sufficient liquidity to meet cash flow needs;
3. Attainment of the maximum investment returns possible consistent with the first two objectives.

The achievement of these objectives shall be accomplished in the manner described below:

1. Safety of Invested Funds

The University will insure the safety of its invested funds by limiting credit and interest rate risks. Credit risk is the risk of loss due to the failure of the security issuer or backer to meet promised interest or principal payments on required dates. Interest rate risk is the risk that the market value of portfolio securities will fall or rise due to changes in general interest rates. The physical security of the University's investments is also an important element of safety. Detailed safekeeping requirements are defined in Section IV of this policy.

- a. Credit risk will be mitigated by:
 - i) Limiting investments to those specified in the Illinois Public Funds Investment Act, which prohibits investment in corporate bonds with maturity dates longer than 10 years from the date of purchase;
 - ii) Diversifying the investment portfolio so that the failure of any one issue or backer will not place an undue financial burden on the University.

- b. Interest rate risk will be mitigated by:
 - i) Maintaining significant balances in cash equivalent and other short maturity investments as changing interest rates have limited impact on these securities' prices;
 - ii) Establishing maturity diversification that is consistent with the expected cash flows of the University.

2. Liquidity

The University's investment portfolio will be structured in such a manner that securities mature at the same time as cash is needed to meet anticipated demands. Additionally, since all possible cash demands cannot be anticipated, the portfolio should consist largely of securities with active secondary or resale markets.

3. Investment Returns

Investment returns on the University's investment portfolio is a priority after the safety and liquidity objectives described above. Investments are limited to relatively low risk securities in anticipation of earning a fair return relative to the risk being assumed.

B. Maturity Diversification

The University's investment portfolio will be structured to provide that sufficient funds from investments are available every month to meet the University's anticipated cash needs. Subject to the safety provisions outlined above, the choice in investment instruments and maturities will be based upon an analysis of anticipated cash needs, existing and anticipated revenues, interest rate trends, and specific market opportunities.

The University's funds (excluding debt financing funds) will generally be invested in accordance with the following maturity ranges:

Portfolio	Approximate Average Maturity Range
Cash & Cash Equivalents	Less than one year; typically less than 30 days
Short Term	Up to 3 years;
Intermediate Term	Up to 10 years

C. Definition of Funds

Funds for the purpose of this policy are all University funds which are available for investment at any one time. Funds include those in the University's general operation and debt financing activities.

D. Prudence

Investments shall be made with judgement and care - under circumstances then prevailing - which persons of prudence, discretion and intelligence exercise in management of their own affairs, not for speculation but for investment, considering the probable safety of their own capital as well as the probable income to be derived.

The standard of prudence to be used by investment officials shall be the "prudent person" standard and shall be applied in the context of managing an overall portfolio.

II. INVESTMENTS

This section of the Investment Policy identifies the types of instruments in which the University may invest its funds.

A. Eligible Securities

1. Southern Illinois University will make investments under the Public Funds Investment Act (Illinois Compiled Statutes Chapter 30, section 235). This affords the University a number of investment opportunities including:
 - Securities of the United States of America, its agencies, and its instrumentalities;
 - Interest bearing savings accounts, certificates of deposit, interest bearing time deposits, other direct obligations of any bank defined in the Illinois Banking Act;
 - Certain obligations of U.S. Corporations rated in the three highest rating classifications by at least two standard rating services provided: the issuing entity has at least \$500 million in assets; such purchases do not exceed 10% of the corporation's outstanding obligations; no more than one-third of the University's funds may be invested in short-term obligations that mature within 270 days or less from the settlement date; and, no more than one-third of the University's funds may be invested in long-term obligations of

- corporations that mature in more than 270 days but less than ten years from the date of settlement;
 - Money market mutual funds provided they are comprised of only U.S. Treasuries, Agencies, and instrumentalities;
 - Public Treasurer's Investment Pool-State Treasurer's Office;
 - Repurchase agreements of Government securities;
 - Other specifically defined repurchase agreements.
2. Southern Illinois University may pool their funds with other Illinois Public Agencies for investment purposes under the Intergovernmental Cooperation Act, 5 ILCS 220/1 *et seq.* This affords the University the opportunity to invest, in accordance with the Public Funds Investment Act (Illinois Compiled Statutes Chapter 30, section 235), through:

The Illinois Trust local government investment pools.

B. Diversification

Southern Illinois University will diversify its investments by security type, issue and maturity in order to reduce overall portfolio risks while striving to meet or exceed the benchmark average rate of return. Obligations of the United States of America, its agencies, and its instrumentalities are eligible without limit. No more than one-third of Southern Illinois University's funds may be invested in short-term obligations of corporations and no more than on-third may be invested in long-term obligations of corporations.

C. Collateralization Requirements

In accordance with the State Finance Act (30 ILCS 105/6a-1), deposits that exceed the amount of federal deposit insurance coverage shall be collateralized using eligible securities as listed in the Deposit of State Moneys Act (15 ILCS 520/11). The collateral for various investments shall be held by third parties or in a separate trust department of a participating bank. The collateralization level must be in an amount equal to at least market value of that amount of funds deposited exceeding the insurance limitation provided by the Federal Deposit Insurance Corporation or the National Credit Union Administration or other approved share insurers.

D. Release of Collateral

Only the Treasurer and his designees shall be authorized to release securities pledged as collateral. All requests for the release of collateral shall be confirmed in writing.

E. Confirmation

Receipts for confirmation of purchase of authorized securities should include the following information: trade date, par value, rate, price, yield, settlement date, description of securities purchased, agency's name, net amount due, and third party custodial information. These are minimum information requirements.

F. Pooling

To the extent possible, the University will pool all operating cash for investment purposes to provide for efficiencies and economies in their management. Proceeds related to revenue bond and certificate of participation financing activities will be pooled to the extent allowed under the covenants.

III. SELECTION OF INVESTMENT ADVISORS, INVESTMENT MANAGERS, AND FINANCIAL INSTITUTIONS

A. Investment Advisors and Investment Managers

Investment advisors and investment managers who manage University funds must be registered with the Securities and Exchange Commission and carry adequate levels of insurance. The University will send a copy of the Investment Policy to investment advisors and investment managers who manage University funds upon engagement and whenever the policy is updated. The University will follow the State's Procurement Policy when issuing public Requests For Proposal in selecting its advisors and managers.

B. Qualification of Brokers, Dealers, and Financial Institutions

The University will only transact business with banks, savings and loan associations, and broker dealers who have been approved by the University.

If the University hires an investment advisor to provide investment management services, and the investment advisor maintains a list of approved Broker/Dealers that is adhered to for investment transactions, the University may adopt that Investment Advisor's list as it may be amended periodically.

IV. INTERNAL CONTROL PROCEDURES

A. Purchase of Securities

The Treasurer will delegate authorization to purchase investment securities to employees, as needed. A list of these authorized employees will be provided to each investment broker/dealer. A confirmation of the purchase of authorized securities will be provided to the Treasurer. All security transactions will be conducted "delivery versus payment."

On occasion, there will be a need for the Treasurer to delegate authorization to a third party to purchase securities on behalf of the University. In these instances, a one-time

delegation will be executed that clearly states the type of security, the amount to be purchased, the maturity date, and the purchase date.

B. Safekeeping of Assets

All securities (except collateral) owned by the University will be held by its safekeeping agents. The University will contract with a bank or banks for the safekeeping of securities which are owned by the University as a part of its investment portfolio or which have been transferred to the University under the terms of any repurchase agreements. Safekeeping reports shall be provided.

C. Sale of Securities

The Treasurer will delegate authorization to initiate the sale of investment securities to employees, as needed. A list of these authorized employees will be provided to each broker/dealer. The proceeds of all sales transactions will be deposited into a University account.

D. Wire/ACH Transactions

Where possible, the University will use repetitive wire transfers and preformatted ACH transfers to restrict the transfer of funds to preauthorized accounts only. When transferring funds to an account using a non-repetitive wire or a non-preformatted ACH transfer, the bank is required to call back a second pre-established employee for confirmation that the transfer is authorized.

V. STRUCTURE AND RESPONSIBILITY

This section of the Policy defines the overall structure of the investment management program.

A. Responsibilities of the Finance Committee of the Board of Trustees

The Finance Committee of the Board of Trustees will,:

1. Approve general philosophies and strategies for investment practices;
2. Review and recommend to full Board a written investment policy, consistent with the requirements of the Public Funds Investment Act; and
2. Review quarterly investment reports.

B. Responsibilities of the Treasurer

The Treasurer is appointed by the Board of Trustees and is chief custodian of all funds held in the name of the Board of Trustees. The Treasurer is responsible for recommending, as necessary, financial policies and procedures to ensure compliance

with State and Federal laws, Board Policies and University Guidelines. Investment oversight and banking relations are also responsibilities of the office. The Treasurer will recommend the selection of investment managers and assess their performance. The Treasurer is responsible for providing the President and Board of Trustees, a quarterly report of cash and investment activities.

C. Investment Managers

The investment managers are accorded full discretion, within the limits set forth in this Statement of Investment Policy and investment guidelines, to (1) select individual securities, (2) adjust the maturity mix, where applicable, and (3) diversify their portfolios so as to limit the impact of large losses in individual investments on the total portfolio.

The investment managers will provide the Treasurer with a monthly report of investment activity and investment performance.

D. Ethics and Conflicts of Interest

Officers, employees and agents, including, but not limited to, investment managers, involved in the investment process shall refrain from personal business activity that conflicts with the proper execution of the investment program, or impairs their ability to make impartial investment decisions. They shall disclose any material financial interests that could be related to the performance of the University's investment portfolio. They shall also comply with all applicable Federal and State laws governing ethics and conflict of interest.

VI. PERFORMANCE EVALUATION

The Treasurer will perform periodic reviews of the cash and investment activity to ensure that the safety, liquidity and performance of the investment portfolio is appropriate.

The Treasurer will provide a quarterly report of cash and investment activity to the President and Board of Trustees, for review.

Performance results will be evaluated by the Board Treasurer, or a designee, relative to the below benchmarks and relative to the risks incurred in generating the results.

Portfolio	Benchmark	Description
Cash Equivalents	S&P Rated Government Investment Pool Index	An index comprised of S&P rated local government investment pools with a \$1 NAV.
Short Term	ICE BofA Merrill Lynch US 3-Month Treasury Bill Index	An index that is comprised of the rolling 3-Month Treasury Bill.

Intermediate Term	Bloomberg Intermediate U.S. Government	Barclays U.S. Government	A market value-weighted index of U.S. Treasury and Agency bonds with maturities between one and ten years.
-------------------	--	--------------------------	--

VII. SUSTAINABLE INVESTING

Material, relevant, and decision-useful sustainability factors are regularly considered by the University, within the bounds of financial and fiduciary prudence, in evaluating investment decisions. Such factors include, but are not limited to: (i) corporate governance and leadership factors; (ii) environmental factors; (iii) social capital factors; (iv) human capital factors; and (v) business model and innovation factors, as provided under the Illinois Sustainable Investing Act (30 ILCS 238).

While such factors are not determinative for investment decisions, the University will periodically review the portfolio holdings to determine the consistency with these objectives and will identify specific issuers that are restricted from purchase under this policy.

VIII. STATEMENT OF INVESTMENT POLICY REVIEW

This Statement of Investment Policy will be reviewed as governing Statutes are modified or when there is a material change in University circumstances that may warrant a new asset allocation policy. Absent these changes, this policy statement will be reviewed and modified, if appropriate, no less than every five years.

IX. PUBLIC NOTICE

A. Investment Policy

Pursuant to the Public Funds Investment Act (30 ILCS 235/2.5(c)), the investment policy shall be made available to the public at the University's main administrative office. The investment policy is also posted on the web site of the Treasurer.

B. Investment Performance

Pursuant to the Accountability for the Investment of Public Funds Act (30 ILCS 237), the University will post monthly investment performance on the Treasurer's web site by the last day of the month following the end of the previous month.

PROPOSED TUITION RATES AND FEE MATTERS, SIUC
[AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX A]

Summary

This matter proposes changes to the previously approved tuition schedule and various fee matters. Relevant information that appears in 4 Policies of the Board, Appendix A will be updated as appropriate to reflect the Board of Trustees action.

Rationale for Adoption – Tuition

Undergraduate and Graduate Student Tuition Rates

Southern Illinois University Carbondale is requesting a modest 2% increase in tuition rates for Undergraduate and Graduate students for academic year 2026-2027, as shown in Table 1. This would mark the first tuition adjustment for undergraduate and graduate students after eight consecutive years at the current credit hour rate.

The University remains committed to delivering a high-quality educational experience as a Carnegie-designated Very High Research activity (R1) institution, offering undergraduate, graduate, and professional degree-seeking students exceptional value.

SIU Carbondale upholds its longstanding tradition of accessible education for students across the state, nation, and world, while continuing efforts to minimize barriers to degree completion. This modest proposed increase helps sustain essential resources, support faculty and staff, and maintain program quality amid rising operational costs, while still keeping SIUC among the more affordable options in its peer group.

The Graduate School portion of the Physician Assistant program will follow the Graduate student tuition increase request.

Rationale for Adoption – Course Fees

School of Aviation

The proposed fee increases for Aviation courses, as outlined in Table 2, are recommended to support the program's ability to meet the maintenance requirements of its fleet while also building reserves for future capital needs, ensuring the continuation of operations.

College of Health and Human Sciences

The proposed fee for REC 531 (Course title: Outdoor Adventure Trip Leadership), as outlined in Table 2, is recommended to support the program's ability to provide a multi-day trip with course fees covering van rental, equipment rental, reservations, permits, first aid supplies and food. The course instructor and student cohorts have worked to refine the course content and length to meet the needs of the students.

College of Liberal Arts

The proposed fee for ANTH 496 (Course title: Field School in Archeology), as outlined in Table 2, is recommended to support the program's ability to provide a field school trip with course fees covering primarily van rental and fuel and some equipment. The course instructor and student cohorts have worked to refine the course content and students are supportive of the fee since it goes to directly support the course.

Rationale for Adoption – Mandatory Student Fees

General Student Fee – On-Campus

Following conversations with students who support this proposal, the university is proposing an increase of \$1.50 to the General Student Fee – On-Campus, as shown in Table 2. The increase will be allocated to support Intercollegiate Athletics.

General Student Fee – Off-Campus

The university is not proposing an increase to the General Student Fee - Off-Campus.

Student Health Insurance

The university is not proposing any increase for the student health insurance this year. The fee is based on previous claims history, plan enrollment, administrative costs, and medical inflation.

Rationale for Adoption – Housing and Meal Plan Rates

Housing and Meal Plan

No changes are being proposed to the housing rates.

SIUC is proposing meal plan enhancement that will allow students to add flex dollars to their existing dining plan. Students will be able to use the flex dollars at all food concepts managed by the Student Center.

Constituency Involvement

The Dean/Provost of the School of Medicine and the Chancellor, Vice Chancellor for Student Affairs, Provost and Deans of SIUC, and other university officials have met with and received the support from the appropriate student government bodies and student advisory boards for the proposed tuition, course fee rates, and mandatory student fee rates.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That: 4 Policies of the Board, Appendix A, be and is hereby amended as follows:

- 1) Tuition rates shall be and are hereby amended for FY2027, as presented in Table 1.
- 2) Course Fees and General Student Fees be and are hereby amended as presented in Table 2.
- 3) Housing and Dining rates for FY2027 be and are hereby amended as presented in Table 3.

BE IT FURTHER RESOLVED, That: the President shall be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

* Undergraduate and Graduate (except Law) tuition assessment is capped at 15 hours per semester. Newly entering Undergraduate or Graduate students who enter in the Fall 2016 semester or thereafter will pay the uncapped credit hour rate for tuition.

** School of Medicine per hour charge is based on 21 hours per semester for the MD program and 22 hours per semester for the PA program. The Doctor of Medical Science per hour charge is based on 18 credit hours in the Spring, 8 credit hours in the Summer and 11 credit hours in the Fall. Annual Rate based on two semesters except for the Doctor of Medical Science which is based on three semesters.

Notes:

- 1) New entering and continuing international student tuition is 2.5 times the Undergraduate rate unless they qualify for an Alternate Tuition Program.
- 2) New entering and continuing non-resident student tuition is 2.5 times the In-State rate unless they qualify for an Alternate Tuition Program.
- 3) Non-resident tuition is 3.0 times the in-state rate for the Medical School M.D. Program. For the PA Program, non-resident tuition is 1.5 times the in-state rate for the Medical School PA rate portion and 2.5 times the in-state rate for the Graduate School rate portion. Doctor of Medical Science in-state and non-resident tuition rates are the same. The non-resident tuition rate for the School of Law is 1.0 times the in-state rate.
- 4) Students in the Master of Science Program in Physician Assistant Studies (PA) will be assessed \$507.00 per uncapped credit hour in addition to the Graduate School tuition rate of ~~\$469.50~~ \$479.00, for the first 15 credit hours. All credit hours in excess of 15 will be assessed at \$507.00 per credit hour. First year PA students take 44 credit hours/AY (Fall 22 credits; Spring 22 credits).
- 5) Beginning Fall 2008 (FY09), the College of Business implemented a 15% differential tuition surcharge for new entering Undergraduate and Graduate students with a declared College of Business major. Also beginning Fall 2008 (FY09), the College of Business implemented a Minor Program Fee that is equal to 15% of 15 credit hours of applicable in-state tuition for new entering Undergraduate students with a declared College of Business minor. The differential tuition surcharge for both in-state and out-of-state students will be assessed on the applicable in-state tuition rate and will be capped at 15 credit hours per semester. Beginning Fall 2016 and thereafter, newly entering Undergraduate or Graduate students who declare a College of Business major or minor will pay the uncapped credit hour rate for the differential tuition surcharge.

The rate for these students will be as follows:

PROPOSED TUITION RATES AND FEE MATTERS, SIUE
[AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX B]

Summary

This matter proposes changes to the previously approved tuition schedule and various fees.

Southern Illinois University Edwardsville (SIUE) remains a leader in delivering high quality educational experiences to students at an affordable price, and SIUE administration is committed to continuing that practice and honoring the tradition of accessibility for students from all backgrounds.

Undergraduate, Graduate, and Professional Student Tuition Rates

The proposed rates reflect no increase in tuition for newly entering undergraduate students, accelerated nursing students, graduate students, or for students enrolled in the School of Dental Medicine. Proposed tuition rates for undergraduates, accelerated nursing students, graduate students, and for students enrolled in the professional schools of Dental Medicine and Pharmacy are shown in Table 1. A 4.0% increase in the School of Pharmacy tuition rate is proposed. This proposal reflects the University's continued efforts to maintain affordability for its students while also providing a high quality educational experience.

Accordingly, the University hereby proposes changes for the FY 2027 tuition rates as outlined in Table 1.

Alternate Tuition Programs

There are no proposed changes to the Alternate Tuition Programs listed in Table 2.

General Student Fees

In order to reflect the University's continued efforts to preserve affordability for students, the General Student Fee rate listed in Table 3 will not be increased in FY 2027.

International Student Exchange Program Fee

In Fall 2019, SIUE began offering students the opportunity to participate in the International Student Exchange Program (ISEP), an exchange organization

comprised of more than 300 universities across more than 50 countries. At its May 16, 2019 meeting, the Board of Trustees approved charging the ISEP Fee to outbound SIUE students who participated in this program.

The ISEP Fee consists of a bundling of existing student fees to simplify the international student exchange process through this program. This fee covers the following expenses: General Student Fee, Housing and Meal Plan, Matriculation Fee, and Transcript Fee. The ISEP Fee is based on existing student fees approved by the Board so when those rates increase or decrease this fee will also change.

Accordingly, the University hereby proposes changes in Appendix B, 4 to increase the International Student Exchange Program Fee from \$6,852.10 to \$7,007.10, effective Fall 2026, as outlined in Table 3.

Housing and Meal Plan Rates

This matter proposes a rate increase effective May 2026, in the University Housing rental rates as shown in Table 4. The proposed rates for Cougar Village shared rooms and Woodland, Prairie, and Bluff Hall shared rooms would increase by approximately 3.0%. Private, deluxe private rooms and apartments, and family housing units in Cougar Village, all Evergreen Hall room types, and deluxe private rooms and suites in Woodland, Prairie, and Bluff Halls would increase by approximately 4.0%. This matter also eliminates the full Summer term rate because, in practice, Summer is billed as two 5-week terms.

Proposed increases in the FY 2027 occupancy fee rates are necessary to offset inflationary cost increases, provide funds toward debt service, and provide support for supplies and equipment required to maintain quality residential living units.

A proposed 3.0% increase per semester in the FY 2027 residential meal plans would help to offset the inflationary food cost increases that the dining industry continues to experience. This matter also proposes changes to the names of the various meal plan options.

The University hereby proposes changes to the Housing and Meal Plan rates as described above and as listed in Table 4.

Considerations Against Adoption

There are concerns that increasing costs to students may affect access to SIUE. The University was sensitive to these concerns in preparing the proposed increases, and the proposals reflect SIUE's efforts to maintain tuition and fees at a rate that preserves affordability, but also maintains a quality experience for students.

Constituency Involvement

The appropriate constituency and student advisory boards have been consulted as part of SIUE's decision making on tuition and fee rates.

Resolutions

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That: 4 Policies of the Board Appendix B be amended as follows:

(1) The FY 2027 rates for tuition shall be and are hereby amended, as presented in Table 1.

APPROVAL OF PURCHASE:
MICROSOFT ENROLLMENT FOR EDUCATION SOLUTIONS, SIU SYSTEM

Summary

This matter seeks approval to enter into a three-year agreement with SHI International Corp. for Microsoft software licenses to be used throughout the Southern Illinois University System. The total cost for this agreement is \$5,180,000.

Rationale for Adoption

Through the Illinois Public Higher Education Cooperation (IPHEC), Southern Illinois University Carbondale, Southern Illinois University School of Medicine, and Southern Illinois University Edwardsville are proposing a three-year agreement for Microsoft campus licenses. This agreement covers Microsoft 365 services that include Microsoft Teams and Microsoft Office products along with multiple necessary desktop and server operating systems. The contract also grants access to advanced software and features designed to boost university operations, including information security measures, expanded data informatics capabilities, and greater access to telecommunications options. These tools are used by students, faculty, and staff on their computers, in lab settings, and on production servers both onsite and in the cloud.

The agreement provides client-access licenses enabling connection to production servers and systems such as: SharePoint, Exchange, and virtualized environments. In addition, this agreement covers the following:

- Installation of Microsoft Operating Systems and Office products
- Email, calendar, and scheduling
- Project and task management
- Classroom tools
- Advanced threat and information protection
- Endpoint and app management
- Analytics
- Identity and access management
- Multi-factor Authentication
- Information governance
- Meetings, calling and chat
- MS Teams VOIP licenses
- Windows end-point protection
- eDiscovery and auditing
- Encryption
- Azure Education Discounts

This agreement enables the ongoing use of Windows Operating Systems, Microsoft 365 products, and associated online services across the university system. Contract funding will be provided by SIU Carbondale and SIU School of Medicine Information Technology Fee Accounts, as well as the SIU Edwardsville Information Technology Fee and Information Technology Infrastructure accounts. The combined services contract leverages system-wide purchasing power to achieve cost efficiencies and ensures uniformity in Microsoft products for all stakeholders. The contract's pricing structure is determined by total user count, aggregate computing, and storage requirements, with annual costs allocated proportionally to each campus.

This matter was recommended to the President by the Chancellors, SIUC and SIUE, and the Dean/Provost of the SIU School of Medicine.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The contract for Microsoft software license be and is hereby awarded to SHI International Corp of Somerset, NJ, for a period of three years, beginning July 1, 2026, at a total cost of \$5,180,000.

(2) The Board of Trustees hereby authorizes the purchase of goods and services associated with this award.

(3) Funding for this purchase will come from the SIUC and the SIU School of Medicine Information Technology Fee accounts and the SIUE Information Technology Fee and Information Technology Infrastructure accounts.

(4) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

APPROVAL OF PURCHASE: 340B PHARMACEUTICAL PROGRAM,
SCHOOL OF MEDICINE, SIUC

Summary

This matter seeks approval to purchase pharmaceutical products through the SIU School of Medicine 340B Pharmaceutical Program with McKesson Corporation and Cardinal Health. The total request is \$7,800,000 for a twelve-month period beginning July 1, 2026.

Rationale for Adoption

5 Policies of the Board C.1.c. requires approval of all purchasing contracts involving the commitment of \$1,000,000 or more.

The School of Medicine's Center for Family Medicine sites in Springfield, Quincy, Decatur, and Carbondale, as well as their associated satellite sites, currently participate in the federal 340B Pharmaceutical Program, which is regulated by the Office of Pharmaceutical Affairs (OPA) and managed by Health Resources and Services Administration (HRSA).

This program provides patients the ability to purchase outpatient medications and medical supplies at significantly reduced costs. The drug manufacturers are required to pass the savings on to the program participants. The total cost of this purchase will be funded by non-appropriated funds and 340B pharmaceutical revenue generated through this program. McKesson Corporation and Cardinal Health provide the actual medications for retail and contract pharmacies as part of the program.

The provisions of the Illinois Procurement Code do not apply to contracts for medical services necessary for the delivery of care and treatment at medical facilities utilized by SIU.

The Chancellor, SIUC, and the Dean and Provost of the SIU School of Medicine have recommended this matter to the President.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in a regular meeting assembled, That:

(1) The purchase orders for the SIU School of Medicine to participate in the 340B Pharmaceutical Program be awarded to McKesson Medical Surgical, Incorporated in the amount of \$6,000,000 for the contract term of July 1, 2026 – June 30, 2027.

(2) The purchase orders for the SIU School of Medicine to participate in the 340B Pharmaceutical Program be awarded to Cardinal Health in the amount of \$1,800,000 for the contract term of July 1, 2026 – June 30, 2027.

(3) The Board of Trustees hereby authorizes the purchase of pharmaceutical products associated with the 340B Pharmaceutical Program.

(4) The expenditure will be funded by non-appropriated SIU School of Medicine funds and 340B pharmaceutical program revenue.

(5) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

APPROVAL OF PURCHASE:
PHYSICIAN COVERAGE, SCHOOL OF MEDICINE, SIUC

Summary

This matter seeks approval to purchase professional services from LocumTenens.com and Weatherby Healthcare Inc. to provide physician coverage.

Rationale for Adoption

5 Policies of the Board C.1.c. requires approval of all purchasing contracts involving the commitment of \$1,000,000 or more.

The School of Medicine continues recruitment efforts to hire permanent faculty members to provide physician services in collaboration with HSHS St. John's Hospital and Memorial Health in Springfield. Until the School of Medicine can make such hires, these needed services will be provided by contracted physicians through an external firm specializing in the health care field.

This matter seeks to award a one-year contract to LocumTenens.com of Alpharetta, GA, for \$3,400,000 and Weatherby Healthcare Inc. of Fort Lauderdale, FL, for \$2,800,000. The agreements include an option to cancel the contract with a 30-day notice, which will be provided upon the hiring of permanent faculty. Both firms specialize in the temporary placement of physicians, physician assistants, nurse practitioners, psychologists, and other healthcare professionals at healthcare facilities across the United States.

The provisions of the Illinois Procurement Code do not apply to contracts for medical services necessary for the delivery of care and treatment at medical facilities utilized by SIU.

The purchase will be funded by non-appropriated funds of the School of Medicine.

The Chancellor, SIUC, and the Dean and Provost of the SIU School of Medicine have recommended this matter to the President.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in a regular meeting assembled, That:

(1) The contract for physician services by LocumTenens.com of Alpharetta, Georgia, is approved to provide coverage through June 30, 2027, at a total cost of \$3,400,000.

(2) The contract for physician services by Weatherby Healthcare Inc. of Fort Lauderdale, Florida, is approved to provide coverage through June 30, 2027, at a total cost of \$2,800,000.

(3) The Board of Trustees hereby authorizes the purchase of goods and services associated with this contract.

(4) Funding for this purchase will come from non-appropriated funds at the School of Medicine.

(5) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

APPROVAL OF PURCHASE: HVAC MAINTENANCE SERVICES,
SCHOOL OF MEDICINE, SIUC

Summary

This matter seeks approval to purchase HVAC maintenance services for the SIU School of Medicine.

Rationale for Adoption

5 Policies of the Board C.1.c. requires approval of all purchasing contracts involving the commitment of \$1,000,000 or more.

This matter seeks approval for a three-year agreement with Johnson Controls Building Services Solutions, LLC, of East Peoria, IL for \$5,658,336 for a period beginning July 1, 2026 through June 30, 2029.

The University sought pricing from qualified IPHEC vendors for preventive maintenance and other services for existing HVAC equipment for the School of Medicine Springfield Campus. The University received pricing from two IPHEC vendors. University personnel reviewed the pricing and selected Johnson Controls whose service model was determined to more closely meet the University's needs. The contract will be reviewed annually for continuing need and satisfactory performance.

The Chancellor, SIUC, and the Dean and Provost of the SIU School of Medicine have recommended this matter to the President.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in a regular meeting assembled, That:

(1) The contract for the SIU School of Medicine HVAC maintenance services be awarded to Johnson Controls Building Services Solutions, LLC, in the amount of \$5,658,336 for the contract term of July 1, 2026 through June 30, 2029.

(2) Funding for this service will come from appropriated and non-appropriated funds available to the SIU School of Medicine.

(3) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

APPROVAL OF PURCHASE: ACADEMIC AND CLINIC OFFICES
BUILDING LEASE, SCHOOL OF MEDICINE, SIUC

Summary

This matter seeks approval for the purchasing contract for approximately 40,540 square feet of leased space.

Rationale for Adoption

5 Policies of the Board C.2 requires approval of real estate leases involving the commitment of \$1,000,000 or more.

The School of Medicine is seeking to renew a lease agreement with Decatur Memorial Hospital for space located at 102 W. Kenwood, Decatur, Illinois, for the Departments of Family and Community Medicine for academic and clinic offices for faculty, staff, residents, and patients.

The space is used as an academic training site for residents and other learners and as a clinic location for the SIU Federally Qualified Health Center in Decatur. Continuing to lease this space for patients, faculty, staff, and residents will allow the University to continue physician training programs and provide medical services in the community.

The lease has a ten (10) year term ending June 30, 2036 at a total cost of \$9,295,822.20 plus associated operating and maintenance costs estimated to be \$4,047,513.60 for a total award of \$13,343,335.80.

Funding for this project will come from existing funds available to the School of Medicine.

This matter is recommended for adoption by the Chancellor, SIUC, and the Dean and Provost of the School of Medicine.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The purchase of leased space be and is hereby awarded to Decatur Memorial Hospital, Decatur, Illinois, for a ten-year term.

(2) The Board of Trustees hereby authorizes the purchase of the goods and services associated with this award.

(3) The purchase will be funded by existing School of Medicine funds.

(4) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

AMENDMENT TO PROJECTS,
PURCHASES, LEASES, AND NOTICE OF AWARD AND APPROVAL OF BUDGET:
SOLAR AND LED LIGHTING, SIUC

Summary

This matter seeks approval to amend the board matter for approval of contracts and leases for the installation of solar power generation equipment and energy-efficient lighting. In addition, this matter seeks budget approval for energy efficient lighting on the SIUC campus.

Rationale for Adoption

On February 5, 2026, the Board of Trustees authorized entering contracts and leases with Johnson Controls, Inc. (JCI) for the installation of solar power equipment and energy efficient lighting on the SIUC campus. During detailed planning, JCI disclosed that the parties to the power purchase agreement and site license agreement for the solar project would be SIUC and Onyx Development Group, LLC (Onyx). JCI was selected as the IPHEC vendor and has partnered with Onyx to finance and own the solar array.

Following an on-site audit, JCI recommended reducing the scope of the solar array installation to three parking lots: Towers North, Communications North, and Communications South.

Following an on-site LED lighting audit, several alternative strategies were evaluated, and it was determined that overall project savings could be improved by focusing on more targeted upgrades. As a result, the project scope is being refined to prioritize cost effective measures such as the removal of existing ballast and the replacement of fluorescent lamps with LED tubes. Additional improvements, including occupancy sensors and selective implementation of advanced lighting controls or fixture upgrades in certain areas, are also under consideration as the final details continue to be developed.

Further, the Board Treasurer explored several financing options and determined additional savings could be achieved by financing the lighting project directly instead of leveraging JCI's credit.

Solar Project:

If approved, the solar project will be behind the utility meter and will be financed and owned by Onyx at no cost to SIUC. In exchange, SIUC will agree to

purchase all energy produced from the facility over the next twenty years at rates below market.

The solar energy will be used by the campus electricity district, offsetting purchases from the utility, and lowering the overall electricity cost to the campus. At the end of the PPA contract and lease, SIUC retains the option to purchase the solar equipment at fair market value. The solar equipment will continue to generate electricity for at least another decade following the original 20-year term.

The projected total power purchase payments (including the estimated fair market value buy out) over the 20 years are estimated at \$16.1 million. Projected electricity savings over the same period are \$28.2 million, producing \$12.1 million in estimated savings over and above the payments made to Onyx.

LED Lighting Project:

SIUC proposes entering into a Performance Contract with JCI to implement lighting upgrades across approximately thirty-eight academic buildings. The cost for the purchase and installation of the LED system is estimated at \$10.3 million with \$15.9 million of estimated debt service and \$18.7 million of estimated energy savings over the next 20 years. The project is anticipated to primarily include the replacement of obsolete fluorescent lighting components with LED technology, with the final scope potentially incorporating additional measures such as occupancy sensors, controls and targeted fixture upgrades where appropriate.

The Chancellor and Vice Chancellor for Administration and Finance recommend this matter for approval.

Considerations Against Adoption

This project will commit SIUC to a long-term contract and payment schedule with Onyx. Although energy savings are guaranteed, future market-based energy rates cannot be guaranteed and if market rates were to drop well below future expectations, then electricity plus project payment costs together might be higher than SIUC would otherwise pay.

Resolution

BE IT RESOLVED, by the Board of Trustees of Southern Illinois University in regular meeting assembled, that:

(1) The projects permitting Onyx Development Group, LLC or their subcontractor to install solar power equipment on the SIUC campus be and is hereby approved.

(2) The project permitting JCI to install LED technology in various buildings on the SIUC campus be and is hereby approved at an estimated project cost of \$10.3 million

(3) Pending SIU General Counsel review and Board Treasurer's Office approval, SIUC is hereby authorized to enter into a site license agreement with Onyx to install privately owned solar power equipment on SIUC property.

(4) Pending SIU General Counsel review and Board Treasurer's Office approval, SIUC is hereby authorized to enter into a 20-year Power Purchase Agreement with Onyx to purchase the electricity produced by its solar power equipment.

(5) Pending SIU General Counsel review and Board Treasurer's Office approval, SIUC is hereby authorized to enter into a 20-year Performance Contract with Johnson Controls, Inc. to replace indoor lighting systems.

(6) Funding for the lighting project will come from internal and/or external financing as determined by the Board Treasurer.

(7) The President of Southern Illinois University be and is hereby authorized to take all action required in the execution of this resolution in accordance with established policies and procedures.

REVISED PROJECT AND BUDGET: INFRASTRUCTURE
IMPROVEMENTS AND iFERM HUB, GOWER TRANSLATIONAL
RESEARCH CENTER, CARBONDALE CAMPUS, SIUC

Summary

This matter seeks to revise the project scope and budget for the Infrastructure Improvements and iFERM Hub at the Gower Translational Research Center. Funding for this project is through the Illinois Innovation Network (IIN), Capital Development Board, and SIU Foundation.

Rationale for Adoption

During the April 28, 2022, Board of Trustees meeting, the Board approved a project to build out a 13,900 square foot area at the Gower Translational Research Center (formerly known as McLafferty Annex) for the Illinois Food, Entrepreneurship, Research, and Manufacturing (iFERM) Hub with funding of \$2,500,000 from the Illinois Innovation Network (IIN) to be administered through the Capital Development Board (CDB). During the April 28, 2022, Board of Trustees meeting, the Board also approved expenditures related to infrastructure improvement and equipment related to various projects to support the Fermentation Sciences Institute (FSI) and its related work with the iFERM Hub with funding of \$1,100,000 from the SIU Foundation. The SIU Foundation Board of Directors approved project funding of \$1,100,000 for this purpose in 2021. The approved funding for these two projects currently totals \$3,600,000.

During construction design additional infrastructure improvements were recommended to achieve project goals and meet future research needs. Additional work, including electrical and HVAC upgrades, is needed to retrofit the building from its original design as a warehousing and storage facility. The revised budget for both the infrastructure improvements and iFERM build out is estimated at \$8,100,000.

In January 2025, SIUC submitted a request to CDB for a release of \$4,500,000 from the Deferred Maintenance for Higher Ed and Community College Fund. In May 2025, CDB approved the request with a revised project budget of \$7,000,000 for the iFERM Hub. With the previously approved infrastructure improvement funding of \$1,100,000 from the SIU Foundation, the total project estimate is \$8,100,000.

The iFERM Hub will facilitate new economic and entrepreneurial opportunities, research, innovation, and product development in value-added products including food, beverage, medicine, and biotechnology. The iFERM Hub builds upon a Bachelor of Science degree program in fermentation science, which includes brewing, distilling, malting, and food/cheese production. These facilities will provide significant

economic growth opportunities to the region and State of Illinois, positioning the iFERM Hub to be a one-of-a-kind facility in the nation.

The Chancellor, the Vice Chancellor for Research, and the Vice Chancellor for Administration and Finance, SIUC, have recommended this matter to the President.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The revised project and budget for the construction of the iFERM Hub and Infrastructure Improvements, Carbondale Campus, SIUC at an estimated cost of \$8,100,000 be and is hereby approved.

(2) Funding for this project will come from the Illinois Innovation Network for \$7,000,000, administered through Capital Development and from the SIU Foundation for \$1,100,000.

(3) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

PROJECT AND BUDGET APPROVAL:
I FOOD INCUBATOR,
GOWER TRANSLATIONAL RESEARCH CENTER, SIUC

Summary

This matter seeks project and budget approval for the development of the iFOOD Incubator at the Gower Translational Research Center. The project budget is \$2,331,633 and will be funded through a grant from the Illinois Department of Commerce and Economic Opportunity (DCEO), a grant from Delta Regional Authority, local funds, and financing.

Rationale for Adoption

This project includes the buildout of 2,630 square feet of space at the Gower Translational Research Center for the iFOOD Incubator and the purchase of specialized food processing, protection, and sanitation equipment. The iFOOD Incubator will accelerate food and ag-tech startup growth through high-tech manufacturing infrastructure, while advancing SIUC's educational and research mission by translating R1 research into commercialization, expanding applied student learning, and strengthening faculty-industry collaboration.

Of the 2,630 square feet, 1,600 square feet will be a shared, licensed, high-tech food processing and manufacturing commercial kitchen, with the remaining 1,030 square feet for incubator office and storage space. Managed by the Office of Innovation and Economic Development, this kitchen directly advances SIUC's educational and research mission by serving as a hands-on training environment, a platform for applied and translational research, and a commercialization bridge connecting R1 research, faculty expertise, and student learning to food and ag-tech innovation. Faculty from Agriculture, Food Sciences, Chemistry, Engineering and Business will engage students through internships, apprenticeships, and workforce training and entrepreneurs through mentorships, technical assistance, and collaborative research. The iFOOD Incubator will have an impact by allowing university research and technical expertise to move beyond the lab and into applied innovation, product validation, and commercialization.

Funding for the project includes a grant from the Illinois Department of Commerce and Economic Opportunity (DCEO) for \$1,597,893, a grant from the Delta Regional Authority in the amount of \$194,844, local matching fund required by the Delta Regional Authority in the amount of \$41,896, internal and/or external financing as determined by the Board Treasurer in an estimated amount of \$300,000, and a contingency of \$200,000 to be funded with local funds available to the Office of Innovation and Economic Development.

The Chancellor, Vice Chancellor for Research, and Vice Chancellor for Administration and Finance recommend this matter for approval.

Considerations Against Adoption

Electrical infrastructure necessary for the full operation of the commercial kitchen is scheduled to be funded through CDB Project 825-020-163 Renovate Gower Translational Research Center.

Resolution

BE IT RESOLVED, by the Board of Trustees of Southern Illinois University in regular meeting assembled, that:

(1) Project and budget approval for constructing the iFOOD Incubator consisting of a commercial kitchen with office and storage space at Gower Translational Research Center and related equipment purchases, Carbondale Campus, SIUC, at an estimated cost of \$2,331,633 be and is hereby approved.

(2) The Board of Trustees hereby authorizes the purchase of goods and services associated with this award.

(3) Funding for the project construction will come from a grant awarded to the University from the Illinois Department of Commerce and Economic Opportunity (DCEO), a grant from Delta Regional Authority, internal and/or external financing as determined by the Board Treasurer, and local funds available to the Office of Innovation and Economic Development.

(4) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

AWARD OF CONDITIONAL CONTACTS: REPLACEMENT OF HVAC SYSTEM,
DENTAL CLINIC, ALTON CAMPUS, SIUE

Summary

This matter seeks board approval for the award of contracts with conditional language authorizing commencement of Phase I of the work to replace the HVAC system at the Southern Illinois University Edwardsville School of Dental Medicine pending full board approval. Should board approval not be secured at the next regularly scheduled meeting, such contract would be terminated and the university's financial obligation limited to an amount not to exceed actual costs incurred prior to termination.

Rationale for Adoption

On February 5, 2026, the Board of Trustees authorized Project & Budget Approval in the amount of \$5,700,000 for the replacement of the HVAC system at the School of Dental Medicine, Dental Clinic, on the Alton Campus.

To keep the dental clinic open during construction, SIUE developed a three-phase project plan. Phase 1 will take place in Summer 2026 at an estimated cost of approximately \$900,000 across three primary contracts. Phase 2 will take place from Fall 2026 through Summer 2027 at an estimated cost of \$2,300,000. Phase 3 will take place from Winter 2027 through Summer 2028 at an estimated cost of \$1,700,000. The remaining portion of the \$5,700,000, is allocated to equipment and other costs to support the project.

To maintain the planned timeline, Phase 1 construction needs to begin prior to the July 2026 Board of Trustees meeting. Accordingly, SIUE requests approval to award contracts with conditional language permitting commencement of the Phase I work prior to full board approval. Approval for award of contracts will be requested at the July 2026 meeting.

The Chancellor and Vice Chancellor for Administration and Finance, SIUE, recommend this matter to the President.

Resolution

BE IT RESOLVED, by the Board of Trustees of Southern Illinois University in regular meeting assembled, that:

(1) SIUE be and is hereby authorized to award contracts with conditional language for Phase 1 of the Replacement of HVAC System, Dental Clinic, Alton, Illinois. Such conditional language shall limit the university's financial obligation to an amount not

to exceed actual costs prior to termination should full Board of Trustees approval not be received at the next regularly scheduled meeting.

(2) The President of Southern Illinois University be and is hereby authorized to take all action required in the execution of this resolution in accordance with established policies and procedures.

PROJECT AND BUDGET APPROVAL: BLUFF RESIDENCE HALL ROOF
REPLACEMENT, SIUE

Summary

This matter seeks project and budget approval to replace the roof on Bluff Residence Hall, SIUE. The estimated cost of the project is \$1,100,000 and will be funded from SIUE Housing Repair and Replacement Reserve (RRR) funds.

Rationale for Adoption

The roof at Bluff Residence Hall is appropriately 25 years old and is nearing the end of its life expectancy and warranty. The scope of work includes replacement of appropriately 40,500 square feet of roofing; replacement of existing drains and addition of secondary overflow drains; replacement of the roof and ductwork insulation; and replacement of coping and parapet flashing.

Construction bids will be solicited in late summer 2026 with the work to be completed in summer 2027 in order to minimize disruptions in student housing.

The estimated cost of the project is \$1,100,000 and will be funded from SIUE Housing Repair and Replacement Reserve (RRR) funds. The Chancellor, the Vice Chancellor for Student Affairs, and the Vice Chancellor for Finance and Administration, SIUE, have recommended this matter to the President.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The capital improvement project, Bluff Residence Hall Roof Replacement, SIUE, be and is hereby approved at an estimated cost of \$1,100,000.

(2) The project shall be funded from SIUE Housing Repair and Replacement Reserve (RRR) funds.

(3) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.
