NOTE: Copies of all background documents furnished to the Board in connection with the following matters have been placed on file in the Office of the Board of Trustees.

The Chair welcomed Chancellor Fernando Treviño and new Student Trustees Megan Pulliam and Christine Williams to the Board table.

The Chair reported that, pursuant to notice, at approximately 2:30 p.m., July 11, 2007, in the Lincoln Conference Room of the School of Medicine, members of the Board of Trustees held an executive session. Before the closing of the meeting, out of state tuition, presidential and campus goals and objectives, and Board Finance and Audit Committee structure were discussed and a presentation on Saluki Way was received. No action was requested or taken. Then a motion was made to close the meeting for the purpose of considering pending, probable or imminent court proceedings against or on behalf of the Board, the setting of a price for sale or lease of property owned by the public body, and information regarding appointment, employment, compensation, discipline, performance or dismissal of employees or officers. No action was requested or taken.

The Chair reported that, after the executive session, members of the Board of Trustees attended dinner at the Governor's Mansion in Springfield. The gathering was social in nature.

The Chair also reported that, pursuant to notice, at 7:30 a.m. in the Lincoln Conference Room, members of the Board had breakfast with Dr. Kevin Dorsey, Dean and Provost of the School of Medicine. No action was requested or taken.

The Chair appointed Ms. Pulliam to serve as a member of the Board's Academic Matters Committee. The Chair appointed Ms. Williams

to serve as a member of the Board's Architecture and Design Committee.

Under Trustee Reports, Dr. Goldman provided a report on the Southern Illinois Music Festival held June 15 through July 4 by the School of Music at Southern Illinois University Carbondale. He noted the program included approximately 40 performances throughout southern Illinois. He commended Dr. Ed Benyas, for organizing the festival and all who were involved in the program.

Under Committee Reports, Mr. Tedrick, Chair of the Executive Committee, reported that with the exception of the morning's meeting, the Committee had not met since the last Board meeting.

Under Executive Officer Reports, President Poshard made his report to the Board. The President provided an update on the status of the overtime session of the state legislature. He noted that the state legislature had passed and Governor Blagojevich had signed a temporary FY 2008 state budget that contained a sunset date of July 31, 2007. Since the enactment of the temporary budget, the Governor had called special sessions to reach an FY 2008 budget agreement; however, to date, efforts had been unsuccessful and had resulted in a budget stalemate. The President reviewed several key revenue components of the Governor's FY 2008 budget proposal that had been defeated by the House and other new revenue sources that were still under consideration. The President reported that the University had a contingency plan in place to operate for at least two months in the event that the impasse continued. The President forecasted that once the FY 2008 budget was approved, financial

aid for students would be increased and public universities would receive operating increases.

President Poshard reviewed emerging research initiatives and funding opportunities to include FutureGen, carbon sequestration and ethanol conversion. He noted that Senator Durbin was successful in including the non-RAMP federal request of \$300,000 bioresearch initiative for the SIUC Belleville Experimental Research Station in the year's energy appropriations bill.

President Poshard reported that he was hopeful about the possibility of increased Pell Grants and the reauthorization of the Higher Education Act, and he noted that the reauthorization included legislation sponsored by Senator Durbin to ensure that the universities and lending institutions are using transparent and ethical procedures while conducting student loan transactions.

Dr. Vaughn Vandegrift, Chancellor, SIU Edwardsville, made his report to the Board. The Chancellor reviewed highlights of activities and accomplishments related to the following seven long-term goals for Fiscal Year 2007: (1) engaged students and capable graduates, (2) innovative high quality programs, (3) committed faculty and staff, (4) harmonious campus climate, (5) active community engagement, (6) sound physical and financial assets, and (7) excellent reputation. He provided the Board a written copy of the report which is on file with the Executive Secretary of the Board.

Trustee Sanders complimented Chancellor Vandegrift on an

excellent year and noted substantive quality items such as receiving high marks on the five goals of the AQIP Quality Check-Up. Trustee Sanders further noted that he had been impressed that SIU Edwardsville was successful in repositioning itself from what people had referred to primarily as a beautiful campus to a campus with quality academics.

Dr. Fernando Treviño, Chancellor, SIU Carbondale, made his report to the Board. The Chancellor reviewed accomplishments related to the following ten commitments for Fiscal Year 2007: (1) seek and celebrate faculty excellence, (2) lead in research, scholarly and creative activities, (3) offer progressive graduate education, (4) promote excellence in undergraduate academics, (5) engage the whole student, (6) promote assertive and deliberative leadership, (7) enhance library and knowledge resources, (8) serving others, (9) enrich the campus, and (10) cultivate resources. He provided the Board a written copy of the report which is on file with the Executive Secretary of the Board.

The Chancellor shared a few good news items with the Board. He reported findings of the most recent Baccalaureate Follow-Up Survey that was sent out to 4,000 graduates, receiving 960 responses for a 24 percent response rate. Of those responding, 87 percent indicated they had attained full-time employment and the median annual income level for those graduates was \$50,000 a year. Almost 80 percent of the respondents reported a strongly positive or positive attitude toward the University, while 94 percent gave high marks to faculty communication

skills in their major departments. Ninety percent of respondents rated faculty within their major as very good or good.

The Chancellor reported that the campus was hosting 20 Pakistani students who were participating in the Summer 2007 Study of the United States Institute for Student Leaders Program sponsored by the U.S. State Department. He noted SIU Carbondale was one of seven universities in the program that had participated over the past eleven summers.

The Chancellor reported that the campus had received news it would receive a grant for undergraduate students in rehabilitation services from the U.S. Department of Education that would provide \$75,000 each year for an anticipated five years. It was estimated that the grant would assist approximately 33 students. The Chancellor further reported that the School of Law had received a grant from the Commonwealth Fund and the California Health Care Fund for the Center for Health Law and Policy to study the nationwide shortage of physicians who care for nursing home patients. In addition, the Chancellor reported that grants and contracts processed through June 2007 totaled a little over \$9.5 million.

The Chair explained the procedures for the public comment and question portion of the Board's agenda.

SIU Carbondale Graduate and Professional Student Council President Steven Middleton and Undergraduate Student Government President Demetrous White made their presentation to the Board. The following presentation was provided for inclusion in the minutes.

We would like to thank the board for the opportunity to address our concerns in regard to the SIU Carbondale Revised Budget proposal of the Morris Library Renovation and Addition.

We present this to you today on the behalf of both the Undergraduate Student Government, and the Graduate Professional Student Council at SIUC.

First, we would like to recognize the benefits that the renovation would direct towards the student body. This renovation will greatly enhance the education of the current students. It provides a comfortable study environment and it allows for easier and better-quality access to materials. Having a state of the art facility enhances the academic reputation of Southern Illinois University Carbondale. With this reputation, will potentially come benefits such as improved enrollment and better employment prospects of graduates. However, we feel that this will be accomplished without adding additional costs to the project budget.

The two student governments are very concerned with how the Revised Project and Budget increases will be funded. As currently proposed the increases will be funded through an internal loan, pending approval of the states funding of the increase of 14,828,910. It is our understanding that the General Assembly has not approved any capital expenditures for the past three years. If this situation continues, the student body will be left to absorb the cost. Students at SIU have seen great increases in the cost of their education over the past few years, which have placed a major burden on a student's ability to afford the quality of education SIU has to offer.

It is also our belief that this increase would have a detriment on enrollment. We say this because it is likely that it would cause increased tuition rates for incoming freshmen and graduate students beyond the already steep increases that students have been exposed to over the last few years.

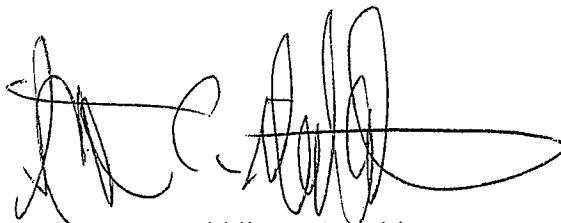

We do understand that after Hurricane Katrina the cost of material increased. That being said, the sixth and seventh floors were originally not going to be completed due to the state not funding the full amount requested. It is our understanding that a portion of this request will go toward the completion of the sixth and seventh floors. We feel that the University should go with the revised plan and temporally leave the top two levels unfinished. Additionally, we feel that if there are cost overruns, plans should be adjusted accordingly, such as putting the coffee shop construction on hold, and concentrating on the essential components of the library.

Furthermore, we are concerned with how this would affect future campus wide capital projects already designated for state funding. Money has been requested for several facilities such as the Communications building, the Agriculture building, and a new Art and Design building. If the state decides to fund projects, they would most certainly not fund all of SIUC's projects. The library has been given its state funding and we feel that the University should prioritize in a way that gives attention to the other facilities.

On the behalf of the Undergraduate Student Government and the Graduate Professional Student Council, we thank you for your time.

Demetrous White, Jr., President  
Undergraduate Student Government  
Southern Illinois University Carbondale

Steven C. Middleton, President  
Graduate and Professional Student Council  
Southern Illinois University Carbondale

The Chair explained the procedure for the Board's omnibus motion and he proposed that, after discussion, there would be taken up the following matters:

MAY 2007, SIUC AND SIUE

In accordance with 3 Bylaws 1 and 5 Policies of the Board C, summary reports of purchase orders and contracts awarded during the month of May 2007 were mailed to the members of the Board in advance of this meeting, copies were placed on file in the Office of the Board of Trustees, and these reports are hereby submitted for information and entry upon the minutes of the Board with respect to the actions of the Executive Committee.

PROJECT AND BUDGET APPROVAL:  
FIRE ALARM REPLACEMENT, MEDICAL INSTRUCTIONAL FACILITY,  
SPRINGFIELD MEDICAL CAMPUS, SIUC

Summary

This matter seeks project and budget approval for the design and installation of a replacement fire alarm system for the Medical Instructional Facility, 801 North Rutledge, on the Springfield Medical Campus. The estimated cost of the project is \$650,000, which will be funded from non-appropriated funds available to the Medical School.

Rationale for Adoption

The current fire alarm system in the Medical Instructional Facility dates to the original construction in 1974 and repair parts are no longer available. One of the main circuit boards in the control panel is

cracked and thought to be unreliable. Likewise, the existing fire alarm system uses outdated technology with 1970's circuitry and 110 volt electrical service and does not meet code requirements. The School of Medicine has requested project funding for replacement of the fire alarm system for the Medical Instructional Facility in the State capital budget every year since 1997 but funding has not been approved. State appropriated capital renewal funds, which also could have been used to pay for a portion of the project, have never been released.

The new fire alarm system will use current technology, operating on low voltage power and communicating through the School of Medicine's data network. The system will be designed by one of the current architectural or engineering firms the School of Medicine has under retainer contract to complete small projects. These firms were previously selected using the State Quality Based Selection Act for Architects and Engineers and in conformance with University Guidelines for Architect selection.

#### Considerations Against Adoption

University officers are aware of none.

#### Constituency Involvement

Not pertinent in this matter.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The request for project and budget approval to design and install a replacement fire alarm system in the Medical Instructional Facility, 801 North Rutledge Street, Springfield, Illinois, be and is hereby approved at an estimated cost of \$650,000.

(2) Funding for the project will come from non-appropriated funds available to the School of Medicine.

(3) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

APPROVAL OF EASEMENT FOR PEDESTRIAN BRIDGE TO  
SIMMONSCOOPER CANCER INSTITUTE AT SIU.  
SPRINGFIELD MEDICAL CAMPUS, SIUC

Summary

Approval is requested for a permanent easement between the University and Memorial Medical Center (MMC) to allow a pedestrian bridge to be connected to the SimmonsCooper Cancer Institute at SIU. The easement will permit construction of a support for the bridge on University-owned property and allow use of airspace over University-owned property for the bridge pathway. MMC will support all costs of the bridge construction and will maintain the bridge.

Rationale for Adoption

In February 2000, the Board of Trustees approved the construction of a Cancer Institute on the Springfield medical campus. Working with the representatives of the Illinois Capital Development Board and the retained architect, staff of the School of Medicine have monitored and helped coordinate the design and construction of the facility. Construction of the SimmonsCooper Cancer Institute at SIU (SCCI) is expected to be completed in the middle of 2008.

Memorial Medical Center, Springfield, Illinois, has planned the construction of a pedestrian bridge from the SimmonsCooper Cancer Institute at SIU across Miller Street to the Baylis Medical Building, where MMC plans to develop an imaging center which will provide clinical services often prescribed for cancer patients. The SCCI is planned to have very limited imaging facilities, therefore, easy access for patients via the bridge to comprehensive imaging facilities is desirable. Further, there are other existing bridges and connecting links from the Baylis Medical Building which allow patients, faculty and staff of the School of Medicine interior access to four other University-owned buildings and Memorial Medical Center.

The language of the permanent easement has been reviewed by legal counsel and the medical school administration and approval of the permanent easement is requested. Memorial Medical Center has indicated they plan to have the construction of the bridge completed by the time the SimmonsCooper Cancer Institute at SIU opens in 2008.

Considerations Against Adoption

University officers are aware of none.

Constituency Involvement

Not pertinent in this matter.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The request to give a permanent easement to Memorial Medical Center for the purpose of construction of a pedestrian bridge between the SimmonsCooper Cancer Institute at SIU and the Baylis Medical Building, Springfield, Illinois be and is hereby approved.

(2) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

REVISED PROJECT BUDGET APPROVAL: SCHOOL OF DENTAL MEDICINE  
CLINIC DISPENSING AND STERILIZATION RENOVATION, SIUE

Summary

This matter requests revised project budget approval in order to more accurately reflect the inflationary costs of the material and labor of the project. Bids were received in March 2007, but bid amounts were higher than estimated. All bids were rejected and the project will be re-bid in late fall 2007 in order to obtain more competitive bids. University officials believe that by providing bidders with more design specifications and bidding the project during the "less busy" construction season, the project will attract more affordable bids. However, the project budget will be increased from \$900,000 to \$1,250,000 to cover inflationary costs and the revised engineer estimate. The project will be funded through donated funds, local operations funds, and equipment use fees. The funding will provide for the renovation and related equipment.

Rationale for Adoption

The main clinic at Southern Illinois University School of Dental Medicine (SDM) was completed in 1986 and contains 32,000 square feet. An expansion was completed in 2006 which added 24 new operatories and a classroom of approximately 6,200 square feet.

The increased number of advanced care operatories has increased the number of patient visits; therefore the size of the dispensing and sterilization facility needs to be renovated and expanded to efficiently

meet the student, faculty and patient needs. In addition, there are more patients seen by graduate students in the advanced care wing and they have specialized equipment which requires unique treatment. The renovation of the dispensing and sterilization area will provide more storage, accommodate the increase in patient volume, and have room for the additional sterilization procedures.

The project would include the conversion of a supply room to an expanded sterilization area, purchase of new washers and sterilizers, and the remodel of the existing dispensing area.

Funding for the renovation project is currently available in the SDM Clinic Operations Account, the SDM Facility and Equipment Use Fee Account, and Foundation Account. The revised estimated cost for the project is increased from \$900,000 to \$1,250,000.

#### Considerations Against Adoption

University officers are aware of none.

#### Constituency Involvement

This matter is recommended for adoption by the Vice Chancellor for Administration, the Provost and Vice Chancellor for Academic Affairs, and the Chancellor, SIUE.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The project budget for School of Dental Medicine Clinic Dispensing and Sterilization Renovation, SIUE, be and is hereby increased to \$1,250,000.

(2) Funding for this project will come from SDM Clinic Operations funds, the SDM Facility and Equipment Use Fee, and from donated funds.

(3) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

## APPROVAL OF PURCHASE: US FOOD SERVICE, SIUE

### Summary

This matter would grant approval for a ten-year contract for the purchase of food products for resale in Food Service, and for paper products and non-food items in connection with food preparation and service. It is anticipated that the University will buy approximately \$2,000,000 worth of food, paper products, and non-food items during each year of the Agreement. The purchases will be funded through the sale of the food.

### Rationale for Adoption

University Food Service prepares and provides food for sale to the campus community each day. Under this agreement, the University would purchase canned, frozen, dry foods, meat, coffee, juice, spices, fresh products, cheese, and like items for resale by Food Service. This purchase also includes paper products and non-food items in support of the food preparation and service. All items will be purchased from US Food Service, which is an IPHEC bid contract.

The cost of the ten-year contract is approximately \$2,000,000 per year and will be funded by the sale of the food. The actual cost is dependent on the amount of food sold. The total value of the ten-year agreement is approximately \$20,000,000.

### Considerations Against Adoption

University officers are aware of none.

### Constituency Involvement

This matter is recommended for adoption by the Vice Chancellor for Student Affairs, and the Chancellor, SIUE.

### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The requisition for a 10-year contract to purchase food, paper products, and non-food items from US Food Service is hereby approved at a cost of approximately \$2,000,000 per year.

(2) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

REVISED PROJECT AND BUDGET APPROVAL AND AUTHORIZATION TO  
PURCHASE EQUIPMENT: MORRIS LIBRARY RENOVATION AND ADDITION,  
CARBONDALE CAMPUS, SIUC

Summary

This matter seeks revised project and budget approval and authorization to purchase equipment for the Morris Library Renovation and Addition project on the Carbondale campus. The project was first approved in the FY 2001 Capital RAMP with an estimated budget of \$29,668,890. At the September 11, 2003, Board of Trustees meeting approval for a revised project budget was received for \$41,668,890. Now an increase of \$14,828,910 is being requested, bringing the total estimated project budget to \$56,497,800. Also the University requests authorization to purchase equipment at an estimated cost of \$4,078,374. These funds are included in the \$56.4 million budget and will be used to purchase fixed shelving (\$890,000), furniture (\$2,978,374) and audio/visual equipment (\$210,000). This equipment is needed to relocate staff and books from the basement and first floor to the second through fifth floors so contractors can begin renovation on the lower levels.

Rationale for Adoption

The project to renovate and construct an addition to Morris Library on the Carbondale campus was first approved through the Capital Ramp process in FY 2001. The project was developed to improve general conditions in the 40+ year-old facility, as well as provide a 50,000 square foot addition to support distance learning, teleconferencing and the use of technology in teaching and research. Planning funds for the project were released in FY 2002.

Currently, the \$41,668,890 budget is not sufficient to accomplish the scope of the project. The causes of the funding shortfall include increased costs for: information technology; construction material rises due to Hurricane Katrina; labor; fixed and movable equipment; and the collapse of an existing masonry wall. In addition, supplementary moving costs related to keeping the Library functional during construction have increased the overall project budget. It is estimated that an additional \$14,828,910 in funding will be needed to accomplish the scope of the project as originally proposed. A request has been made to the State of Illinois for an additional \$14.4 million to help fund the completion of the project. Pending approval of the State of Illinois' capital budget, the Chancellor has committed to an internal loan in order to keep the project moving forward as scheduled. Debt repayment will be secured

through campus general operating funds until such time as a final decision is made on state capital funding.

Considerations Against Adoption

University officers are aware of none.

Constituency Involvement

Not pertinent in this matter.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The project budget for the Morris Library renovation and addition on the Carbondale campus be and is hereby approved at an estimated cost of \$56,497,800.

(2) Authorization to purchase equipment be and is hereby approved at an estimated cost of \$4,078,374.

(3) Pending approval of the State of Illinois' capital budget, the project budget increase will be funded by internal funds until monies are made available to the Carbondale campus from the State of Illinois through capital appropriations.

(4) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

Trustee Goldman requested a response to points made in the presentation by Messrs. Middleton and White during the public comments and questions portion of the Board's meeting. A discussion followed with the Board members and President Poshard regarding the source of funds for the project and the need to move the project forward as planned versus a revised plan recommended by Messrs. Middleton and White of leaving the top floors of Morris Library unfinished and concentrating on essential

components of the Library. Trustee Pulliam requested clarification that tuition would not be increased should the state not fund the project. Vice President Stucky responded that the Chancellor had made the commitment that the project would be funded by debt financing if needed.

Mr. Wigginton moved approval of the resolution. The motion was duly seconded by Dr. Hightower. Student Trustee opinion in regard to the motion was indicated as follows: aye, none; nay, Ms. Megan Pulliam, Ms. Christine Williams. The motion carried by the following recorded vote: aye, Dr. Sam Goldman, Dr. Ed Hightower, Dr. Keith Sanders, Mr. John Simmons, Mr. Roger Tedrick, Mr. Steve Wigginton, Ms. Marquita Wiley; nay, none.

The Chair announced that the next regularly scheduled meeting of the Board of Trustees would be held September 20, 2007, at Southern Illinois University Edwardsville. He explained that there would be a news conference immediately following the meeting at the Board table.

Mr. Simmons moved that the meeting be adjourned. The motion was duly seconded by Dr. Sanders, and after a voice vote the Chair declared the motion to have passed.

The meeting adjourned at 10:55 a.m.

The Chair announced that Student Trustee Christine Williams was chosen by the Governor to serve as the voting student for her term.

The Chair welcomed newly elected constituency heads as follows: Kay Covington, SIUE Faculty Senate; Dave Duvernell, SIUE Graduate Council; Laurie Estilette, SIUE Student Body; and Todd Bartholomew, SIUE University Staff Senate.

The Chair reported that, pursuant to notice, at approximately 2:30 p.m., September 19, 2007, in the Board Room of Birger Hall, members of the Board of Trustees held an executive session. Before the closing of the meeting, an enrollment and retention presentation was received. No action was requested or taken. Then a motion was made to close the meeting for the purpose of considering pending, probable or imminent court proceedings against or on behalf of the Board, information regarding appointment, employment, compensation, discipline, performance or dismissal of employees or officers, and collective bargaining. No action was requested or taken.

The Chair reported that, after the executive session, members of the Board of Trustees attended dinner at Neruda Restaurant in Edwardsville. The gathering was social in nature.

Under Trustee Reports, Mr. Tedrick reported that on August 4 he attended commencement for the College of Arts and Sciences and Schools of Education, Nursing, Business, and Engineering at SIU Edwardsville.

Dr. Goldman reported that on August 4 he attended commencement for all colleges at SIU Carbondale.

Under Committee Reports, Mr. Tedrick, Chair of the Executive Committee, reported that the Committee met on Monday, September 10, 2007, at 11:30 a.m. at the Stone Center, SIU Carbondale, Carbondale, Illinois, and he stated that the only public portion of the meeting was a motion to close the meeting to the public and no action was taken.

Under Executive Officer Reports, President Poshard made his report to the Board. The President provided a legislative report update and talked briefly about the progress on the Land Use Plan. He reported that on August 23, Governor Blagojevich signed the Fiscal Year 2008 state budget and gave an overview of the approved budget. He noted the following highlights for the University: (1) successful reauthorization of the Vince Demuzio Governmental Internship Program for SIU Carbondale and SIU Edwardsville; (2) successful reauthorization of \$1,070,000 for the James E. Walker Presidential Scholarship Fund for SIU Carbondale and SIU Edwardsville; (3) successful reauthorization of \$200,000 for minority recruitment, retention, and support programs for both campuses; (4) an additional \$156,150 for costs associated with the construction and furnishing of replacement cabins at the SIU Carbondale Touch of Nature Center; (5) a \$2.1 million state grant from the Department of Financial and Professional Regulation for the third year state costs of the SIU Edwardsville School of Pharmacy operations; (6) and a

\$4 million state grant from the Department of Commerce and Economic Opportunity for the purpose of providing facility operating, capital and research funds for the National Corn-to-Ethanol Research Center at SIU Edwardsville.

President Poshard reported that earlier in the week he met with SIU Carbondale and SIU Edwardsville senators as well as the Governor, the Senate President and several undecided legislators in the state capitol encouraging them to pass a capital construction plan. A \$25 billion bipartisan plan was passed by the state senate that would fund roads, K-12 schools, and state facilities, including public universities. He reported that for Southern Illinois University, the legislation specifically meant one of the largest increases in its history. \$145 million in construction projects would improve academic facilities for the University. He noted the plan included the following specific funding: (1) \$43.8 million for the construction of the Transportation and Education Building at SIU Carbondale, (2) \$21.8 million for the completion of Morris Library at SIU Carbondale, (3) \$69.5 million for the SIU Edwardsville Science Building project, (4) \$10 million for the construction of a Regional Center for Patient Safety at the School of Medicine in Springfield, and (5) \$3.5 million for new deferred maintenance funds.

On the federal level, President Poshard reported that President Bush and the Congress agreed to support a large increase in federal student aid. The legislation increases the maximum Pell Grant award from \$4,310 to \$5,400 and raises the income cutoff for automatic eligibility for

a maximum award from \$20,000 to \$30,000 and would allow working students to deduct more of their earnings when calculating their expected contribution.

President Poshard reviewed numerous recent capital projects on each campus and noted that following the day's meeting Evergreen Hall would be dedicated on the Edwardsville campus and that the Grand and Wall Apartments would be dedicated soon at the Carbondale campus. The President noted that 66 buildings built on the Carbondale campus between 1951 and 1971 were in need of repair at the same time. The President reported that the Board directed him to put together a plan for financing a central campus renovation of buildings due to increasing deferred maintenance costs. The President commended the Board of Trustees, chancellors, deans, faculty, students, and legislators for efforts of revitalizing the campuses.

Trustee Sanders noted that it was remarkable that the University could potentially receive approximately \$145 million new dollars for capital spending at a time when the budgetary climate with the state was in substantial debt. He commended the President and his colleagues for their efforts in obtaining funds for the University.

Vice Chair Hightower thanked President Poshard for the leadership he displayed and his efforts in working at the capitol to gain support for the funding plan. Dr. Hightower noted the many competing initiatives throughout the state that were vying for limited funding.

Trustee Goldman joined with the other Trustees to congratulate President Poshard for a job well done.

The Chair noted that the President's efforts not only helped Southern Illinois University but other Illinois schools as well.

Dr. Fernando Treviño, Chancellor, SIU Carbondale, made his report to the Board. The Chancellor provided a report on enrollment. He reported that the campus saw an increase in freshmen by 12 percent and transfer students increased 4 percent. On-campus housing contracts increased 9 percent, and overall the enrollment on campus grew by 2 percent. Enrollment declined in off-campus military programs due to military deployments going on worldwide; however, the campus is offering more semester credit hours of instruction during the current year over one year ago.

The Chancellor shared news of honors received by several employees. He reported that Financial Aid Director Billie Jo Hamilton is the new president-elect of the Midwest Association of Student Financial Aid Administrators. Tina Horvath was honored by Beta Theta Pi's national organization as its top chapter adviser for the nation for 2006. She received the Dr. Edward Taylor Adviser of the Year Award and was selected from more than 500 advisers coming from 122 chapters nationwide. Superintendent of Building Services Bradley Jay Brooks received the National Rehabilitation Association's Organizational Award during the group's annual conference. In May, Jay received the Illinois Rehabilitation Association's Rehabilitation Service Award for his commitment to hiring

people with disabilities and seeing that they receive necessary support. Information Technology Technical Associate Bill Bruns was honored by Tau Kappa Epsilon (TKE). He recently received its international Volunteer of the Year Award which is given to one volunteer in the U.S. and Canada region.

The Chancellor reported that the engineering journal, *Wear*, recently announced that an article authored by Director of the Center for Advanced Friction Studies Peter Filip was among the 50 top articles that were cited by researchers worldwide between the years 2002 to 2005. The research and article were based on an exhaustive six-year study involving the entire U.S. brake market which could generate engineering advances in the braking systems field. The Chancellor noted that another leading engineering publication selected an article co-authored by two faculty members for its best-paper award. The editorial board of *Leadership and Management in Engineering* honored Professor and Distinguished Teacher Sanjeev Kumar and Associate Professor J. Kent Hsiao.

The Chancellor expressed appreciation to the family of the late George Delaney which established a \$100,000 endowment in his name to benefit students in the College of Agricultural Sciences. The Chancellor noted that Mr. Delaney had taught high school agriculture in Eldorado and Harrisburg for 15 years and served students by acting as a mentor through the Future Farmers of America organization. Four \$1,000 scholarships would be awarded each year, and the first four were awarded this fall.

Dr. Vaughn Vandegrift, Chancellor, SIU Edwardsville, made his report to the Board. The Chancellor introduced and congratulated the national Division II softball champion team. He noted that an event would be held on October 3 to recognize the championship softball team as well. The Chancellor further noted that the softball team was assisting in the campus transition to Division I athletics. He reported that a reclassification workgroup had been formulated which is currently selecting consultants for assistance in identifying and meeting the requirements of the NCAA. The Chancellor stated that after the Board approved the transition of the Athletics Program from Division II to Division I, during the summer the NCAA instituted a moratorium on universities moving from Division II to Division I for at least four years. He noted the consultant would lead the workgroup team through a series of benchmarks including the preparation of a strategic plan and analysis of staffing and other organizational necessities.

The Chancellor reported that the American Red Cross announced that it would construct a new state-of-the-art facility on the campus to be located on 15 acres in University Park and would accommodate both blood manufacturing and testing capabilities. The facility is scheduled for completion in late 2009, and more than 500 jobs would be relocated to Edwardsville. The Chancellor recognized Executive Director of University Park Jim Pennekamp for his accomplishments in bringing the American Red Cross to the campus.

The Chancellor announced that the University would be celebrating its 50<sup>th</sup> anniversary with a series of events to include a convocation on September 24 featuring an address by Chancellor Emeritus David Werner. He recognized Volunteer, Dean Emerita, and Faculty Emerita Dixie Engelman for leading the 50<sup>th</sup> Anniversary Committee and thanked Co-Chairs Barbara O'Malley and Tim Engelman for their efforts as well.

The Chancellor reported that *U.S. News & World Report* recently announced its 2008 college rankings and for the first time SIU Edwardsville placed in the top ten in the public master's level universities in the Midwest. For the third consecutive year SIU Edwardsville was recognized for its top performance in the Senior Assignment Program.

The Chancellor provided a report on enrollment. He reported that the campus had its largest new freshman class of 1,829 students. He noted diversity of the freshman class had increased slightly with 12.4 percent being African-American. The Chancellor recognized Assistant Vice Chancellor of Enrollment Management Scott Belobrajdic and his group for recruiting an outstanding class.

The Chancellor noted that SIU Edwardsville would be announcing a new logo in connection with athletics on October 3 at 11:15 a.m. in the Morris University Center.

The Chancellor introduced the following representatives from the Illinois Council of the American Institute of Architects: Brad Klein, president-elect; Bill Reichert, president; Tim McMinn, treasurer; and Eric Spencer. Mr. Klein noted that the American Institute of Architects

(AIA) was celebrating its 150<sup>th</sup> anniversary. He further noted that in Illinois to celebrate the anniversary, the state council initiated a state-wide recognition program called 150 Great Places in Illinois to promote the importance of the built environment in creating a better quality of life for all Illinois citizens. On behalf of AIA, Mr. Klein presented the Board of Trustees with an award for SIU Edwardsville designating it as one of the 150 Great Places in Illinois.

The Chair explained the procedures for the public comment and question portion of the Board's agenda.

The Secretary called on Mr. Ryan Watson.

Mr. Watson made his presentation to the Board. Mr. Watson stated that he was a junior at SIU Edwardsville majoring in history and political science. Mr. Watson stated that he was speaking to the Board concerning the plagiarism allegations against President Glenn Poshard and was representing himself and 75 students who signed a petition. Mr. Watson read the statement from the signed petition as follows:

We the students at Southern Illinois University Edwardsville are highly concerned about the allegations surrounding the President of our school, Glenn Poshard. We are also concerned that since President Poshard has such a high position, some people might just decide to sweep this under the rug. This is not acceptable. President Poshard should be held accountable for his actions if it is proven that he is guilty of plagiarism. We the students believe that President Poshard should receive a fair hearing and that the appropriate action should be taken if he is found guilty of plagiarizing his dissertation paper. We believe the policies concerning plagiarism and academic integrity should apply to everybody, no matter who they are, so we have decided to start up this petition because we want the Board of Trustees to know that we support our President, but we do not think he

should get away with this if he is found guilty. You have to be fair and impartial and treat President Poshard as if he was one of us, a student.

The Secretary called on Ms. Laurie Estilette.

Ms. Estilette read a resolution on behalf of SIU Edwardsville Student Government as follows:

We, Student Government, hereby announce that we are aware of the recent allegations of plagiarism against SIU President Dr. Glenn Poshard. We are deeply concerned with the accusation of plagiarism, as academic integrity is a cornerstone of our community. We will be vigilantly observing this situation as it unfolds and will continue to update the students of SIUE as new information becomes available. In this, we ask of the students that they do not rush to unjustified conclusions with regards to the plagiarism claims against Dr. Poshard. At this point, no conclusive, verified, or factual data has been collected or investigated by a neutral body. Thus, rash judgments should not be taken as truth. In addition to this, we ask for the SIU Board of Trustees to hold a fair and impartial investigation into this matter and to provide accurate and timely information to students as it pertains to the situation at hand.

Never do we wish to silence the voice of the people that allow this institution to exist. Thus, we encourage all students to bring comments or concerns before Student Government. Again, we are carefully monitoring these proceedings as they progress and are taking the concerns of the student body to heart. Through the correct and proper channels, action on this allegation of plagiarism is being taken, and at appropriate times Student Government will release further statements.

The Secretary called on Mr. Alan Shiller.

Mr. Shiller made his presentation to the Board. Mr. Shiller stated that he was a member of the Speech Communication Department in the College of Arts and Sciences and president of the Non-Tenure Track Faculty Association at SIU Edwardsville.

Mr. Shiller reviewed that three years ago the non-tenured faculty of SIU Edwardsville voted to align themselves with the Illinois Education Association and the National Education Association. Since that time a team of instructors and lecturers had been working with administrative representatives on its first contract, and the process was almost complete and should be ready for Board approval by October. He reviewed the contributions that non-tenure track faculty members made by teaching the bulk of large lecture classes, supervising labs, and working with students in other capacities. He pointed out that in addition to teaching responsibilities, they were committed to SIU Edwardsville and served on committees, worked on special projects, and accepted additional assignments and that many members moved forward with their own research agendas even though they were not required to do so and did not receive pay for it. He further noted that lecturers had not received a raise in three years and many do not have benefits.

Mr. Shiller mentioned that they would like to see instructors and lecturers rewarded for their efforts, especially those who had been loyal to the University for many years with a longevity increase. He thanked Associate Provost Sue Thomas and the administrative representatives on the negotiation team for their efforts in working with them. Mr. Shiller noted that compensation and benefits were among the items still to be negotiated and stated that the Association felt their financial proposal was fair and provided the longevity reward they felt their membership required. Mr. Shiller asked the Board members to instruct

their representatives to recognize the significant contribution and commitment the non-tenure faculty members continued to make to SIU Edwardsville.

The Chair explained the procedure for the Board's omnibus motion and he proposed that, after discussion, there would be taken up the following matters:

REPORTS OF PURCHASE ORDERS AND CONTRACTS.  
JUNE AND JULY 2007, SIUC AND SIUE

In accordance with 3 Bylaws 1 and 5 Policies of the Board C, summary reports of purchase orders and contracts awarded during the months of June and July 2007 were mailed to the members of the Board in advance of this meeting, copies were placed on file in the Office of the Board of Trustees, and these reports are hereby submitted for information and entry upon the minutes of the Board with respect to the actions of the Executive Committee.

The following changes in faculty-administrative payroll are submitted to the Board of Trustees for ratification in accordance with the Board Policy on Personnel Approval (2 Policies of the Board B). Additional detailed information is on file in the Office of the Chancellor. Where appropriate, salary is reported on a monthly basis and on either an academic year (AY) or fiscal year (FY) basis.

PROJECT AND BUDGET APPROVAL:  
AUTOMATIC SPRINKLER SYSTEM INSTALLATION,  
THOMPSON POINT AND UNIVERSITY HALL  
STUDENT RESIDENTIAL FACILITIES,  
CARBONDALE CAMPUS, SIUC

Summary

This matter seeks project and budget approval to install automatic sprinkler systems in the Thompson Point and University Hall residential facilities on the Carbondale campus. Upgrades to the water distribution systems and fire alarm systems will be required to facilitate the new fire suppression systems.

The estimated cost of this three phase project is \$7,750,000. Funding for this project will come from external and/or internal financing as determined by the Board Treasurer. The debt payment will be repaid with SIUC Housing Operation Funds.

Rationale for Adoption

On November 10, 2005, the Southern Illinois University Board of Trustees approved the University Housing Safety Security Enhancement Plan, Carbondale Campus. This plan outlined the funding needed to comply with House Bill 4361 which mandates that sprinklers be installed

in all dormitories (residence halls) by 2013. Effective January 1, 2002, the Illinois State Fire Marshal's Office adopted the 2000 Fire Protection Association's Life Safety Code (NFPA 101), replacing the 1985 edition of the NFPA 101 previously enforced by that office. Under the new 2000 edition of NFPA 101, the University is required to place sprinkler systems in existing high-rise dormitories. However, the recently enacted state law (House Bill 4361) expanded the requirement to include all dormitories (residence halls) by 2013.

To date, sprinkler systems have been installed in the three high-rise residence halls, Schneider, Mae Smith, and Neely. University Housing is now ready to proceed with the project to install the automatic sprinkler systems and associated upgrades in the facilities at Thompson Point and University Hall. Thompson Point consists of eleven buildings with a total of 671 rooms with a total capacity of 1,198. University Hall has a capacity of 361 residents in 239 rooms. Each building also contains offices, study areas and laundry rooms.

In March 2007, BRIC Engineering completed a cost estimate to install sprinklers in Thompson Point and University Hall buildings. Their study identified that water pressure, water flow conditions and fire alarm systems at Thompson Point are not adequate to meet the fire protection demands. Thus, it is recommended that the site water distribution system be completely replaced, fire pumps be installed to improve pressure and four of the eleven fire alarms be replaced at Thompson Point. The project will be implemented over a three-year period. The Board of Trustees' consulting architect will be given the opportunity to review the drawings and specifications for this project.

The estimated cost of this project is \$7,750,000, and the work would be funded from external and/or internal financing as determined by the Board Treasurer. The debt payment will be repaid with SIUC Housing Operation Funds. A detailed Bond Model was developed in order to project the impact of this project on Carbondale Housing student room rates and operating performance. An Executive Summary of the Bond Model is attached.

The nature of this project and its source of funds cause it to be defined as a non-instructional capital improvement project. Consequently, approval of the Illinois Board of Higher Education will be required prior to the commitment of funds.

#### Considerations Against Adoption

University officers are aware of none.

Constituency Involvement

Residence Hall Advisory Board is aware of and supports the project.

Resolution

(2) Funding for this work will come from external and/or internal financing as determined by the Board Treasurer. The debt payment will be repaid with SIUC Housing Operation Funds.

(3) This project be and is hereby recommended to the Illinois Board of Higher Education as a non-instructional capital improvement project.

PROJECT AND BUDGET APPROVAL:  
DESIGN AND CONSTRUCTION OF INTERIOR ROADWAYS,  
SOUTHERN ILLINOIS RESEARCH PARK,  
CARBONDALE CAMPUS, SIUC

Summary

This matter seeks project and budget approval for design and construction of roadways at the Southern Illinois Research Park (SIRP), Carbondale, Illinois. The estimated cost of the project is \$1,250,000. This project will be funded with a grant for \$1,000,000 received from the Federal Highway Administration in conjunction with the Illinois Department of Transportation. This grant requires a 20% match (\$250,000) from the grantee and the flexible match program of the grant allows for the value of the right-of-way property to act as the required match. An appraisal of the property was conducted and the value is estimated at \$618,750. A copy of the appraisal is on file with the Executive Secretary of the Board of Trustees.

Rationale for Adoption

Southern Illinois Research Park is located in the southeast corner of the Southern Illinois University Carbondale campus at 150 East Pleasant Hill Road. Owned and managed by SIUC, SIRP is a result of the 1997 Research Park Task Force and the 2000 Southern Illinois University Research Park Plan. The plan outlines the eventual construction of up to 12 buildings on a single site covering 45 acres in a 4 phase development.

At its meeting on October 12, 2000, the Board of Trustees gave its approval for the first phase of the project to construct infrastructure improvements necessary for the development of the Southern Illinois Research Park on the Carbondale campus.

The first phase included the labor, materials and equipment necessary for the clearing and grading of the Phase One parking and building areas, construction of a detention pond and fountain, sanitary sewer and water line installation, entrance road construction, and the installation of an entrance sign.

At its meeting on February 12, 2004, the Board of Trustees approved the project and budget to construct a 19,920 square foot multi-tenant building at the Southern Illinois Research Park.

This current project will include the design and construction of the interior roadway for the Southern Illinois Research Park and will connect Phase 1 with Phases 2 and 3. This project will also provide an entryway to Highway 51 and direct access to the campus as well as access

to additional parking areas within the SIRP. This project will be funded by a \$1,000,000 grant received from the Federal Highway Administration in conjunction with the Illinois Department of Transportation and with a \$250,000 SIUC match secured by the right-of-way property value of \$618,750.

An engineer for this project will be selected using the Qualifications Based Selection (QBS) process to prepare plans and specifications and oversee construction phase services. The Board of Trustees' consulting architect will be given the opportunity to review the drawings and specifications for this project.

#### Considerations Against Adoption

University officials are aware of none.

#### Constituency Involvement

The Southern Illinois Research Park Board has approved this project.

PROJECT AND BUDGET APPROVAL:  
REPLACEMENT OF AIR HANDLING UNITS,  
NEELY HALL, CARBONDALE CAMPUS, SIUC

Summary

This matter seeks project and budget approval for the replacement of air handling units in the Neely Hall student residential building on the Carbondale campus. Installation will include a new control system and duct work.

The estimated budget for this project is \$350,000. This project will be funded through Repair and Replacement Reserve funds. Drawings and specifications will be prepared by Physical Plant Engineering Services.

Rationale for Adoption

Neely Hall was constructed in 1965 as part of the east campus housing complex. The air handling units are original to the building and are in need of replacement. New controls and duct work will also be included with this project. As part of an ongoing effort to update facilities and improve service, University Housing is now prepared to move forward with this project at an estimated cost of \$350,000.

The Board of Trustees' consulting architect will be given the opportunity to review the drawings and specifications for this project.

Considerations Against Adoption

University officers are aware of none.

Constituency Involvement

This project has the approval and support of the Residence Hall Association.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The project to replace air handling units, duct work and system controls in Neely Hall on the Carbondale campus be and is hereby approved at an estimated cost of \$350,000.

PROJECT AND BUDGET APPROVAL:  
SECURITY CAMERA AND ACCESS CONTROL SYSTEMS INSTALLATION,  
THOMPSON POINT STUDENT RESIDENTIAL FACILITIES,  
CARBONDALE CAMPUS, SIUC

Summary

This matter seeks project and budget approval to install security cameras and access control systems in the Thompson Point residential facilities on the Carbondale campus.

The estimated cost of this two phase project is \$750,000. Funding for this project will come from external and/or internal financing as determined by the Board Treasurer. The debt payment will be repaid with SIUC Housing Operation Funds.

Rationale for Adoption

To enhance security and reduce key replacement costs, University Housing plans to install security cameras and an electronic access control system at all exterior entries to the Thompson Point residential facilities. Upon notification, a lost key fob could be deactivated and a new card or fob issued in a very short period of time.

University Housing has used cameras to deter inappropriate behavior and to aid criminal investigations in other residence halls. The Department of Public Safety strongly recommends that security cameras be installed and operable in Thompson Point.

University Housing is now ready to proceed with the three-phase project to install the required safety and security enhancements in the facilities at Thompson Point. Phase one will install the safety and security enhancements for Steagall, Pierce, Brown, and Bowyer residence halls during the summer of 2008. Phase two will call for the system installation for Smith, Abbott, Kellogg and Warren residence halls during the summer of 2009. Phase three includes Bailey, Baldwin and Felts residential halls and will be completed in 2010. This project will be designed in-house by Physical Plant's Engineering Services.

The estimated cost of this project is \$750,000 and the work would be funded from external and/or internal financing as determined by the Board Treasurer. The debt payment will be repaid with SIUC Housing Operation Funds. A detailed Bond Model was developed in order to project the impact of this project on Carbondale Housing student room rates and operating performance. An Executive Summary of the Bond Model is attached.

The nature of this project and its source of funds cause it to be defined as a non-instructional capital improvement project. Consequently, approval of the Illinois Board of Higher Education will be required prior to the commitment of funds.

#### Considerations Against Adoption

University officers are aware of none.

#### Constituency Involvement

Residence Hall Advisory Board is aware of and supports the project.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The project to install security cameras and access control systems in the Thompson Point residential facilities in University Housing, Carbondale, Illinois, be and is hereby approved at a total estimated cost of \$750,000.

(2) Funding for this work will come from external and/or internal financing as determined by the Board Treasurer. The debt payment will be repaid with SIUC Housing Operation Funds.

(3) This project be and is hereby recommended to the Illinois Board of Higher Education as a non-instructional capital improvement project.

(4) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

REVISED BUDGET AND SCOPE AND AWARD OF CONTRACTS:  
CONSTRUCTION OF BARRIER AREA, LABORATORY ANIMAL MEDICINE,  
SPRINGFIELD MEDICAL CAMPUS, SIUC

Summary

This Board Matter seeks a revised project budget and scope approval and award of contracts for the construction of an animal barrier area for the Division of Laboratory Animal Medicine, Springfield Medical Campus, SIUC. The recommended bids received for this project total \$1,389,504, the total cost of the project is estimated at \$1,685,000. Funding will be provided from a combination of funds including federal animal facility construction grant funds, state grant funds and other appropriated and non-appropriated funds available to the Medical School.

Rationale for Adoption

At the July 14, 2005 Board of Trustees meeting, project and budget approval was given for the construction of an animal barrier area for the Division of Laboratory Animal Medicine (LAM) at an estimated cost of \$959,000. The animal barrier area is designed and managed to avoid the entry of potentially pathogenic organisms into the animal colonies housed therein. Laboratory Animal Medicine has contiguous animal laboratory space in 801 N. Rutledge (the Medical Instruction Facility building), the 825 N. Rutledge Springfield Combined Laboratory Facility and in the Springfield Combined Laboratory Facility Addition.

This project was delayed pending the appropriation of state funding to open and operate the new Springfield Combined Laboratory Facility Addition. Funding to open and operate the building was appropriated in fiscal year 2007. Space in the Springfield Combined Laboratory Facility Addition is necessary for temporary housing of the infectious animals while construction is being completed for the barrier facility.

Initially, the animal barrier area was planned for construction in the portion of the animal laboratory facility located in the 801 N. Rutledge building. Due to the age of the building's mechanical systems and current laboratory space configuration within the building, design engineers determined it was not feasible to design a barrier facility in that location that met the needs of the Division of Laboratory Animal Medicine and was within the available funding. The engineers were subsequently able to design a barrier area in the newer, adjacent LAM area in the 825 N. Rutledge Springfield Combined Laboratory Facility.

The scope of the project has been expanded to include floor and wall repairs and balancing of the air supply system in preparation for a site visit by the Association for Assessment and Accreditation for Laboratory Animal Care (AAALAC) which is expected in late spring 2008. The scope has also been expanded to include the installation of individual temperature sensors in each animal housing space in the barrier area to carefully monitor the environment for these expensive and sensitive animals and to allow for the relocation of the infectious animal housing area during construction.

Bids for the project have been received, some of which were substantially higher than anticipated. It is believed that some large construction projects in the area and numerous primary and secondary school improvements have committed many contractors, reducing competition and pressuring prices upward. Rebidding will not likely reduce the cost of the project.

The School of Medicine sees the development of a barrier area as an asset that will improve recruitment of research faculty and has, therefore, allocated additional funds to support the project. Award of contracts is requested. The total cost for this project including A/E fees, construction, contingency funds and reimbursables is estimated at \$1,685,000.

REVISED PROJECT BUDGET AND SCOPE:  
RENOVATION OF THE LOWER LEVEL, 751 N. RUTLEDGE STREET,  
SPRINGFIELD MEDICAL CAMPUS, SIUC

Summary

Approval is requested for a revised project budget of \$2,100,000 and revised scope of work for renovations to create a Reproductive Endocrinology (RE) clinic and laboratory in 751 N. Rutledge Street, Springfield, Illinois. Funding for this project will come from revenue derived from the practice of medicine and from funds held in the Medical Facilities System Repair and Replacement Reserve.

Rationale for Adoption

At the July 2006 meeting, the Board of Trustees approved a project to complete renovations to create a Reproductive Endocrinology clinic area, laboratory and coding suite to be housed in the lower level of the SIUC Clinics Building. The request was initiated by the Interim Chair of the Department of Obstetrics in order to advance a specialty that was underserved in the central and southern Illinois region. Also, OB residents were dissatisfied in that they had to travel outside of Springfield in order to accommodate their rotations through an RE specialty. The budget proposed at the time for the 3200 gross square foot renovation was \$400,000 which was based on the Medical School's previous experience

with RE when procedures were done in an office environment and before a Reproductive Endocrinologist was hired. In September of 2006 the first RE faculty arrived on campus and began to define his needs for the current RE clinic design. The Medical School requested a change in budget and scope for the project based on the architect's updated estimate and the need for a higher quality air flow, as defined by the newly hired Endocrinologist. In November of 2006, the Board of Trustees approved the revision of the scope and budget for the project, which raised the estimated cost to \$1,230,000.

A new Chair of Obstetrics and Gynecology was recently hired who is world-renowned for his expertise and success in the practice of reproductive endocrinology. His practice will add a second physician to the planned space requiring expansion of the RE clinic to 4800 gross square feet to accommodate the increased patient volume and to add a fluoroscopy service. The architect, engineer and a retained consultant have had extensive meetings with the RE physicians to thoroughly define the needs of the Reproductive Endocrinology suite and to address construction code requirements.

The consultant, an air quality expert with the University of Iowa who has done in excess of five of these highly technical and complex RE facilities, has had specific experience in planning other RE facilities with similar environments to ensure the final product will meet the specific needs of the University. The consultant has advised and the RE physicians have agreed that the embryology laboratory and adjacent rooms will require "clean room quality" air to improve the success rate of procedures done in the clinic. In order to meet these standards, design changes have been made in the planned filtration of the air (increased use of High Efficiency Particulate Air [HEPA] filters) and operation of the air-handling unit. Other changes in design to accommodate the effectiveness of the procedures include lighting installation, room finishes which allow for complete and efficient sterilization of the space, specific equipment location for better process flow through the lab and specialized hoods to prevent cross contamination to improve the quality of the space and bring the space in compliance with the highest RE clinical practice standards.

These enhancements to the previous scope of work are required to achieve a code compliant and state-of-the-art RE facility and to produce the highly successful outcomes required by the current faculty. The budget has increased to an estimated cost of \$2,100,000. Approval of an increase in the project budget and scope to include these additional items is requested.

AWARD OF CONTRACTS:  
CAMPUS SIDEWALK CONSTRUCTION, SIUE

Summary

This matter approves award of construction contracts in the amount of \$293,252 in connection with the capital project, Campus Sidewalk Construction, SIUE. The total estimated cost of the project is \$600,000 and will be funded from an internal loan to be repaid from University Operating Funds. A summary of bids received is attached for review.

Rationale for Adoption

With the completion of SIUE's fourth residence hall, more student pedestrians and bikers will be traveling along Circle Drive between the halls to attend special events, meet in study groups, or just to visit other students. Currently, the only direct path between the residence halls, except for the roadway, is a gravel and/or grass shoulder. Further, the lighting along this route for pedestrians and bikers is limited. This project will provide a new lighted sidewalk along Circle Drive that will connect Bluff, Evergreen, and Woodland Halls.

At its April 12, 2007, meeting, the SIU Board of Trustees approved the project and budget for this capital project. The approved project budget was \$800,000. During the design process, the engineer's estimate was reduced to \$600,000. This project will be funded from an internal loan to be re-paid from University Operating Funds. The bids received for the project are favorable and the award of contracts is now requested.

#### Considerations Against Adoption

University officers are aware of none.

#### Constituency Involvement

This matter is recommended for adoption by the Chancellor and the Vice Chancellor for Administration, SIUE.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The contracts to perform construction work required for the Campus Sidewalk Project, SIUE, at an estimated cost not to exceed \$600,000 be and are hereby awarded to the following:

a) <u>Asphalt Work</u>		
Keller Construction Inc., Glen Carbon, IL	62034	\$257,655
b) <u>Electrical Work</u>		
Lowry Electric Co., East St. Louis, IL		\$35,597

(2) The project shall be funded from an internal loan to be re-paid from University Operating Funds, and;

The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

AWARD OF CONTRACT:  
SCHOOL OF PHARMACY RENOVATION, SIUE

Summary

This matter approves award of a construction contract in the amount of \$106,600 for the renovation of the 200 University Park Drive building to provide additional office and student lounge space for the School of Pharmacy, SIUE. The total estimated cost of the project is \$450,000 and will be funded from the remaining proceeds and interest income from the 2004A Certificates of Participation. A summary of bids received is attached for review.

Rationale for Adoption

At its September 11, 2003, meeting, the SIU Board of Trustees approved the project and budget for the capital project, School of Pharmacy Temporary Facilities, SIUE. That project renovated approximately 15,000 square feet of the University's 200 University Park Drive building and constructed a new building of approximately 15,000 square feet next to the owned building. However, since the original curriculum of the Pharmacy School was developed, the curriculum changed to allow students three years of academic work on campus instead of the original two. Now that the program is going into its third year, this increased focus toward on-campus education requires additional office space for the extra faculty, and additional student lounge space to accommodate the increased number of students present in the buildings.

At its April 12, 2007, meeting, the SIU Board of Trustees approved the project and budget for this capital project, School of Pharmacy Renovation, SIUE. The approved project budget was \$450,000 and will be funded from the remaining proceeds and interest income from the School of Pharmacy's portion of the 2004A Certificates of Participation. The Certificates will be retired by revenue generated by Pharmacy tuition. The bids received for the project are favorable and the award of the contract is now requested.

Considerations Against Adoption

University officers are aware of none.

Constituency Involvement

This matter is recommended for adoption by the Chancellor, the Provost and Vice Chancellor for Academic Affairs, and the Vice Chancellor for Administration, SIUE.

### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The contract to perform construction work required for the School of Pharmacy Renovation, SIUE is hereby awarded to:

#### General Work

Plocher Construction Co., Highland, IL \$106,600

The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

### PROJECT AND BUDGET APPROVAL: STUDENT ACADEMIC SUCCESS CENTER, SIUE

#### Summary

This matter seeks project and budget approval for the addition of a Student Academic Success Center to the Morris University Center. The Student Academic Success Center will consolidate academic support service functions now spread across campus. The estimated cost for the project is \$16,600,000 and will be funded from the Student Academic Success Center Fee and from the sale of revenue bonds to be repaid from the Student Academic Success Center Fee revenues.

This matter also requests that the project and its proposed funding source be submitted to the Illinois Board of Higher Education for its review and approval as a non-instructional capital improvement.

#### Rationale for Adoption

At its May 2, 2006, meeting, the SIU Board of Trustees approved the creation of a Student Academic Success Center Fee to cover the costs for an addition to the Morris University Center in order to consolidate academic support service functions now spread across campus. The new Center, by bringing together interdependent support services, will provide students with one central location to have their academic support and personal needs addressed.

In 1994, the first residence hall opened at SIUE. This significant event began the process of transforming the University into a residential campus. Since the first residence hall, three more have been built. While space for the residential students has increased significantly,

the space afforded an increasing student population has not, particularly in the area of academic/student support services. Administrators of these services have noted a significant increase in the demand on the services while the physical space has remained, in most cases, constant. Further, many academic support service functions are spread across campus.

This new Center of approximately 66,000 square feet will house the University's Instructional Services, Disability Services, Counseling Services, Health Services, Academic Advising & SOAR (Student Opportunities for Academic Recognition), Career Development, International Student Center, Honors Program, and expanded space for the Kimmel Leadership Center.

The estimated cost of the project is \$16.6 million and will be funded from the Student Academic Success Center Fee and from the sale of revenue bonds to be repaid from the Student Academic Success Center Fee revenues. Design, construction, equipment, and new operational costs of the Center will be funded through the Student Academic Success Center Fee. A detailed Bond Model was developed in order to project the student fees needed to support the operations of the new facility. An Executive Summary of the Bond Model is attached. The design of the Center is in accordance with the Campus Design Guidelines, the Campus Land Use Plan, and the Campus Facilities Master Plan.

The nature of this project and its source of funds cause it to be defined as a non-instructional capital improvement financed with local funds. Therefore, approval of the Illinois Board of Higher Education will be required prior to the commitment of funds. It is anticipated that the IBHE would consider the matter at its December 2007 meeting. The Board of Trustees' consulting architect will be given the opportunity to review the drawings and specifications for this project prior to bidding.

PROJECT AND BUDGET APPROVAL:  
STUDENT FITNESS CENTER EXPANSION, SIUE

Summary

This matter seeks project and budget approval for the expansion of the Student Fitness Center. The estimated cost for the project is \$10,550,000 and will be funded from existing Student Fitness Center RRR funds and from the sale of revenue bonds to be repaid from Student Fitness Center Fee revenues.

This matter also requests that the project and its proposed funding source be submitted to the Illinois Board of Higher Education for its review and approval as a non-instructional capital improvement.

Rationale for Adoption

The Student Fitness Center opened in 1993 and was constructed to allow for future expansion next to the existing office and recreational space. A 4,400 sq. ft. weight-room addition was approved in October 1996 and was constructed to allow for vertical expansion. However, code requirements have changed since 1996 and a vertical expansion is no longer feasible. Still, the steady rise in student enrollment and use of the Fitness Center has made it desirable to construct additional facilities.

At its October 12, 2006, meeting, the SIU Board of Trustees approved the Student Fitness Center Expansion, Phase I project and budget. However, since the expansion above the weight room is no longer a possibility, phasing the expansion is no longer economically feasible. As a result, this matter includes all renovation and expansion phases to include the following: two multi-purpose rooms to accommodate group exercise and student-organizations' activities, an office addition and related renovation adjacent to the main office wing to consolidate existing staff now dispersed throughout the building, a 30,500 sq. ft. gymnasium to allow for two additional courts (including a second level for fitness activities), and a food and juice bar. With the addition of the new parking lot across Circle Drive, no parking lot expansion is being presented at this time.

The estimated cost of the overall project is \$10.55 million and will be funded from existing Student Fitness Center RRR funds and from the sale of revenue bonds to be repaid from Student Fitness Center Fee revenues. A detailed Bond Model was developed in order to project the student fees needed to support the Fitness Center expansion. An Executive

Summary of the Bond Model is attached. The design of this project is in accordance with the Campus Design Guidelines.

The nature of this project and its source of funds cause it to be defined as a non-instructional capital improvement financed with local funds. Therefore, approval of the Illinois Board of Higher Education will be required prior to the commitment of funds. It is anticipated that the IBHE would consider the matter at its December 2007 meeting. PROJECT AND BUDGET APPROVAL:  
MORRIS UNIVERSITY CENTER BOOKSTORE RENOVATION, SIUE

Summary

This matter seeks project and budget approval for the renovation of the Morris University Center Bookstore. The estimated cost for the project is \$1,600,000 and will be funded from Morris University Center RRR funds.

This matter also requests that the project and its proposed funding source be submitted to the Illinois Board of Higher Education for its review and approval as a non-instructional capital improvement.

Rationale for Adoption

At its January 11, 2007, meeting the SIU Board of Trustees approved planning for a Textbook Relocation and Bookstore Renovation project. The planning was to develop schematic plans and cost estimates for alternatives to re-locate Textbook Services and for the renovation of the University Center's Bookstore at SIUE. Although the study to relocate Textbook Services is still on-going, University Officials have determined that it would be beneficial to proceed with the renovation of the Bookstore as an independent project.

Through remodeling, minor renovation, and equipping the Bookstore and its storage area, this project will address insufficient lighting, update fixtures, and provide better compliance with ADA guidelines by incorporating a more open sales floor concept. Improvements will include new wall, ceiling, and floor treatments, new signage, new display fixtures, new technology, and a fire suppression system.

The estimated cost of the project is \$1.6 million and will be funded from existing Morris University Center RRR funds.

The nature of this project and its source of funds cause it to be defined as a non-instructional capital improvement financed with local funds. Therefore, approval of the Illinois Board of Higher Education will be required prior to the commitment of funds. It is anticipated that the IBHE would consider the matter at its December 2007 meeting. The Board of Trustees' consulting architect will be given the opportunity to review the drawings and specifications for this project prior to bidding.

Considerations Against Adoption

University officers are aware of none.

### Constituency Involvement

This matter is recommended for adoption by the Chancellor, the Vice Chancellor for Administration, and the Vice Chancellor for Student Affairs, SIUE.

### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The capital project, Morris University Center Bookstore Renovation, SIUE, be and is hereby approved at an estimated cost of \$1,600,000.

(2) The project shall be funded from Morris University Center RRR funds.

(3) This project be and is hereby recommended to the Illinois Board of Higher Education as a non-instructional capital improvement.

The President of Southern Illinois University is hereby authorized to take whatever action may be required in execution of this resolution in accordance with established policies and procedures.

### PROJECT AND BUDGET APPROVAL: VADALABENE CENTER REPAIR AND IMPROVEMENTS, SIUE

### Summary

This matter seeks project and budget approval for repairs and improvements to the Vadalabene Center, SIUE. The cost of the project is \$6,000,000 and will be funded by the Facilities Maintenance Fee revenues.

### Rationale for Adoption

At its January 11, 2007, meeting, the SIU Board of Trustees approved planning for Vadalabene Center Repairs and Replacement. Plans were to replace the 23-year old bleachers and take advantage of space opportunities that a replacement system might offer. This project will replace the existing single-tiered bleacher system with a two-tiered system, and capture an additional 13,800 square feet for offices, classrooms, and storage to be used by Athletics and the Kinesiology and Health Education Department. It will also allow for the much-needed expansion of the public restroom facilities for women.

The estimated cost of the project is \$6 million and will be funded from the Facilities Maintenance Fee revenues.

The Board of Trustees' consulting architect will be given the opportunity to review the drawings and specifications for this project prior to bidding.

#### Considerations Against Adoption

University officers are aware of none.

#### Constituency Involvement

This matter is recommended for adoption by the Chancellor, the Provost and Vice Chancellor for Academic Affairs, and the Vice Chancellor for Administration.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The capital project, Vadalabene Center Renovation, SIUE, be and is hereby approved at an estimated cost of \$6,000,000.

(2) The project shall be funded from the Facilities Maintenance Fee revenues.

The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

#### REORGANIZATION OF THE OFFICE OF ECONOMIC AND REGIONAL DEVELOPMENT FROM THE OFFICE OF THE VICE CHANCELLOR FOR RESEARCH TO THE CHANCELLOR, SIUC

#### Summary

This matter requests approval to transfer the Office of Economic and Regional Development from the Office of the Vice Chancellor for Research to the Chancellor, SIUC, with administrative oversight from the SIU Vice President for Financial & Administrative Affairs.

### Rationale for Adoption

Since 1986, the Southern Illinois University Carbondale Office of Economic & Regional Development (OERD) has provided business & economic development services for the region. Many start-up and expanding businesses have benefited from the programs within OERD. A recent extensive external review of economic development activities within the University identified several issues for improvement, as well as recommendations for implementation. Much of this review placed emphasis toward a strategic focus for economic and community services based on an outreach perspective rather than a campus-centric perspective.

The Connect SI Initiative has been an extremely successful outreach effort from the President's Office. Public and private stakeholders have been engaged with this major broadband initiative that serves as an example of utilizing a regionally based outreach approach instead of a campus-centric approach.

In order to institute positive changes for the University, this matter proposes that the Office of Economic and Regional Development functions be shifted to the Chancellor, with administrative oversight from the SIU Vice President for Financial & Administrative Affairs so that senior University administration may become more actively engaged with regional outreach activities. To make this transition, OERD will transfer to Chancellor Fernando M. Treviño's responsibility area. Duane Stucky, Vice President for Financial & Administrative Affairs, will provide administrative oversight.

Implementing this move will join the economic development outreach efforts of the President's and the Chancellor's Offices and allow for coordinated administrative and strategic planning. The economic development efforts are clearly aligned with both the service mission of the Presidential goals and the goals put forth in the Carbondale Southern@150 Goals, Commitments & Objectives report.

The proposed move of the OERD function will be September 1, 2007. An organizational chart reflecting the changes proposed in this matter is attached.

### Considerations Against Adoption

University officials are aware of none.

Constituency Involvement

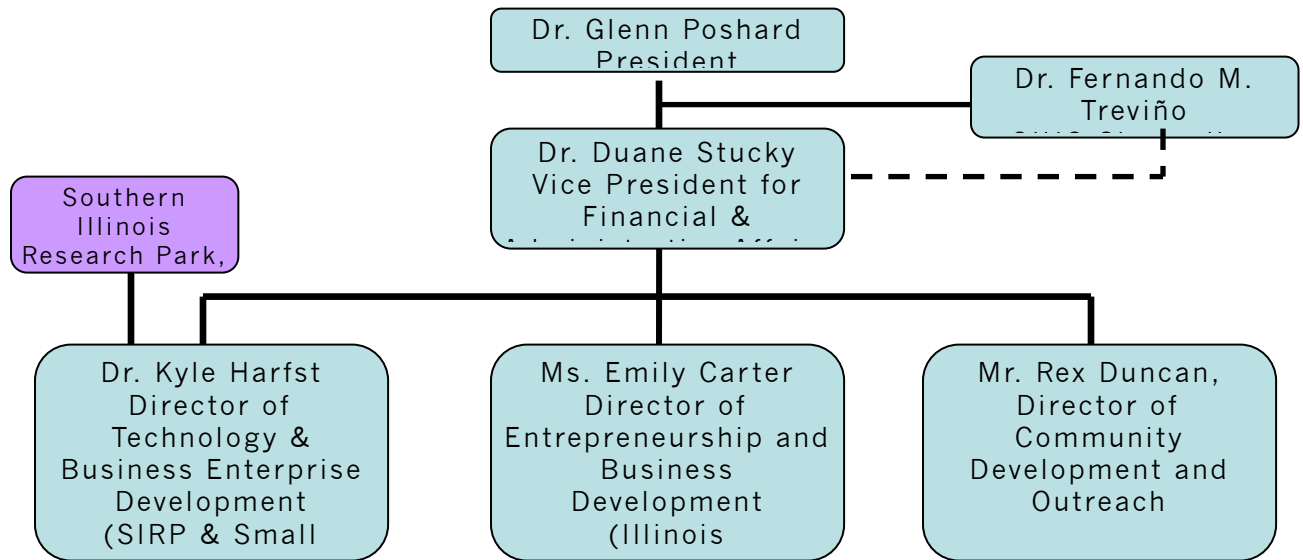

These actions are supported by the Chancellor and President and their respective teams.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) Effective September 1, 2007, the Office of Economic and Regional Development is hereby transferred to the Chancellor, with the SIU Vice President for Financial & Administrative Affairs providing administrative oversight.

(2) The President of Southern Illinois University be and is hereby authorized to take whatever actions may be required in the execution of this resolution in accordance with established policies and procedures.

### EXECUTIVE SUMMARY: RESOURCE ALLOCATION AND MANAGEMENT PROGRAM (RAMP) PLANNING, OPERATIONS, AND CAPITAL BUDGET REQUEST, FISCAL YEAR 2009

#### SOUTHERN ILLINOIS UNIVERSITY CARBONDALE AND SOUTHERN ILLINOIS UNIVERSITY EDWARDSVILLE AND SOUTHERN ILLINOIS UNIVERSITY ADMINISTRATION

### Summary

This matter seeks SIU Board of Trustees' approval of the RAMP Planning, Operations, and Capital request for Fiscal Year 2009.

This request identifies the priorities, plans, and program and related resource needs, including operations and capital, of Southern Illinois University. The documents were prepared in accordance with University planning processes and with guidelines established by the Illinois Board of Higher Education (IBHE). The documents provide planning statements, including statements of mission, focus, and priorities; new program requests; and program priorities requests for SIUC (including the School of Medicine), SIUE, and the SIU Administration.

### Planning RAMP

Total resource requirements for FY 2009 Program requests amount to \$11,551,858. This includes \$8,096,758 for Carbondale (including the School of Medicine); \$3,438,000 for Edwardsville; and \$17,100 for the SIU Administration.

The FY 2009 Program Priority Requests for Southern Illinois University Carbondale include: (1) Recruit, Retain, and Reward Critical Faculty and Staff (including the School of Medicine); (2) Enhancement of Teaching and Learning in Science, Technology, Engineering and Mathematics (STEM); (3) SimmonsCooper Cancer Institute at SIU-Phase II; (4) Student Enhancement: Learning and Outcomes; and (5) Recruit and Retain Students of Color.

The FY 2009 Program Priority Requests for Southern Illinois University Edwardsville include: (1) Retaining Critical Faculty and Staff; and (2) School of Pharmacy Implementation.

The FY 2009 Program Priority Request for the SIU Administration includes Retaining Critical Faculty and Staff.

The FY 2009 RAMP program funding requests are for initiatives that reflect the goals and aspirations of SIU and its respective constituency groups and are consistent with and reinforce the goals and objectives of *The Illinois Commitment*. Most of the above requests were submitted in RAMP 2008 but were not funded. Because they remain a high priority for the University, they are being resubmitted for RAMP 2009.

In addition to the above RAMP Program Priority Requests, SIU is submitting several performance initiatives whose funding will be contingent upon the Governor's budget as well as on competition with other public universities. These initiatives fall into the categories of Teacher Preparation, Health Professions, and Baccalaureate Completion.

#### Operating RAMP

Total resource requirements for FY 2009 Operating budget request amount to \$415,563,100 or 7.1 percent increase over FY 2008 appropriation and income fund budget. This includes \$227,976,000 for Carbondale; \$53,728,800 for the School of Medicine; \$131,722,100 for Edwardsville; and \$2,136,200 for the SIU Administration.

Competitive salaries for faculty and staff remain a high priority of the University; new funds in the amount totaling three (3) percent of the current personal service base are being requested, including one (1) percent to recruit and retain critical faculty and staff. The University will provide an additional one (1) percent increase with institutional funds to bring the total salary increase request to five (5) percent. Fiscal Year 2009 salary increases will be granted on the basis of merit except where bargaining agreements specify otherwise.

The productivity of the University is also dependent upon effective and efficient maintenance of its support dollars. Funds will be

requested to accommodate cost increases in Medicare, general price increases, library materials, utilities, operation and maintenance of new space, and deferred maintenance.

Continued loss of purchasing power with respect to goods and services will eventually erode the quality of educational services provided. Funds are being requested which would cover anticipated increases projected in the general economy for FY 2009 based on vendors' estimates, analytical studies, and IBHE's request guidelines. The following support cost increases are recommended:

Social Security/Medicare	5.0%
General Price Items	3.0%
Library Materials	10.0%
Utilities	10.0%
O&M Costs	amounts varies by campus
Deferred Maintenance	amounts varies by campus

Refer to supporting documentation for a detail accounting of all recommended operating cost increases by campus.

#### Capital RAMP

With respect to capital projects for FY 2009, projects proposed for the campuses were developed recognizing the need to upgrade existing buildings, replace obsolete structures, repair structural and utility support systems, and make campus site improvements. In reformulating the campus requests into priority listings by categories, the following project priority considerations were recognized: (a) projects to prevent future potential disruption in routine operations; (b) projects to make remodeling and infrastructure improvements that maintain and protect the State's investment in educational facilities; (c) projects to provide equipment to complete state-funded facilities; (d) projects for which planning funds have previously been appropriated; (e) projects providing for accessibility for the handicapped and for rehabilitation, remodeling, and reassignment of existing facilities, with special consideration given when preservation of the facility is a factor; and (f) projects to address new facility needs for instructional, public service, and research program activities that meet University priorities and state needs.

The following have been prioritized into a University-wide list presented for the consideration and approval of the Board and for submission to the Illinois Board of Higher Education.

<b>Rank Order</b>	<b>Name of Project</b>	<b>Type of Request</b>	<b>Requested Amount</b>
1.	Science Laboratory Renovation and New Construction, SIUE	Construction	\$77,977,080

### Rationale for Adoption

This Board action item and its supporting documentation provide a comprehensive and systematic plan for the utilization of resources and initiation of programming for Fiscal Year 2009 and beyond. They represent the official documents by which the campuses communicate their priorities, plans, and resource needs to the President, the Board of Trustees, and the IBHE. The documents originate from planning processes

which identify directions in which the institutions are moving. The RAMP 2009 Planning, Operating, and Capital Budget Requests are designed to enhance the University's fulfillment of its missions and are required by the IBHE for communicating the University's planning and budget decisions and resource requirements for Fiscal Year 2009. One condition of this acceptance by the IBHE is its approval by the SIU Board of Trustees.

#### Considerations Against Adoption

None are known to exist.

#### Constituency Involvement

The University request was developed using the guidelines approved by the Board of Trustees. Various constituency groups from the campuses have been involved in the review and recommendation of these requests. This includes the Faculty Senate and Graduate Council at SIUC, the Executive Committee at the School of Medicine, and the Faculty Senate, Graduate Council, and University Planning and Budget Council at SIUE. In addition, all requests have been reviewed and approved by the campus Chancellors and received the concurrence of the President.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That, subject to the authority reserved to this Board to make such modifications, changes, or refinements herein as it deems appropriate in reviewing RAMP documents, the RAMP Planning, Operations, and Capital Documents for Fiscal Year 2009 for Southern Illinois University Carbondale (including the School of Medicine), Southern Illinois University Edwardsville, and Southern Illinois University Administration, be and are hereby approved as presented to the Board this date.

BE IT FURTHER RESOLVED, That the President shall take appropriate steps to accomplish filing of the materials approved therein with the Illinois Board of Higher Education in accordance with the policies of Southern Illinois University.

## APPROVAL OF FISCAL YEAR 2008 OPERATING AND CAPITAL BUDGETS

### Summary

This matter submits for approval the annual operating and capital budgets and related plans for Southern Illinois University for Fiscal Year 2008. The budget document includes all operating funds, both appropriated and nonappropriated, and provides information on contingency plans and capital budget information.

The Fiscal Year 2008 operating budget totals approximately \$748 million and the capital budget totals about \$172 million. The budget reflects the actions of the Governor and the Illinois General Assembly on the Fiscal Year 2008 state general funds budget.

Resources have been directed in support of the University's highest priorities, maintaining ongoing operations, and ensuring the long-term adequacy and integrity of institutional assets.

Of paramount importance in campus budget development is the allocation of additional funds to programs supported by the General Operating fund (tuition plus State appropriations). The campuses have projected the following increases in revenue and additional commitments in its General Operating fund.

#### SIUC (excl. Law and Medicine):

##### Projected Increases:

Available General Tuition	\$ 2.78 million
State Appropriations	<u>\$ 2.14 million</u>
Total	\$ 4.92 million (2.4% increase)

##### Desired New Commitments:

Salary & Wage Increases	\$ 5.62 million
Need based Scholarships	\$ 1.00 million
Presidential Scholarships	\$ 0.30 million
Enrollment Management	\$ 0.20 million
Community College Outreach	\$ 0.20 million
Masters Degree in Architecture	\$ 0.12 million
Misc.	<u>\$ 0.19 million</u>
Total	\$ 7.63 million (3.7% increase)

For SIUC, desired new commitments exceeded the projected increase in revenue by \$2.71 million (1.3% of the budget). Coupled with the need to cover prior year's shortfalls, SIUC reduced budgets 2.2 percent campus-wide to balance its budget.

SIUE (excl. Dental Medicine and Pharmacy):

## Projected increases:

Available General Tuition	\$ 2.74 million
State Appropriations	<u>\$ 1.17 million</u>
Total	\$ 3.91 million (3.3% increase)

## Desired New Commitments:

Salary & Wage Increases	\$ 2.69 million
Faculty/College Support	\$ 0.40 million
Library	\$ 0.14 million
Benefits Costs	\$ 0.17 million
Inflation Adjustments	\$ 0.20 million
Grad School Stipends	\$ 0.13 million
Reduction in Admin. Costs	-\$ 0.10 million
Misc.	<u>\$ 0.28 million</u>
Total	\$ 3.91 million

For SIUE, desired new commitments were balanced against projected increases in revenue.

The attached table shows the history of July budgets for the campuses. Although the budgets are revised midyear as conditions change, the historical pattern of funding in the General Operating budget can be gauged by comparing the July budgets. It is seen that budget increases have often fallen short of inflationary increases in recent years.

Within the attached budget document:

Highest Priorities articulate clearly focused funding priorities by each campus in support of University priorities, the Illinois Commitment, and campus-specific long term strategic plans and include commitments from all fund groups. All amounts invested are new or internally reallocated funds.

Budget Tables provide totals for all current funds by line items and major fund groups (Table A). Supporting schedules provide detail budget revenues within each major fund group (Table B) and budget expenditures by major functional categories (Table C). Budget information is also presented separately for each major organizational decision center (Table D), as well as plans that have been made for fiscal contingencies (Table E).

Capital Tables. Table F provides summary information on regular capital projects and other capital expenditures planned for FY 2008. Also included is a long-term list of future capital projects. Table G provides capital projects for new building and additions accompanied by some artistic renderings. Table H shows campus investment into preserving existing facilities. The University has a fiduciary responsibility

to properly maintain its facilities and maximize their existing life. Hence, the University had established a guideline requiring the investment of two percent of the replacement value of plant on facilities improvement annually. Table I provides information on capital reserves the University had established in compliance with Legislative Audit Commission Guidelines, which acknowledged the need for universities to have long-range planning for large and/or extraordinary capital expenditures. The maximum threshold allowed within each capital reserve is shown on the table.

#### Rationale for Adoption

The annual budget is a critical management tool for planning, funding priorities, communicating direction, and monitoring revenue and expenditures. In April 2007, this Board approved budget and planning guidelines recommended by the President for the University. The budget and related plans were developed in accordance with the guidelines.

#### Considerations Against Adoption

None are known to exist.

#### Constituency Involvement

Development and implementation of the budgeting procedures involved constituencies and many individuals at all levels within the University.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That the Southern Illinois University FY 2008 Operating and Capital Budgets, as presented in the budget document and tables previously mailed to the Board, are hereby approved.

## SALARY INCREASE PLAN FOR FISCAL YEAR 2008

### Summary

This matter presents for Board approval a salary increase plan for Fiscal Year 2008. The plan sets forth general policies and parameters within which employee salary increases may be granted.

### Rationale for Adoption

Board policy requires the annual approval of a salary increase plan. This plan does not set forth specific salary recommendations for each employee, but rather establishes the general parameters for the distribution of salary increase funds. In addition, this plan does not address changes in salaries established through collective bargaining.

Adequate salaries for our faculty and staff continue to be a high priority for the University. Under this plan, Southern Illinois University Carbondale, Southern Illinois University Edwardsville, and the Office of the President may distribute an amount providing to eligible employees an average salary increase pool of 3 percent. Salary increases will be effective July 1, 2007. All increases will be implemented under guidelines and eligibility requirements issued by the President.

### Considerations Against Adoption

None are known to exist.

### Constituency Involvement

The plan is consistent with discussions the Chancellors have had with their constituencies.

### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, that the President is hereby authorized to grant an amount providing an average salary increase pool of 3 percent to faculty, administrative and professional staff, and civil service employees who are not represented by a recognized bargaining agent. Salary increases will be effective July 1, 2007.

BE IT FURTHER RESOLVED, That the President of Southern Illinois University be and is hereby authorized to issue guidelines and eligibility requirements for Fiscal Year 2008 salary increases for employees who are not represented by a recognized bargaining agent.

BE IT FURTHER RESOLVED, That the President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

REVISION TO RESIDENCY STATUS POLICIES  
[AMENDMENT TO 3 POLICIES OF THE BOARD A-1]

Summary

Approval is sought to revise the residency status policies of the Board of Trustees.

The current residency status policy limits the options of the President and the Chancellors from considering special situations and/or special populations where categories of persons otherwise classified as nonresidents under current regulations would be prohibited from receiving in-state tuition rates.

As one example of how this more liberal interpretation of “in-state” student might be used, since the 1960s, Illinois has suffered a growing imbalance of in- and out-migration among college-bound youth. Today, Illinois is only one of six states with net out-migration rates for college students. The problem with the best and brightest of Illinois youth leaving the state to attend a college or university is that only about 50% return.

In recent years SIU has been losing students to Kentucky, Missouri and Indiana institutions of higher education because of either their lower tuition and fee rates or their more liberal rules that allow them to waive out-of-state tuition. If one or both of our campuses were to consider countering the effects of these institutions by offering in-state tuition to students living in the contiguous counties of Kentucky, Missouri and Indiana, or perhaps offering in-state tuition to students who are residents of states other than Illinois who have achieved an ACT score of 24 or above, the University would be in a position to counter some of Illinois’s out-migration of college students.

Clearly, student out-migration has inherent economic liabilities associated with the loss of educated citizenry. The future of the State depends upon building and retaining an educated citizenry to sustain the economy and provide leadership for its government and institutions.

### Rationale for Adoption

The option of allowing broader definition of "the State" in charging in-state tuition rates will permit the Chancellors to better manage their respective campuses and to improve the recruitment of students who might not otherwise attend an Illinois college or university.

### Considerations Against Adoption

University officers are award of none.

### Constituency Involvement

Not pertinent in this matter.

### Resolution

BE IT RESOLVED, by the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) 3 Policies of the Board A-1 be revised as follows:

#### A. Residency Status Policies

1. The following regulations govern the determination of residency status for admission and assessment of student tuition. For the purpose of these regulations an "adult" is considered to be a student 18 years of age or over; a "minor" student is a student under 18 years of age. The term "the State" means the State of Illinois except in the following instances: 1) for the purposes of assessing graduate-level student tuition, the Chancellors, with the agreement of the President, may take the term "the State" to include the Kentucky Counties of Ballard, Caldwell, Calloway, Carlisle, Crittenden, Fulton, Graves, Hickman, Livingston, Lyon, McCracken, Marshall, Trigg, and Union; 2) for purposes of assessing graduate-level student tuition for not more than 6 semester- or 9 quarter-hours, the Chancellors, with the agreement of the President, may take the term "the State" to include the State of Missouri. Neither exception may apply to the assessment of tuition at the School of Dental Medicine, the School of Law, or the School of Medicine. Upon recommendation by the President and approval by the Board, the Chancellors of Southern Illinois University Carbondale and Southern Illinois University Edwardsville may, in special situations, charge alternate tuition rates to categories of persons otherwise classified as nonresident students under this regulation. Except for those exceptions clearly indicated in these regulations, in all cases where records establish that the

person does not meet the requirements for resident status as defined in these regulations the non-resident status shall be assigned.

### APPROVAL OF PURCHASE: US FOOD SERVICE, SIUC

#### Summary

This matter would grant approval for a ten-year contract for the purchase of food products for use in University Housing Residence Hall Dining, and for paper products and non-food items in connection with food preparation and service. It is anticipated that the University will buy approximately \$3,000,000 worth of food, paper products, and non-food items during each year of the Agreement. The purchases will be funded with residence hall board charges.

#### Rationale for Adoption

University Housing Residence Hall Dining prepares and provides food for University Housing residents each day. Under this agreement, the University would purchase canned, frozen, dry foods, meat, coffee, juice, spices, fresh products, cheese, and like items. This purchase also includes paper products and non-food items in support of the food preparation and service. All items will be purchased from US Food Service, which is an IPHEC bid contract.

The agreement begins with a three-year contract that is renewable with a subsequent series of two- and three-year extensions that could extend the contract to a total of ten years. The annual cost is approximately \$3,000,000 per year and will be funded with residence hall board charges. The actual cost is dependent on the amount of food consumed by University Housing residents. The total value of the ten-year agreement is approximately \$30,000,000.

#### Considerations Against Adoption

University officers are aware of none.

#### Constituency Involvement

This matter is recommended for adoption by the Vice Chancellor for Student Affairs, and Chancellor, SIUC.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The requisition for a 10-year contract to purchase food, paper products and non-food items from US Food Service is hereby approved at a cost of approximately \$30,000,000.

(2) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

Summary

This matter presents for approval the proposed agreement between the Board of Trustees of Southern Illinois University (Board) and The International Union of Operating Engineers, Local 399.

Rationale for Adoption

Negotiations for a subsequent collective bargaining between SIUC and Local 399 has produced a proposed successor collective bargaining agreement for the parties at Southern Illinois University School of Medicine. The proposed contract, embodying compromises by the Local 399 and SIU School of Medicine, reflects the best efforts of both parties. The interests of SIU School of Medicine and the Board are served by the ratification of the contract.

WHEREAS, in response to such allegations, Dr. Poshard voluntarily sought to have both documents reviewed in detail by the Department of Educational Administration and Higher Education which was the graduate department that had previously awarded both degrees to Dr. Poshard in the late 1970s and mid 1980s. However, the Department declined to participate in such review.

WHEREAS, in September of 2007, the Chancellor of Southern Illinois University Carbondale, Dr. Fernando M. That the Board of Trustees hereby determines that the Faculty Review Committee has followed the sum and substance of the SIUC

plagiarism policy and done so in a thorough and credible manner and therefore the Board determines that this matter has been fully reviewed by a committee of competent and objective faculty and no further action is necessary, thereby concluding this matter.

Then a motion was made to close the meeting to the public for the purpose of considering pending, probable or imminent court proceedings against or on behalf of the Board, information regarding appointment, employment, compensation, discipline, performance or dismissal of employees or officers, and collective bargaining matters. No action was requested or taken.

The Chair reported that, after the executive session, Trustee Goldman hosted members of the Board at the Hunan Village in Carbondale. The gathering was social in nature.

The Chair also reported that, pursuant to notice, at 7:30 a.m. at the Stone Center on the SIU Carbondale campus, members of the Board had breakfast with Lincoln Academy Student Laureate Krystal Stine. The gathering was social in nature.

Under Trustee Reports, Mr. Tedrick provided reports for several events in which he participated. He reported that following the Board meeting on September 20 most Board members were able to attend SIU Edwardsville's Evergreen Hall dedication. Approximately 200 people were present, along with President Poshard, Chancellor Vandegrift, and local legislators. Tours of the facility were given following the ceremony.

On September 24, the Chair reported that he, along with Trustees Hightower and Williams, attended SIU Edwardsville's 50th Anniversary Founders Day Convocation in the Vadalabene Center with approximately 1,000 people in attendance. Chancellor Emeritus David Werner delivered the keynote address and former President Kenneth Shaw and former Chancellor Nancy Belck attended. The program concluded with an outdoor lunch on the quadrangle.

The Chair reported that he attended the SIU Foundation Fall 2007 Board meetings held at the Carbondale campus on October 4 and 5. Mrs. Pamela Pfeffer was acknowledged as the new Board President and Mr. Larry DeJarnett was recognized for two years of service in that office. The Chair noted that the Foundation Board endorsed the acquisition of a new alumni/development information system. He further noted that the Foundation Board completed an evaluation of CEO McCurry and expressed its satisfaction with and support of his leadership.

The Chair reported that on October 16 he and his wife attended an SIUC Foundation campaign reception at Shedd Aquarium in

Chicago. He noted that another campaign-related dinner event was held in October at the Signature Room in the Hancock Building in Chicago. Both events attracted over 100 Southern Illinois University alumni and donors.

Trustee Goldman reported that on October 1 the Illinois Board of Higher Education (IBHE) met on the Carbondale campus, and a dinner was hosted for the Board and others at the Stone Center. He noted that several university and community college presidents were in attendance, and an award was given to Lucy Sloan for her work with the IBHE.

Trustee Goldman reported that on October 5 he attended the grand opening of the new Wall and Grand 400-bed apartment complex at SIU Carbondale. Dr. Goldman remarked on how the east side of the campus had been transformed with the addition of the new apartment complex, Health Service, Student Recreation Center addition, and softball complex.

Trustee Goldman reported that on October 21 he attended the Saluki Scholars banquet at SIU Carbondale which honored the achievements of outstanding student athletes. He noted the exemplary academic work of the student athletes and referenced an article in the day's *Southern Illinoisan* praising the athletes' academic accomplishments.

Trustee Sanders reported that on October 4 he attended a meeting of the combined Boards of the Foundation and the Alumni Association at SIU Carbondale at which time the matter of implementing a new data system was debated. He remarked that the debate did not result in a clear conclusion as to how much each organization should pay for the

new system; however, it did result in commitments on the parts of both organizations to find a way to implement the new system.

Trustee Sanders congratulated Trustee Hightower for having received the Trails West Council of the Boy Scouts of America Distinguished Citizen of the Year award in October.

Under Committee Reports, Mr. Tedrick, Chair of the Executive Committee, reported that with the exception of the morning's meeting, the Committee had not met since the last Board meeting.

Under Executive Officer Reports, President Poshard made his report to the Board. The President briefed the Board on recent governmental relations activities. He reported that during the week the United States House of Representatives successfully passed the conference committee report to the annual appropriation bill for the Departments of Labor, Health and Human Services, and Education and related agencies. The President noted that it was expected that Senate action on the bill would occur the following week and that the measure would be the first Fiscal Year 2008 spending bill for the fiscal year that began October 1. The President further noted the bill included an additional \$125 increase in the maximum Pell Grant award. The increase would be in addition to the mandatory \$490 increase included in the College Cost Reduction and Access Act signed by President Bush a few weeks prior. Dr. Poshard remarked that Pell awards represent approximately \$24 million in federal student aid for Southern Illinois University students. He also mentioned that the bill included a \$1.1 billion increase in medical research at the

National Institutes of Health and a \$240,000 grant to the SIU Carbondale Autism and Spectrum Disorders Center.

President Poshard reported that at the state level the Fiscal Year 2008 operating budget for SIU and all other state agencies was settled. He provided highlights for public universities which included a 1.9 percent increase for operations and full funding for employee pensions. The two items represented a \$110 million increase in operations and pension funding over Fiscal Year 2007 levels for public higher education.

The President reported that on Monday of the same week he met in Edwardsville with Chancellors Vandegrift and Treviño and representatives of the Illinois Board of Higher Education to present the University's Fiscal Year 2009 state funding requests. He reported the meeting was positive, and both chancellors presented strong performance initiatives in the areas of the Science, Technology, Engineering, and Mathematics teacher preparation and baccalaureate completion programs. The President added that he and the chancellors intended to seek priority funds to recruit and retain outstanding faculty in high-priority areas and to continue moving faculty salaries toward national peer institution targets in addition to continuing to push for specific programmatic-based operating funds associated with next year's opening of the SimmonsCooper Cancer Institute and the full fourth-year implementation of the School of Pharmacy.

The President reviewed proposed capital funding from the Senate's version of the most recent capital bill which included nearly

\$150 million in new capital funding for Southern Illinois University including the new science building at SIU Edwardsville, the new Transportation Education Center at SIU Carbondale, the library completion project at SIU Carbondale, and a new medical building in Springfield. He noted that discussions were taking place in the House of Representatives with a proposal due the following week.

Dr. Vaughn Vandegrift, Chancellor, SIU Edwardsville, made his report to the Board. The Chancellor reported that in September, SIU Edwardsville kicked off its 50th anniversary celebration with Founders Day events on the campus with Chancellor Emeritus David Werner serving as speaker. The School of Dental Medicine in Alton followed with a celebration the next day, and the East St. Louis Center held a parade through the city and a ceremony at the Center where Poet and SIU Edwardsville Professor Emeritus Eugene B. Redmond presented a commemorative poem. On each of the three occasions, proclamations were read by the respective mayors of the communities.

Chancellor Vandegrift reported that SIU Edwardsville was selected as a recipient of the Greater St. Louis Top 50 Award. The program recognizes companies that make a significant impact on the St. Louis region, and an awards dinner would be held in St. Louis on December 17.

Chancellor Vandegrift noted that Professor of Nursing Louise Flick was the recent recipient of the largest single research award in SIU Edwardsville history of \$4 million from the National Institutes of

Health for the National Children's Study. She will partner with Saint Louis University School of Public Health, Saint Louis University School of Medicine, SIU School of Medicine, and Washington University for the study. The Chancellor further noted that Associate Professor Prince Wells of the Music Department had been awarded the George Smith Diversity Award by the Musicians' Association of St. Louis.

Chancellor Vandegrift reported that Lt. Governor Pat Quinn came to campus a few weeks earlier to honor four employees who had saved the life of a student in class who suffered cardiac arrest earlier in the month. Lt. Governor Quinn bestowed the Illinois Heartsaver Hero Award to John Smith, assistant professor of kinesiology and health education; Christopher Kahn, a student who assisted; Darleen Harmon, Campus Recreation coordinator; and Dave Cluphf, associate professor of kinesiology and health education.

The Chancellor reported that the Environmental Sciences Program participated in an October 28 episode of ABC's Extreme Makeover Home Edition involving a green roof facility. He added that Associate Professor and Chair of Biological Sciences Bill Retzlaff had become an expert in the area.

Chancellor Vandegrift reported that he had delivered an annual address to the campus on October 17 highlighting a number of accomplishments to the University entitled "Acting Now for the Next 50 Years" and identified immediate and long-term priorities, including quality recruitment and retention of students, construction and renovation of the

Science Building, preparing for an increasingly residential campus, enhancement and support of quality programming, capital campaign, shared governance/partnerships, economic development, faculty and staff salary equity, and full funding for the School of Pharmacy and the National Corn-to-Ethanol Research Center.

The Chancellor noted that it was the second year of SIUeDay where in one day the community-based fundraising effort received gifts and pledges totaling \$124,000. He further noted that the Ed-Glen Chamber of Commerce adopted SIUeDay as one of its annual events.

Chancellor Vandegrift provided an update on the transition to Division I athletics. He reported that a transition orientation was held on the prior day involving the NCAA. He noted that a consulting group had been selected to assist in the transition, and the Transition Reclassification Workgroup was meeting regularly.

The Chancellor reported that on November 1, Executive Director of the Illinois Capital Development Board Jan Grimes was on campus in the Science Building representing Governor Blagojevich regarding the need for the building and in support of the Capital Bill.

Dr. Fernando Treviño, Chancellor, SIU Carbondale, made his report to the Board. The Chancellor announced that five students from the College of Mass Communication and Media Arts had won five Emmy awards at the prior month's National Academy of Television Arts and Sciences meeting in St. Louis. Dr. Treviño reported that the 28-member Forestry Club won eight first-place finishes at the Midwest Foresters Conclave held

during the prior month in Madrid, Iowa. He also recognized the debate team who won top honors during the prior month winning the Creighton Open Invitation Debate Tournament beating out more than 40 other teams.

Chancellor Treviño reported that Professor John Crelling recently received the Reinhardt Thiessen Medal from the International Committee for Coals and Organic Petrology which is a top honor in the worldwide study of fossil fuels. The Chancellor recognized Camelle Logan for donating \$25,000 to establish the Camelle Wilson Logan and Sonia Veronica Phelix Rowell Scholarship Endowment to benefit students in the School of Information Systems and Applied Technologies. The Chancellor also recognized Student Development Coordinator Mythili Rundblad who was appointed by the Governor to a 25-member nonpartisan board which coordinates the Illinois Promise program.

Chancellor Treviño reported that three students from the Outdoor Adventure Program in Recreational Sports and Services rescued two O'Fallon Boy Scouts who were stranded on a rock formation in the Shawnee National Forest. The Chancellor also noted that faculty had attracted more than \$21 million in new grant funds.

For the application for appeal from Robert B. Ware, professor at SIU Edwardsville, Vice President Haller spoke to the agenda item. Dr. Haller noted that President Poshard had designated him the authority to review on the President's behalf the application for appeal filed by Professor Ware and to provide a recommendation to the Board of Trustees.

Dr. Haller reported that Professor Ware's application for appeal involved a grievance filed against members of the Faculty Senate Committee at SIUE. Professor Ware complained that a committee of his peers violated his due process rights and academic freedom of choosing not to include him as a participant in a voluntary subgroup that was to make recommendations to the committee. A faculty grievance panel conducted multiple hearings over the course of more than three months. The panel unanimously concluded that the actions of the committee did not violate Professor Ware's academic freedom, did not violate any due process rights, did not cause him any harm, and did not violate any policy of SIU Edwardsville. Dr. Haller stated that a University decision adopting the recommendations and conclusions of the faculty grievance panel was rendered by Provost Paul Ferguson. Dr. Haller further stated that VI Bylaws of the Southern Illinois University Board of Trustees 2-A read as follows:

It is the policy of the Board of Trustees to review only those administrative decisions resulting in grievances which do not involve questions of expert academic judgment or discretionary managerial judgment but which do involve important policy issues, or which raise serious questions regarding the integrity of the decision-making process.

Dr. Haller recommended refusal of the application of appeal because Professor Ware failed to raise any valid policy issues and failed to show any flaws to the integrity of the decision-making process. He noted that it was apparent from the documents submitted in the application for

appeal that Professor Ware's review received a fair hearing under the faculty grievance policies of SIU Edwardsville.

Dr. Haller read the definition of a grievance for the purposes of appeal to the Board of Trustees as explained by VI Bylaws of the Southern Illinois University Board of Trustees 2-A as follows:

A grievance, for the purposes of this policy, is defined as a formalized disagreement between a faculty or staff member and a University officer or officers regarding a decision of such officer(s) which affects the faculty member or staff member individually.

Dr. Haller continued that Professor Ware's appeal lacked merit and the underlying grievance failed by definition to be subject to the appeal of the Board of Trustees, that Professor Ware had been afforded his opportunity to present his allegations at the appropriate (academic) level, and Dr. Haller recommended that the Board of Trustees not take further action.

Chair Tedrick stated that the meeting was the first meeting held ten days following the recommendation that the application for appeal be denied. He noted that if no motion to grant the application for appeal was approved, the Bylaws of the Board of Trustees provided that the application for appeal would be deemed denied and the action which was the subject of the grievance would stand. The Chair asked if the Board wished to take action on the appeal. No motion was made and, thus, no action was taken. The Chair stated the application for appeal was denied.

The Chair explained the procedures for the public comment and question portion of the Board's agenda.

The Secretary called on Mr. Jon Dyer.

Mr. Dyer made his presentation to the Board. He stated that he was a student at Carbondale. Mr. Dyer reported to the Board that during the prior weekend he and 11 other SIU Carbondale students took part in a historic event outside of Washington, D.C., in College Park, Maryland, with nearly 6,000 young people for the first youth summit on climate change. He noted the conference culminated in a day of action where thousands of participants lobbied their representatives demanding a national policy shift away from dirty carbon-intensive energy sources and a move toward clean renewable energy sources like wind and solar.

Mr. Dyer noted positive initiatives at SIU Carbondale to include the small solar voltaic array near the tennis courts, the proposal for the wind turbine on the farms, and energy efficiency and conservation projects that had been implemented through Plant and Service Operations.

Mr. Dyer stated a negative blemish at SIU Carbondale was power generation from coal which was the largest single contributor to global warming. He noted that Illinois was the fifth largest emitter of CO<sub>2</sub> in the nation. Mr. Dyer asked that the University become a leader in increasing research into wind and solar so that a new green energy economy could flourish. He encouraged the Board to come out against the current coal plant proposal that was under consideration.

The Chair explained the procedure for the Board's omnibus motion and he proposed that, after discussion, there would be taken up the following matters:

REPORTS OF PURCHASE ORDERS AND CONTRACTS,

APPROVAL FOR REVISED EASEMENT:  
CHILLED WATER AND COMMUNICATION PIPING FROM THE CITY OF  
SPRINGFIELD FOR THE SIMMONSCOOPER CANCER INSTITUTE AT SIU.  
SPRINGFIELD MEDICAL CAMPUS, SIUC

Summary

Approval is requested for a permanent Right of Way (ROW) easement from the City of Springfield, Illinois (City) for previously installed chilled water and communication piping across property owned by the City of Springfield to service the SimmonsCooper Cancer Institute at SIU. The permanent ROW easement is attached as well as a map of the pathway shown as Exhibit A. The cost to obtain the permanent ROW easement is \$1.00. Funding for this purchase will come from non-appropriated funds available to the School of Medicine derived from the practice of medicine.

Rationale for Adoption

In February 2000, the Board of Trustees approved the construction of a cancer institute on the Springfield Medical Campus. The engineers on the project had determined that considerable savings could result from the use of surplus cooling capacity available in other University-owned facilities on the Springfield Medical Campus to provide cooling for the SimmonsCooper Cancer Institute at SIU. Also, the communications piping allowed the cancer institute to have direct access to campus phone and data services.

The City gave the University a permanent construction easement to run the chilled water and communication piping under Miller Street and that was approved by the Board of Trustees at their July 13, 2006 meeting. The legal description of the pathway for the chilled water and communication piping in this approved permanent construction agreement was proven to be incorrect due to unknown buried obstructions. These obstructions required a modification to the pathway described in the initial agreement. Approval is requested for a revised permanent ROW easement with the City of Springfield that reflects the actual pathway of the installed chilled water and communication piping across City owned property.

The legal description was prepared by Hanson Professional Services. University Officials have reviewed the descriptions.

Considerations Against Adoption

University officers are aware of none.

Constituency Involvement

Not pertinent in this matter.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The request to obtain a permanent easement from the City of Springfield, Illinois, for chilled water and communication piping across property owned by the City to serve the SimmonsCooper Cancer Institute at SIU at a cost of \$1.00, be and is hereby approved.

(2) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

APPROVAL FOR REVISED EASEMENT:

CHILLED WATER AND COMMUNICATION PIPING FROM THE MEMORIAL  
HEALTH SYSTEM FOR THE SIMMONSCOOPER CANCER INSTITUTE AT SIU.  
SPRINGFIELD MEDICAL CAMPUS, SIUC

Summary

Approval is requested for a revised permanent Right of Way (ROW) easement from Memorial Health System, Springfield, Illinois, for previously installed chilled water and communication piping across property owned by Memorial Medical Center, to service the SimmonsCooper Cancer Institute at SIU. The permanent ROW easement is attached as well as a map of the pathway shown as Exhibit A. The cost to obtain the permanent ROW easement is \$1.00. Funding for this purchase will come from non-appropriated funds available to the School of Medicine derived from the practice of medicine.

Rationale for Adoption

In February 2000, the Board of Trustees approved the construction of a cancer institute on the Springfield Medical Campus. Also, the communications piping allowed the cancer institute to have direct access to campus phone and data services.

Memorial Medical Center has already given the University a permanent easement to run the chilled water and communication piping across their property and that was approved by the Board of Trustees at their June 8, 2006 meeting.

The legal description of the pathway for the chilled water and communication piping in this approved agreement was proven to be incorrect due to unknown buried obstructions. These obstructions required a modification to the pathway described in the initial agreement, thereby resulting in a need to submit a revised easement request. Memorial Medical Center has also requested the new revised ROW easement be issued in the name of their parent organization, Memorial Health System (MHS). Approval is requested for a revised permanent ROW easement with MHS that reflects the actual pathway of the installed chilled water and communication piping across MHS owned property.

The legal description was prepared by Hanson Professional Services. University Officials have reviewed the descriptions.

AWARD OF CONTRACTS:  
RENOVATION OF THE LOWER LEVEL, 751 N. RUTLEDGE STREET,  
SPRINGFIELD MEDICAL CAMPUS, SIUC

Summary

This matter awards the contracts for renovations to provide a Reproductive Endocrinology (RE) Clinic and Laboratory in 751 N. Rutledge Street, Springfield, Illinois. The low bids total \$1,228,094. Funding for this project will come from revenue derived from the practice of medicine and from funds held in the Medical Facilities System Repair and Replacement Reserve.

Rationale for Adoption

At the September 20, 2007, meeting, the Board of Trustees approved a revised project budget and scope for renovations to create a Reproductive Endocrinology Clinic and Laboratory suite to be housed in the lower level of the SIU Clinics Building. Original project and budget approval was received from the Board of Trustees at the July 13, 2006, meeting.

The embryology laboratory and adjacent rooms will accommodate a state-of-the-art Reproductive Endocrinology facility for two faculty, support staff, and patients. The area required "clean room quality" air to improve the success rate of procedures done in the clinic. In order to meet these standards, design changes were incorporated in the planned filtration of the air (increased use of High Efficiency Particulate Air [HEPA] filters) and operation of the air-handling unit. Additional changes were made in the design to accommodate the effectiveness of the procedures, including lighting and its installation, room finishes which allow for complete and efficient sterilization of the space, specific equipment location for better process flow through the lab and specialized hoods to prevent cross contamination to improve the quality of the space and bring the space in compliance with the highest RE clinical practice standards.

These enhancements, which are included in the scope of the work, achieve a code compliant and state-of-the-art RE facility and will facilitate successful outcomes required by the current faculty.

Favorable bids have been received in the amount of \$1,228,094 and award of contracts is requested. The total cost for this project including A/E fees, contingency, reimbursable expenditures and other expenses is estimated at \$1,576,403.

Considerations Against Adoption

University officers are aware of none.

Constituency Involvement

Not pertinent in this matter.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The contract for general work for the Reproductive Endocrinology Clinic and Laboratory at 751 N. Rutledge Street, Springfield, Illinois, be and is hereby awarded to United Constructors, Springfield, Illinois, in the amount of \$428,000.

(2) The contract for ventilation work for the Reproductive Endocrinology Clinic and Laboratory at 751 N. Rutledge Street, Springfield, Illinois, be and is hereby awarded to R.J. Powers, Springfield, Illinois, in the amount of \$189,853.

(3) The contract for heating, plumbing, and sprinkler work for the Reproductive Endocrinology Clinic and Laboratory at 751 N. Rutledge Street, Springfield, Illinois, be and is hereby awarded to Petersburg Plumbing & Heating, Petersburg, Illinois, in the amount of \$280,656.

(4) The contract for electrical work for the Reproductive Endocrinology Clinic and Laboratory at 751 N. Rutledge Street, Springfield, Illinois, be and is hereby awarded to Progressive Electric, Springfield, Illinois, in the amount of \$237,785.

(5) The contract for temperature control work for the Reproductive Endocrinology Clinic and Laboratory at 751 N. Rutledge Street, Springfield, Illinois, be and is hereby awarded to Johnson Controls, Springfield, Illinois, in the amount of \$91,800.

(6) Funding for this project will come from revenue derived from the practice of medicine and from funds held in the Medical Facilities System Repair and Replacement Reserve.

(7) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

BUDGET APPROVAL AND AUTHORIZATION  
FOR DETAILED PLANNING:  
FOOTBALL STADIUM CONSTRUCTION, SIU ARENA RENOVATION AND  
ADDITION, AND THE RELOCATION OF THE UNIVERSITY TENNIS COURTS  
AND THE RECREATIONAL SPORTS LIGHTED PLAYFIELDS  
CARBONDALE CAMPUS, SIUC

Summary

This matter seeks approval for developing the detailed design and plans for phased construction of the Football Stadium, renovation and expansion of the SIU Arena, and relocation of the University Tennis Courts and the Recreational Sports Lighted Playfields.

The project budget will be established at \$83,000,000. The project budget will be funded from external and/or internal financing as determined by the Board Treasurer. The debt payment will be repaid with SIUC Student Intercollegiate Athletic fees, funds received from the City of Carbondale, revenues generated by Saluki Athletics, and private donations.

Rationale for Adoption

McAndrew Stadium, originally constructed circa 1939, is in desperate need of replacement. Replacement of the east side bleachers and renovations to the concessions and restroom areas occurred in 1975, the track was replaced in 2001 and the turf was replaced in 2002.

The proposed new "U" shaped stadium will consist of tiered seating on the east, west and south sides with a corresponding lower concourse level. The main entry will be located on the southwest corner with the scoreboard on the north end. Ample concessions, restrooms and storage areas will be dispersed throughout the concourse. The west side, above the seating areas, will house media, coaches' suites, a club area and viewing suites.

The location of the Football Stadium has been identified in plans for Saluki Way which acts as an eastern edge of the campus. The construction of the Football Stadium will comply with the Campus Design Guidelines and the 2006 Campus Master Plan. This project also includes the relocation of the University Tennis Courts and the Recreational Sports Lighted Playfields.

The SIU Arena was opened in 1964. The latest renovations were completed in 1996 with the replacement of the basketball floor. The current renovation project includes new seating throughout the lower and upper areas, improved accessibility and entrances to meet the Americans with Disabilities Act requirements, middle handrails at all aisles, improved

concessions, additional restrooms and fan amenities on the upper level, a new scoreboard, and other aesthetic and functional improvements. A new two level addition will be constructed on the northeast side of the Arena. The addition will include a main entrance, expanded team facilities, an auditorium, mechanical areas, and office space.

The SIU Board of Trustees, at the March 9, 2006, meeting, approved the integration of the Saluki Way plan into the 2001 Land Use Plan and the renaming of this revised plan to the 2006 Campus Master Plan for the Carbondale campus. The SIU Board of Trustees, at its September 14, 2006, meeting, approved the development of schematic plans and cost estimates for the design and construction of the Football Stadium and renovation and expansion of the SIU Arena.

***Southern at 150: Building Excellence Through Commitment*** states that "Athletics can enhance the University image and is an essential component of campus life, providing a sense of school pride, spirit and traditions." The athletics program's mission statement calls for our athletics programs to facilitate the academic and personal growth of the student-athletes, and be successful in competition while achieving regional and national recognition.

#### Considerations Against Adoption

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The budget for the design and construction of the Football Stadium, the renovation and addition of the SIU Arena and the relocation of the University Tennis Courts and the Recreational Sports Lighted Playfields, Carbondale, Illinois, be and is hereby approved at an estimated cost of \$83,000,000.

(2) A plan for phased construction shall be developed which corresponds with available revenue sources and matches fundraising achievements. The plan shall be approved by the President and Board Treasurer and subsequently submitted for Board approval before implementation.

(3) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

PROJECT AND BUDGET APPROVAL:  
EARLY CHILDHOOD CENTER EXPANSION, SIUE

Summary

This matter seeks project and budget approval for the expansion and renovation of the Early Childhood Center, SIUE. The cost of the project is \$2,000,000 and will be funded from an internal loan to be re-paid from Early Childhood Center user fees and University Operating funds.

This matter also requests that the project and its proposed funding source be submitted to the Illinois Board of Higher Education for its review and approval as a non-instructional capital improvement.

Rationale for Adoption

In March 2007, the SIU Board of Trustees approved planning for the Early Childhood Center Expansion and Renovation project, SIUE. Plans were to increase capacity, provide observation and seminar areas for Early Childhood Education students, and add a large storm shelter in the basement.

The SIUE Early Childhood Center has a capacity of 54 children and a waiting list of more than 130. The lack of available quality child care has become a recruitment and retention issue for young faculty members who need these services. Additionally, the configuration of the Center does not facilitate learning by students in the SIUE Early Childhood Education Program. Finally, this project will include a room to hold all the children in the event of storm warnings. The renovation and expansion is expected to increase capacity by 34 children.

The estimated cost of the project is \$2,000,000 and will be funded from an internal loan to be re-paid from Early Childhood Center user fees and University Operating funds. A financing plan shall be submitted to and approved by the Board Treasurer before bids are solicited for the project. The Board of Trustees' consulting architect will be given the opportunity to review the drawings and specifications for this project prior to bidding.

The nature of this project and its source of funds cause it to be defined as a non-instructional capital improvement. Therefore, approval

of the Illinois Board of Higher Education will be required prior to the commitment of funds. It is anticipated that the IBHE would consider the matter at its January 2008 meeting.

#### Considerations Against Adoption

University officials are aware of none.

#### Constituency Involvement

This matter is recommended for adoption by the Chancellor, the Vice Chancellor for Student Affairs, and the Vice Chancellor for Administration.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The capital project, Early Childhood Center Expansion and Renovation, SIUE, be and is hereby approved at an estimated cost of \$2,000,000.

(2) The project shall be funded from an internal loan to be repaid from Early Childhood Center User Fees and University Operating funds.

(3) This project be and is hereby recommended to the Illinois Board of Higher Education as a non-instructional capital improvement.

(4) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

#### PROJECT AND BUDGET APPROVAL: WRESTLING AND VOLLEYBALL CENTER, SIUE

#### Summary

This matter seeks project and budget approval to construct a Wrestling and Volleyball Center, SIUE. The cost of the project is \$10,000,000 and will be funded from donated funds and University Operating funds.

### Rationale for Adoption

In October 2006, the SIU Board of Trustees approved planning for a Wrestling and Volleyball Center at SIUE. Plans were to construct a new building for intercollegiate wrestling and volleyball and community-based youth wrestling programs, to be located along Stadium Drive on the Edwardsville campus. The program for this building is intended to meet the standards to serve as a Midwest Olympics Wrestling Training Center.

The estimated cost of the project is \$10,000,000 and will be funded from donated funds and University Operating funds. The Chancellor shall review fundraising plans and progress with the President and seek his approval before bids are solicited for the project. The Board of Trustees' consulting architect will be given the opportunity to review the drawings and specifications for this project prior to bidding.

Bids are anticipated in late January and the Wrestling and Volleyball Center will be completed in time for a tournament event in March 2009.

### Considerations Against Adoption

University officials are aware of none.

### Constituency Involvement

This item is recommended for adoption by the Chancellor, the Vice Chancellor for Administration, and the Interim Vice Chancellor for University Relations, SIUE.

APPROVAL TO PURCHASE EQUIPMENT:  
VADALABENE CENTER REPAIR AND IMPROVEMENTS, SIUE

Summary

This matter would grant approval to purchase certain critical components in connection with the repairs and improvements to the Vadalabene Center gymnasium, SIUE.

Rationale for Adoption

In September 2007, the SIU Board of Trustees approved the project and budget for the Vadalabene Center Repair and Improvements project, SIUE. This project will replace the existing bleacher system and renovate some of the interior support space. The estimated cost of the project is \$6,000,000 and will be funded from the Facilities Maintenance Fee revenues. This approval is requested in order to expedite future action on the project by pre-ordering the bleacher system and the flooring system at an amount not-to-exceed \$2,000,000 in order for the gymnasium renovation to be complete between May 2008 Commencement and October 2008 basketball season practice.

Considerations Against Adoption

University officers are aware of none.

Constituency Involvement

This matter is recommended for adoption by the Chancellor, the Provost and Vice Chancellor for Academic Affairs, and the Vice Chancellor for Administration.

RESOLUTION

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The approval to purchase a bleacher system and a flooring system in connection with the capital project Vadalabene Center Repair and Improvements, SIUE, is hereby approved at a not-to-exceed amount of \$2,000,000.

(2) The President of Southern Illinois University is hereby authorized to take whatever action may be required in execution of this resolution in accordance with established policies and procedures.

REVISION TO EXECUTIVE COMMITTEE AND FINANCE COMMITTEE BYLAWS  
AND ADDITION OF AUDIT COMMITTEE BYLAWS  
[AMENDMENTS TO III BYLAWS OF THE BOARD 1, 3 and 6]

Summary

This matter seeks approval by the SIU Board of Trustees of amendments to Article III of the Bylaws of the Board of Trustees. Specifically, Section related to the Executive Committee and Finance Committee would be amended and a new Section 6 which creates an Audit Committee would be added.

These amendments are being proposed to update the current SIU Board of Trustees structure. Combining the functions of a finance committee and an audit committee is contrary to the general expert advice, particularly for large institutions and boards. This practice is also inconsistent with the increased attention being paid to boards' financial oversight responsibilities. Moreover, the functions of a Finance Committee are distinct from those of an Audit Committee and, although similar, actually require its members to have different knowledge and skill sets. Finally, the Audit Committee will be responsible for development and oversight of policies related to conflict of interest for both the Board and the President and other senior staff positions and the University generally.

Rationale for Adoption

The Bylaws should be updated to comply with changing requirements on Boards and to permit greater oversight by the Board.

Considerations Against Adoption

None are known to exist.

Constituency Involvement

No constituency involvement occurred.

ADDITION TO FACULTY AND STAFF SERVICES  
[ADDITION OF 2 POLICIES OF THE BOARD J]

Summary

The proposed Southern Illinois University Student Loan Code of Conduct establishes a Code of Conduct for University related financial aid/loan activities and is applicable to the Southern Illinois University Board of Trustees, its staff, the President, Chancellors and their respective direct reports and staffs. In addition, the proposed Code of Conduct is applicable to University Financial Aid Directors, their supervisors and employees of the offices of financial aid. The provisions of the Code related to contracting are also applicable to University affiliates and University related organizations.

The proposed Code of Conduct prohibits certain activities (Revenue Sharing, certain gifts and trips and service on boards, advisory or otherwise, which do business with the University).

Rationale for Adoption

The proposed policy reads as follows:

1. Revenue Sharing Prohibition

Southern Illinois University ("SIU" or "University") and any of its affiliates or University related organizations shall not accept or receive anything of value from any entity (other than an institution of higher education or a governmental entity such as the U.S. Department of Education) involved in the making, holding, consolidating or processing of any student loans<sup>1</sup> ("Lending Institution") in exchange for favorable consideration by the University, including, but not limited to, designation of the institution on its preferred or approved lender list. Designation on the University's lender list, preferred or otherwise, shall be the result of compliance with the University's established and published guidelines.

---

<sup>1</sup> This entity definition mirrors that of the National Association of Student Financial Aid Administrators' statement of Ethical Principles and Code of Conduct.

## 2. Gift and Trip Prohibition

University employees with responsibilities involving student financial aid, including administrative/executive officials with decision-making authority over financial aid operations, are prohibited from receiving gifts and/or trips of more than nominal value from any Lending Institution. This prohibition includes, but is not limited to, members of the Board of Trustees, the President and members of the President's staff, each Chancellor and members of the Chancellors' staff, the Financial Aid Directors, their supervisors and employees of the Office of Financial Aid.

## 3. Advisory Board Membership

University employees with responsibilities involving student financial aid, including administrative/executive officials with decision-making authority or ultimate authority over financial aid operations, are prohibited from serving on an advisory board or a corporate board of any Lending Institution. This prohibition includes members of the Board of Trustees, the President and members of the President's staff, each Chancellor and members of the Chancellor's staff, the Financial Aid Directors, their supervisors and employees of the Office of Financial Aid.

## 4. Lender Guidelines

The University shall develop, publish and enforce lender guidelines which shall establish the criteria for inclusion or designation as a preferred or approved lender and the process by which financial institutions will be selected for student loan program participation. Nothing in the guidelines shall impair the right of the student to select the lender of their choice.

## 5. Lender Guidelines – Review and Publication

The University shall periodically review, and if deemed necessary, revise the guidelines and shall publish any changes made to the guidelines. The University shall also publish the material provisions of each lender program including what the lender's rates are, whether said lender sells its loans and other relevant information.

#### 6. Call - Center Prohibition

The University prohibits employees of Lending Institutions from serving as the representatives of the University. The University will train and monitor its employees in financial aid services in an effort to enhance the service provided to the students and their families, to ensure that the distribution of information is accurate and timely, and provided in an objective, independent manner.

#### 7. State Officials and Employees Ethics Act

Nothing in these policies shall limit or otherwise alter the obligation of University officials and employees to comply with the relevant provisions of the State Officials and Employees Ethics Act (5 ILCS 430/1 et seq.) ("Ethics Act").

#### 8. Sanctions

Any University employee who violates this Code of Conduct may be subject to discipline, up to and including discharge, by the appropriate authority within the University system.

The Board of Trustees may take action limiting the responsibility of any Member found to be in violation of this Code of Conduct or the Ethics Act.

### Considerations Against Adoption

SIU would be the only public university in the state to adopt a Student Loan Code of Conduct. The other universities are awaiting federal action.

- Prevents members of the Board, President, Chancellors and others from serving on Boards of lending institutions which make, hold, consolidate or process student loans.

### Considerations In Favor of Adoption

- The Illinois Attorney General is encouraging adoption of a Student Loan Conduct Code.
- The New York Attorney General has targeted a number of colleges and universities around the nation including SIU for investigation of certain of their student loan activities. The proposed code mitigates any investigation. The proposed code is stronger than the New York

code; for example the New York Code allows advisory board participation, but the SIU Code will not.

- Establishes clear prohibitions.
- SIU would have one of the strongest Codes of Conduct in the Midwest region.<sup>2</sup>
- Recently, the St. Louis Post Dispatch editorialized an opinion supporting University codes of conduct and agreements with state attorneys general.

### Constituency Involvement

The SIUC Financial Aid Office and SIUE Office of Student Financial Aid have both reviewed and concur with the recommendation.

### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, that 2 Policies of the Board be and are hereby implemented as follows:

The Board of Trustees may take action limiting the responsibility of any Member found to be in violation of this Code of Conduct or the Ethics Act.

BE IT FURTHER RESOLVED, that the President is authorized to take whatever actions are necessary to implement this policy, up to and including the execution of an agreement with the Illinois Attorney General in the form and substance as agreed by the Board.

ADDITION TO ADMINISTRATIVE AND FINANCIAL AFFAIRS POLICIES  
[ADDITION OF 5 POLICIES OF THE BOARD M]

Summary

The proposed Southern Illinois University Trademark Policy vests the ownership and control of all rights in the trademarks, service marks, logos, trade names, etc. of Southern Illinois University in the Board of Trustees Southern Illinois University. To meet this objective, the proposed policy houses the application process and protection/enforcement of the Southern Illinois University trademarks in the Office of General Counsel, requires Board of Trustees consent for any use of any Southern Illinois University trademark, and authorizes the Chancellors to develop policies and guidelines for approval by the President for campus licensing programs designed to oversee promotion and commercialization of the trademarks.

### Rationale for Adoption

The University currently lacks a clear and comprehensive policy governing control of its lawful trademarks. Adoption of the proposed policy will effectively protect and promote appropriate use of the Southern Illinois University marks and curb unauthorized persons from registering trademarks on behalf of the Board of Trustees or using our trademarks for unauthorized and inappropriate purposes.

### Considerations Against Adoption

None

### Considerations In Favor of Adoption

- Promotes protection of the Board of Trustees' ownership interest in its intellectual property.
- Centralizes control of trademark applications and enforcement in the Office of General Counsel.

### Constituency Involvement

Not pertinent in this matter.

### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That 5 Policies of the Board M be and are hereby implemented as follows:

1. The trademarks, service marks, logos, insignias, seals, designs, symbols, trade names, slogans, and logotypes developed by or associated with Southern Illinois University and any campus or unit of Southern Illinois University, hereinafter "SIU marks", whether registered or unregistered for federal and state trademark protection, shall be owned and controlled by the Board of Trustees of Southern Illinois University. All applications for registration of SIU marks pursuant to federal or state law shall be filed by the Office of General Counsel, at the request of the President or a Chancellor, in the name of and on behalf of the Board of Trustees of Southern Illinois University. Records of such applications shall be maintained in the Office of General Counsel and in a campus office designated by the Chancellor.

2. Any and all private or commercial uses of SIU marks by any person, group, association, corporation, institution, or other entity, including University Related Organizations, shall require the written

consent and authorization by the Board of Trustees. For commercial uses, license agreements approved as to legal form by the Office of General Counsel and naming the Board of Trustees of Southern Illinois University as Licensor, shall be executed on behalf of the Board of Trustees by the Chancellors. Royalties received from such licenses shall be retained at the campus level for uses determined by each Chancellor.

3. Appropriate legal actions on behalf of the Board of Trustees to protect SIU marks from misappropriation and infringement by others shall be undertaken by the Office of General Counsel.

4. Each Chancellor is authorized to develop administrative regulations, policies, and procedural guidelines for the institutional use of respective SIU marks on the campus and for the commercial licensing of the SIU marks. Such regulations, policies, and guidelines shall identify the campus office(s) or official(s) responsible for overseeing administration and licensing of the SIU marks, serve to promote appropriate use of the SIU marks, and become effective when approved by the President.

5. A Chancellor may, with approval of the President, delegate full or partial authority created under this policy to a designated senior administrator as appropriate, including but not limited to the Dean of the School of Medicine.

NOW, THEREFORE, BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That the President is authorized to take whatever actions are necessary to implement 5 Policies of the Board M.

The cost of the contract is approximately \$500,000 per year and will be funded by the sale of the merchandise. The actual cost is dependent on the amount of merchandise sold to customers. The total value of the four-year authorization is approximately \$2,000,000.

He noted that there were 888 students eligible to participate in the graduation ceremonies in December with 557 who actually participated. Mr. Wigginton mentioned that the ceremony was well attended despite poor weather due to snow, and he thanked University maintenance and police staff for their efforts in snow removal and traffic control which helped make the day run smoothly for those participating and attending.

Ms. Williams reported on attending the December 15 afternoon commencement at SIU Edwardsville. She noted it was an honor to congratulate some of her fellow students as they celebrated their graduation.

Mr. Tedrick reported that he was invited and attended the November Faculty Senate meeting at SIU Carbondale. He noted that it was

a pleasure to attend the meeting and found it to be very informative. Mr. Tedrick mentioned that at the time of the meeting Dr. Viswanathan was president of the Faculty Senate and had since been named interim dean of the College of Engineering. Mr. Tedrick congratulated and recognized new Faculty Senate President Peggy Stockdale.

Under Committee Reports, Mr. Tedrick, Chair of the Executive Committee, reported that with the exception of the morning's meeting, the Committee had not met since the last Board meeting.

Under Executive Officer Reports, President Poshard made his report to the Board. The President reported that during the prior month he represented Southern Illinois University in Mattoon, Illinois, during the announcement of the construction site for the federal FutureGen project. He noted that a \$2 million grant from the SIU Clean Coal Institute was a critical component to the request for proposal (RFP) from Illinois, and the RFP also included a provision for the University to spearhead a collaborative group of energy researchers from various institutions throughout the nation. The group to be known as the FutureGen Institute would be led by Director of Coal Extraction and Utilization Research Center at SIU Carbondale John Mead. The President thanked Chancellor Vandegrift for hosting the site selection committee during its stay in Illinois. He mentioned that he was hopeful that there would be a combined research initiative between the two Universities in working with the FutureGen project.

President Poshard briefed the Board on the Fiscal Year 2008 federal budget passed during the prior month by Congress and President Bush. He noted that much of the promise for significant appropriation increases for research spending and student aid was not fulfilled. The President reviewed mixed news for the Pell Grant Program. The omnibus bill cut the maximum Pell Grant from \$4,310 to \$4,241. However, the award would be set for next year at \$4,731 when mandatory funds from the College Cost Reduction and Access Act passed during the prior summer are included which would mean about a \$550 million total increase in Pell Grants funding over the prior year and an increase in the maximum award of \$421.

President Poshard reported that several non-RAMP initiatives pursued by his office would be funded in the new federal budget to include: the Adventure of the American Minds, bio-fuels research at the Belleville Experimental Lab, the National Corn to Ethanol Research Center, autism research, and Center for Rural Violence and Prevention. The President noted that he had begun reviewing Fiscal Year 2009 non-RAMP proposals, and there were a number of new and interesting research projects to present to delegation members in February.

President Poshard reported that he would travel to Washington in the spring to lobby on behalf of the reauthorization of the Higher Education Act and encourage a voluntary approach to mandated accountability measures that were being considered by Congress due to rising costs of higher education.

President Poshard reported that he was working to try to include a funding authorization for capacity building funds for non-land grant institutions in the new farm bill that was currently in conference. He noted that the universities were responsible for educating 40 percent of the undergraduates in agriculture and related sciences but receive very little federal funding with respect to infrastructure and buildings. The President remarked that Dean Gary Minish had done an outstanding job in organizing about 40 institutions across the country including Western Illinois University and Illinois State University.

President Poshard reviewed funding at the state level. The Pharmacy Board approved a \$2.1 million Fiscal Year 2008 operating grant which represented a \$600,000 increase over the prior year. The President stated he was hopeful that the James Walker Scholarship appropriation would again be a part of the University's state request. He also noted that priority operating and maintenance funds had been requested to open the SimmonsCooper Cancer Institute at the School of Medicine in Springfield.

President Poshard updated the Board on the progress of the capital funding bill. He noted that prospects for such a bill had been diminished by the inability of the state legislature and the Governor to agree on a revenue source to pay for the construction projects. The President stated that the University and K-12 schools in the region of the state were in need of funding in public investment in educational facilities, and he would be traveling to Springfield with students later in the spring to press their case for operating and capital funding increases.

Dr. Fernando Treviño, Chancellor, SIU Carbondale, made his report to the Board. The Chancellor briefed the Board on good news items regarding faculty, staff, and students at the campus. A federal grant from Learn and Serve America with Cynthia Sims, an assistant professor of Workforce Education and Development, will provide training for 15 high school teachers from two southern Illinois counties on how to work mentoring into their lesson plans so their students could guide and assist middle school students. Scientists working in the Materials Technology Center received \$1 million federal grant from the Intelligent Transportation Systems Program to create a network of Internet-based wireless sensors and databases that could provide near real-time data and analysis on the structural soundness of transportation infrastructure such as bridges. In addition, a team of engineering students won honors during the prior month at an international engineering contest in Taiwan whereby the students demonstrated their work in developing wireless Internet sensors and applications for networks at the annual Creativity in Action Design Competition.

The Chancellor recognized Carolyn Smoot, director of the Paralegal Studies Program and president-elect of the American Association for Paralegal Education. Karen Lips, associate professor of zoology, received a grant of almost \$265,000 from the National Science Foundation to continue collaborative research on how the decline in various frog populations is affecting the ecosystems in Costa Rica, Panama and elsewhere.

Chancellor Treviño noted two faculty members who had been recognized by professional associations for their significant contributions. The Institute of Electrical and Electronics Engineers named Dr. Ramanarayanan Viswanathan as a fellow. He noted that Professor Viswanathan was a professor of electrical and computer engineering and was on the day's agenda to serve as the College of Engineering's interim dean. The Chancellor recognized Dr. Peggy Stockdale, new president of the Faculty Senate, professor of applied psychology, and director of the Applied Psychology Program, who was recently named a fellow of the American Psychological Association.

Chancellor Treviño announced a seven-figure gift from John and Elsa Lambert designated for scholarships to students from southern Illinois. The Chancellor noted that Mr. Lambert was an SIU Carbondale MBA graduate originally from Belgium and Mrs. Lambert was originally from Argentina. Chancellor Treviño further noted a press conference scheduled the following week to announce the receipt of a seven-figure gift to Saluki Way.

The Chancellor noted that during the prior week checks were written to students in the amount of \$19 million exclusive of tuition and fees. He mentioned the money would be spent locally in the community to help students with their cost of living.

Dr. Vaughn Vandegrift, Chancellor, SIU Edwardsville, made his report to the Board. The Chancellor shared good news items for the campus. He announced that SIU Edwardsville was profiled in the

December issue of *St. Louis Commerce Magazine* as one of the 2007 Greater St. Louis Top 50 award recipients. The Chancellor noted that two students from the School of Pharmacy placed in the Top 10 at the American Society of Health-System Pharmacists Clinical Studies Competition where they competed against 90 other schools from across the nation. He added that the National Association of State Boards of Accountancy recently published the 2006 CPA exam results revealing that SIU Edwardsville's accounting graduates ranked second among the 12 Illinois universities. Further, the Chancellor remarked that results had been received for the fourth-year class of dental medicine students which experienced a 100 percent pass rate on the National Board exam.

Chancellor Vandegrift reported on fall enrollment data. The year's first-time, full-time freshman class increased by 67 students to 1,837, and the average ACT of freshmen is 22.7. In serving the region, 42 percent of all enrolled students at SIU Edwardsville are from Madison and St. Clair counties. The Chancellor further noted that in the fall freshman class, underrepresented students increased by 37 percent; subsequently, with renewed emphasis on recruitment in Chicago and St. Louis, the enrollment of African American freshmen increased by 56 percent.

The Chancellor reported that the implementation of features of the new Banner system was continuing. Students are now able to register for classes online, accept financial aid, and pay bills; in addition, faculty members are submitting grades online. The human resources

module is being installed in the spring to include payroll and position control budgeting along with unit cost reporting mechanisms.

Chancellor Vandegrift noted progress on designing the new Science Building. A number of meetings have been held with faculty, staff members, architects, and consultants during the past year. He reported that a preliminary design was ready, and during the next nine months it is anticipated the work will be completed with the architects for the design of the building.

The Chancellor reported that a quality control council had been formed as part of the accreditation process. The team includes faculty, constituency heads, and administrators devoted to identifying opportunities for continuous improvements through the University, and it is chaired by the Provost.

The Chancellor reported that the Reclassification Work Group had chosen NACDA Consulting, Inc. to provide consultation services as SIU Edwardsville transitions from NCAA Division II to Division I. He added that the partnership should help prepare the strategic plan for the NCAA and also prepare the initial budgets. The Chancellor also noted that the University's strategic plan had been updated and was available on the Chancellor's homepage online.

The Chair explained the procedures for the public comment and question portion of the Board's agenda.

The Secretary called on Mr. Todd Bartholomew.

Mr. Bartholomew, president of the University Staff Senate at SIU Edwardsville, thanked the Board for efforts in recognizing labor. He noted that the creation of the quality control council allowed for more input from staff in a more professional manner, and that it was appreciated.

The Secretary called on Mr. Charles Harris.

Mr. Harris made his presentation to the Board. Mr. Harris, vice-president of Graduate Assistants United at SIU Carbondale, spoke to the proposed graduate assistants contract before the Board for approval on the day's agenda. He noted that the resolution compromised worries on both sides, and it included guaranteed pay raises over the next three years plus health insurance fee reimbursement. As the first contract with the University, he expressed appreciation for professionalism displayed by both teams. In particular, he thanked Associate Dean David Wilson both for his professionalism and empathy for the position of graduate assistants. Mr. Harris encouraged the Board to approve the resolution.

The Chair explained the procedure for the Board's omnibus motion and he proposed that, after discussion, there would be taken up the following matters:

REPORTS OF PURCHASE ORDERS AND CONTRACTS,  
OCTOBER AND NOVEMBER 2007. SIUC AND SIUE

In accordance with 3 Bylaws 1 and 5 Policies of the Board C, summary reports of purchase orders and contracts awarded during the months of October and November 2007 were mailed to the members of the Board in advance of this meeting, copies were placed on file in the Office of the Board of Trustees, and these reports are hereby submitted for information and entry upon the minutes of the Board with respect to the actions of the Executive Committee.

## RECOMMENDATION FOR HONORARY DEGREE, SIUC

### Summary

The President, on the recommendation of the Honorary Degree and Distinguished Service Award Committee and the Chancellor of Southern Illinois University Carbondale, presents to the Board of Trustees a resolution recommending that Mr. Hedayat Amin-Arsala be awarded the Honorary Degree, Doctorate of Humane Letters at the May 2008 commencement of the College of Liberal Arts, Southern Illinois University Carbondale.

### Rationale for Adoption

Mr. Amin-Arsala was born in Kabul, Afghanistan. He grew up in Kabul and attended high school there. He came to the United States for college and obtained his B.A. (1968) and M.A. (1969) in Economics from Southern Illinois University. He was active in student government and involved in Model United Nations where he served as Secretary General. He also completed requirements for a doctoral candidacy in economics at George Washington University.

Between 1969 and 1987 Mr. Amin-Arsala worked for the World Bank, starting with their young professionals program and later holding various economic and senior operational posts. In 1987, Mr. Amin-Arsala left the World Bank and returned to Afghanistan to join the Afghan resistance against the Soviet occupation. Since then he has been among a handful of influential and professionally trained Afghans developing self-government for the Afghan people. During that liberation effort, he served as a senior advisor and member of the Supreme Council of the Afghan Unity of Mujahideen. For three years beginning in 1989, he served as Minister of Finance of the Afghan Interim Government in exile. In 1993, Mr. Amin-Arsala became Foreign Minister in the post-communist regime in Afghanistan.

When internal conflicts ensued in Afghanistan, Mr. Amin-Arsala with a number of other colleagues worked for peace through the formation of a broad-based government acceptable to the people of Afghanistan as determined by a Loya Jirga (grand national assembly), a traditional gathering of Afghan elders. The former king of Afghanistan, His Majesty Mohammed Zahir Shah, asked to lead this effort, appointed Mr. Amin-Arsala as a senior member of the Executive Council organized to form the Loya Jirga.

Mr. Amin-Arsala has also played a key role in the post 9/11 Intra-Afghan Bonn Conference that produced a political roadmap after the fall of the Taliban regime and was appointed Vice Chairman and Minister

of Finance of the interim administration. In that conference Hamid Karzai was chosen chairman of the administration.

The Loya Jirga met in June 2002 to create a transitional government that would prepare the nation for popular elections. Hamid Karzai was chosen to be President. Karzai in turn named Mr. Amin-Arsala as Vice President. During his time as Vice President, Mr. Amin-Arsala also served as head of the Independent Administrative Reform and Civil Service Commission, the National Census Commission, the Coordination Council and was a member of the Afghan National Security Council.

Mr. Amin-Arsala has traveled extensively and participated in and led Afghan delegations to various international conferences, including representing Afghanistan at several international and regional meetings of heads of states. He speaks Pashto, Dari, English and Urdu and has familiarity with several other languages. Mr. Amin-Arsala was selected as an Outstanding Alumnus in 2006. Clearly, his education at SIUC provided an important foundation for an extraordinary career and life.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That the Honorary Degree, Doctorate of Humane Letters be presented to Hedayat Amin-Arsala, at the May 2008 commencement or some commencement thereafter of Southern Illinois University Carbondale.

## RECOMMENDATION FOR HONORARY DEGREE, SIUC

### Summary

The President, on the recommendation of the Honorary Degree and Distinguished Service Award Committee and the Chancellor of Southern Illinois University Carbondale, presents to the Board of Trustees a resolution recommending that Mrs. Eunice Kennedy Shriver be awarded the Honorary Degree, Doctorate of Humane Letters at the May 2008 commencement of the College of Education and Human Services, Southern Illinois University Carbondale.

### Rationale for Adoption

Mrs. Eunice Kennedy Shriver was born in Brookline, Massachusetts, the fifth of nine children of Joseph P. and Rose Fitzgerald Kennedy. Eunice Mary Kennedy received a Bachelor of Science degree in sociology from Stanford University in Palo Alto, California.

Following graduation, she worked for the U.S. State Department in the Special War Problems Division. In 1950, she became a social worker at the Penitentiary for Women in Alderson, West Virginia, and the following year she moved to Chicago to work with the House of the Good Shepherd and the Chicago Juvenile Court. In 1957, Shriver took over the direction of the Joseph P. Kennedy, Jr. Foundation.

The Foundation established in 1946 as a memorial to Joseph P. Kennedy, Jr. – the family's eldest son, who was killed in World War II – has two major objectives: to seek the prevention of intellectual disabilities by identifying its causes, and to improve the means by which society deals with citizens who have intellectual disabilities. Under Shriver's leadership, the Foundation has helped achieve many significant advances, including the establishment of the President Kennedy Committee on Mental Retardation in 1961, development of the National Institute for Child Health and Human Development in 1962, the establishment of a network of university-affiliated facilities and mental retardation research centers at major medical schools across the United States in 1967, the establishment of Special Olympics in 1968, the creation of major centers for the study of medical ethics at Harvard and Georgetown Universities in 1971, the creation of the "Community of Caring" concept for the reduction of intellectual disabilities among babies of teenagers in 1981, the institution of 16 "Community of Caring" Model Centers in 1982, and the establishment of "Community of Caring" programs in 1,200 public and private schools from 1990-2006.

Mrs. Shriver and SIU have a relationship that dates back to 1963 when she visited the campus to attend a conference and meetings concerning recreation programs for the mentally challenged.

Dr. William Freeburg, now deceased, was the Chair of the SIU Recreation and Outdoor Education Department and had developed a camping program at Little Grassy Camp in 1951 for the mentally challenged. This camping program was nationally acknowledged as an innovative and pioneering effort. Mrs. Shriver, a pioneer in her own right, was keenly interested in developing national programs for the mentally challenged. She attended summer courses offered by Dr. Freeburg, selected Little Grassy Camps as the national training headquarters for day camp leaders, requested SIU loan him to the Kennedy Foundation, and fostered efforts that developed into the International Special Olympics Program.

Recognized throughout the world for her efforts on behalf of persons with intellectual disabilities, Shriver has received many honors and awards, including: the Presidential Medal of Freedom, the Legion of Honor, the Priz de la Couronne Francaise, the Mary Lasker Award, the Philip Murray-William Green Award (presented to Eunice and Sargent Shriver by the AFL-CIO), the AAMD Humanitarian Award, the NRPAS national Volunteer Service Award, the Laetare medal of the University of Notre Dame, the Order of the Smile of Polish Children, the Laureus Sports Award, the National Collegiate Athletics Association (NCAA) Theodore Roosevelt Award, and the International Olympic Committee Award.

Mrs. Kennedy-Shriver's honorary degrees include: Yale University, the College of the Holy Cross, Princeton University, Regis College, Manhattanville College, Newton College, Brescia College, Central Michigan University, University of Vermont, Albertus Magnus College, Cardinal Strich University, Georgetown University and Marymount University.

On March 24, 1984, U.S. President Reagan awarded Shriver the Presidential Medal of Freedom, the nation's highest civilian award, for her work on behalf of persons with intellectual disabilities and in 2005 she was honored for her work with Special Olympics as one of the first recipients of a sidewalk medallions on the Extra Mile Point of Light Pathway in Washington, D.C.

As executive vice president of the Joseph P. Kennedy, Jr. Foundation and honorary chairperson of Special Olympics, Eunice Kennedy Shriver has been a leader in the worldwide struggle to improve and enhance the lives of individuals with intellectual disabilities for more than three decades.

It would be a fitting honor for SIU to recognize both the university's role and Mrs. Shriver's dedication to the disabled by awarding an honorary degree to Mrs. Shriver in 2008, the 40<sup>th</sup> anniversary of the Special Olympics.

#### RECOMMENDATION FOR HONORARY DEGREE, SIUC

#### Summary

The President, on the recommendation of the Honorary Degree and Distinguished Service Award Committee and the Chancellor of Southern Illinois University Carbondale, presents to the Board of Trustees a resolution recommending that Mr. Walter Murch be awarded the Honorary Degree of Fine Arts at the May 2008 commencement of the College of Mass Communication and Media Arts, Southern Illinois University Carbondale.

#### Rationale for Adoption

Mr. Walter Scott Murch (born July 12, 1943) is an Academy Award-winning film editor/sound designer. He attended The Collegiate School, a private preparatory school in Manhattan, from 1949 to 1961. He then attended Johns Hopkins University from 1961 to 1965, graduating Phi Beta Kappa in Liberal Arts. While at Hopkins, he met future

director/screenwriter Matthew Robbins and cinematographer Caleb Deschanel, with whom he staged a number of happenings.

The diversity and range of his filmmaking practice, from editing to sound design to directing, sets him apart in the professional world of filmmaking where craft boundaries tend to be strictly adhered to, and where the approach tends to be traditional and hierarchical. He is the only person in the history of the Academy of Motion Picture Arts and Sciences to be awarded an Oscar for both film editing and best sound [design] in the same year.

His introduction to filmmaking came as a student at the University of Southern California. Shortly after graduating from film school he worked at Encyclopedia Britannica Educational Films. This early experience with education has informed the rest of his career.

His first commercial film job (1958) was as the picture editor of the director's cut of Orson Welles' Touch of Evil. He recently helped to reconstruct Touch of Evil according to Orson Welles' original notes. He went on to work with Francis Ford Coppola and George Lucas to launch American Zoetrope Studios (1969). American Zoetrope was an early adapter of digital filmmaking and pioneered the earliest uses of HDTV.

From the beginning, he was identified as a pioneer in the design and use of new filmmaking tools (including digital editing). The continued development of these tools has changed the entire structure of the filmmaking process.

Mr. Murch began his career working on the "upright Moviola" - the editing machine that came into wide use with the introduction of sound in 1928. In 1972 he switched to using the KEM flatbed editing machine on The Conversation. Although this was his first feature film editing experience, he had the courage and foresight to use this new editing system.

As early as 1968, along with Francis Ford Coppola and George Lucas, he explored the use of one of the earliest computer editing systems, the CMX editor. He had proposed the pioneering step of using it to edit The Godfather, but the studio declined on the basis of expense and lack of sufficient computer storage.

His first experience with the Avid fully digital computer editing system was in 1994 when he edited The English Patient, the first digitally edited film to be awarded an Academy Award for editing.

1995 was a turning point in the history of film editing, as this was the first year that the number of films edited digitally equaled the number of films edited on flatbed editors such as the KEM. Mr. Murch's pioneering work in the practice of digital editing and his teaching of film editing and sound design theory, go beyond what some might think of as simply adjusting to new tools. These digital systems have changed the fundamental ways in which editors work, including:

- impacting how many editors can collaborate on one project (sharing footage via networks allowing for multiple editors, a practice unheard of in the past)
- impacting the number of assistants as well as defining their responsibilities and duties
- requiring that picture editors now be adept at sound editing and special effects editing, since multiple tracks of video and sound allow the picture editor to perform work formerly reserved only for experts in those fields.

1995 was a seminal year for Murch as well, as this is the year of publication of the first edition of his highly original and influential text on film editing In the Blink of an Eye. This book has become one of the top five best selling books at the publisher Silman-James. Murch revised the book in 2001 to include an extensive discussion of "Digital Film Editing: Past, Present, and Imagined Future."

In addition to authoring In the Blink of an Eye, Murch has published many articles on editing and sound design. These articles are the foundational texts for many University courses in film editing and sound design. He has further contributed to the field of education by writing and recording technical commentaries on the DVD releases of his films. He is also featured prominently in The Cutting Edge, a recent feature film about the history and aesthetics of film editing.

Two books have been written about him: The Conversations: Walter Murch and the Art of Editing Film by Michael Ondaatje, and Behind the Seen: How Walter Murch Edited Cold Mountain Using Apple's Final Cut Pro and What This Means for Cinema by Charles Koppelman.

Mr. Murch's decision in 2002 to utilize Apple's Final Cut Pro 3 as the editing system for the film Cold Mountain made another prominent contribution to the academic teaching of film editing. This undertaking was seen as audacious. Rather than going with the established, expensive, and proprietary Avid system, he elected to use a \$995 prosumer application to edit an \$80 million dollar studio feature film. This ambitious and risky undertaking was an invaluable contribution to the further development and adoption of Final Cut Pro as a professional system, now at version 6. Final Cut Pro was in use at many film schools

because it was more affordable. University film school graduates could now more seamlessly enter the professional world of film editing because the affordable digital nonlinear editing system to which they have had access has become the equal of the other systems commonly in use in commercial filmmaking.

Finally, the significant contributions to the advancement of the tools and techniques of filmmaking made by Mr. Murch have not been confined to pioneering forays into picture editing. In 1979, when working on Apocalypse Now, Mr. Murch and Francis Ford Coppola invented what became known as the "5.1 sound format" that allows for sound to be played back in 360 degree space. Murch and Coppola mixed the film on cinema's first automated mixing board, influencing the path of sound post-production to the present time. Again, Mr. Murch was the one who coined the term Sound Designer, and along with colleagues helped to elevate the art and impact of film sound design to a new level in terms of both techniques and aesthetics.

## RECOMMENDATION FOR DISTINGUISHED SERVICE AWARD, SIUC

### Summary

The President, on the recommendation of the Honorary Degree and Distinguished Service Award Committee and the Chancellor of Southern Illinois University Carbondale, presents to the Board of Trustees a resolution recommending that Dr. David L. Briscoe be awarded the SIUC Distinguished Service Award at the May 2008 commencement of the Graduate School, Southern Illinois University Carbondale.

### Rationale for Adoption

Dr. Briscoe graduated from Southern Illinois University Carbondale (SIUC) in 1993 with a Ph.D. in Sociology. While at Southern he was a Graduate Dean's Fellow; Dissertation Research Fellow; and an ICEOP Fellow. He also served as an Instructor and Lecturer in the Black Studies program.

Dr. Briscoe is a tenured faculty member in Sociology and the first American male to be promoted through the ranks to Full Professor in the history of the University of Arkansas at Little Rock.

Dr. Briscoe has spent many years in the field of higher education and has made substantial contributions at the local, state, regional, national and international levels. His service to the university, community, and nation has remained a significant factor in his academic career.

In 2000 the Arkansas House of Representatives appointed Dr. Briscoe to the Arkansas Martin Luther King, Jr. Commission. As a Commissioner, he assisted in the planning and implementation of the 2000 and 2002 National youth Assemblies. These endeavors led to civil rights education of thousands of youth both in Arkansas and throughout the United States. Dr. Briscoe also played a significant role in the planning and implementation of the 2001 Arkansas Martin Luther King, Jr. Leadership Conference. This endeavor led to the education of 600 community leaders in Arkansas and adjoining states on a variety of civic, political, social, and economic issues.

Since 1998, Dr. Briscoe continued to serve in several key community organizations, most notably the Boy Scouts of America. Dr. Briscoe's work with youth through the Boy Scouts of America spans more than forty-three years.

It is estimated that he has touched the lives of more than twenty million youth over the past four decades. Since 1998 he continued to serve in several key community organizations, most notably the Boy Scouts of America. He serves as a National Council member of the Boy Scouts of America, and on several national committees and task forces. These committees and task forces included the National Scoutreach Committee, National Order of the Arrow Committee, National Cub Scout Committee, National Camping Task Force, National Diversity Task Force, and National Junior Leader Training Task Force. These committees and task forces are responsible for developing policies and programs for hundreds of thousands of Scouts throughout the United States.

One particular program of which Mr. Briscoe led was the development of the National Order of the Arrow Scoutreach Mentoring Program. This endeavor created a national mentoring program for 160,000 members of the Order of the Arrow who are given the opportunity to mentor urban and rural troops whose camping advancement programs are below standard. This also resulted in the creation of the BSA and Order of Arrow National Scoutreach Mentoring WebPages; and training CD's for 14,000 conference participants at the National Order of the Arrow Conferences in 2000 and 2002 respectively.

Mr. Briscoe continues to perform significant roles at annual meetings of Boy Scouts of America, whether it's presenting seminars or serving on Exhibit staffs. In recognition of his financial support of national and international Scouting, he was named a James E. West Fellow; a Baden Powell Fellow; a Bronze Member of the Order of the Condor; and a World Scouter by the United States Foundation for International Scouting.

Mr. Briscoe served with distinction on the staff of 12 national and world scout jamborees. National jamborees are held every four years, and world jamborees are held in between the national jamborees. Each national and world jamboree is for seven days and is attended by more than 40,000 scouts, leaders, and staff. Staff members perform significant roles at the jamborees and are usually required at the jamboree location three to five days before the jamboree officially begins. In addition, staff members are responsible for paying the jamboree fee and expenses to and from the jamboree site. Since 1998 he served on the staff of the 2001 National Jamboree, the 1999 World Scout Jamboree in Chile, the 2003 World Scout Jamboree in Thailand, and the 2007 World Scout Jamboree in England. His leadership and influence in these endeavors have touched the lives of millions of youth and adults across the nation and the globe.

Dr. Briscoe remains active with the Order of the Arrow, Scouting's National Honor Society. In July of 1999, he attended the Order of the Arrow National Leadership Summit as a faculty member. He wrote and presented eight one-hour sessions on how the National Order of the

Arrow Committee and the National Scoutreach Division might assist disadvantaged rural and urban scouts.

This led to the development of the National Order of the Arrow Scoutreach Mentoring Program as mentioned elsewhere in this document. In addition, he served on the conference committee for the 1998, 2000, and 2002 national conferences.

The Boy Scouts of America has four regions. They include the Southern, Western, Central, and Northeast regions. Each region covers many states and comprises from fifty to more than one hundred local councils. Dr. Briscoe has been active in the Southern region for many years, which comprises eleven Southern states with more than one hundred and one local councils with 1,650,000 Scouts and 200,000 adult leaders. Dr. Briscoe serves as a member of the Southern Region Executive Board that is responsible for developing programs; enforcing BSA policy; and the management of the region's trust fund (150 million dollars). His other regional assignments have included membership on the National Eagle Scout Association Scholarship Committee; Order of the Arrow Committee; Personnel Committee; Program Committee; five World Jamboree Committees; and the Region Advisory Board.

The Quapaw Area Council is the corporate entity that governs Scouting in thirty-three Arkansas counties. Dr. Briscoe's association with the council goes back to 1974; however, since 1999 he served as Council Vice-President for Scoutreach. As Council Vice President for Scoutreach, his role was to ensure that the local council developed programs, secure funding, and recruit adult volunteers to serve 13,000 youth-at-risk. He was fortunate to be recognized with the Shofar Award for distinguished service in promoting Scouting among Jewish youth, and the Russell C. Hill Award for distinguished service to Exploring. In 2003, Dr. Briscoe received the International Scouter's Awards from the National Council, Boy Scouts of America.

In 2005, Dr. Briscoe received President Bush's Volunteer Call to Service Award for providing more than 4,000 hours of community service during a lifetime. Through his 43 years of outstanding volunteer service, he has directly touched the spiritual lives of many thousands of youth in central Arkansas, and indirectly millions of youth nationally and internationally.

### RECOMMENDATION FOR HONORARY DEGREE, SIUE

#### Summary

The President, on the recommendation of the SIUE Chancellor, requests Board of Trustees approval to award an honorary Doctor of Humane Letters degree to Mr. Eugene B. Redmond at the May 2008 SIUE commencement.

#### Rationale for Adoption

Eugene B. Redmond, SIUE Emeritus Professor of English, editor of *Drumvoices Revue*, and Poet Laureate of East St. Louis (appointed 1976) is a Southern Illinois University Edwardsville graduate (1964) in English Literature and Political Science and holds a master's degree in English Literature from Washington University in St. Louis. He is the founder of the Eugene B. Redmond Writer's Club (1986) in East St. Louis and has influenced worldwide audiences through his specializations in Creative Writing and African-American and multicultural literature.

Mr. Redmond has received a number of awards, including a variety of writing fellowships; a lifetime achievement award from Pan-African Movement USA; an American Book Award for Excellence in Multicultural Literature; Illinois Author of the Year for 1989-1990 by the Illinois Association of Teachers of English, Chicago; and induction into both the Illinois Senior Hall of Fame and the National Hall of Fame for Writers of African Descent.

Eugene B. Redmond's contributions as a leading figure in the scholarly discourse on African American poetry have enhanced the intellectual and cultural life of SIUE for the last 17 years. He provided a national publishing platform for hundreds of SIUE students and emergent writers, and his affinities for photography led to the creation of a vast visual chronicle, more than 100,000 images, documenting performances and presentations on the SIUE campus as well as in East St. Louis and St. Louis. Professor Redmond also facilitated cultural events on campus and in the area featuring scores of renowned artists, including, among others, Jayne Cortez, Joy Harjo, Walter Mosley, Sonia Sanchez, Quincy Troupe, and the late Katherine Dunham.

Eugene B. Redmond brought literature and novel ideas into the classroom, impacting generations of students of poetry, literature, and African-American cultural history. His students received a classroom experience that could not be duplicated anywhere else in the country, not only because Professor Redmond's classes presented students with deep understanding of texts and cultural backgrounds, and not only because his classes took advantage of his extensive personal collection of African-American materials, but also because his classes served as intellectual arenas for internationally and nationally known visiting scholars, poets, and colleagues.

Eugene B. Redmond delivers multicultural messages to an international community, having served as Visiting Professor around the U.S. as well as in Nigeria and the Netherlands. He has significantly influenced the world of literature through the creative and powerful voice found in his books, journals and anthologies. His books include *Sentry of the Four Golden Pillars*, *River of Bones and Flesh and Blood*, *Consider Loneliness as These Things*, *Songs from an Afro/Phone*, *In a Time of Rain & Desire*, and *The Eye in the Ceiling*. He has also been published in *African American Review/Black American Literature Forum*, *Black Scholar Magazine*, *The Second Set: The Jazz Poetry Anthology*, and *90 Poets of the Nineties: An Anthology of American and Canadian Poetry*, as well as a number of other compilation publications. In addition, Professor Redmond has authored and edited a variety of prose and poetic works and, since 1968, has been the Literary Executor of the Henry Dumas Estate, collaborating with Toni Morrison and other renowned authors to produce seven collections of Dumas' prose and verse.

The estimated cost of this project is \$550,000. Funding for this project will come from Series 2006 Revenue Bonds. The debt payment will be repaid with University Housing Operation Funds.

#### Rationale for Adoption

To enhance the health and life safety of the residents, University Housing plans to replace the existing exterior sunshades and install sails with building names on Baldwin, Abbott, Smith, Warren and Kellogg Halls at the Thompson Point residential facilities. Completion of these five buildings will finish the sunshade replacement projects at Thompson Point. The previous projects were completed in smaller increments and did not require approval from Board of Trustees. This project will be designed in-house by Physical Plant's Engineering Services and the installation work will be completed by Physical Plant employees.

#### Considerations Against Adoption

#### Constituency Involvement

This project has been discussed with and has the approval and support of the Residence Hall Advisory Board (RHAB).

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The project to replace the existing exterior sunshades and install sails with the building names at the Thompson Point residential facilities in University Housing, Carbondale, Illinois, be and is hereby approved at a total estimated cost of \$550,000.

(2) Funding for this project will come from Series 2006 Revenue Bonds. The debt payment will be repaid with University Housing Operation Funds.

PROJECT AND BUDGET APPROVAL:  
REPLACEMENT OF ELECTRICAL SYSTEMS, PHASE V.  
THOMPSON POINT, CARBONDALE CAMPUS, SIUC

Summary

This matter seeks project and budget approval for the fifth phase of a multiphase project to replace the electrical systems in the Thompson Point housing area on the Carbondale campus. Renovations will include the replacement of the electrical systems and associated lighting in Abbott Hall and Smith Hall. Additional circuitry will also be installed to meet the needs of the current student population. Phase one involved the replacement of electrical systems in Bowyer Hall and Steagall Hall and was completed by the end of summer in 2003. Phase two of the replacement of electrical systems completed Brown Hall and Pierce Hall in August 2004. Phase three of the replacement of electrical systems completed Bailey Hall and Felts Hall in August 2006. Phase four replaced the electrical systems in Kellogg and Baldwin Halls during the summer of 2007.

The estimated cost of phase five, Abbott Hall and Smith Hall, is \$700,000. Funding for this work will come from University Housing's Repair and Replacement Reserve. Drawings and specifications will be prepared by Physical Plant Engineering Services.

Rationale for Adoption

The electrical systems in the residence halls of the Thompson Point housing area are original to the buildings and in need of replacement. The Abbott Hall and Smith Hall buildings were constructed in 1962. As technology has progressed, the needs of the current student population are placing a much greater demand on the electrical systems in the campus residence hall facilities. As part of an ongoing effort to update facilities and improve service, University Housing is now prepared to move forward with the replacement of the electrical systems and associated lighting in these two buildings in the Thompson Point area at an estimated cost of \$700,000. The renovations will replace the existing electrical panels, secondary circuit wiring, and all associated lighting. Additional circuits will also be included to allow for future needs.

The Board of Trustees' consulting architect will be given the opportunity to review the drawings and specifications for this project.

Considerations Against Adoption

University officers are aware of none.

### Constituency Involvement

This project has the approval and support of the Residence Hall Association.

### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The project to replace the electrical systems and associated lighting in Abbott Hall and Smith Hall on the Carbondale campus be and is hereby approved at an estimated cost of \$700,000.

(2) Funding for this work will come from University Housing's Repair and Replacement Reserve.

(3) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

### AWARD OF CONTRACTS: SCHOOL OF DENTAL MEDICINE CLINIC DISPENSING AND STERILIZATION RENOVATION, SIUE

### Summary

This matter approves award of construction contracts in the amount of \$765,435 in connection with the capital project, School of Dental Medicine Clinic Dispensing and Sterilization Renovation, SIUE. Funding for the work to be completed under these contracts will come from donated funds, local operations funds, and equipment use fees. A summary of bids received is attached for review.

At its July 2007 meeting, the SIU Board of Trustees approved the revised project and budget for the School of Dental Medicine Clinic Dispensing and Sterilization Renovation. The approved budget was \$1,250,000. The bids received for the project are favorable, funding is currently available, and the award of contracts is now requested. The Board's architect has reviewed the drawings and specifications for the project. The project is expected to be completed by August 2008.

### Rationale for Adoption

The main clinic at Southern Illinois University School of Dental Medicine (SDM) was completed in 1986 and contains 32,000 square feet.

An expansion was completed in 2006 which added 24 new operatories and a classroom of approximately 4,500 square feet.

The increased number of advanced care operatories has increased the number of patient visits; therefore the dispensing and sterilization facility needs to be renovated and expanded to efficiently meet the student, faculty and patient needs. In addition, there are more patients seen by graduate students in the advanced care wing and they have specialized equipment which requires unique treatment. The renovation of the dispensing and sterilization area will: provide more storage; accommodate the increase in patient volume; and have room for the additional sterilization procedures.

The project will include: the conversion of a supply room to an expanded sterilization area; purchase of new washers and sterilizers; and the remodel of the existing dispensing area.

AWARD OF CONTRACTS: STUDENT SUCCESS CENTER UTILITY  
RELOCATION, AND PROPOSAL TO NAME STUDENT SUCCESS CENTER, SIUE

Summary

This matter approves award of a construction contract in the amount of \$1,965,000 in connection with the utility relocation for the capital project, Student Success Center, SIUE. Funding for the work to be completed under this contract will come from an internal loan and the sale of revenue bonds, which will be repaid from the Student Success Center Fee revenues. A summary of bids received is attached for review.

This matter would also name the new building the Student Success Center.

Rationale for Adoption

At its September 2007 meeting, the SIU Board of Trustees approved the Student Success Center project and budget. The project will consolidate academic support service functions now spread across campus. The new Center, by bringing together interdependent support services, will provide students with one central location to have their academic support and personal needs addressed.

The estimated cost of the total project is \$16.6 million. However, in anticipation of successfully awarding contracts on the building in the spring, the current utilities need to be relocated. This matter would award a contract to move the utilities to prepare for the building construction. This project will be funded from an internal loan and the sale of revenue bonds to be re-paid from the Student Academic Success Center Fee revenues.

It is also recommended that the Student Success Center be formally named to establish its own identity. It is important to name the Student Success Center at this time so that the name can be incorporated into future publications.

This matter is recommended for adoption by the Chancellor, the Vice Chancellor for Administration, and the Vice Chancellor for Student Affairs, SIUE.

(2) The contract shall be funded from an internal loan and the sale of revenue bonds, which will be repaid from the Student Success Center Fee revenues.

#### APPROVAL: REMOVAL OF PARKING SPACES, STUDENT FITNESS CENTER EXPANSION, SIUE

#### Summary

This matter seeks approval to remove 80 parking spaces from the Revenue Bond System. The parking spaces are currently located in the Student Fitness Center parking lot and need to be removed in preparation for the expansion of the Student Fitness Center. This demolition work will be performed in conjunction with the general work for the expansion project to be bid in March 2008.

### Rationale for Adoption

At its September 2007 meeting, the SIU Board of Trustees approved the Student Fitness Center Expansion project and budget. In preparation for the eventual construction of the Student Fitness Center Expansion, 80 parking spaces need to be demolished to make way for the expanded building, thus removing the spaces from the Revenue Bond System.

The Housing and Auxiliary Facilities System Revenue Bond Resolution requires SIU Board of Trustees approval to remove an asset from the Revenue Bond System. University Officials have determined that the space occupied by the 80 parking spaces would best suit the needs of students if converted to use for the Student Fitness Center. In anticipation of the removal of these parking spaces and to address the increased parking needs due to the expansion, approximately 350 parking spaces were recently added to the System. Further, the 80 spaces demolished as a part of this project will be replaced when a need or demand on campus deems so by Student Affairs by expanding the Recreation Complex parking lot. The new and expanded parking lots are located across the street from the existing parking lot. Removal of the 80 parking spaces to make room for the Student Fitness Center Expansion should ultimately benefit the System.

The value of the removed parking spaces is approximately \$120,000. The estimated demolition cost is \$86,400 and is included in the Student Fitness Center Expansion budget of \$10.55 million which was approved by the Board in September 2007. The project will be funded from existing Student Fitness Center RRR funds and from the sale of revenue bonds to be re-paid from Student Fitness Center Fee revenues.

### Considerations Against Adoption

(1) In accordance with Section 12(A) of the Housing and Auxiliary Facilities System Revenue Bond Resolution adopted by the Board on August 29, 1984, as supplemented and amended, the Board hereby determines that 80 parking spaces located in the Student Fitness Center parking lot, Lot F, shall be removed from the Revenue Bond System since the spaces are no longer suitable for the use for which they were initially acquired

(2) The President of Southern Illinois University is hereby authorized to take whatever action may be required in execution of this resolution in accordance with established policies and procedures.

(3) The Executive Secretary is directed to file a copy of this resolution with the Treasurer of the Board in accordance with Section 12(A) of the Housing and Auxiliary Facilities System Revenue Bond Resolution.

#### APPROVAL OF PURCHASE: MARKETING AND COMMUNICATIONS, SIUE

##### Summary

This matter would grant approval for a five-year contract for the purchase of services to plan and buy radio and network television advertising spots in the St. Louis Metropolitan market.

It is anticipated that the University will buy approximately \$125,000 worth of services during each year of the Agreement. The purchases will be funded from University Operating funds.

##### Rationale for Adoption

SIUE Marketing and Communications buys radio and television advertising spots each year. Under this agreement, the University would seek assistance in planning and buying the advertising spots in the St. Louis Metropolitan market in order to increase its awareness of the quality of University programs. This broadcast media buy will complement other planned direct marketing activities such as print, billboard, and cable television.

The cost of the five-year renewable contract is approximately \$125,000 per year and will be funded by University Operating funds. The actual cost is dependent on the competitive bids to be solicited subject to approval of this Resolution. The purchase award will be made in accordance with standard University procurement policies. The total value of the five-year agreement is approximately \$625,000.

### Considerations Against Adoption

University officers are aware of none.

### Constituency Involvement

This matter is recommended for adoption by the Acting Vice Chancellor for University Relations, and the Chancellor, SIUE.

### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The requisition for a five-year contract to purchase the assistance in planning and buying the advertising spots in the St. Louis Metropolitan market is hereby approved at a cost of approximately \$125,000 per year.

(2) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

### ADDITION OF FREEDOM OF INFORMATION ACT POLICY [ADDITION TO 5 POLICIES OF THE BOARD N]

### Summary

These amendments are being proposed to update the current practices of the campuses and the President's office and to provide additional information and direction to members of the public on the manner in which they may request and receive public documents.

### Rationale for Adoption

The Policy should be created to update current practices and provide clarity to members of the public seeking public records.

- 13) Upon request, provide information about what records are electronically available and how to access the records pursuant to Section 5 of the Act.
- 14) Determine, pursuant to Section 6(b), whether a request for a reduction or waiver of any charge is appropriate because the specific purpose for the request is in the public's interest (i.e., health, safety and welfare) and not primarily for personal or commercial benefit.
- 15) Maintain a public file of denials indexed according to type of record requested and type of exemption asserted by the University as required by Section 9(b) of the Act.

**D) Form and content of FOIA requests:**

FOIA requests shall be in writing and submitted to the appropriate FOIA office(r) identified in Section C above, on request forms provided by the University or electronically submitted using the University's internet request form. All requests shall be date and time stamped upon receipt and logged on centralized database with a notation for each response deadline. The University shall document and date all contacts between the University and the requester on the request form.

The requester shall include the following information in a request:

- 1) The requester's full name, address, and telephone number;
- 2) The date of the request;

- 3) A brief description of the public records sought, being as specific as possible regarding dates; file designations, names, etc.;
- 4) Whether the request is for inspection of public records, copies of public records, or both.
- 5) Whether the information being requested is for a specific public purpose sufficient to reduce or waive any cost applicable to the request.

**E) Authorized responses to FOIA requests:**

The FOIA Office(r) shall respond to a request for public records in one of five ways:

- 1) Approve the request in writing within seven (7) working days of receipt of the request and either (i) provide the materials immediately, (ii) give notice that the materials shall be made available upon payment of reproduction costs and/or mailing costs, or (iii) give notice of the time and place for inspection of records; or
- 2) Notify requester within seven (7) working days that either (i) the University does not maintain or possess the documents requested or that the requested documents could not be found after a diligent search and/or (ii) the written request is illegible, incomplete or incomprehensible and must be resubmitted to remedy the identified problem. The University is not obligated to create or maintain a public record solely to respond to a request.
- 3) Notify requester in writing within seven (7) working days of receipt of the request that an additional seven (7) working days will be necessary to determine a response and provide the requester with the specific reason for the delay consistent with the grounds identified in Section 3(d) of the Act and Section F (2) of this policy, as well as the date the delayed response will be forthcoming. Where a categorical request creates an undue burden, the University shall send written notification within seven (7) working days asking the requester to reduce the request to manageable proportions in accordance with Section 3(f) of the Act; or

- 4) Approve the request in part and deny it in part, in writing, within seven (7) working days of receipt of the request, and notify the requestor of (i) the specific reason why part of the request has been denied, (ii) the University personnel responsible for the decision, and (iii) the availability of appellate rights consistent with Section 9 of the Act; or
- 5) Deny the request in its entirety within seven (7) working days of receipt of the request, and notify the requestor of (i) the specific reason the request has been denied, (ii) the University personnel responsible for the decision, and (iii) the availability of appellate rights consistent with Section 9 of the Act.
  - a) A denial of a request for public records shall be made in writing and shall state the reasons for the denial in accordance with either Section 3(f) or Section 7 of the Act, and include the names and titles of individuals responsible for the decision. It shall also give notice of the requester's right to appeal to the President of Southern Illinois University and contact information for the President's office. Exemptions expressly articulated under Section 7 of the Act are *per se* exempt from disclosure under the Act.
  - b) When a denial of a request is based upon a law other than the Illinois Freedom of Information Act, such as FEPPRA, the requester shall be notified of the applicable statute and provision in writing. The University's FEPPRA policy shall be consulted prior to disclosing any information about a student and that policy is incorporated by reference as if fully stated herein.
  - c) When a denial of a request is based upon an express exemption from disclosure under Section 7 of the Act, the University shall, where possible, redact the exempt information and make the remaining information available for inspection and copying pursuant to Section 8 of the Act.
  - d) Categorical requests creating an undue burden shall be considered denied if the requester refuses the University's invitation to confer about reducing the

request to manageable proportions in accordance with Section 3(f) of the Act.

- e) When a request is denied because the University has found disclosure would constitute a clearly unwarranted invasion of personal privacy, even though the information requested is not expressly articulated as an exemption under Section 7 of the Act, the FOIA office(r) shall notify the affected student, employee or official of the request and ascertain whether the student, employee or official will consent to disclose the information requested.
- f) If the affected party will not consent to disclose the material requested, the FOIA office(r) shall disclose the requested information only if the information requested directly “bears on the public duties of the public employees and officials”.
- g) Copies of all denial notices shall be retained by the FOIA office(r) in a single central office file open to the public and indexed according to the type of exemption asserted. The central office file for Southern Illinois University Carbondale is located at the Chancellor’s Office, Room 116 Anthony Hall, Carbondale, IL; Southern Illinois University Edwardsville is located at the Chancellor’s Office, Room 3316 Rendleman Hall, Carbondale, IL, and for matters pertaining to the Board of Trustees or President and their immediate staff, Office of the President, located at the Stone Center, 1400 Douglas Drive, Carbondale, IL.
- h) The failure to respond to a written request within seven (7) working days after receipt of request may be treated as a denial by the requester. A failure to respond within seven (7) working days after an extension has been exercised may also be treated as a denial by the requester.

**F) Time limits for responses:**

The FOIA Office(r) shall respond to all written request for public records within seven (7) working days after receipt of the request unless otherwise authorized by this policy or law.

- 1) The initial seven (7) working day time limit may be unilaterally extended by the University for another seven (7) working days for the following reasons:
  - a) the requested records are stored in whole or in part at other locations than the office having charge of the requested records;
  - b) the request requires the collection of a substantial number of specified records;
  - c) the request is couched in categorical terms and requires an extensive search for the records responsive to it;
  - d) the requested records have not been located in the course of routine search and additional efforts are being made to locate them;
  - e) the requested records require examination and evaluation by personnel having the necessary competence and discretion to determine if they are exempt from disclosure under section 7 of this Act or should be revealed only with appropriate deletions;
  - f) the request for records cannot be complied with by the public body within the time limits prescribed by subsection 3(c) without unduly burdening or interfering with the operations of the public body; or
  - g) there is a need for consultation, which shall be conducted with all practicable speed, with another public body or among two or more components of a public body having a substantial interest in the determination or in the subject matter of the request.
- 2) When additional time is required for any of the reasons identified above, the public body must notify the requester by letter specifying (i) the reason for the delay and (ii) the date when either the records will be released or the denial of the request will be made. This letter must be sent within the original seven (7) working day period. The extended time period cannot be longer than seven (7) extra working days, and if a response is not

made within that extended period, the request may be considered denied by the requester.

- 3) The President of the University, Chancellors of each campus, and the Provost and Dean of the Medical School, or their designee, shall respond in writing to all appeals of a denial within seven (7) working days of receipt of the appeal. A failure to respond within seven (7) working days after receipt of the appeal may be treated as a denial by the requester.

**G) Inspection of records at University offices:**

Generally, public records will be available for inspection at the FOIA offices designated above in Section C between the hours of 8:30 a.m. and 4:30 p.m., Monday through Friday, except on State holidays. The requestor shall be notified in writing within seven (7) working days of receipt of the request when and where the records will be available for inspection (Appendix H).

The requested records shall be available for inspection no later than fourteen (14) working days after receipt of the request and not more than seven (7) working days after notification of availability has been sent to the requester.

The written notification shall admonish of the requester of the following:

- 1) Space will be provided for the requester to inspect public records. Upon request, the University shall make whatever reasonable accommodations are necessary to remedy physical obstacles to inspection. Although appointments are not required, appointments are strongly encouraged to ensure record availability when and where the requester appears for inspection.
- 2) The University reserves the right to have designated personnel present throughout the inspection to maintain the integrity of the public records.
- 3) A requester shall not be permitted to take briefcases, bags, folders or other similar materials, or pens, into the inspection area.
- 4) A requester is allowed to take pencils and paper into the inspection area.

- 5) The requester shall identify and/or segregate during the course of inspection any documents the requester desires to have copied. All copying shall be completed by university employees at the cost specified in these policies.
- 6) There shall be no fee charged for the inspection of records.

**H) Copies of public records:**

Copies of public records shall be provided to the requester only upon payment of any fees that are due. There shall be no fee charged, however, for the University's cost of searching and reviewing the requested records. The availability of the record and the amount of the fee being charged shall be communicated to the requester within seven (7) working days of receipt of the request, unless more time is authorized under the Act or this Policy.

- 1) Fees for copies of public records shall be assessed in accordance with Section 6(a) of the Act. A schedule of fees shall be available in each of the University's FOIA offices as required by Section 4 of the Act.
- 2) Fees may be reduced or waived if the requester satisfies the criteria set forth in Section 6(b) of the Act and specifies a public purpose upon which the request is based.
- 3) The current charge for copying is \$0.25 per single-sided letter or legal sized page, with an additional charge of \$1.00 per document if certification of the document is requested. Microfilmed records are charged at a rate of \$0.25 per single-sided paper page produced. If the records requested cannot be copied on the university's standard office copying equipment, the requester will be charged the actual costs incurred by the university.
- 4) Fees shall be waived if the requester is a State agency, a constitutional officer, or member of the General Assembly.
- 5) Payment shall be made by cash or money order payable to the Southern Illinois University, and mailed or hand delivered to the FOIA Office(r).

- 6) If the requester is unwilling or unable to pick up the copies of requested records at the University's offices, the requester shall incur the costs of mailing or shipping the requested materials.
- 7) In accordance with federal law and/or regulations governing copyright, the University will not provide copies of records protected by copyright without (i) a written authorization or proof of a license from the copyright holder of record or (ii) a copyright acknowledgement signed by the requester attesting that the copied materials will not be used for any purpose other than personal use, private study, scholarship or research.

**I) Appeal of a denial:**

If a person's request for public records has been denied by the FOIA Office(r), that person may appeal the denial to the President, Chancellor, or Provost and Dean as appropriate pursuant to Section 10 (5 ILCS 140/10) of the Act. The Notice of Appeal shall be in writing and conspicuously marked as a FOIA Appeal and shall be submitted within a reasonable period of time. The University is not obligated to take an appeal that is submitted more than 30 days from the initial denial.

The Notice of Appeal shall include (i) the date of the appeal, (ii) a copy of the original request, (iii) the grounds for the University's prior denial, (iv) a written statement setting forth the reasons why the requester believes the appeal should be granted, and (v) the name, return address and phone number of the person making the appeal.

- 1) The President, Chancellor, or Provost and Dean, or their designees shall respond in writing to an appeal within seven (7) working days after receiving a Notice of Appeal.
- 2) The President, Chancellor, or their Provost and Dean or their designees shall either:
  - (i) affirm the denial; or
  - (ii) provide access to or copies of the requested public records with the exempt portion redacted; or
  - (iii) provide access to or copies of the requested public records.

- 3) The failure to respond within 7 working days may be considered as an affirmation of the denial by the requester.
- 4) Denials shall be in writing, identify the specific request being denied, and cite to the statutory provision supporting the denial. The written denial shall also notify the requester of the right to file suit under Section 11 of the Act

**J) Litigation:**

A person whose request has been denied by the President's Office, Chancellor's Office, or Provost and Dean's Office may file suit for injunctive or declaratory relief pursuant to Section 11 of the Act, in either the circuit court where the University's principal office is located or where the person denied access resides. All communications involving litigation and/or a court summons arising out of a denied request under the Act shall be transmitted to the President's Office, Chancellor's Office, or the Provost and Dean's Office as appropriate immediately upon receipt.

APPROVAL OF AN INTERGOVERNMENTAL AGREEMENT BETWEEN  
THE BOARD OF TRUSTEES OF SOUTHERN ILLINOIS UNIVERSITY  
AND THE CITY OF CARBONDALE, ILLINOIS

Summary

This matter seeks approval by the SIU Board of Trustees of an Intergovernmental Agreement between the Board of Trustees of Southern Illinois University and the City of Carbondale, Illinois, for the purpose of providing rights, responsibilities, and obligations of the parties related to the provision of City of Carbondale funding for the SIU Saluki Way Projects. Copies of the Agreement have been provided to the Executive Secretary of the Board.

In August of 2007, the City Council of the City of Carbondale, Illinois, voted to increase its Retailers' Occupation and Service Occupation taxes ("sales taxes"). As part of that vote, the City agreed to provide up to \$20,000,000.00 to Southern Illinois University for the construction of the new football stadium and the renovation of the SIU Arena, commonly referred to as the Saluki Way Project. The Intergovernmental Agreement requires the City to pay to the Board  $\frac{1}{4}$  of 1% of the sales taxes, up to a maximum of \$1,000,000 each year, for twenty years. The agreement provides that the Board expects that it will commence construction on the Arena and Stadium no later than Fall of 2009 and complete construction on those facilities by Fall of 2010.

Further, the Board has agreed to waive the “soft credits” available to it for City work (in the amount of \$219,964.19). These “soft credits” are excess funds held by the City from the Railroad Relocation Project for Pleasant Hill Road. In addition, the Board shall provide the City naming and advertising rights for the renovated Arena. These rights shall be set out in detail in a separate agreement between the parties.

#### Rationale for Adoption

The funding provided by the City of Carbondale provides a significant contribution to the historical tourism and economic development partnership between the City and University as well as provides specific funding for construction efforts for the new football stadium and renovations for the Arena.

#### Considerations Against Adoption

None are known to exist.

#### Constituency Involvement

The Mayor and City Council of the City of Carbondale hosted a hearing on the proposed funding at which time various residents of the community and University provided testimony on the issue. In addition, the President as well as the former Chancellor have held numerous and various constituent briefing sessions which have included faculty, students, and other University personnel who have played a key role in the development of the Saluki Way project.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The form and substance of the Intergovernmental Agreement between the Board of Trustees of Southern Illinois University and the City of Carbondale, Illinois, is hereby approved.

(2) The President of Southern Illinois University be and is hereby authorized to take the necessary action which may be required in the execution of this Resolution in accordance with established policies and procedures. Such action shall include, but is not limited to, execution of the final documents governing these transactions.

FURTHER, BE IT RESOLVED, By the Board of Trustees of Southern Illinois University That the Members of the Board of Trustees on behalf of the Board and the administration of Southern Illinois University thanks the Mayor and members of the City Council for their support and efforts to continue the historic partnership between the City and the University, particularly as they relate to our joint efforts to enhance economic development and tourism to the southern Illinois region.

President Poshard recounted that in August 2007 the Carbondale City Council voted to increase its retailer's occupation and services occupation taxes. As part of the vote, the city agreed to provide up to \$20 million to Southern Illinois University Carbondale for the construction of the new football stadium and the renovation of the SIU Carbondale Arena, commonly referred to as the Saluki Way project. He stated that the intergovernmental agreement required the city to pay to the Board .25 percent of the sales taxes, up to a maximum of \$1,000,000 each year for twenty years. The agreement provided that the Board expected it would commence construction on the Arena and stadium no later than the fall of 2009 and complete construction on the facilities by fall of 2010.

Trustee Simmons moved approval of the matter. The motion was duly seconded by Trustee Wigginton. Student Trustee opinion regarding the motion was as follows: Aye, Ms. Megan Pulliam; nay, none. The motion carried by the following recorded vote: Aye, Dr. Sam Goldman, Mr. John Simmons, Mr. Roger Tedrick, Mr. Steve Wigginton, Ms. Christine Williams; nay, none.

The Chair welcomed City of Carbondale Mayor Brad Cole who was in attendance. The Chair asked President Poshard to make a few comments.

President Poshard recognized Mayor Cole's effort and initiative in approaching the University about providing the campus with a portion of a sales tax increase knowing that the campus was in desperate need of

replacing the football stadium and renovating the Arena. His proposal was to give the campus a .25 percent sales tax increase which would amount to \$1 million a year for twenty years. The President stated that the University could not have gone forward with the Saluki Way project if it were not for the sizeable contribution and that he was so grateful on behalf of the entire system to Mayor Cole for recognizing the importance of the relationship between the University and Carbondale.

Chair Tedrick read the following proclamation:

On behalf of Southern Illinois University, it is my pleasure to present to Mayor Cole and the City of Carbondale this enlarged, matted and framed version of the cover of the December 2007 issue of the *Southern Alumni* magazine. As the majority of those present today are aware, the cover and associated magazine article highlighted the City's action in support of the Saluki Way project—a project recognized by Mayor Cole to be 'an investment in the future of Carbondale.' Further, the article applauded the City Council's historic 'buy-in' into what has become known as the Town and Gown partnership—a partnership built upon the realization that the success of one partner encourages success of the other.

The December 2007 issue of the *Southern Alumni* magazine was mailed to just under 191,000 alumni and friends of the University. This presentation is just one more way for SIU to recognize the Mayor and City Council and to express our heartfelt appreciation for their efforts.

Mayor Cole thanked the Board for recognizing him and members of the City Council with the presentation. He stated that he had great pride to be a part of Saluki Way and to be a part of what truly was an investment in the future of Carbondale. Mayor Cole noted that it gave him great pleasure to be present on behalf of the citizens of Carbondale

to formally, through an intergovernmental agreement, establish the partnership with the University. The Mayor thanked the President and Chancellor for their hard work, and he also noted receiving a very kind letter from former Chairman A. D. VanMeter acknowledging the gift to the University.

The Chair announced that the next regularly scheduled meeting of the Board of Trustees would be held February 28, 2008, at Southern Illinois University Carbondale. He explained that there would be a news conference immediately following the meeting at the Board table.

Ms. Williams moved that the meeting be adjourned. The motion was duly seconded by Ms. Pulliam, and after a voice vote the Chair declared the motion to have passed.

The meeting adjourned at 11:29 a.m.

The Chair reported that, pursuant to notice, at approximately 2:30 p.m., February 27, 2008, at the Stone Center on the SIU Carbondale campus, members of the Board of Trustees held an executive session. Before a motion was made to close the meeting to the public, the proposed Audit Committee Structure and Capacity Report and Academic Program Review were received and Deferred Maintenance and Tuition and Fees were discussed. No action was requested or taken. Then a motion was made to close the meeting to the public for the purpose of considering pending, probable or imminent court proceedings against or on behalf of the Board and information regarding appointment, employment, compensation,

discipline, performance or dismissal of specific employees or officers. No action was requested or taken.

The Chair reported that, after the executive session, the University Museum Patrons hosted members of the Board at the University Museum at SIU Carbondale. The gathering was social in nature.

Under Trustee Reports, Mr. Tedrick reported that he attended an SIU Carbondale basketball game on February 20 where Athletic Director Mario Moccia organized ten sponsors who agreed to donate \$1,000 for every three-point shot President Poshard made during halftime. Mr. Tedrick noted that the President made two out of ten shots that raised \$20,000 for the Saluki Athletic Scholarship Fund, and he thanked Dr. Poshard for his fundraising efforts.

Under Committee Reports, Mr. Tedrick, Chair of the Executive Committee, reported that with the exception of the morning's meeting, the Committee had not met since the January 17, 2008, Board meeting.

Under Executive Officer Reports, President Poshard made his report to the Board. The President recognized the courage and strength that Northern Illinois University had demonstrated over the past few weeks following the senseless killings on February 14. In response, President Poshard convened a meeting with the two chancellors and their emergency planning teams regarding recommendations coming out of a briefing received by the Governor's Office that included increasing the presence and visibility of campus security and preparation for counseling services for students. In addition, each chancellor reviewed campus safety plans and

notification procedures that are in place. The President noted that he was confident that the emergency response plans in place have the University well prepared and in a trained state of readiness for any type of urgent or crisis situation. He did note, however, that the front-line defense for preventing these types of incidents was the vigilance of every individual to notify security staff about suspect behavior.

President Poshard reported that on February 18 he hosted representatives from Edison International. He noted that Edison and its subsidiaries represent some of the largest users of fossil fuels in the country, and they are interested in SIU Carbondale's Clean Coal Institute and other gasification and sequestration research that is currently being conducted or contemplated at the campus. In addition, Edison had expressed interest in exploring partnerships with Southern Illinois University in the planning and preparation for the next generation of fossil fuel power plants.

President Poshard provided an overview of Governor Blagojevich's February 20 FY 2009 budget request. He noted that the FY 2009 budget contained a proposed 3 percent across-the-board cut for all state agencies except education, public health and public safety. For public universities and student financial aid the Governor's budget request reflected last year's budgeted amount. The President stated that he would be traveling to Springfield with the campus budget teams on March 13 and April 3 to present the University's FY 2009 request and to let the legislators and the Governor know how detrimental a flat budget would be

for the success of the University. President Poshard noted two initiatives outlined by the Governor believed to be positive budget developments for the University. The first initiative was a \$25 billion capital plan with money for schools, roads, bridges, mass transit, airports, railways, energy and technology, economic development and state buildings which includes buildings for SIU Carbondale and SIU Edwardsville.

The President reported that on February 23, he delivered the keynote speech at Shawnee Community College for the induction of President Larry Peterson who will be an excellent partner with the University.

President Poshard informed the Trustees that his office had completed restructuring necessary to accomplish the goals articulated by the Board which included a focus on enrollment and retention efforts, economic development leadership, increased service to the region, leadership and higher education advocacy, oversight and implementation of campus infrastructure plans, more effective lobbying efforts, improving University and town relationships, as well as increasing campus security.

Dr. Fernando Treviño, Chancellor, SIU Carbondale, made his report to the Board. The Chancellor thanked members of the Undergraduate Student Government and Graduate and Professional Student Council for their sensitivity and concern for organizing a moving vigil on campus after the Northern Illinois University tragedy. He noted as part of the campus emergency plan, enrollment would begin on the following

Monday for a new emergency text messaging system for students, faculty, and staff.

Chancellor Treviño provided a report on volunteer service of students. He noted in the fall of 2007 more than 2,400 students volunteered time contributing over 16,000 hours of service to the University and the region through Saluki Volunteer Corps, and 15 members of the campus chapter of Land of Lincoln AmeriCorps provided more than 4,600 hours of tutoring and mentoring to children in five area schools.

The Chancellor reviewed good news items for faculty and students. He congratulated Rolando Bravo, associate professor of civil and environmental engineering, on his election as the new executive director of the American Institute of Hydrology. In addition, the Institute agreed to move its headquarters to campus which would bring added prestige, visibility, and hopefully more students to the College of Engineering, and the campus would continue as the group's headquarters through at least the year 2012.

The Chancellor congratulated Andrew Roszak, a dual-major graduate student, who received a prestigious national fellowship that focuses on public and private sector roles in health policy development. He noted that Andrew was one of only two David A. Winston Health Policy Fellows that were selected this year.

The Chancellor noted that the campus had participated for the second time in RecycleMania, an annual competition among 400 colleges and universities nationwide to reduce waste and preserve resources. Last

year, the campus collected the most overall tonnage among all the Illinois colleges and came in second in the Per Capita Classic based on how much recycled material a campus collects in relation to the number of people on the campus.

The Chancellor announced recent accomplishments of a pair of students, and their mentor, Todd Graham, the director of the Debate Program. Earlier in the month, Kevin Calderwood, a sophomore in political science, and Kyle Dennis, a senior in business, won an invitational round-robin style debate tournament in California. The team went undefeated against students from Creighton, Loyola, Western Kentucky, Texas Tech and the University of California-Berkeley, among others, and it beat the number one and number two nationally ranked teams in the country.

Chancellor Treviño recognized the recent accomplishment of Ajay Mahajan, professor of mechanical engineering and energy processes, who won first place in the medical division of Create the Future Contest, an international technology invention contest. His entry was one of about 1,000 high-tech inventions from individuals and institutions surveyed by a panel of judges made up of 40 engineers.

Dr. Vaughn Vandegrift, Chancellor, SIU Edwardsville, made his report to the Board. The Chancellor provided a report on spring 2008 enrollment. Enrollment increased by about 1 percent or 124 students over 2007. This included 611 new students enrolled, which was the highest number of new spring enrollees since spring of 2004.

The Chancellor reviewed recent activities held on the campus. He reported that Dr. Robert Zemsky, a member of a U.S. Department of Education task force and professor of education at the University of Pennsylvania, spoke on campus on January 16 as part of the campus 50th anniversary celebration. Dr. Robert J. Sternberg, former president of the American Psychological Association and dean of the School of Arts and Sciences at Tufts, spoke on campus on January 17.

Chancellor Vandegrift reported that the campus was celebrating February's Black Heritage Month. Activities included the annual Dr. Martin Luther King, Jr. birthday celebration, the fifth annual Gospel Explosion concert, a panel discussion and lectures, and several student-produced special performances.

The Chancellor announced that the Lincoln Academy of Illinois would bestow Laureate honors on Dr. Kenneth "Buzz" Shaw, former SIU system chancellor and former SIUE president, at the annual Academy event to be held on April 26 on the SIUC campus. Former SIU Board of Trustees Member William Norwood would also receive one of the prestigious awards. He noted the award was the highest honor given by the state of Illinois to residents who have made distinguished contributions to the state.

The Chancellor reviewed upcoming commencement plans for the campus. He noted that due to upcoming renovations at the Vadalabene Center, the summer 2008 commencement ceremony was cancelled, and summer graduates were offered to participate in either the May 2008 or December 2008 commencement events.

Chancellor Vandegrift provided an update on the search for the position of vice chancellor for University Relations. He noted that Dr. Gary Giamartino had been serving on an interim basis since January 2007 and would return to his post as dean of the School of Business. The Chancellor stated that Provost Paul Ferguson was chairing the search committee, and the committee's goal was to have a new vice chancellor by July 1.

Chancellor Vandegrift provided an update on the activities of the Sustainability Advisory Group, formed by Vice Chancellor Kenn Neher, which was created to assist University leaders in environmental and other sustainability issues. He noted that the group was considering initiatives such as performing a sustainability audit, signing on to the Illinois Sustainable University Compact, purchasing a portion of electricity from green sources, investigating a multi-wide university wind power project, and other activities. He further noted that the group would meet monthly to discuss issues, monitor progress on initiatives, and review and endorse new initiatives.

The Chancellor reviewed activities related to the campus moving to Division I status. He reported that the consulting group, in conjunction with the Reclassification Work Group, was developing the first draft of the strategic plan which must be submitted to the NCAA by June 1. The Work Group was also coordinating with the consulting group to finalize the FY 2009 budget to include a description of new administrative and coaching positions required.

The Chancellor highlighted an accomplishment of Student Athlete Misi Clark, a three-time All-American women's basketball player at SIUE, who had her jersey retired in a special ceremony on campus on December 1. Two weeks later, Clark learned that she would be inducted into the Great Lakes Valley Conference Hall of Fame on May 20.

Chancellor Vandegrift joined Chancellor Treviño and President Poshard in expressing condolences for the tragic events at Northern Illinois University. He reported that a memorial service was held on the campus with more than 200 people attending. In addition, members of campus counseling staff traveled to Northern Illinois University to assist students and faculty there.

The Chancellor reported that SIU Edwardsville had joined with SIU Carbondale on the text messaging system and that the campus would be implementing the system for communicating emergencies at the beginning of the week.

The Chair explained the procedures for the public comment and question portion of the Board's agenda.

The Secretary called on Ms. Laraine Wright.

Ms. Wright made her presentation to the Board. She provided copies to Board members of data collected for the top 29 policy level positions in the SIU system office and at the SIU Carbondale campus. She noted that out of the 29 listed, 27 were men earning a total more than \$4.7 million in salaries, and the two women earned less than a total of \$200,000. The average male salary in the group was \$175,000, and the

average female salary was \$90,000. She reported that the president, all vice presidents, chancellor, all vice chancellors, and all deans were male. In addition, at SIU Edwardsville the chancellor and all vice chancellors were male.

Ms. Wright noted that the campus would soon arrive at the year 2019 to celebrate *Southern at 150*. She noted that the hiring practices of hiring men in top positions had not changed at the University over the last 25 years. She acknowledged that the Carbondale campus had laudable goals of racial and cultural diversity which brought much success in enrollment and in mid-level and high-level recruitment, but the same extensive attention had not been given to gender diversity.

Ms. Wright provided information about groups that had been formed for the support of women at SIU Carbondale. University Women's Professional Advancement was formed approximately 20 years ago that offered internships to Civil Service, Administrative Professional Staff, and faculty each year which gave women opportunities to explore other options for future careers in higher education on the campus. During the last two years those internships were not offered. She also noted that there had been a group called the Women's Caucus which was now extinct.

Ms. Wright asked that the Board look ahead at the year 2019 and beyond to provide immediately a written, measurable policy that would bring women in the top roles of the University. She also asked that the Board follow the lead of other universities by creating a strong council consisting of women and some men who would report directly to the

president and chancellor in an advisory and oversight role to make sure that it was accomplished.

The Secretary called on Mr. Daniel Pisani.

Mr. Pisani, president of the Residence Hall Association at SIU Carbondale, made his presentation to the Board. Mr. Pisani spoke regarding the proposed housing rate increases. He noted that he represented residence hall residents of Carbondale who were directly influenced by the increases. He reported that the Association had discussed thoroughly in meetings with Housing Director Julie Payne Kirchmeier the reasons for the housing rate increases to include such items as deferred maintenance, safety and security, the sprinkler system mandate, and inflation for utilities. He noted that the Association members were concerned with the rising costs at SIU Carbondale, but they also considered that with the increases, SIU Carbondale remained one of the most affordable universities in Illinois. Mr. Pisani reported that the Association understood the need for the increases and it voted in favor of the proposed housing rate increases and the newly proposed rate structure. He asked that the Board consider the recommendations and opinions of those most directly impacted, the on-campus residents of SIU Carbondale.

The Secretary called on Mr. Charles McCaughan.

Mr. McCaughan made his presentation to the Board. Mr. McCaughan spoke to the Board regarding the proposed tuition increase. He noted that he had four grandchildren currently in college and

three going into college. Mr. McCaughan spoke to the recession in the United States and increased living expenses. He noted that he assisted his grandchildren with college expenses on a fixed income, and that large tuition increases made it a hardship on the students and their families who are trying to assist with expenses. Mr. McCaughan reported the nine college students he talked with would need to borrow more money in student loans to cover the expenses and suggested that it was a backdoor way of getting federal money into the University without having to seek funds through any committees or politicians. He suggested that the federal government should check on how the University spends the dollars it receives.

Mr. McCaughan suggested instead of building new buildings on the campus, that the campus apply the money to deferred maintenance issues. He asked the Board to keep in mind the student and the taxpayer when it increases tuition and fees. He noted the debt of some students when graduating from college and the poor job prospects to pay for the loans after graduating.

The Secretary called on Dr. Peggy Stockdale, president of the SIU Carbondale Faculty Senate. Dr. Stockdale made her presentation to the Board. She spoke to the Board regarding the Senate's concerns regarding salary increases for four staff members in the President's Office for University-Wide Services and questions regarding the same in the day's *Southern Illinoisan*.

Dr. Stockdale stated that although she applauded efforts to streamline and eliminate unnecessary positions, she raised concerns that the President's Office appeared to operate under different rules than the rest of the University, that no search was conducted to fill the newly created positions and there was no affirmative action oversight. She noted it was not clear whether a comprehensive position and compensation analysis was conducted to determine the pay grade for the positions. Dr. Stockdale further stated that she did not mean disrespect to the individuals who benefited from the restructuring.

Finally, Dr. Stockdale reported that the news article stated that two positions were similar to associate dean positions that pay between \$129,000 and \$159,000. She countered that associate deans on the campus did not make those kinds of salaries and the associate dean positions were of higher authority and had higher responsibility than the two positions.

Dr. Stockdale urged the Board, out of respect for shared governance and responsibility and in hopes of maintaining the University's good image, to postpone approval of the raises and require the President's Office to adopt the same policies and procedures for conducting searches and structuring salary increases as was required by the campuses. She stated that salary increases for administrative staff in the President's Office should be proportional to those of other bargaining units at the University, such as tenure, tenure track, and term faculty and Civil Service staff.

The Secretary called on Mr. Vincent Hardy. Mr. Hardy made his presentation to the Board. He stated he was a marketing and finance major at SIU Carbondale and a senator for the College of Business for the Undergraduate Student Government. He stated that he personally supported differential tuition but could not say that he represented his constituency at the time because a meeting to discuss the issue had not yet been held but would be scheduled in the near future. Mr. Hardy reported that he supported differential tuition because he thought extra funds allocated toward student services would allow student services staff to reach out and bring in more opportunities for the business students. He commended Undergraduate Student Government President White for soliciting ideas from students at the College of Business and the increase, but did not feel one day spent at the College was sufficient.

The Secretary called on Ms. Allison Niendiek. Ms. Niendiek made her presentation to the Board. Ms. Niendiek stated she was a College of Business marketing major and was a retired president of Alpha Kappa Psi, a co-ed business fraternity in the College of Business. She reported that Dean Cradit had spoken to many of the different organizations for students including the business fraternity. She noted that the group had many questions and he answered many of their concerns. Ms. Niendiek noted the number one concern was whether or not they would provide funding toward students that would not be able to afford the new cost. She stated she felt differential tuition would move the College of Business to the next level as other business colleges have

successfully done such as the University of Illinois and that her fraternity was in support of the issue.

The Chair explained the procedure for the Board's omnibus motion and he proposed that, after discussion, there would be taken up the following matters:

REPORTS OF PURCHASE ORDERS AND CONTRACTS.  
DECEMBER 2007, SIUC AND SIUE

In accordance with 3 Bylaws 1 and 5 Policies of the Board C, summary reports of purchase orders and contracts awarded during the month of December 2007 were mailed to the members of the Board in advance of this meeting, copies were placed on file in the Office of the Board of Trustees, and these reports are hereby submitted for information and entry upon the minutes of the Board with respect to the actions of the Executive Committee.

CHANGES IN FACULTY-ADMINISTRATIVE PAYROLL – SIUC

The following changes in faculty-administrative payroll are submitted to the Board of Trustees for ratification in accordance with the Board Policy on Personnel Approval (2 Policies of the Board B). Additional detailed information is on file in the Office of the Chancellor. Where appropriate, salary is reported on a monthly basis and on either an academic year (AY) or fiscal year (FY) basis.

## B. Leaves of Absence With Pay

	<u>Name</u>	<u>Type of Leave</u>	<u>Department</u>	<u>% of Leave</u>	<u>Date</u>
1.	Adams, Jill	Sabbatical	School of Law	100%	08/16/08-12/31/08
	<p><b><u>Purpose:</u></b> Dr. Adams requests a one-semester sabbatical leave that will result in a law review article. In January 2007, the US Supreme Court granted certiorari to consider the issue of “Under what circumstances is an employer liable under federal anti-discrimination laws based on a subordinate’s discriminatory animus where the person who made the adverse employment decision admittedly harbored no discriminatory motive toward the impacted employee?” in <i>BCI Coca Cola v. EEOC</i>. The petition was subsequently dismissed by agreement of the parties and the Court has refused to grant <i>certiorari</i> in two subsequent cases raising the same issue. Her sabbatical research will explore the split in the courts and propose an appropriate standard.</p>				
2.	Apgar, Gary	Sabbatical	Animal Science Food & Nutrition	100%	08/16/08-12/31/08
	<p><b><u>Purpose:</u></b> Dr. Apgar will travel to at least 4 different swine production facilities and related industries to renew his knowledge-base concerning modern swine production. He will spend approximately 1 week at each facility, including the Illinois Pork Producers Association in Springfield, to better ascertain the legislative efforts involving production. Additionally, he will conduct an online survey to evaluate the efficacy of the ANS undergraduate curricula. Participants in the survey will include alumni and their respective employers. Data will be used to refine curricular offerings to ensure adequate preparation of graduates for upward mobility in the marketplace.</p>				
3.	Bean, Jonathan J.	Sabbatical	History	100%	08/16/08-12/31/08
	<p><b><u>Purpose:</u></b> Dr. Bean’s requested sabbatical leave will enable him to revise and complete publication of a book-length anthology entitled “Race and Liberty: The Classical Liberal Tradition of Civil Rights.” This manuscript has already passed preliminary academic peer review through the contracting agent, the Independent Institute, which is seeking a co-publisher (in the past they have published together with Oxford University Press, the University of Michigan Press, and under their own imprint). This book project extends Dr. Bean’s previous work on race relations (<i>Big Government and Affirmative Action</i>) by exploring the neglected roots of classical liberal thought on race in America.</p>				
4.	Bordieri, James E.	Sabbatical	Rehabilitation Institute	100%	07/01/08-12/31/08
	<p><b><u>Purpose:</u></b> The purpose of the sabbatical request is to explore the construct validity of verbal and non-verbal intelligence tests for children with autism spectrum disorders. Accurate assessment of cognitive abilities is crucial for early diagnosis and treatment planning. A wide range of development factors, however, have challenged the reliability of traditional verbal tests of intelligence with autistic children. The project will be pursued at the locations of the three partners in The Autism Program (TAP) of Illinois – SIUC Center for Autism Spectrum Disorders; The Hope School, Springfield; and the University of Illinois at Chicago Autism Center of Excellence.</p>				

5. **Brown, Philip**                      **Sabbatical**                      **Music**                      **100%**                      **01/01/09-05/15/09**

**Purpose:** The purpose of the sabbatical leave is to conduct research and interviews, and collect, edit and annotate materials for a book entitled "The Bill Evans Reader." Along with some original writing and/or annotation, this book will consist of selected writings about the late jazz pianist, Bill Evans, from a wide variety of resources—books, interviews, periodicals, web sites, record liner notes, etc. The distinctive feature will be the presentation (with notes) in chronological order, thus capturing Evans' rising star as it was documented.

6. **Davidson, Wallace N.**                      **Sabbatical**                      **Finance**                      **100%**                      **01/01/09-05/15/09**

**Purpose:** A considerable body of research spanning the fields of finance, economics, management, and sociology has been directed at whether companies that pursue shareholder wealth maximization are socially irresponsible, and whether companies that attempt to maximize the welfare of all stakeholders hurt their shareholders. Dr. Davidson proposes to study this relation in his sabbatical. His research question for his sabbatical project is to determine whether corporate governance structure can both protect shareholders and help ensure that a business does not harm its other stakeholders.

7. **Dilley, Patrick W.**                      **Sabbatical**                      **Educational  
Administration  
& Higher  
Education**                      **100%**                      **08/16/08-12/31/08**

**Purpose:** The focus of Dr. Dilley's proposed sabbatical leave is to complete an ongoing research project on the history of gay and lesbian college student organizations. Dr. Dilley's research attempts to explore how being members of the organizations shaped the identities of those involved, and how those involved shaped the collective, organizational identity. In this sense, his work bridges collegiate environment theories, non-heterosexual student identity development theories, and the histories of gay and lesbian college students and movements. His proposal for sabbatical leave centers on three activities: traveling to San Francisco, for archival and interview research; final analysis of the data collected over the past five years; and writing a series of papers, articles, and a book-length manuscript.

8. **Dively, Ronda L.**                      **Sabbatical**                      **English**                      **100%**                      **08/16/08-12/31/08**

**Purpose:** Dr. Dively's proposed sabbatical leave will be devoted to writing a proposal, a chapter-by-chapter outline, and an introductory chapter for a composition textbook. This text is based on her recently published (Hampton Press 2006) book-length empirical study of creativity (and specifically incubation) in the context of expository writing processes. Preparing these documents will require additional research on creativity theory and pedagogy to be conducted via resources accessible through SIUC's Morris Library.

9. **Feldhamer, George A.**                      **Sabbatical**                      **Zoology &  
Environmental  
Studies**                      **100%**                      **07/01/08-12/31/08**

**Purpose:** Dr. Feldhamer will remain on campus to do the bulk of writing for a book entitled "Deer: The Animal Answer Guide." He was approached to do this book by Johns Hopkins University Press, who will publish it. He has completed several previous books with this publisher. His coauthor will be Dr. R. Terry Bowyer, Chair of the Department of Biological Sciences at Idaho State University.

|-----|-----------------------|-------------------|----------------|------------|--------------------------|

**Purpose:** Dr. Ferré's sabbatical leave activities will include one month of active field research in Oman (Arabic Peninsula) and eight months of research development spent mostly in the Geoscience Group at University of Montpellier, France in the semesters of Fall 2008 and Spring 2009. From August to November 2008, he will work in the Geoscience Group on several manuscripts associated with three grants (SIU seed, NSF Tectonics, National Geographic), all related to the crust- mantle transition in the oceanic lithosphere. In December 2008, he will be a participant in the international field mission to the Oman ophiolite (4 weeks) lead by Professor A. Nicolas and Dr. Benoit Ildefonse. As part of the team, he will conduct detailed structural analysis and sample collection on the oceanic crust — mantle transition zone. A. Nicolas and his collaborators have, since 1980, developed a leading expertise on this unique region (a fragment of the ocean floor superbly exposed in a desert environment). From January to June 2009, he will perform petrofabric and paleomagnetic measurements at the Geoscience group facilities on the samples collected in Oman. This research will utilize two analytical facilities (Electron Backscatter Diffraction and Superconducting Quantum Interference Device Magnetometer) that are not available at SIU and are rarely found at the same institution. The remaining time outside analyses will be dedicated to writing collaborative manuscripts for publication and NSF funding proposals.

This research visit is at the invitation of Dr. Franco Nod, Laboratory Head, Digital Materials Lab, Frontier Research System at the RIKEN Wako Institute. A two-part research project is proposed for the visit that investigates techniques for high accuracy control of a quantum computer, with special interest in superconducting qubit systems. Dr. Nod's research group and Dr. Gaitan have strongly overlapping research interests in quantum computing, quantum information, superconductivity, and superfluidity.

|-----|------------------|-------------------|---|-------------|--------------------------|

**Purpose:** Dr. Gao's leave is to carry out collaboration work on magnetic resonance imaging (MRI) studies in his collaborator's laboratory. The sabbatical research will focus on developing novel DNA-functionalized Fe<sub>2</sub>O<sub>3</sub>@Au core-shell magnetic nanoparticles as miRNA-21-specific NMR probes. MicroRNAs (miRNAs) were discovered a decade ago; they are non-coding, single strand RNAs of ~22 nucleotides. Since then, miRNAs have received a great deal of research attention, due to their ability to control cell growth, differentiation and apoptosis, and recent studies indicate that miRNAs act as either tumor suppressors or oncogenes. Dr. Gao will focus on the design and synthesis of such DNA-functionalized magnetic nanoparticles. His collaborators will assist with in-vivo incubation experiments followed by NMR measurements.

15. **Grabowski, Richard**      **Sabbatical**      **Economics**      **100%**      **07/01/08-12/31/08**

**Purpose:** Dr. Grabowski's research has focused on the role of agriculture in the process of economic growth and development. During his proposed sabbatical leave, he intends to build on this research by writing two new papers in this area. These papers will seek to compare agriculture's role in development in Latin America, Africa, and South Asia (India) to that of East Asia. The two papers are tentatively titled: "A Comparison of Latin American and African Development with an East Asian Twist" and "The Indian Development Model?" He also intends to pursue additional research into child labor in India with his coauthor, Dr. Sharmistha Self, who teaches at Missouri State University. Thus part of his time will be spent there doing the empirical work and preparing the paper, tentatively titled "Pre-school Education and Child Labor in India."

|-----|------------------------|-------------------|---|-------------|--------------------------|

**Purpose:** The purpose of the proposed sabbatical leave is to allow Dr. Magney to complete the manuscript for a book he is writing on environmentally green business. The working title for the book is "Green Business - The Challenging Path to Sustainability."

25. **McCall, John C.**                      **Sabbatical**                      **Anthropology**                      **100%**                      **01/01/09-05/15/09**

**Purpose:** Dr. McCall's sabbatical leave will be devoted to completing a book on the new Nigerian video movie industry (Nollywood). He has been conducting research for this book since 2000. He will spend the entire sabbatical leave writing in Carbondale. During the sabbatical leave, he will also be developing a major collaborative research proposal in conjunction with other members of the "Nollywood Project," an interdisciplinary research effort housed in the Global Media Research Center, College of Mass Communication and Media Arts, SIUC.

26. **Mogharreban, Cathy**                      **Sabbatical**                      **Curriculum & Instruction**                      **100%**                      **08/16/08-12/31/08**

**Purpose:** Dr. Mogharreban proposes to study two important issues in current early childhood teacher preparation: The perceptions of early childhood and early childhood special education teachers on their pre-service preparation related to teaching in inclusive settings; and the recommendations in-service early childhood teachers have for early childhood preparation programs related to teaching in inclusive settings. This investigation identifies ways to modify existing programs and strengthen current collaboration between the Early Childhood and Early Childhood Special Education programs in the College of Education and Human Services, to better align with positive NCATE outcomes. It will result in a model for shared programming that might be utilized by teacher education programs in other institutions of higher education.

27. **Noble-Allgire, Alice**                      **Sabbatical**                      **School of Law**                      **100%**                      **01/01/09-05/15/09**

**Purpose:** 1. Completion of a book project Ms. Noble-Allgire began during her sabbatical in Spring 2002. This research concerns an environmental dispute in Louisiana that became a national test case for Environmental Justice issues within the Environmental Protection Agency. It examines the conflicting views of local residents, some of whom supported a Japanese corporation's plans to build a new PVC production facility in the community and some who opposed it. 2. Research and writing on a third edition of Property textbook. Ms. Noble-Allgire became a co-author on the second edition of the "Property and Lawyering" textbook published by Thomson-West Publishing Company in 2006. The publisher is expected to request a revised edition by 2010 or 2011. She will begin revisions during her sabbatical period.

28. **Rahimi, Shahram**                      **Sabbatical**                      **Computer Science**                      **100%**                      **01/01/09-05/15/09**

**Purpose:** The purpose of Dr. Rahimi's proposed sabbatical is to develop a performance evaluation framework for concurrent systems. He is planning to expand pi-calculus (a multi-process modeling calculus) by applying the Markov Chains theory and adding primitives to evaluate performance of multi-process/agent systems. Using such an extended calculus, designers can benchmark complex systems that may include hardware and software components. This research will be hosted by the Polish Academy of Science, Warszawa, for the duration of the sabbatical. The research will be pursued in collaboration with professors Marcin Paprzycki and Maria Ganzha, who are well-recognized in this field of study.

29. **Reichert, Elisabeth**                      **Sabbatical**                      **Social Work**                      **100%**                      **01/01/09-05/15/09**

**Purpose:** Dr. Reichert has recently signed a Publisher's Agreement with Berkshire Publishing Group to be one of two principal editors for a five-volume social work policy encyclopedia. This encyclopedia will be distributed throughout the world and will be comprehensive in scope. She would use the sabbatical to work on this major project. In addition, she intends to submit a proposal to Columbia University press to revise the first edition of her book, "Social Work and Human Rights," and issue a second edition. The book, which first appeared in 2003, needs updating, and Columbia appears receptive to a 2nd edition.

30. **Rice, Prudence**                      **Sabbatical**                      **Anthropology**                      **50%**                      **01/01/09-12/31/09**

**Purpose:** Dr. Rice is applying for a sabbatical leave at 50% time for the 12-month period. The other 50% of her time she will continue as Director of ORDA and Associate Vice Chancellor for Research. This arrangement was followed during her last sabbatical leave (2001-2002). During the requested leave she will update, revise, and complete the text of a monograph on her archaeological and historical research into the Spanish Colonial wine industry of the Moquegua valley, in far southern Peru. This research was carried out in the late 1980s, and in 1993 she began preparing a book-length synthesis of the project, but it was never completed. Her goal is to complete this monograph.

31. **Rowley, Robert W.**                      **Sabbatical**                      **Cinema & Photography**                      **100%**                      **01/01/09-05/15/09**

**Purpose:** The purpose of the requested sabbatical leave is to pursue a new direction in his creative work. He wants to be engaged, as a filmmaker, in the discourse of landscape imagery, a discourse that is and has been conducted primarily in painting and photography. Although the series of 5-minute motion picture landscapes he will produce in the regions surrounding Carbondale and St. Louis could, like paintings and photographs, be exhibited in galleries or museums anywhere or distributed broadly in DVD format, his intention is for them to be screened as value-added material in the movie theater venue(s) in those locales. This would provide a unique opportunity for the general public to be touched by and participate in this discourse.

32. **Sherkat, Darren E.**                      **Sabbatical**                      **Sociology**                      **50%**                      **08/16/08-08/15/09**

**Purpose:** Dr. Sherkat's proposed sabbatical leave is to conduct research on several aspects of his research agenda related to the sociology of religion. He will analyze data from the National Longitudinal Survey of Adolescent Health, the New Immigrant Survey, and the General Social Surveys. His project includes an examination of the effects of religious factors on sexual behavior, verbal ability, educational attainment, and political values.

33. **Simpson, Kenneth O.**                      **Sabbatical**                      **Rehabilitation Institute**                      **100%**                      **01/01/09-05/15/09**

**Purpose:** Persons with severe communication impairment (SCI) are those who are unable to rely on traditional oral speech for communication and who must instead use non-speech methods of communication, for example, using picture symbols, hand gestures, and talking computers. This investigation is one part of a series of activities intended to help those with SCI become more able to participate to their fullest potential in society. Professor Simpson will assess functional social interactions of 80 dyads, composed of children and parents in which the children are normally-developing 2-5 years of age. Sequential analysis will be applied to identify the patterns of reciprocal influence of each communication partner on the other in a dyad in the Carbondale area.

34. **Stemper, Frank L.**      **Sabbatical**      **Music**      **50%**      **08/16/08-08/15/09**

**Purpose:** The immediate goal of the sabbatical leave proposed by Dr. Stemper is to be able to compose and continue his professional acceleration for a complete year. He is making applications to foundations (such as Guggenheim, Howard, etc.) in order to make this full year possible. To create the optimal environment in which to continue his work, he has already arranged for two compositional retreats for Fall 2008—one in the heart of Paris and the other in Romania, at Sinaia-Enescu's home outside Bucharest, which has been turned into an international working environment for composers. As deadlines for other such residencies come due, he will make applications for residencies at Carmargo (France), Bogliasco (Italy) and either Yaddo, the MacDowell colony, or some other domestic venue. He intends to spend a considerable portion of this proposed "year of composing" within these artistic communities, where he can concentrate exclusively on several projects, while exploring and advancing his musical style. During the sabbatical period, he will be working on an orchestra work commissioned by the Het Wagenings Orkest Sonante in Holland for premiere in early 2009. He is also in the process of negotiating several other commissions, for both large and small ensembles, which will extend his composing schedule into 2010.

35. **Stocking, Rachel L.**      **Sabbatical**      **History**      **50%**      **08/16/08-08/15/09**

**Purpose:** During her requested sabbatical leave, Dr. Stocking proposes to research and write three articles on Christian anti-Judaism in the seventh-century Visigothic kingdom. These articles will form the core of a book project, "Christian Identity and Anti-Jewish Imagery in the Visigothic Kingdom," which she will begin during the sabbatical year.

36. **Upton, Thomas**      **Sabbatical**      **Rehabilitation Institute**      **100%**      **08/16/08-12/31/08**

**Purpose:** Dr. Upton proposes that his sabbatical leave will afford him the focused time to complete one book he is working on at this time. This book entitled, "Insider Perspective on Disability," will be completed. This text provides qualitative information on varying disabilities that can be integrated in rehabilitation curriculum. This book will report data from structured interview data of persons with varying disabilities. These data will be qualitatively reviewed to provide unifying themes that may provide insights for rehabilitation professionals and rehabilitation counselors-in-training. Also, he intends to continue exploring collaboration between SIUC and a new rehabilitation program in Ponce, Puerto Rico.

37. **Velasco, Tomas**      **Sabbatical**      **Technology**      **100%**      **08/16/08-12/31/08**

**Purpose:** Dr. Velasco is interested in studying and researching the topic of establishing a protocol to assess quality in software coding. He has been interested in the topic, and directed a thesis about it. There is no consensus in the literature about how to assess quality for software coding, and he is investigating a Six Sigma approach to the problem. Because of the software coding, the development and validation of this system will take quite a bit of exclusive dedication and time, this is reason why he is requesting a sabbatical leave.

38. **Vratil, Dru E.**      **Sabbatical**      **Cinema & Photography**      **100%**      **01/01/09-05/15/09**

**Purpose:** The requested sabbatical leave will be to research and write two feature-length screenplays. The first will be a traditional narrative story of a woman who served in the Army during the Vietnam War; the second will be an experimental narrative screenplay that will challenge traditional screenplay form, both in imagery and narrative construction. Both screenplays will be written in southern Illinois, although investigative interviews and research will be conducted at various locations in Kansas.

39. **Wacker, Raymond F.**      **Sabbatical**      **Accountancy**      **100%**      **01/01/09-05/15/09**

**Purpose:** Dr. Wacker's proposal is to shift his research focus to historical accountancy. His sabbatical will involve research into the business policy theories and accounting techniques expounded by the 13th and 14th century magisteres of the Hanseatic League in the Baltic Sea area. More specifically, he intends to determine the effects of the accounting theories upon the development of accounting in 15th century Italy, culminating in the works of Luca Paciola. It is his thesis that Italian renaissance accounting theory was primarily developed by the Hanseatic League in the two centuries prior to Paciola.

40. **Wang, Haibo**      **Sabbatical**      **Electrical & Computer Engineering**      **100%**      **08/16/08-12/31/08**

**Purpose:** Dr. Wang proposes to conduct research on mixed-signal circuit techniques for implantable medical devices. He will investigate novel programmable mixed-signal circuits that can meet all the essential design requirements (high reliability, ultra low-power consumption, and the ability to adapt to changing conditions or different treatment plans) for electronic circuits used in implantable devices. The research results will help him seek external funding and potentially develop a new course in the area of integrated circuit design for biomedical applications. He will mainly stay in Carbondale to conduct the proposed research during his sabbatical leave.

41. **Wang, Lichang**      **Sabbatical**      **Chemistry & Biochemistry**      **50%**      **08/16/08-08/15/09**

**Purpose:** The specific objectives of Dr. Wang's proposed one-year sabbatical leave are (i) to investigate catalytic activities of nanoparticles using combined experimental and computational methods; (ii) to study ligand-protein interaction ; (iii) to develop software that implements the nuclear density function theory and advanced molecular dynamics theory; and (iv) to complete 5 chapters of a monograph titled *Coalescence of Transition Metal Nanoparticles*. The above proposed work will be carried out at the SUNY Binghamton from 8/16-12/31/08 and at the University of Oxford from 1/1-5/15/09.

42. **Weeks, Theodore R.**      **Sabbatical**      **History**      **50%**      **08/16/08-12/31/08**

**Purpose:** Dr. Weeks requests a sabbatical leave to spend Fall 2008 in Warsaw, Poland, researching and teaching under the program, "Fulbright Distinguished Chair." Teaching will include one graduate course (on minority nationalities in Russian Empire and USSR), one lecture course (on Polish-Jewish relations, 1793-1939), participation on field trips with students, and participation in M.A. and Ph.D. examinations. Teaching will be in both Polish and English as appropriate. The main focus of his research will be ongoing project, history of Vilnius-Wilno 1795-2000, in particular "Wilno under Polish Rule, 1920-1939" and "Polish Culture and Society in Wilno 1863-1914."

43. **Wilson, Donna M.**      **Sabbatical**      **Kinesiology**      **100%**      **08/16/08-12/31/08**

Dr. Toni Intravaia, a certified Labanotation teacher and notator has agreed to check her work and answer questions she may have as she works. She will pursue her studies, under the guidance of Dr. Intravaia, in the Carbondale area.

44. **Winings, John R.**      **Sabbatical**      **School of Allied Health**      **100%**      **08/16/08-12/31/08**

**Purpose:** Mr. Winings proposes to examine safety issues as they relate to dental materials and products that have been developed outside the United States. Mr. Winings seeks to evaluate the quality of those products and materials through an assessment of the current practices used to develop offshore dental products, the quality controls that are in place, as well as the economic impact of offshore products in the field of dentistry.

45. **Wittmer, Dale E.**      **Sabbatical**      **Mechanical Engineering & Engineering Processes**      **100%**      **07/01/08-12/31/08**

**Purpose:** Dr. Wittmer's proposal is to conduct research, testing and development of diamond composites for future applications. Preparation and processing are to be completed at SIUC and testing and evaluation will take place primarily out of the country (Ireland, Australia, and South Africa). Activities will lead to professional development, peer reviewed presentation and publication and potential future patent improvements and applications.

46. **Zargham, Mehdi R.**      **Sabbatical**      **Computer Science**      **100%**      **01/01/09-06/30/09**

**Purpose:** Dr. Zargham is requesting a sabbatical leave to work on the development of a novel dynamic system for clustering and vector quantization which has potential for real-time device realization. This system will be only based on ordinary differential equations (ODES). The ODE's can be directly implemented in hardware through feed-back networks by analog electronic or optical implementation. During the sabbatical, he also intends to enhance the course contents of CS320, CS401, and CS501 by incorporating hands-on experience labs based on Mentor Graphics software products.

47. **Zivkovich, Kay M.**      **Sabbatical**      **Art & Design**      **100%**      **08/16/08-12/31/08**

**Purpose:** During her requested sabbatical leave, Ms. Zivkovich plans to devote time to investigating further experimentations in monotype printmaking techniques and painting, and investigation of new exhibit venues suitable for new work. The first portion of the semester will be spent traveling and plein-air painting. The core of her activities will be conducted in her studio using her press & computer on a daily basis. Use of the computer lends her the opportunity to connect technology with tradition. It is this research enrichment in her creative activity that she believes will also enhance her classroom teaching. At the conclusion of her sabbatical, she will schedule an on-campus exhibition to share the results of her work. She will also be exhibiting in other off-campus venues.

REVISED PROJECT BUDGET AND AWARD OF CONTRACT:  
REPLACEMENT OF TWO AIR HANDLING UNITS,  
NEELY HALL, CARBONDALE CAMPUS, SIUC

Summary

This matter seeks revised project budget approval and award of contract for the replacement of two air handling units in the Neely Hall student residential building on the Carbondale campus. Installation will include a new control system and duct work.

The original estimated budget of \$350,000 was approved by the Board at the September 20, 2007 meeting. A revised project budget is now requested for \$450,000. The revised budget replaces Air Handling Unit S4 and allows for the acceptance of Alternate Bid #1 (replace Air Handling Unit S3), and includes design fees, contingency and asbestos abatement. This project will be funded through Repair and Replacement Reserve funds. Drawings and specifications have been prepared by BRiC Partnership, LLC, Consulting Engineers.

#### Rationale for Adoption

Neely Hall was constructed in 1965 as part of the east campus housing complex. The air handling units are original to the building and are in need of replacement. New controls and duct work will also be included with this project. Favorable bids have been received and University Housing is now prepared to move forward with this project at an estimated cost of \$450,000.

#### Considerations Against Adoption

University officers are aware of none.

#### Constituency Involvement

This project has the approval and support of the Residence Hall Association.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

1) The revised project budget to replace two air handling units in Neely Hall to an estimated project cost of \$450,000, be and is hereby approved.

2) The contract to replace two air handling units in Neely Hall, be and is hereby awarded to Southern Illinois Piping Contractors, Inc., Carbondale, IL, in the amount of \$367,000.

3) Funding for this project shall be through Repair and Replacement Reserve funds.

4) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the

execution of this resolution in accordance with established policies and procedures.

AUTHORIZATION TO HIRE A CONSTRUCTION MANAGEMENT FIRM  
AND APPROVAL FOR ESTIMATED BUDGET:  
FOOTBALL STADIUM CONSTRUCTION, SIU ARENA RENOVATION AND  
ADDITION, AND THE RELOCATION OF THE UNIVERSITY TENNIS COURTS  
AND THE RECREATIONAL SPORTS LIGHTED PLAYFIELDS,  
CARBONDALE CAMPUS, SIUC

Summary

This matter seeks authorization to hire a Construction Management firm to aid in developing the detailed design and plans and to oversee the phased construction of the Football Stadium, renovation and addition to the SIU Arena, and relocation of the University Tennis Courts and the Recreational Sports Lighted Playfields.

The construction management budget will be established at \$4,000,000. The budget will be funded from external and/or internal financing as determined by the Board Treasurer. The debt payment will be repaid with SIUC Student Intercollegiate Athletic fees, funds received from the City of Carbondale, revenues generated by Saluki Athletics, and private donations.

Rationale for Adoption

The project to develop the detailed design and plans for phased construction of the Football Stadium, renovation and addition to the SIU Arena, and relocation of the University Tennis Courts and the Recreational Sports Lighted Playfields was approved by the Board at the November 8, 2007 meeting. This plan will correspond with available revenue sources and fundraising achievements. The plan shall be approved by the President and Board Treasurer and subsequently submitted for Board approval before implementation.

A Construction Management firm was selected utilizing the qualification based selection (QBS) process with criteria established by the selection committee and the State of Illinois procurement policies. This firm shall work closely with the University and the Architect and Engineering firm hired to design the project to facilitate the transition from pre-construction design to the post-construction verification of operational status.

The SIU Board of Trustees, at the March 9, 2006, meeting, approved the integration of the Saluki Way plan into the 2001 Land Use

Plan and the renaming of this revised plan to the 2006 Campus Master Plan for the Carbondale campus. The SIU Board of Trustees, at its September 14, 2006, meeting, approved the development of schematic plans and cost estimates for the design and construction of the Football Stadium and renovation and expansion of the SIU Arena.

***Southern at 150: Building Excellence Through Commitment*** states that "Athletics can enhance the University image and is an essential component of campus life, providing a sense of school pride, spirit and traditions." The athletics program's mission statement calls for our athletics programs to facilitate the academic and personal growth of the student-athletes, and be successful in competition while achieving regional and national recognition.

#### Considerations Against Adoption

University officials are aware of none.

#### Constituency Involvement

All constituency groups have been made aware of this project.

President Poshard requested that Item II, B-12, Changes in Faculty-Administrative Payroll – SIUE, be removed from the omnibus motion for the Board’s consideration.

Dr. Sanders moved the reception of Reports of Purchase Orders and Contracts, December 2007, SIUC and SIUE; the ratification of Changes in Faculty-Administrative Payroll for SIUC and Office of the President and University-Wide Services; the ratification of Changes in Faculty-Administrative Payroll for SIUE as amended with B-12 removed; the approval of the Minutes of the Meetings held January 16 and 17, 2008; Revised Project Budget and Award of Contract: Replacement of Two Air Handling Units, Neely Hall, Carbondale Campus, SIUC; and Authorization to Hire a Construction Management Firm and Approval for Estimated Budget: Football Stadium Construction, SIU Arena Renovation and Addition, and the Relocation of the University Tennis Courts and the Recreational Sports Lighted Playfields, Carbondale Campus, SIUC. The motion was duly seconded by Trustee Simmons. Student trustee opinion regarding the motion was as follows: Aye, Ms. Megan Pulliam; nay, none. The motion carried by the following recorded vote: Aye, Dr. Sam Goldman, Dr. Ed Hightower, Dr. Keith Sanders, Mr. John Simmons, Mr. Roger Tedrick, Ms. Marquita Wiley, Ms. Christine Williams; nay, none.

The Chair asked that the Board consider a Current and Pending Matter titled “Award of Contracts: Automatic Sprinkler System Installation, Thompson Point, Phase I, Student Residential Facilities, Carbondale Campus, SIUC.” Dr. Goldman moved that the Board consider

the matter. The motion was duly seconded by Dr. Sanders, and after a voice vote the Chair declared that the motion to consider had passed unanimously.

The following current and pending matter was presented:

AWARD OF CONTRACTS:  
AUTOMATIC SPRINKLER SYSTEM INSTALLATION,  
THOMPSON POINT, PHASE I,  
STUDENT RESIDENTIAL FACILITIES,  
CARBONDALE CAMPUS, SIUC

Summary

This matter seeks to award the contracts for phase one to install automatic sprinkler systems in Steagall, Pierce, Brown and Bowyer Halls at the Thompson Point residential facility on the Carbondale campus. Upgrades to the water distribution systems and fire alarm systems will be required to facilitate the new fire suppression systems.

The recommended bids for the installation of an automatic sprinkler system and the upgrades to the water distribution systems and fire alarm systems in phase one total \$2,300,000. The estimated cost of this three phase project is \$7,750,000. Funding for this project will come from external and/or internal financing as determined by the Board Treasurer. The debt payment will be repaid with SIUC Housing Operation Funds.

The nature of this project requires bids on four trades: General Contractor, Electrical Contractor, Plumbing Contractor and Sprinkler Contractor. Bids were received and opened on February 13, 2008, at the SIUC Purchasing Office. At the time of the bid opening, only three trades had bids submitted. The plumbing trade received no bids and therefore is not being awarded at this time. The plumbing trade will be rebid, and, if acceptable bids are received, the contract for the plumbing work will be awarded at the April 10, 2008, Board of Trustees meeting. University Housing is in concurrence with this action.

Rationale for Adoption

On November 10, 2005, the Southern Illinois University Board of Trustees approved the University Housing Safety Security Enhancement Plan, Carbondale Campus. This plan outlined the funding needed to comply with House Bill 4361 which mandates that sprinklers be installed

in all dormitories (residence halls) by 2013. Effective January 1, 2002, the Illinois State Fire Marshal's Office adopted the 2000 Fire Protection Association's Life Safety Code (NFPA 101), replacing the 1985 edition of the NFPA 101 previously enforced by that office. Under the new 2000 edition of NFPA 101, the University is required to place sprinkler systems in existing high-rise dormitories. However, the recently enacted state law (House Bill 4361) expanded the requirement to include all dormitories (residence halls) by 2013.

To date, sprinkler systems have been installed in the three high-rise residence halls, Schneider, Mae Smith, and Neely. University Housing is now ready to proceed with the project to install the automatic sprinkler systems and associated upgrades in the facilities at Thompson Point and University Hall. Thompson Point consists of eleven buildings with a total of 671 rooms with a total capacity of 1,198. University Hall has a capacity of 361 residents in 239 rooms. Each building also contains offices, study areas and laundry rooms.

In March 2007, BRIC Engineering completed a cost estimate to install sprinklers in Thompson Point and University Hall buildings. Their study identified that water pressure, water flow conditions and fire alarm systems at Thompson Point are not adequate to meet the fire protection demands. Thus, it is recommended that the site water distribution system be completely replaced, fire pumps be installed to improve pressure and four of the eleven fire alarms be replaced at Thompson Point. The project will be implemented over a three-year period.

On September 20, 2007, the Board of Trustees approved this three phase project at estimated cost of \$7,750,000, and the work would be funded from external and/or internal financing as determined by the Board Treasurer. The debt payment will be repaid with SIUC Housing Operation Funds.

At this time, three favorable bids have been received and University Housing is now prepared to move forward with phase one of this project at an estimated cost of \$2,300,000.

The nature of this project and its source of funds cause it to be defined as a non-instructional capital improvement project. The Illinois Board of Higher Education approved this project at the December 4, 2007, meeting.

#### Considerations Against Adoption

University officers are aware of none.

### Constituency Involvement

Residence Hall Advisory Board is aware of and supports the project.

Also physically present for the duration of the meeting were Dr. Glenn Poshard, President; Mr. Jerry Blakemore, General Counsel; and Ms. Paige Reed, Associate General Counsel. Mr. Jon Dyer, student; Dr. Paul Ferguson, Provost and Vice Chancellor for Academic Affairs; Dr. John S. Haller, Jr., Vice President for Academic Affairs; Dr. Victoria Scott, Director of Assessment; Dr. Duane Stucky, Senior Vice President for Financial and Administrative Affairs and Board Treasurer; and

Ms. Misty Whittington, Executive Secretary of the Board, attended a portion of the meeting.

Trustee Pulliam and Mr. Dyer presented to the Board "Project Eco-Dawgs," an environmental effort for the SIU Carbondale campus. The Board engaged in extensive discussion of the project, made various inquiries, and indicated its interest in implementation of the project. No decisions were made. The President was instructed to follow-up and make final recommendations to the Board.

Provost Ferguson and Director Scott presented an academic program review for SIU Edwardsville to the Board members. The Board engaged in extensive discussion of the academic status of SIUE, praised the Provost and Edwardsville staff for the major academic accomplishments of SIUE and indicated their continued support for maintaining and enhancing the academic reputation of SIUE.

Vice President Stucky provided the Board members with information on differential tuition. In addition, President Poshard presented his views in support of differential tuition for the SIUC School of Business. Board members presented various views in support and in opposition to the differential tuition proposal, raised concerns regarding the implications of establishing a precedent for such a proposal and discussed the status of such programs at other universities and colleges as well as the tuition differences that already exist on the campuses of SIU. No formal action was taken.

Trustee Sanders reviewed campus financial aid data with the Board members. Dr. Sanders raised concerns regarding the implications of continued tuition increases on students, particularly middle and low-income students. The Board engaged in discussion of these concerns, the necessity for more needs-based financial aid, and the desire, especially by Dr. Sanders, to make certain that a portion of tuition increases be set aside for low-income students. In this regard, the Board also discussed the desire to assure that the Business School at SIUC make available to low-income students scholarships and that efforts be made to continue access by low and middle income students to the Business School.

Vice President Stucky presented information related to Southern Illinois University's bond ratings. At 6:15 p.m., Trustee Wiley moved that the Board go into closed session to consider pending, probable or imminent court proceedings against or on behalf of the Board, and information regarding

PROPOSED COURSE SPECIFIC FEE INCREASE FOR  
FORESTRY'S FOREST RECREATION AND PARK MANAGEMENT SUMMER  
CAMP, SIUC

Summary

This matter proposes an increase in a course specific fee which, if approved, will entail an increase from \$500 (not to exceed \$500 per student) to \$550 (not to exceed \$550 per student) of Forestry's Forest Recreation and Park Management Summer Camp (FOR 422C), effective Summer 2009. Pursuant to 4 Policies of the Board of Trustees of SIU A.1.d, Board approval is required for this fee increase.

Rationale for Adoption

The requested increase is for the Forest Recreation and Park Management Summer Camp taught by the Forestry Department during the summer semester for FOR 422C(4). The current Board-approved fee of \$500 has not kept up with the rising cost of travel expenses associated with this type of course. The camping trip itinerary has been modified the past two years, to keep costs within current fee revenue. If this increase is approved it will allow the faculty to plan a summer camp experience that will be more diverse and challenging, allowing our students the opportunity to witness and experience in a real world setting the type of careers available to someone who has earned a forestry degree.

Additionally, an increase in the fee will allow for the projected rise of fuel cost and entrance fees for attractions and campgrounds. Since this camp series requires students to be away from home for two weeks of the four week period they must bring their supplies and camping gear, therefore, only allowing five or six passengers and the driver in each van.

This camp series is required by our accrediting agency and the increase is necessary to address the above-mentioned travel expense increases. The increased fee will insure that our students continue to receive the stimulating, real world based, hands-on education experience that can only be found through this four week summer camp. Two weeks of the camp are spent traveling locally (within 100 miles round-trip) and regionally (within 300 miles round-trip), and two weeks are spent traveling and camping nationally (2,000 – 3,000 miles round-trip from campus).

We remain diligent in our effort to keep the cost of a quality education fair and reasonable. Students are never charged more than their share of the actual cost of the camp.

The actual cost of the camp is charged equally to the approximately 22 to 24 students enrolled; however, the requested fee of \$550 reflects the maximum amount that the department will charge to the student.

#### Considerations Against Adoption

University officials are aware of, and concerned about, the continuing increase in the cost of education and related activities and its effect on access and affordability.

#### Constituency Involvement

The proposed course specific fee increase was developed by program faculty and administration after a thorough review of the fiscal requirements of the program.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The course fee for Forestry Forest Recreation and Park Management Specialization Summer Camp (FOR 422C) be increased from (not to exceed) \$500 per student to (not to exceed) \$550 per student, effective Summer 2009.

(2) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

#### PROPOSED COURSE SPECIFIC FEE INCREASE FOR FORESTRY'S FOREST RESOURCES MANAGEMENT SUMMER CAMP, SIUC

#### Summary

This matter proposes an increase in a course specific fee which, if approved, will entail an increase from \$80 per credit hour (not to exceed \$400 per student) to \$110 per credit hour (not to exceed \$550 per student) of Forestry's Forest Resources Management Summer Camp (FOR 310C(1); 314C(2); 351C(1); 360C(1)), effective Summer 2009. Pursuant to 4 Policies of the Board of Trustees of SIU A.1.d, Board approval is required for this fee increase.

### Rationale for Adoption

The requested increase is for the Forest Resources Management Summer Camp taught by the Forestry Department during the summer semester, to include FOR 310C(1); FOR 314C(2); FOR 351C(1); and FOR 360C(1). This increase in the Forest Resource Management (FOR 310C, 314C, 351C, and 360C) summer camp fee is necessary to off-set increased travel expenses. The current Board-approved fee of \$400 has not kept up with the rising cost of travel expenses associated with this type of course. The camping trip itinerary has been modified the past two years, to keep within the current fee revenue. If this increase is approved it will allow the faculty to plan a summer camp experience that will be more diverse and challenging, allowing our students the opportunity to witness and experience in a real world setting the type of careers available to someone who has earned a forestry degree.

Additionally, an increase in the fee will allow for the projected rise of fuel cost and entrance fees for attractions and campgrounds. This camp series is required by our accrediting agency and the increase is necessary to address the above-mentioned travel expense increases. The increased fee will insure that our students continue to receive the stimulating, real world based, hands-on education experience that can only be found through this four week summer camp. Two weeks of the camp are spent traveling locally (within 100 miles round-trip) and regionally (within 300 miles round-trip) and, since 2002, two weeks have been spent traveling and camping nationally ( East, Southeast, and South traveling 1000 - 1500 miles round-trip) of campus.

We remain diligent in our effort to keep the cost of a quality education fair and reasonable. Students are never charged more than their share of the actual cost of the camp. The actual cost of the camp is charged equally to the approximately 22 to 24 students enrolled; however, the requested fee of \$550 reflects the maximum amount that the department will charge to the student.

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The course fee for Forestry Resources Management Specialization Summer Camp be increased from \$80 per credit hour (not to exceed \$400 per student) to \$110 per credit hour (not to exceed \$550 per student), effective Summer 2009.

PROPOSED COURSE SPECIFIC FEE INCREASE  
FOR GEOLOGY 454 FIELD GEOLOGY, SIUC

Summary

This matter proposes an increase in a course specific fee which, if approved, will entail an increase from \$250 to \$500 per course registration of GEOL 454, effective Summer 2009. Pursuant to 4 Policies of the Board of Trustees of SIUC A.1.d, Board approval is required for this fee increase.

Rationale for Adoption

The requested increase is for a six-week field course taught by the Geology Department every summer semester in Montana and Wyoming (GEOL 454). The fee would cover travel expenses associated with the lease, fuel, and maintenance of approximately four vehicles provided by Travel Service. Each vehicle will travel over 7,200 miles, much of which is by way of secondary roads. Over the past three years, these expenses have averaged in excess of \$9,300 per year, and the course fee currently charged is insufficient to cover these expenses. Approximately 20 students enroll in this course per academic year.

In addition, students are provided with estimated basic costs of out-of-pocket expenses for the field course which include room and board, textbooks, supplies, campground fees, and meals. The estimated student out-of-pocket costs are approximately \$1,300. The Department of Geology provides for other expenses associated with the field course to include faculty travel, salaries for student workers (drivers), and all travel costs above those recovered by the course specific fee. Over the past three years, the average departmental cost of this field study course is approximately \$10,000 per year. The College of Science provides funds for graduate assistants and faculty salaries at an average cost over the past three years of approximately \$31,900 per year.

#### Considerations Against Adoption

University officials are aware of, and concerned about, the continuing increase in the cost of education and related activities and its effect on access and affordability.

#### Constituency Involvement

The proposed course specific fee increase was developed by program faculty and administration after a thorough review of the fiscal requirements of the program.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The course fee for GEOL 454 be increased from \$250 to \$500 per course registration, effective Summer 2009.

(2) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

PROPOSED INCREASE: CAMPUS RECREATION FEE, SIUC  
[AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX A-6]

#### Summary

This matter seeks a \$0.60 increase in the Campus Recreation Fee, effective Fall Semester 2008, for a proposed rate of \$6.60 per semester prorated over 12 credits for the Fall, Spring, and Summer academic sessions, respectively.

### Rationale for Adoption

The Campus Recreation Fee supports the programs and facilities outside of the Student Recreation Center. The twenty-two satellite facilities supported by this fee includes the Skateboard Park, 18 Lighted Tennis Courts, the Roller Hockey Complex, the 10 acre Lighted Multi-Sport Complex, the 30 acre Sport Club/Multi-Activity Facility, the Lake-on-the-Campus Beach and the Boat Dock facilities.

The \$0.60 increase for FY 2009 is proposed to support the growth in the number of sport clubs from 30 to 46, representing 1,800 active students. In addition, this increase is necessary to maintain the current inventory of recreational land used for active and passive recreation, and provide for quality recreation and wellness related activities.

### Considerations Against Adoption

University officers are concerned that increasing student costs may affect access to the University.

### Constituency Involvement

The Recreational Sports and Services Advisory Board voted to approve the proposed increase at a higher level than requested in this proposal. The Undergraduate Student Government voted to reject this fee increase at a higher level than requested in this proposal. The Graduate and Professional Student Council voted to approve this fee increase at a higher level than requested in this proposal.

### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, that, effective with the collection of fees for Fall Semester 2008, Appendix A, 4 Policies of the Board B-6 be amended as follows:

6. General student fees schedule approved by the Board for Southern Illinois University at Carbondale in effect Fall Semester:

PROPOSAL TO INCREASE THE FACILITIES MAINTENANCE FEE,  
CARBONDALE CAMPUS, SIUC  
[AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX A-6]

Summary

This matter proposes to increase the Facilities Maintenance Fee, effective Fall Semester 2008, to a proposed total rate of \$192.00 per semester prorated over 12 credit hours for the Fall, Spring and Summer academic sessions, respectively.

Rationale for Adoption

The Facilities Maintenance Fee, created in FY 2007, is to be phased-in over four years. The fee will be charged to all incoming undergraduate students and all other students except students in a Guaranteed Tuition Plan prior to Fall 2007. The fee is not charged to off-campus students. The proposed fee increase of \$48.00 raises the FY09 cap to \$192.00 per semester and is estimated to generate \$3,341,984 in FY 2009. The Facilities Maintenance Fee will partially fund the rising costs of utilities and the maintenance and improvement costs to the University facilities that are not part of the Revenue Bond System.

The annual rise in facility maintenance costs coupled with increasing utility costs is creating a financial burden on a flat operations budget. To attract and retain outstanding faculty and students, it is imperative that the core buildings be updated. The Carbondale Campus is experiencing major increases in unfunded maintenance costs which create an inability to meet current and changing demands.

The core buildings of the Carbondale Campus were built between 1955 and 1970. Major systems installed in this era have reached the end of their effective lives. Upgrades to these buildings are required to allow continued support of the goals and mission of the University. Needs include: health/life/safety issues; piping and water line replacements; roof replacements; heating, ventilation and air conditioning upgrades; and electrical system upgrades.

It is anticipated that the proposed increase to the Facilities Maintenance Fee for FY09 will be used to replace and or repair roofs, steam tunnels, and domestic waters lines as well as repairs to the power plant and improvements to the aesthetics of academic facilities.

Considerations Against Adoption

University officers are concerned that increasing student costs may affect access to the University.

### Constituency Involvement

The proposed fee increase has been discussed with the Chancellor's Planning & Budget Advisory Committee, Undergraduate Student Government, and Graduate and Professional Student Council.

### Resolution

BE IT RESOLVED, That 4 Policies of the Board Appendix A-6 be amended as follows:

6. General student fee schedule approved by the Board for Southern Illinois University at Carbondale in effect Fall Semester:

Fee (Per Semester)	<u>FY 2008</u>	<u>FY 2009</u>
Facilities Maintenance Fee <sup>6</sup>	\$144.00	\$192.00

<sup>6</sup>The fee will be charged to all incoming undergraduate students and all other students except students in a Guaranteed Tuition Plan prior to Fall 2007. The fee will be capped at 12 credit hours per semester.

BE IT FURTHER RESOLVED, That the President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

### PROPOSED INCREASE: FLIGHT TRAINING CHARGES, SIUC [AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX A-4]

### Summary

This matter proposes an increase in the fees for flight training courses offered by the Aviation Flight program for Fall 2008.

### Rationale for Adoption

The operation, maintenance, refurbishment, and replacement of existing flight training aircraft and the acquisition of new flight training aircraft and simulators are supported by student-paid flight fees. In addition, annual flight fee increases are necessary to offset cost increases in such areas as salaries, student wages, insurance, fuel, aircraft and engine maintenance, engine purchases, and facility rentals. For example, aviation fuel prices increased 23.73% during FY06 and another 10.20% during FY07. The purchase of the seven new Cessna 172R aircraft received by the program in the Spring of 2003 is being paid, in part, over time by

flight training course fees. The final annual payment for these aircraft will be made on September 1, 2008. In addition, the program has purchased one used Cessna 182 RG aircraft, a new fuel truck, a new line service truck, and a Frasca 141 Flight Training Device during FY07 and early FY08. Finally, replacement aircraft for the remaining 26 flight training aircraft which average over 20 years of age is a very high priority for this program. (See Summary Companion Document.)

#### Considerations Against Adoption

University officials are aware of, and concerned about, the continuing increases in the cost of education and related activities, particularly as they affect Aviation Flight students.

#### Constituency Involvement

The proposed flight fee increases were developed by program faculty and administration after a thorough review of program fiscal requirements and the fees charged by other comparable institutions with flight programs.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That 4 Policies of the Board Appendix A-4 be amended to set forth flight training fee charges as follows:

**Summary Companion Document  
FY09 SIUC Aviation Flight Fee Increase Proposal**

Background

From 1991 to the present, annual flight fee increases, including one for 6.89% for FY08, have been approved to offset rising costs, systematically retire an operational deficit accumulated prior to 1991 and to provide for the eventual replacement/refurbishment of all flight training aircraft. From 1991 to 1998, aircraft replacement/refurbishment was suspended so that maximum resources could be applied to the retirement of the accumulated deficit as directed by the Board of Trustees. With the deficit eliminated, five used flight training aircraft were purchased from 1999-2002 (FY99 through FY01), a multi-engine flight training device (simulator) was purchased in FY02, seven new Cessna 172R model aircraft were purchased in FY03, a used Cessna 182 RG aircraft was purchased in FY06 and a single-engine flight training device was purchased in FY07. Three of the seven new aircraft bought in FY03 were purchased outright using the proceeds from past flight fee increases and four of the seven were scheduled to be purchased over the next six fiscal years (FY03 through FY09). This board-approved purchase of the seven aircraft over future fiscal years was dependent upon having enough surplus flight fee accumulation over the life of the money borrowed to pay for this purchase. Even with all of these purchases, a large part of the aircraft fleet (29 of 36 aircraft) is 20 years old or older and most have, or are approaching, 10,000 airframe flight hours.

Justification

Unprecedented increases in aviation insurance costs have occurred since FY00. For example, annual SIUC aviation insurance premiums rose from \$167,352 in FY00 to \$296,232 in FY08, an increase of 77%. Insurance costs were held at this level only because the University agreed to an overall liability limit of \$10 million rather than \$20 million, our former limit.

Fuel costs have been of recent concern. In FY06, the aviation fuel costs paid by the SIUC Aviation Flight program increased 23.73%. This is far greater than the 10% increase that was anticipated. This is a substantial expense increase for the program and one that must be accounted for in future fiscal years. In FY07, fuel again increased 10.2% above the previous 23.73% increase.

Another area of increased cost has been the cost of salaries and student worker wages. In an effort to reduce overall faculty workload, several full-time term faculty were added to the Aviation Flight Faculty over the past three years. In addition, a union contract was negotiated by the

University for Non-Tenure Track Faculty during FY07. This contract has resulted in an increase in costs to the Aviation Flight program of over \$100,000 a year. Since the state-line budget for Aviation Flight was not increased to cover this increased faculty cost, the cost must be absorbed by student-paid flight fees. Also, student worker wages increased in FY07 due to state legislation on the minimum wage. Investment in increases in faculty and student worker pay has improved student satisfaction within the program but has significantly increased our salary and student worker wages costs.

Because of these and other rising costs of operation and maintenance, further aircraft replacement cannot be sustained under current flight fee rates. Table 1 projects income and expenditures for FY09 assuming continuation of the above higher insurance rates, a continued enrollment of 200 students in flight courses, and flight fees at current rates. In addition, while past deficit elimination and a subsequent positive balance have allowed for the recent purchase of new and used aircraft and additional flight training devices, further flight fee increases are necessary to keep up with operating and maintenance cost increases as well as allowing for possible future aircraft purchase payments. And, as indicated earlier, only seven new aircraft have been purchased in recent years and there is an urgent need to replace the remaining flight training aircraft used in the Aviation Flight program due to their age (average of 20 years plus) and overall flight hours (8,000 to 12,000 accumulated flight hours each with at least nine aircraft having over 10,000 flight hours accumulated). Any surplus flight fees will be used to address FY08 deficit reduction first, and then aircraft needs second. However, as Table 1 indicates, if flight fees are left at current levels, there will be a \$169,970 loss for FY09.

<sup>1</sup> Non-Equipment Expenditures assume a 10% increase in insurance costs, a 10% increase in fuel costs, and a 3% increase in maintenance costs for FY09. The non-equipment expenditures decrease overall in FY09 because of the significant number of engine replacements in FY08 and a need for much fewer in FY09.

<sup>2</sup> Reflects no need for any large equipment purchases in FY09.

<sup>3</sup> Reflects 4 Cessna 172R aircraft financed over seven years with trade-in. These aircraft will be paid off in September 2008.

<sup>4</sup> Any surplus income will be used to address FY08 deficit reduction, purchase aircraft and simulators for the Aviation Flight program and respond to any unforeseen costs.

Table 2 reflects the results of an overall 8.5% aviation flight fee increase for FY09. Projected FY08 figures are provided for comparison purposes:

<sup>4</sup> Any surplus income will be used to address FY08 deficit reduction, purchase aircraft and simulators for the Aviation Flight program and respond to any unforeseen costs.

When comparing Table 1 and Table 2, it can be seen that the 8.5% flight fee increase in FY09 covers a range of projected operating cost increases as well as the money needed for the repayment of the loan to purchase the four Cessna 172R aircraft purchased in FY03. These fee increases also result in the accumulation of a small sum of money at the end of FY09 that will be used to reduce any deficit left from FY08.

#### Comparison of Fees Assessed by Other Programs

Table 3 compares current and proposed SIUC flight fees with fees currently assessed by four other state universities that operate comparable flight degree programs at our peer or aspirational institutions. As these comparisons indicate, the proposed SIUC flight fee increase for FY09 will set flight fees at a level greater than these competing programs are currently charging. We do not have information for what these programs might charge for FY09. And, when the total cost of attending all of these institutions is considered, SIUC is very comparable as noted in Table 3.

### Projected Impact on Enrollment in the Aviation Flight Program

Based upon the enrollment in the Aviation Flight program for Fall 2007, it is not expected that an 8.5% increase will have a large negative impact on Fall 2008 enrollment. Demand remains high for pilots in the aviation industry and, in turn, this means demand remains high for Aviation Flight programs in general. It is not expected that this fee increase will mean any significant reduction in the number of students.

### Flight Fee Proposal

In consideration of the need for additional revenue, especially to help the program meet existing costs, reduce the program deficit and, possibly, acquire new flight training aircraft, it is proposed that the fees currently assessed for Aviation Flight courses be increased by an average of 8.5%. The total overall fee increase for the courses included in the Aviation Flight Degree Program that results from this increase is 10% for FY09. For all Aviation Flight courses, the overall percentage of increase is 8.5% in FY09. The proposed dollar amounts of these increases on a course-by-course basis are as follows:

PROPOSED INCREASE: MASS TRANSIT FEE, SIUC  
[AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX A-6]

Summary

This matter seeks a \$1.00 increase in the Mass Transit fee, effective Fall Semester 2008, for a proposed rate of \$47.00 per semester, prorated over 12 credit hours for fall, spring and summer academic sessions, respectively.

Rationale for Adoption

The contract with Beck Bus Transportation Corp. allows for annual increases at the rate of the consumer price index for transportation. Also, during any year, the fuel consumption component of the contract moves up and down with the cost of diesel fuel. The proposed \$1.00 increase in the Mass Transit Fee for FY09 will provide the funds necessary to offset the impact of the cost of fuel and for the increase in the Beck Bus contract related to the consumer price index. Additionally, this increase will offset the new expense line for University Service Expense that has been added beginning FY09.

The mass transit fee is largely controlled by enrollment and the contract cost. The City of Carbondale and John A. Logan Community College have entered into contracts with the University for extended service routes. These contracts are adjusted annually, based on the contract with Beck Bus Service. Other revenue is generated from advertising on the buses and by fares paid by non-student riders.

The usage of the Saluki Express continues to be strong and meets the needs of many students to travel to and from campus and the Carbondale shopping areas.

Considerations Against Adoption

Increase in contract cost to SIUC without corresponding fee increase may negatively impact the number of bus routes available. The current route structure has been deemed important for the university in providing the best possible service for students.

Constituency Involvement

The Student Mass Transit Advisory Board has voted to support the proposed fee increase. The Undergraduate Student Government (USG) and the Graduate and Professional Student Council (GPSC) support the recommended fee increase.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That effective with the collection of fees for Fall Semester 2008, 4 Policies of the Board Appendix A-6 be amended to show the following schedule:

PROPOSED INCREASE: RESIDENCE HALL RATES AND  
APARTMENT RENTALS, SIUC  
[AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX A-18]

Summary

This matter proposes increases in residence hall rates effective Summer Session 2008 and apartment rentals effective July 1, 2008. Housing is proposing differential rates for room and meals in the residence halls depending on which building and dining plan chosen. While proposed room rates without the Campus Housing Activity Fee (CHAF) will vary from \$1897 - \$2167 (12.2% - 18.8%) for double occupancy rooms per semester, and meal plans will vary from \$1400 - \$1680 (-5% - 12.5%) per semester, increases will be an overall weighted average of 7.5% for double occupancy room and meals. Apartment housing increases will be between 5% and 7.5% per month, and results in an overall charge of \$483-\$684/month without CHAF, depending upon the size of apartment and location of facility. Please see attached rate schedule for specific costs for each area. Also for both residence halls and apartments it is being proposed that the Campus Housing Activity Fee be eliminated as a separate fee and the amount of the fee added to room and apartment housing rates.

Rationale for Adoption

The Carbondale Campus continues to face the challenge of maintaining and creating housing that will attract new and retain current students who have high housing expectations. This challenge is being addressed by maintaining current residence halls, improving and expanding academic initiative programs, differential pricing and the completion of the Wall and Grand Apartment complex. Without this additional funding, the quality of the housing environment provided to support students in their educational experience would be diminished; and consequently, the ability to attract and retain students would suffer.

These increases are needed to cover the rising costs of utilities, insurance, sprinkler mandates and other safety and security measures, Plant and Service Operations overhead, salaries, and other inflationary costs. Even with the proposed increases, the rates are expected to remain competitive with state and regional universities. The majority of this increase is needed to pay for these required expenditures. The remaining portion will be used to address some of the large deferred maintenance backlog.

The next chart shows a comparison of Illinois public university residence hall rates.

\*actual rates for all universities

\*\*based on comparable meal plan

University Housing is planning on temporarily closing part of the Triads located in University Park due to projected occupancy being less than expected. University Housing has added approximately 400 beds at their newly constructed Wall & Grand complex and 360 beds with the purchase of University Hall in recent years while occupancy has remained relatively constant. Closing part of the Triads will enable Housing to reduce expenses by closing rooms that will not be needed. If occupancy is higher than projected, these units will be reopened as needed.

University Housing is proposing differential rates for the various residence halls based on location and amenities. For FY09, three room rates will be offered – one for the Triad buildings, one for the Towers and University Hall, and a third for Thompson Point buildings. Additionally, University Housing is proposing breaking apart the dining plan rates from the room rates, to allow students more flexibility with their room and dining plan selections – something students have been requesting for several years. University Housing will offer a 19 meal/week dining plan, a 15 meal/week dining plan, and a 12 meal/week dining plan as options for on campus students. University Housing also plans to offer a Block-20 dining plan for university apartment and off-campus students that will provide 20 meals per semester. A full analysis was conducted by University Housing to determine the actual cost of meal plans necessary to cover the operating cost of Residence Hall Dining.

University Housing will also implement a contract option whereby if a student agrees to contract for two years for the residence halls, they will not be subject to any additional increase for the second year of their contract. The contract will be made available to incoming students for Fall of 2008 and is only available for residence hall contracts. This new measure is another way in which University Housing is meeting

the needs of students and their families in their efforts to effectively plan for educational costs.

Student groups have been consulted throughout the process and support this approach to room and dining rates. A series of meetings occurred with the Residence Hall Association and the Residence Hall Advisory Board in the Spring and Fall of 2007.

An analysis of Southern Hills has shown that due to the state of Illinois mandating sprinklers be installed in all university residence halls by 2013 and the poor conditions of the facilities, it will not be cost-efficient to continue operating them. Thus upon Board approval, University Housing will take the Southern Hills apartment complex off line by 2012. It will be razed as soon as funds are available. The proposed rent increase is set at approximately 5% to cover basic operating costs. Apartments will be adequately maintained until the complex is taken off line.

Evergreen Terrace apartments are not part of the Funded Debt System. It is managed through the SIU Foundation Board and the Department of Housing and Urban Development (HUD). The proposed 7.5% average increase will be used to cover the same expenses as funded debt areas with the exception of the sprinkler mandates. In addition to obtaining Board approval, Evergreen Terrace rate increase proposals must be approved by the SIU Foundation Board, and HUD.

Elizabeth Apartments is a small apartment complex that houses single graduate students. An increase equal to other housing facilities is proposed for Elizabeth Apartments in order to keep these units in good physical condition and well maintained.

University Housing proposes a 5% increase for Wall and Grand Apartments, new for 2006-2007, effective August 1, 2008, to cover basic operating costs of the facility.

In order to improve accounting efficiencies and reduce billing confusion for students, University Housing is proposing the Campus Housing Activity Fee be incorporated into the rates. The Residence Hall Association will continue to use this money for programming activities for residents.

The attached income and expense statements reflect an increase in debt service starting in FY09 in anticipation of the sale of bonds to fund the second phase of the Safety and Security Enhancement Plan.

### Considerations Against Adoption

Approval of rate increases may affect affordability; however, differentiated rates will allow students to better control the cost of their housing and dining. The proposed increases will still keep University Housing competitive with other Illinois and regional universities.

### Constituency Involvement

This proposal has been shared with the Residence Hall Advisory Board (RHAB)\* a non-voting body, the Residence Hall Association (RHA) General Assembly, the Graduate and Professional Student Council (GPSC) and the Undergraduate Student Government (USG) Senate. RHA voted to approve the rate increase on November 7, 2007. USG and GPSC oppose the proposed housing increases. Note: USG declined to vote on the proposed increase for Elizabeth Apartments as these facilities are for graduate students only.

\*Representatives from RHA and USG comprise RHAB.

(1) FY09, FY10 and FY11 rates reflect Towers/University Hall locations with 15 meals per week.

(2) FY09 rate reflects a 7.5% increase of the combined Towers/University Hall locations with 15 meals per week, plus the addition of the \$30 which replaces the Campus Housing Activity Fee.

(3) Evergreen Terrace's financial obligation to HUD will be fulfilled in 2009, therefore, Evergreen Terrace is incorporated with Funded Debt in 2010.

PROPOSED INCREASE: STUDENT CENTER FEE, SIUC  
[AMENDMENTS TO 4 POLICIES OF THE BOARD APPENDIX A-6]

Summary

This matter seeks an increase of \$4.00 in the Student Center Fee, effective Fall Semester 2008, for a proposed rate of \$119.00 per semester, prorated over 12 credit hours for Fall, Spring and Summer, academic sessions, respectively.

Rationale for Adoption

The Student Center serves as the front door and community center for the University. It is a primary venue for co-curricular student life, University events, national and regional conferences, and public and private functions for the larger community of southern Illinois. The programs, activities, services, appearance and ambience of the Student Center represent the University to a broad group of prospective, new, and continuing students and their families, in addition to faculty, staff, and the general public. Multicultural events focus attention on the stimulating and educational diversity of the campus population and programs.

The proposed \$4.00 increase for FY 2009 will provide funds toward meeting the *Southern at 150: Building Excellence Through Commitment* target by restoring an appropriate level of cash for repairs and improvements to both reduce deferred maintenance on an aging facility and further enhance the quality of the facility and services. The proposed fee increase will fund the repayment of debt used to fund the bowling and billiards area renovation and complete roof replacement. It is the intent of the Student Center to reduce the budget accordingly, once the proposed debt has been retired. Further, the proposed increase will offset inflationary cost increases including, but not limited to, escalating utility costs, increased cost of insurance premiums, projected salary and wage increases, and other general inflationary costs for goods and services. Planned FY 2009 capital and building projects include the following:

- Replace Kitchen Equipment in conjunction with the new Dining Services Contract.
- 3<sup>rd</sup> floor ceiling/lighting replacement. Replace light fixtures which are obsolete and inefficient, requiring increased labor and inflated energy costs, with energy efficient fixtures. Replace ceiling with accessible ceiling.
- HVAC Mechanical Renovations.
- Exterior Window Film Replacement (Phase 2).
- 1<sup>st</sup> floor bathroom renovations.

- Renovation and relocation of Information Station.
- John W. Corker Lounge Renovation (portion paid from SIU Foundation funds; balance paid from operating funds).

In addition to the Student Center Fee, a portion of the Revenue Bond Fee supports the Student Center. If one includes the Revenue Bond Fee and the proposed increase in the Student Center fee collectively, the combination would have risen at an average annual rate of 7.74% over the past ten years. When balanced against the services, activities, programming and other core support offered to students on a daily basis, that rate of increase illustrates the fundamental commitment the Student Center has to the University as a whole and to students in particular.

#### Considerations Against Adoption

University officers are concerned that increasing costs to our students may affect access to the University.

#### Constituency Involvement

The Student Center Advisory Board (SCB) has voted to approve the proposed fee increase. The Undergraduate Student Government (USG) and the Graduate and Professional Student Council (GPSC) support the proposed fee increase.

PROPOSED INCREASE: STUDENT MEDICAL  
BENEFIT (SMB): PRIMARY CARE FEE, SIUC  
[AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX A-6]

Summary

This matter seeks a \$10.00 increase in the SMB: Primary Care component of the SMB Fee for a proposed rate of \$181.00 per Fall and Spring Semesters respectively and a \$6.00 increase for a proposed rate of \$108.60 for Summer, effective with the collection of fees for Fall Semester 2008.

Rationale for Adoption

The Primary Care Fee and the Extended Care Fee are the two components of the Student Medical Benefit (SMB) Fee. The Primary Care Fee funds the on-campus program of health care while the Extended Care Fee funds a self-insured program of external medical and hospitalization coverage. Stable medical claims experience and improved PPO network savings make it unnecessary to increase the Extended Care Fee at this time.

The on-campus component of Student Medical Benefit program represents a fully accredited out-patient primary care clinic including laboratory and radiology services, mental health clinic, full service pharmacy, sports medicine and physical therapy, emergency dental services, wellness, outreach and health education programs, women's services as well as after-hours nurse consultation through the "Dial-A-Nurse" program. SIUC students can access the full range of services and programs for a minimal user fee of \$6.00 per visit.

The current proposal represents the necessary funding to support the continuation of important on-campus health services and operate the new Student Health Center facility which was opened at the beginning of 2006. The current proposed fee increase will fund inflationary operating expenditures of existing programs and services, increases in salaries, and repayment of debt for the construction of the Student Health Center facility.

Without this fee increase the availability of important health care service to students, the majority of whom depend solely on Student Health Center for affordable access to health services, would be negatively affected.

Considerations Against Adoption

University officers are concerned that increased student costs may affect access to the University.

Constituency Involvement

The Student Health Advisory Board (SHAB), made up of students appointed by both undergraduate and graduate student governments, have considered and approved the proposed fee increase. The proposed fee increase has been discussed with Undergraduate Student Government (USG) and Graduate and Professional Student Council (GPSC). USG and GPSC support the proposed increase in the Student Medical Benefit: Primary Care Fee.

PROPOSED INCREASE: STUDENT RECREATION FEE, SIUC  
[AMENDMENTS TO 4 POLICIES OF THE BOARD APPENDIX A-6]

Summary

This matter seeks a \$6.00 increase in the Student Recreation Fee, effective Fall Semester 2008, for a proposed rate of \$120.00 per semester, prorated over 12 credits for the Fall, Spring, and Summer academic sessions, respectively.

Rationale for Adoption

The Student Recreation Center is the focal point for all Intramural-Recreational Sports programs and services on campus and impacts the entire southern Illinois region. Over 700,000 people annually enter the facility including current and prospective students, their families, community members, faculty and staff, as well as visitors from all over the world. In addition, the facility hosts intercollegiate athletic events, academic classes, special events and camps, public and private functions and processes over 20,000 facility reservations each year.

The \$6.00 increase for FY 2009 is proposed to offset continuing increases in student minimum wage, insurance costs, and salaries; increase and enhance safety-cleaning efforts and products with current concerns for the transfer of diseases, etc.; cover escalating inflationary construction materials costs; address the need to maintain an appropriate level of cash reserves; and support the desire to continue to increase the quality of the educational experience available for students. Approval of the proposed \$6.00 increase would allow the Recreation Center to continue its record of no deferred maintenance for the facility, and the Recreational Sports and Services programs continue to experience increasing usage and a high level of student satisfaction.

Considerations Against Adoption

University officers are concerned that increasing student costs may affect access to the University.

Constituency Involvement

The Recreational Sports and Services Leadership Team members were heavily involved in the discussion of the proposed fee increase and their recommendations were presented to the Recreational Sports and Services Advisory Board. The Recreational Sports and Services Advisory Board spent an extended period of time reviewing and discussing the fee proposal and recommendations, and the Board voted in favor of the proposed increase. The recommended fee proposal was presented and

discussed at the Graduate Professional Student Council (GPSC) and Undergraduate Student Council (USG) meetings. USG and GPSC voted to support the proposed increase in the Student Recreation Fee.

PROPOSED INCREASE TO THE STUDENT SERVICES  
BUILDING FEE, SIUC  
[AMENDMENTS TO 4 POLICIES OF THE BOARD APPENDIX A-6]

Summary

This matter proposes to increase the Student Services Building Fee, effective Fall Semester 2008, for a proposed total rate of \$60.00 per semester prorated over 12 credit hours for the Fall, Spring, and Summer academic sessions, respectively.

Rationale for Adoption

A proposed \$20.00 per semester increase in the Student Services Building Fee is being requested beginning Fall 2008 to cover the costs of the debt service on a planned Student Services Building. A student services facility was proposed in the original Land Use Plan and endorsed by the Board of Trustees in June of 2001. A new student services facility would also allow for Woody Hall to be vacated for the needed renovations as addressed in the original Land Use Plan. The proposed fee is expected to generate \$1,925,000 in FY09.

The proposed Student Services Building will house the enrollment services functions of the University including the Offices of Undergraduate Admissions, Records and Registration, Financial Aid and Scholarships, and the Bursar's Office. In addition, several other student service functions such as Disability Support Services, Career Services, Judicial Affairs, Transitional Programs, Supplemental Instruction, International Programs and Services, the Honors Program, and some components of Housing may also be included. Further, there may be specific aspects of the Graduate program and of the Center for Academic Success that would be moved to this location.

The new building would result in better service for students since it would be designed especially for this purpose. The facility would accommodate the offices necessary to provide the enrollment-related services and a new welcome center within the facility with cross-trained staff to serve students. The welcome center would have an open reception area and would have the latest technology to meet the "24/7" service expectations of our students. The building would be located in close proximity to the Student Center which accommodates most of the pre-enrollment programs planned by the Admissions Office and New Student Programs.

The units mentioned above are now housed in Woody Hall which was designed as a residence hall. The physical lay-out of Woody Hall is confusing to students and has resulted in many experiencing the "Woody

Hall Shuffle.” The offices are on multiple levels with no open space for a welcome center with cross-trained staff providing comprehensive student services. Prospective students and their families are limited by available parking; the building is fraught with deferred maintenance problems; the facility does not make a positive impression on prospective students and their families; and, the quality of student services offered is limited by the physical aspects of the building.

Finally, a new student services building would exemplify the mission of the University which as stated in *Southern @ 150: Building Excellence Through Commitment* “is a contemporary, comprehensive student responsive research university committed to serving the society that supports it.”

The Campus plans to increase this fee \$20.00 each Fall Semester over the next two years to provide the funds necessary for the debt service on the Student Services Building. At the present time, this project is in the early planning/design phase. An A/E firm has been selected. This firm will work with the Student Services Building Committee on planning and design of the building. The planning/design phase should be complete by April 2009. All phases of the project for the new Student Services Building will be brought to the Board of Trustees for approval at the appropriate time.

#### Considerations Against Adoption

University officers are concerned that increasing student costs may affect access to the University.

#### Constituency Involvement

The proposed fee increase was discussed with the Undergraduate Student Government and the Graduate and Professional Student Council. The original Land Use Plan was developed with input from hundreds of individuals throughout Campus, and endorsed by the Board of Trustees in June of 2001.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That effective with the collection of fees for Fall Semester 2008, 4 Policies of the Board, Appendix A-6 be amended as follows:

PROPOSAL TO CONTINUE THE NURSING PROGRAM FEE, SIUE  
[AMENDMENT TO 4 POLICIES OF THE BOARD, APPENDIX B-4]

Summary

This matter proposes to continue the Nursing Program Fee effective fall semester 2008, at the existing rate of \$220 per Nursing clinical class.

Rationale for Adoption

At its April 2007 meeting, the SIU Board of Trustees approved the new Nursing Program Fee. During the past several years, the SIUE School of Nursing has continued to work toward addressing a critical workforce shortage in Nursing as well as improving the quality of education and performance of SIUE students at the undergraduate and graduate levels. However, the continuing demand to provide additional nursing graduates must be addressed with continuing funds.

University officials have determined that it is not necessary to increase the Nursing Program Fee at this time. However, the approval sought at the April 2007 meeting only covered the first year of the plan in order to establish the fee. While no increase is being recommended, this approval would set the continuing rates subject to periodic review for incremental increases.

The Nursing Program Fee is being charged to all Nursing students taking clinical courses, except undergraduate students in a Guaranteed Tuition Plan prior to fall 2007. As an example of the full four-

year impact of the Nursing Program Fee, the rate for freshmen who entered SIUE in fall 2007 was \$0. For their sophomore year it will be \$440 (\$220 for each of the two clinical courses sophomores take.) In their junior and senior years the rate will be \$880 (juniors and seniors each take four clinical courses at \$220 per course.) ABSN students normally take three classes in each of their Junior and Senior years so their fees will be \$660 for a semester. Course specific fees are currently assessed for some classes. When this program fee is fully implemented the need for course specific fees will be evaluated.

#### Considerations Against Adoption

None.

#### Constituency Involvement

This matter is recommended for adoption by the Provost and Vice Chancellor for Academic Affairs, and the Chancellor, SIUE.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That 4 Policies of the Board Appendix B-4 be amended as follows:

#### CONTINUING NURSING PROGRAM FEE

<u>Nursing Class</u>	<u>Fall Semester</u>	<u>Spring Semester</u>	<u>Summer Semester</u>

PROPOSED INCREASE: ATHLETIC FEE, SIUE  
[AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX B-4]

Summary

This matter would approve a rate increase in the Athletic Fee of \$46.30 per semester, effective fall 2008. The semester rate would increase from \$71.20 to \$117.50 for FY-09. This is a 65.0% increase.

Attached for information is historic, current and projected fiscal year income and expense information concerning the Intercollegiate Athletic Program.

Rationale for Adoption

The Athletic Fee is the principal source of revenue supporting the Intercollegiate Athletic Program at SIUE. The proposed increase of \$46.30 per semester would support the initial year's operating expenses associated with the Board approved reclassification from NCAA Division II to Division I status and would move the program towards established fund balance targets.

Considerations Against Adoption

University officers are concerned about increases in the cost of attendance and their possible negative affect on access to the University. Such concerns are integral to SIUE's annual fee review process and reflect its historic efforts to maintain fees at the lowest practical level.

Constituency Involvement

The proposal was developed by the Intercollegiate Athletic Advisory Committee, the review body for the Intercollegiate Athletic Program, which includes students, staff, and faculty. SIUE's Student Senate approved a \$46.30 per semester increase for FY-09. This matter is recommended for adoption by the University Planning and Budget Council, Vice Chancellor for Student Affairs and the Chancellor, SIUE.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That effective with the collection of charges for fall 2008, the Athletic Fee, SIUE, be assessed as follows:

PROPOSED CHANGE: CAMPUS HOUSING ACTIVITY FEE, SIUE  
[AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX B-4]

Summary

This matter would approve rate increases, effective fall 2008, for Campus Housing Activity Fee (CHAF). The rate for family resident students would increase from \$40.00 per term to \$41.00 per term. This is a 2.5% increase. The rate for single students would increase from \$15.00 per semester to \$15.50 per semester. This is a 3.3% increase

Attached is historic, current and projected fiscal year information on revenues and expenditures for the CHAF account.

Rationale for Adoption

The Campus Housing Activity Fee supports programming, activities, and services for residents of University Housing at SIUE. Programs and activities include academic support initiatives, movies, and allowances for residents to plan and conduct activities for those living in an apartment building or in a wing of the residence halls.

Revenues from the increase would offset inflationary operating cost increases, maintain an appropriate fund balance and fund the Family Resource Center.

Considerations Against Adoption

University officers are concerned that increasing student costs may affect access to the University. Such concerns are the basis for University efforts to maintain fees and charges at the lowest practical level.

Constituency Involvement

The Resident Housing Association (RHA), the review body for housing rental rates and charges, includes Housing residents and University staff. RHA's recommendations were approved by the Student Senate. This matter is recommended for adoption by the University Planning and Budget Council, Vice Chancellor for Student Affairs and the Chancellor, SIUE.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That effective with the collection of charges for fall 2008, Campus Housing Activity Fee be assessed as follows:

[AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX B-4 AND B-17]

Summary

This matter would approve a rate increase in the Facilities Maintenance Fee of \$.75 per credit hour, effective fall 2008. The academic year rate would increase from \$472.50 to \$495.00. This is a 4.8% increase. This matter would also exempt off-campus students from paying the Fee.

Attached for information is historic, current and projected fiscal year income and expense information concerning the Fee.

Rationale for Adoption

A proposed \$16.50 per credit hour Facilities Maintenance Fee is being requested beginning fall semester 2008 to update the core campus buildings. During the next ten to fifteen years, SIUE will see an unprecedented increase in major building repairs. The Edwardsville Campus has a large group of major buildings and most of its infrastructure was built over a short period of time during the same era. There are seven major buildings on campus built between 1965 and 1979, totaling nearly one million square feet. Major systems of that era are reaching the end of their economic lives. Experience has shown that once buildings go past their economic life, the operating and maintenance cost rise rapidly and the ability to meet the user's needs and to adapt to changing user demands decreases. Some of these impacts are already visible on campus.

The first project to be funded with this fee is the replacement of the bleachers in the Vadalabene Center. Without replacing the bleachers, they are expected to fail within the next five years. In replacing the bleachers, SIUE has the opportunity to increase space for the growing Kinesiology and Health Education program and to continue holding Commencement in the gymnasium.

This fee will be charged to all on-campus students, except students who entered prior to Fall 2007 and remain in a Guaranteed Tuition Plan. Students who enter the Guaranteed Tuition Plan in Fall 2008, will be charged the Facilities Maintenance Fee but will be protected from increases in the Fall 2008 rate for up to four years.

In the future, this fee is presumed to increase by a 3% inflation factor. This proposed 1.8% increase above the 3% inflation factor will allow the projected revenue to be earned as planned while eliminating the

fee for off-campus students, since off-campus students have no proportional impact on campus buildings.

#### Considerations Against Adoption

University officers are always concerned about increases in the cost of attendance and their possible negative effect on access to the University. Such concerns are integral to SIUE's annual fee review process and reflect its historic efforts to maintain fees at the lowest practical level.

#### Constituency Involvement

The proposed fee increase was approved by the Student Senate and the University Planning and Budget Council. This matter is recommended for adoption by the Vice Chancellor for Administration and the Chancellor, SIUE.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That 4 Policies of the Board Appendix B-4 be amended and B-17 be amended as follows:

#### Credit Hour Fee Rate

<u>FY08 Fee</u>	<u>FY09 Fee</u>
<del>15.75</del>	<u>16.50</u>

1) This fee will be charged to all on-campus students, except students who entered prior to Fall 2007 and remain in a Guaranteed Tuition Plan, and;

2) The Facilities Maintenance fee, SIUE, shall be as stipulated in Appendix B-4 above except for the following categories of students: students enrolled only in the clinical portion of the B.S. Degree in Biological Sciences, specialization in Medical Technology; SIU employees other than those employed at SIUE; and students enrolled in off-campus courses for which the fee will not be applied against their off-campus credit hours.

BE IT FURTHER RESOLVED, That the President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

PROPOSED INCREASE: INFORMATION TECHNOLOGY FEE, SIUE  
[AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX B-4]

Summary

This matter would approve a rate increase in the Information Technology Fee of \$0.05 per credit hour, effective fall semester 2008, for a proposed total rate of \$6.25 per credit hour. This is a 1% increase.

Attached is historic, current, and projected fiscal year information on revenues and expenditures for the Information Technology Fee.

Rationale for Adoption

A proposed \$6.25 per credit hour Information Technology Fee is being requested beginning fall semester 2008 to offset inflationary operating cost increases and to maintain an appropriate fund balance. The cost per credit hour is viewed as the most equitable approach since students' demand for services has some proportionality to the number of classes they take. It is also consistent with SIUE's uncapped tuition. The fee is expected to generate approximately \$2 million per year.

The costs of supporting computing and the campus network infrastructure have been historically funded through a combination of network connection "jack charges" and appropriated funds. The available funds have remained stagnant, while the demand for services has grown dramatically. Every year, more of the University's operations are done through computing resources and require an ever greater infrastructure. The University needs to continually expand and enhance computing resources and the campus network infrastructure to satisfy the increasing demand as well as maintain and support information technology services to its faculty, staff, and students.

Considerations Against Adoption

University officers are concerned that increasing student costs may affect access to the University. Such concerns are the basis for University efforts to maintain fees and charges at the lowest practical level.

Constituency Involvement

The proposed fee has been discussed with Student Government and the University Planning and Budget Council. It is recommended by the Provost and Vice Chancellor for Academic Affairs, the Vice Chancellor for Administration, and the Chancellor, SIUE.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That effective with the collection of charges for fall 2008, the Information Technology Fee, SIUE, be assessed as follows:

PROPOSED INCREASE: STUDENT SUCCESS CENTER FEE, SIUE  
[AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX B-4]

Summary

This matter would approve a three-year plan and rate increases for the Student Success Center Fee of \$48.00 to be applied over the next three years. The fee increases will be \$7.80, \$7.80 and \$8.40 per semester, effective fall 2008, fall 2009 and fall 2010 respectively. The semester rate would increase from \$55.20 to \$63.00 for FY-09 \$63.00 to \$70.80 for FY-10 and \$70.80 to 79.20 for FY-11. This is a 14.1%, 12.4% and 11.9% increase in FY0-9, FY-10 and FY-11 respectively. Should the FY10 or FY11 rates need to be adjusted in the future, a new board matter will be submitted during the regularly scheduled fee review process.

Attached for information is historic, current and projected fiscal year income and expense information concerning the Student Success Center.

Rationale for Adoption

The Administration with endorsement of Student Government is seeking approval of the proposed three-year plan and fee increases totaling \$48.00 over the next three years for the Student Success Center Fee beginning Fall 2008 to cover the anticipated costs of debt and operations that would be incurred for the planned Student Success Center addition to the Morris University Center and to meet cash balance targets.

In 1994, the first residence hall opened at SIUE. This significant event began the process of transforming the University into a residential campus. Since the first residence hall, three more have been built and opened. While space for the residential students has increased significantly, the space afforded an increasing student population has not, particularly in the area of academic/student support services. Administrators of these services have noted a significant increase in the demand on the services while the physical space has remained, in most cases, constant. Further, many academic/support service functions are spread across campus.

The proposed Student Success Center will address the academic and personal needs of students. It is envisioned that this Center, by bringing together a collection of interdependent support services for students, will provide students with one central location to have their academic support and personal needs addressed. Many critical support services that are located across campus will be relocated in one central location in the core of the campus convenient to many other complementary services.

It is proposed that this new Center of approximately 68,000 square feet would house the University's Instructional Services, Disability Services, Counseling Services, Health Services, Academic Advising, Career Development, International Student Center, and expanded space for the Kimmel Leadership Center. The new Center would be an addition to the existing Morris University Center.

### Considerations Against Adoption

University officers are concerned about increases in the cost of attendance and their possible negative affect on access to the University. Such concerns are integral to SIUE's annual fee review process and reflect its historic efforts to maintain fees at the lowest practical level.

### Constituency Involvement

The proposed plan and three-year fee increases have been endorsed by SIUE's Student Senate for \$7.80, \$7.80 and \$8.40 per semester, effective fall 2008, fall 2009 and fall 2010, respectively. This matter is recommended for adoption by the University Planning and Budget Council, Vice Chancellor for Student Affairs and the Chancellor, SIUE.

### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That effective with the collection of charges for fall 2008, fall 2009 and fall 2010, the Student Success Center Fee, SIUE, be assessed as follows:

PROPOSED INCREASE: STUDENT FITNESS CENTER FEE, SIUE  
[AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX B-4]

Summary

This matter would approve a three-year plan and rate increases for the Student Fitness Center Fee of \$42.00 to be applied over the next three academic years. The fee increases will be \$7.00 per semester, effective fall 2008, fall 2009 and fall 2010. The semester rate would increase from \$62.30 to \$69.30 for FY-09 \$69.30 to \$76.30 for FY-10 and \$76.30 to \$83.30 for FY-11. This is an 11.2%, 10.1% and 9.2% increase in FY-09, FY-10 and FY-11 respectively. Should the FY10 or FY11 rates need to be adjusted in the future, a new board matter will be submitted during the regularly scheduled fee review process.

Attached for information is historic, current and projected fiscal year income and expense information concerning the Student Fitness Center.

Rationale for Adoption

The Student Fitness Center Fee is the principal source of revenue supporting the Student Fitness Center at SIUE. The Administration with endorsement of Student Government, is seeking approval of the proposed three- year plan and fee increases totaling \$42.00 over the next three years for the Student Fitness Center Fee beginning fall 2008 to cover the anticipated costs of additional debt and operations for the facility expansion and to meet cash balance targets. The increase will also enable the Student Fitness Center to adequately fund the Repair and Replacement Reserve account used for equipment replacement, renovations and facility enhancements. The increase will permit the Student Fitness Center to continue operating at the extended hours and service levels necessary to serve residential students.

Considerations Against Adoption

University officers are concerned about increases in the cost of attendance and their possible negative affect on access to the University. Such concerns are integral to SIUE's annual fee review process and reflect its historic efforts to maintain fees at the lowest practical level.

Constituency Involvement

The proposed plan and three-year fee increases were developed by the Campus Recreation Advisory Committee, the review body for the Student Fitness Center Fee, which includes students, staff, and faculty. The plan and increases have been endorsed by SIUE's Student Senate for

\$7.00 per semester effective fall 2008, fall 2009 and fall 2010. This matter is recommended for adoption by the University Planning and Budget Council, Vice Chancellor for Student Affairs and the Chancellor, SIUE.

PROPOSED INCREASE: STUDENT WELFARE AND ACTIVITY FEE, SIUE  
[AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX B-4]

Summary

This matter would approve a rate increase, effective fall 2008, in the Student Welfare and Activity Fee. The full-time semester fee would increase from \$86.55 to \$91.00. This is a 5.1% increase.

Four of the eight subfees within SWAF--Campus Recreation, Student Publications Operations, Student Health Service and Student Legal Service--would be increased by \$7.20 per semester in total. Three of the eight subfees within SWAF--Student Activities and Organizations, Student Government and Student Publications Equipment--would be decreased by \$2.75 per semester in total. The other subfee, Student Programming, will remain at the same rate as FY-08.

Attached for information is historic, current and projected fiscal year income and expense information for these subfees.

Rationale for Adoption

SIUE's Student Welfare and Activity Fee includes eight subfees which fund a variety of services, programs and activities which supports campus life. As authorized by the Board, some of the subfees are assessed on a flat-rate basis while others are prorated across hours of enrollment. The following section addresses the subfees proposed to increase.

Student Activities and Organization

This subfee funds expenditures for registered student organizations for organizational maintenance, student travel and campus programs. Due to the increase approved in the FY07 fee review process, estimated revenues have exceeded the expenditures. The proposed \$1.65 per semester decrease still allows for sufficient revenues to cover projected expenditures.

Student Government

This subfee funds the organizational and service costs of the Student Senate and its officers. Due to the increase approved in the FY07 fee review process, estimated revenues have exceeded the expenditures. The proposed \$.60 per semester decrease still allows for sufficient revenues to cover projected expenditures.

### Campus Recreation

This subfee funds the operational and program expenditures of Campus Recreation. The proposed \$2.00 per semester increase will offset cumulative inflationary cost increases and better support programming appropriate to SIUE's increased residential population. The fee increase will support plans for enhancing intramural and club sports and operating the outdoor recreational complex. With the increase of \$2.00 per semester, the subfee would be \$21.15 per semester for a full-time student.

### Student Publications Operations and Equipment

These two subfees fund the printing and other publication costs of the student newspaper and media, as well as replacement of equipment. It was determined that \$0.50 per semester could be reallocated from Student Publications Equipment to Student Publications Operations rather than increasing the fee. The proposed \$0.50 per semester decrease in Student Publications Equipment still allows for coverage of projected expenditures for this subfee. With the decrease of \$0.50 per semester there will be no fee assessed for a full-time student for the Student Publications Equipment subfee. The proposed \$0.50 per semester increase in Student Publications Operations will offset cumulative inflationary costs increases. With the increase of \$0.50 per semester the subfee would be \$4.60 for a full-time student.

### Student Health Service

This subfee funds the operational and program expenditures of Health Service and is being phased in to fund the operational expenditures for Counseling Services. Health Service provides acute clinical care, sexuality awareness, laboratory services, immunization clinic, pharmacy services, and health education services. Counseling Services provides psychological care. The proposed \$4.25 per semester increase will offset cumulative inflationary cost increases and phase in funding for Counseling Services to better support SIUE's increased residential population. With the increase of \$4.25 per semester the subfee would be \$43.50 for a full-time student.

### Student Legal Services

This subfee funds the operation of the Student Legal Services Program at the University. This program was established to provide free legal assistance for currently enrolled SIUE students and to develop educational programs which allow students to gain a better understanding of the legal process and the law and sponsor educational law programs. The proposed \$0.45 per semester increase will offset cumulative

inflationary cost increases. With the increase, the subfee would be \$2.50 per semester for a full-time student.

### Considerations Against Adoption

University officers are concerned about increases in the cost of attendance and their possible negative affect on access to the University. Such concerns are integral to SIUE's annual fee review process and reflect its historic efforts to maintain fees at the lowest practical level.

### Constituency Involvement

The proposals were developed by the respective subfee advisory boards and approved by the Student Senate. This matter is recommended for adoption by the University Planning and Budget Council, Vice Chancellor for Student Affairs and the Chancellor, SIUE.

PROPOSED INCREASE: TEXTBOOK RENTAL FEE, SIUE  
[AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX B-4]

Summary

This matter would approve a rate increase in the full-time Textbook Rental Fee of \$9.75 per semester, effective fall 2008. The Textbook Rental Fee is assessed at the same rates during a semester and the summer session. The semester rate for 15 hours would increase from \$144.00 to \$153.75 for FY-09. This is a 6.8% increase.

Attached for information is historic, current and projected fiscal year income and expense information concerning the textbook rental service.

Rationale for Adoption

The Textbook Rental Fee is the principal source of revenue supporting Textbook Service, which operates primarily on a cost recovery basis.

Textbook costs, the largest and most variable cost of the operation of Textbook Service, are anticipated to rise 12% annually. Revenue from the increase would offset other inflationary operating costs increases in salaries and general costs, provide necessary levels of service, maintain an appropriate fund balance and provide for administrative costs assessed auxiliaries. The proposed increase is part of the program begun several years ago to offset rising costs with annual fee increases.

Considerations Against Adoption

University officers are concerned about increases in the cost of attendance and their possible negative affect on access to the University. Such concerns are integral to SIUE's annual fee review process and reflect its historic efforts to maintain fees at the lowest practical level. Textbook Service represents a substantial value for SIUE students compared with the costs that students incur under traditional textbook purchase programs.

Constituency Involvement

SIUE's Student Senate approved the proposed per-semester increase. The proposal is recommended for adoption by the University Planning and Budget Council, Vice Chancellor for Student Affairs and the Chancellor, SIUE.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That effective with the collection of charges for fall 2008, the Textbook Rental Fee, SIUE, be assessed as follows:

PROPOSED INCREASE: UNIVERSITY CENTER FEE, SIUE  
[AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX B-4]

Summary

This matter would approve a rate increase in the University Center Fee of \$.90 per semester, effective fall 2008. The semester rate would increase from \$148.00 to \$148.90 for FY-09. This is a 0.6% increase.

Attached for information is historic, current and projected fiscal year income and expense information concerning the University Center.

Rationale for Adoption

The University Center Fee is the principal source of revenue supporting the University Center at SIUE. The proposed increase equating to \$.90 per semester would offset inflationary operating cost increases in salaries, utilities and general costs, support student programming, maintain an appropriate fund balance, permit moderate equipment replacement and provide for administrative costs assessed auxiliaries. The increase will also enable the University Center to adequately fund the Repair and Replacement Reserve account used for equipment replacement, renovations and facility enhancements. The increase will permit the University Center to continue operating at the extended hours and service levels necessary to serve residential students.

Considerations Against Adoption

University officers are concerned about increases in the cost of attendance and their possible negative affect on access to the University. Such concerns are integral to SIUE's annual fee review process and reflect its historic efforts to maintain fees at the lowest practical level.

Constituency Involvement

The proposal was developed by the University Center Board, the review body for the University Center Fee, which includes students, staff, and faculty. SIUE's Student Senate approved a \$.90 per semester increase for FY09. This matter is recommended for adoption by the University Planning and Budget Council, Vice Chancellor for Student Affairs and the Chancellor, SIUE.

PROPOSED INCREASE: UNIVERSITY HOUSING RENTAL RATES, SIUE  
[AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX B-11]

Summary

This matter would approve rate increases, effective fall 2008, in University Housing of 3% for Cougar Village Apartments, 5% for Woodland, Prairie, Bluff and Evergreen Halls, and 3% for group housing at Cougar Village. This matter would also approve to increase the meal plan rate 3%.

Attached is historic, current and projected fiscal year information on revenues and expenditures for University Housing.

Rationale for Adoption

Proposed FY-09 rental rates would offset inflationary cost increases projected at 3%, fund debt service, maintain adequate fund balances in the housing operation, and provide for administrative costs assessed auxiliaries. The rates proposed are in part derived from the financial planning related to constructing Evergreen Hall.

The Resident Housing Association recommended a 3% increase per semester in the FY-09 meal plan charges for students residing in Woodland, Prairie and Bluff Halls. The rates proposed herein were developed to offset inflationary cost increases in labor and food costs.

Considerations Against Adoption

University officers are concerned that increasing student costs may affect access to the University. Such concerns are the basis for University efforts to maintain fees and charges at the lowest practical level.

Constituency Involvement

The Resident Housing Association (RHA), the review body for housing rental rates and charges, includes Housing residents and University staff. RHA's recommendations of 3% increase for Cougar Village Apartments, 5% increase for Woodland, Prairie, Bluff and Evergreen Halls rental rates, 3% increase for group housing at Cougar Village and 3% increase in meal plan rates were approved by the Student Senate. This matter is recommended for adoption by the University Planning and Budget Council, Vice Chancellor for Student Affairs and the Chancellor, SIUE.

PROPOSED TUITION RATES FOR FY 2009  
[AMENDMENTS TO 4 POLICIES OF THE  
BOARD APPENDICES A AND B]

Summary

This matter gives notice that the President, upon the recommendations of the Chancellors, will propose to the Board of Trustees of Southern Illinois University at its February 2008 meeting, changes to the previously approved tuition schedule.

Proposed tuition rates for undergraduates, nursing accelerated students, graduate students, physician assistant students, and for students enrolled in the professional schools of Law, Medicine, Dental Medicine, and Pharmacy are shown in Table 1.

Rationale for Adoption

Historically, Southern Illinois University has been a leader in delivering a high quality educational experience to its students at an affordable price. It remains the intent of the Board and University administration to continue with that policy and to honor the tradition of providing an accessible education regardless of financial need or other economic barriers.

The proposed increases in tuition rates are needed to fund additional cost obligations of the University. Without this additional funding the quality of educational opportunities for students would be diminished.

Accordingly, the University hereby proposes changes for FY 2009 tuition as outlined in Table 1.

Considerations Against Adoption

Like other public universities, we continue to be concerned with the increased costs of education. With any increase in rates there is a fear that affordability and access will be harmed.

Constituency Involvement

To allow for full constituency discussion and involvement, the final proposal to the Board of Trustees for rate adjustments will be presented in April 2008.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That the FY 2009 rates for tuition be amended, as presented in Table 1, and hereby approved.

BE IT FURTHER RESOLVED, That the President is authorized to take whatever actions are necessary to incorporate the rates into Board policy.

2) Non-resident tuition is three times the in-state rate for all SIU Professional Schools (e.g., Dental and Medicine) except for Pharmacy and Law. The Pharmacy multiplier is 1. times the in-state rate. For FY2009, the non-resident tuition rate for the School of Law will be \$950.00 per credit hour.

3) Students in the Master of Science Degree in Physician Assistant Studies (PA) will be assessed \$263 per uncapped credit hours in addition to the Graduate School tuition rate. A one-year Master of Science completion program will be offered for a limited time to Physician Assistants currently in practice holding Bachelor of Science degrees for a reduced rate of \$207 per uncapped credit hour in addition to the Graduate School tuition rate. First year PA students take 44 credit hours/AY (Fall 22 credits; Spring 22 credits). The PA portion of this rate (\$263/credit hour) does not change in FY09. Non-resident tuition for the PA program is 1.5 times the in-state rate.

4) The Accelerated Bachelor Studies in Nursing (ABSN) 68 hour program is a post-baccalaureate sequence of study leading to a baccalaureate in nursing degree. Applicants who have already earned a baccalaureate degree from an accredited university and have completed all pre-nursing requirements will be eligible to enter this program. The first ABSN cohort began January 2006.

5) The College of Business has implemented a 15% surcharge for new students and students that are not in a guaranteed tuition plan.

FY 2009 OPERATING AND CAPITAL BUDGETS  
PLANNING GUIDELINES

Summary

This matter submits for approval guidelines to be used for the development of the University's Fiscal Year 2009 operating and capital budgets.

Rationale for Adoption

The FY 2009 guidelines continue the University's commitment to preserve and protect its long-term assets. Resources should be allocated in the most efficient manner that leads to fulfilling the institution's mission, highest priorities, and maintaining quality faculty and staff.

Considerations Against Adoption

None are known to exist.

Constituency Involvement

The guidelines have been discussed with University leadership, constituency groups, and other members of the University community.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That the FY 2009 operating and capital budgets planning guidelines be approved as follows:

1. Highest Priorities. In constructing the FY 2009 operating and capital budgets, the highest priority shall be placed on maintaining the continuing operations and staffing of the institution. Campus leadership shall develop budget proposals for those items it wishes to fund that protect the overall quality of the institution. Items may include, but not be limited to: salary increases, hiring additional faculty and staff, financial aid, library materials, deferred maintenance, utilities, supplies, technology upgrades and other continuing operating costs.
2. Contingency Plan. If possible, emergencies or unanticipated expenditures should not cause major changes in resource allocation during the fiscal year. A contingency reserve insulates the institution from negative shifts in resources. Therefore, at least two percent of FY 2009 appropriated and income funds will be reserved for

contingencies. Each campus will develop a plan to expend these funds during the last two quarters of the fiscal year if they are not required for unanticipated expenditures.

3. Maintenance of Assets. The assets critical to the success of the University include human and physical assets such as buildings and equipment. If not maintained, assets deteriorate. The following serve as targets for addressing facilities renewal and renovation and for equipment replacement:

- an amount equaling two percent of the replacement value of the plant on facilities renewal and renovation;

Projects proposed for the campuses will be developed recognizing the need to upgrade existing buildings, replace obsolete structures, repair structural and utility support systems, and make campus site improvements.

- an amount equaling ten percent of the book value of equipment on equipment upgrades.

The amounts given above represent long-term average targets. Annual budgets may exceed or fall short of the targets.

4. Remaining Budget. After funding the highest priorities, the contingency fund, and the maintenance of assets, Campus leadership shall devote remaining funds to the University's commitment to its long-term goals. Campus budget plans shall describe the allocations targeted for its long-term goals.

#### PLANNING APPROVAL: ROOF REPLACEMENTS, SIUE

##### Summary

This matter seeks approval to develop plans and cost estimates for Roof Replacements, SIUE. The cost of the work will be finalized once a comprehensive cost estimate is determined, and will be funded from Facilities Fee revenues. Final project and budget approval and award of contracts will require further Board approval.

##### Rationale for Adoption

Plans will look at replacing the roofs of six buildings on the Edwardsville campus. The buildings are: Founders, Alumni, Dunham, Vadalabene Center, Supporting Services, and Rendleman. Work is needed on each of the buildings in order to minimize disruptions of classroom and

research activities and to maintain and protect SIUE's investment in its facilities. A QBS process will be conducted to select a consultant for this project. The consultant will help determine the extent of the work to be done and the estimated cost of the work.

#### Considerations Against Adoption

University officials are aware of none.

#### Constituency Involvement

Not pertinent to this matter.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) Development of plans and cost estimates for roof replacements, SIUE, be and is hereby approved.

(2) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

#### PROJECT AND BUDGET APPROVAL: SCHOOL OF PHARMACY ADDITION, SIUE

#### Summary

This matter seeks project and budget approval for an addition to the 220 University Park Drive building to provide additional student gathering and common study space for the School of Pharmacy, SIUE. The estimated cost of the project is \$350,000 and will be funded from University Operating Funds. The Board of Trustees consulting architect will be given the opportunity to review the drawings and specifications for this project.

#### Rationale for Adoption

At its September 2003 meeting, the SIU Board of Trustees approved the project and budget for the capital project, School of Pharmacy Temporary Facilities, SIUE. That project renovated approximately 15,000 square feet of the University's 200 University Park Drive building and constructed a new building of approximately 15,000 square feet located at 220 University Park Drive. However, since the

original curriculum of the Pharmacy School was developed, the curriculum was changed to allow students three years of academic work on campus instead of the original two. Now that the program is completing its third year, this increased focus of on-campus training requires additional student gathering and common study space to accommodate the increased number of students present in the new building. Additional space has already been provided in the existing building.

The estimated cost of the project is \$350,000 and will be funded from University Operating Funds.

#### Considerations Against Adoption

University officers are aware of none.

#### Constituency Involvement

This matter is recommended for adoption by the Chancellor, the Provost and Vice Chancellor for Academic Affairs, and the Vice Chancellor for Administration, SIUE.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The capital project, School of Pharmacy Addition, SIUE, be and is hereby approved at an estimated cost of \$350,000.

(2) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

#### CHANGE OF PROJECT SCOPE: UNIVERSITY PARK ROAD IMPROVEMENT, SIUE

#### Summary

This matter seeks approval to change the scope of the capital project University Park Road Improvement, SIUE. This change in scope would not only design and construct a smaller section of new two-lane road in University Park, but also would improve the shoulders along the sides of University Park Drive. The estimated cost of the project remains at \$500,000 and will be funded through the Illinois Department of Transportation and University Operating funds.

### Rationale for Adoption

At its July 2006 meeting, the SIU Board of Trustees approved the construction of new two-lane roads in University Park. University officials have determined that there is a greater need to construct a smaller portion of a new two-lane road and use the remaining funds to improve the shoulders along University Park Drive. The new road portion to be included will connect North Research Drive to the road that runs behind parking lots 8 and 9.

The estimated cost for the project remains at \$500,000 and will be funded from a \$400,000 grant from the Federal Transportation Bill through the Illinois Department of Transportation, and \$100,000 in matching funds from the University's Operating funds.

### Considerations Against Adoption

University officers are aware of none.

### Constituency Involvement

The Chancellor, the Vice Chancellor for Administration, and the University Park Executive Director recommend this matter for adoption.

### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The Change of Project Scope, University Park Road Improvement, SIUE, be and is hereby approved at an estimated cost of \$500,000.

(2) The project shall be funded from a \$400,000 grant from the Federal Transportation Bill through the Illinois Department of Transportation, and \$100,000 from the University's Operating funds.

(3) The President of Southern Illinois University is hereby authorized to take whatever action may be required in execution of this resolution in accordance with established policies and procedures.

PROJECT AND BUDGET APPROVAL: CONSTRUCT BIOLOGY LABORATORIES AND GEOGRAPHIC INFORMATION SYSTEMS SUITE, SIUE

Summary

This matter provides project and budget approval for the capital project Construct Biology Laboratories and Geographic Information Systems (GIS) Suite, SIUE. The project with an estimated cost of \$1,800,000 will build out two biology teaching laboratories and associated support space and a suite for the GIS unit in the Laboratory Incubator Building located in SIUE's University Park. Funds for the project will come from University Operating Funds. Due to the urgency of the project, SIUE will use its on-call architecture and engineering firm for design. That firm was selected using the Quality Based Selection process. The Board of Trustees consulting architect will be given the opportunity to review the drawings and specifications for this project.

### Rationale for Adoption

The growth in the number of students needing basic classes in the sciences has exceeded the capacity of the existing science building. SIUE previously built out two chemistry laboratories that opened in the fall of 2007 that have resolved the chemistry issue. However, the continued delay in constructing a new science building has now resulted in a backlog of students needing biology courses. This project will build two biology teaching laboratories and associated support space next to the previously constructed chemistry laboratories. Once the new science building is opened, the biology laboratories, like the chemistry laboratories, will be available for incubator space in University Park.

The dramatic growth of the Nursing program to almost 800 students has resulted in severe crowding in the Nursing area. After careful consideration, the Provost has determined that the best solution is to relocate the adjacent GIS unit and reassign the space to Nursing. There is unused shell space in the Laboratory Incubator Building in the SIUE University Park, which can be configured to meet the GIS unit's needs. Should the SIUE long-term capital project for a health science building come to fruition, the space in the Incubator Building could be reassigned to its original purpose.

### Considerations Against Adoption

University officials are aware of none.

### Constituency Involvement

This matter is recommended for adoption by the Provost and Vice Chancellor for Academic Affairs, the Vice Chancellor for Administration, and the Chancellor, SIUE.

### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The capital project Construct Biology Laboratories and Geography Information Systems Suite, SIUE, is approved with a budget of \$1,800,000 to be paid from University operating funds.

(2) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

APPROVAL OF THE 2008 FACILITIES MAINTENANCE PLAN,  
CARBONDALE CAMPUS, SIUC

Summary

This matter seeks approval of the 2008 Facilities Maintenance Plan for the SIU Carbondale campus.

Rationale for Adoption

The core academic and administrative buildings of the Carbondale campus were built between 1955 and 1970. Major systems installed in this era have reached the end of their effective lives. To attract and retain outstanding faculty and students, it is imperative that the core academic and administrative buildings be updated. The Carbondale campus is experiencing major increases in unfunded maintenance costs which create an inability to meet current and changing demands.

The Facilities Maintenance Fee, created in FY 2007, will partially fund the maintenance and improvement costs to the University facilities that are not part of the Revenue Bond System.

A general description of the 2008 Facilities Maintenance Plan for the Carbondale campus is attached and approval of the plan is requested at this time. This 10-year plan identifies \$100 million of immediate deferred maintenance, of which an estimated \$75 million can be addressed with the planned Facilities Maintenance revenue stream. Approval for all major projects envisioned within this plan will follow SIU Board policy and will be presented as separate matters at the appropriate time in accordance with established policies and procedures.

Considerations Against Adoption

University officers are concerned that increasing student costs may affect access to the University.

Constituency Involvement

The Facilities Maintenance Plan has been discussed with the Dean's Council, the Undergraduate Student Government, and the Graduate and Professional Student Council.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University, That:

(1) The 2008 Facilities Maintenance Plan for the SIU Carbondale campus be and is hereby approved.

(2) BE IT FURTHER RESOLVED, That the President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

PROJECT AND BUDGET APPROVAL:  
AGRICULTURE BUILDING ROOF REPLACEMENT, ROOF AREAS C AND D,  
CARBONDALE CAMPUS, SIUC

Summary

This matter seeks project and budget approval for the Roof Replacement on the Agriculture Building, Roof Areas C and D.

The project is estimated at \$600,000. The project budget will be funded from the Facilities Maintenance Fee established by the Board of Trustees at the April 12, 2007, meeting. This project is part of the 2008 Facilities Maintenance Plan submitted to the Board of Trustees at the April 10, 2008, meeting.

Rationale for Adoption

The Agriculture Building, built in 1957, is divided into four roof areas (A, B, C, and D). This project will replace roof areas C and D. Both areas are approximately twenty-four years old and the condition is detrimental to the infrastructure and contents of the building.

Roof area C, approximately 30,500 sq. ft., consists of a single-ply membrane system. Roof area D is over the auditorium and is approximately 5,400 sq. ft. Roof D is a ballasted single-ply membrane system.

An Architect and Engineering firm for this project will be selected using the Qualifications Based Selection (QBS) process to prepare plans and specifications and oversee construction phase services. The Board of Trustees' consulting architect will be given the opportunity to review the drawings and specifications for this project.

Considerations Against Adoption

University officials are aware of none.

Constituency Involvement

This project is part of the 2008 Facilities Maintenance Plan which has been discussed with the Dean's Council, the Undergraduate Student Government, and the Graduate and Professional Student Council.

### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The budget for the design and construction of the project to replace the roof areas C and D on the Agriculture Building, Carbondale, Illinois, be and is hereby approved at an estimated cost of \$600,000.

(2) Funding for this project shall be through the Facilities Maintenance Fee established by the Board of Trustees at the April 12, 2007, meeting.

(3) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

PROJECT AND BUDGET APPROVAL:  
FANER HALL ROOF REPLACEMENT, WINGS A, B, AND C,  
CARBONDALE CAMPUS, SIUC

### Summary

This matter seeks project and budget approval for the Roof Replacement on Faner Hall, wings A, B, and C.

The project is estimated at \$1,000,000. The project budget will be funded from the Facilities Maintenance Fee established by the Board of Trustees at the April 12, 2007, meeting. This project is part of the 2008 Facilities Maintenance Plan submitted to the Board of Trustees at the April 10, 2008, meeting.

### Rationale for Adoption

Faner Hall, built in 1974, is divided into three major sections with multiple roof areas in each section. It is estimated that approximately 65,540 square feet of roofing is in need of replacement. The majority of the roof systems is approximately eighteen years old and consists of a ballasted single-ply system.

An Architect and Engineering firm for this project will be selected using the Qualifications Based Selection (QBS) process to prepare plans and specifications and oversee construction phase services. The Board of Trustees' consulting architect will be given the opportunity to review the drawings and specifications for this project.

### Considerations Against Adoption

University officials are aware of none.

### Constituency Involvement

This project is part of the 2008 Facilities Maintenance Plan which has been discussed with the Dean's Council, the Undergraduate Student Government, and the Graduate and Professional Student Council.

### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The budget for the design and construction of the project to replace the roof on Faner Hall wings A, B, and C, Carbondale, Illinois, be and is hereby approved at an estimated cost of \$1,000,000.

(2) Funding for this project shall be through the Facilities Maintenance Fee established by the Board of Trustees at the April 12, 2007, meeting.

(3) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

AWARD OF CONTRACT:  
AUTOMATIC SPRINKLER SYSTEM INSTALLATION,  
THOMPSON POINT, PHASE I,  
STUDENT RESIDENTIAL FACILITIES,  
CARBONDALE CAMPUS, SIUC

### Summary

This matter seeks to award the plumbing contract for phase one to install automatic sprinkler systems in Steagall, Pierce, Brown and Bowyer Halls at the Thompson Point residential facility on the Carbondale campus. Upgrades to the water distribution systems and fire alarm systems will be required to facilitate the new fire suppression systems.

The recommended bids for the installation of an automatic sprinkler system and the upgrades to the water distribution systems and fire alarm systems in phase one total \$2,300,000. The estimated cost of this three phase project is \$7,750,000. Funding for this project will come from external and/or internal financing as determined by the Board

Treasurer. The debt payment will be repaid with SIUC Housing Operation Funds.

The nature of this project requires bids on four trades: General Contractor, Electrical Contractor, Plumbing Contractor and Sprinkler Contractor. At the time of the original bid opening, only three trades had bids submitted. The plumbing trade received no bids and therefore was not awarded at the February 28, 2008, Board of Trustees meeting. The plumbing trade has now been rebid, and acceptable bids have been received.

#### Rationale for Adoption

On November 10, 2005, the Southern Illinois University Board of Trustees approved the University Housing Safety Security Enhancement Plan, Carbondale Campus. This plan outlined the funding needed to comply with House Bill 4361 which mandates that sprinklers be installed in all dormitories (residence halls) by 2013. Effective January 1, 2002, the Illinois State Fire Marshal's Office adopted the 2000 Fire Protection Association's Life Safety Code (NFPA 101), replacing the 1985 edition of the NFPA 101 previously enforced by that office. Under the new 2000 edition of NFPA 101, the University is required to place sprinkler systems in existing high-rise dormitories. However, the recently enacted state law (House Bill 4361) expanded the requirement to include all dormitories (residence halls) by 2013.

To date, sprinkler systems have been installed in the three high-rise residence halls, Schneider, Mae Smith, and Neely. University Housing is now ready to proceed with the project to install the automatic sprinkler systems and associated upgrades in the facilities at Thompson Point and University Hall. Thompson Point consists of eleven buildings with a total of 671 rooms with a total capacity of 1,198. University Hall has a capacity of 361 residents in 239 rooms. Each building also contains offices, study areas and laundry rooms.

In March 2007, BRIC Engineering completed a cost estimate to install sprinklers in Thompson Point and University Hall buildings. Their study identified that water pressure, water flow conditions and fire alarm systems at Thompson Point are not adequate to meet the fire protection demands. Thus, it is recommended that the site water distribution system be completely replaced, fire pumps be installed to improve pressure and four of the eleven fire alarms be replaced at Thompson Point. The project will be implemented over a three-year period.

On September 20, 2007, the Board of Trustees approved this three phase project at estimated cost of \$7,750,000, and the work would be funded from external and/or internal financing as determined by the Board Treasurer. The debt payment will be repaid with SIUC Housing Operation Funds.

At this time, a favorable bid for the plumbing contract has been received and University Housing is now prepared to move forward with phase one of this project.

The nature of this project and its source of funds cause it to be defined as a non-instructional capital improvement project. The Illinois Board of Higher Education approved this project at the December 4, 2007, meeting.

#### Considerations Against Adoption

University officers are aware of none.

#### Constituency Involvement

Residence Hall Advisory Board is aware of and supports the project.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The contract for plumbing work to install the automatic sprinkler system in Steagall, Pierce, Brown and Bowyer Halls at Thompson Point (phase one), be and is hereby awarded to Litton Enterprises, Inc., Marion IL., in the amount of \$442,000.

(2) Funding for this project will come from external and/or internal financing as determined by the Board Treasurer. The debt payment will be repaid with SIUC Housing Operation Funds.

(3) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

PROJECT AND BUDGET APPROVAL:  
PARKING LOT RENOVATION AND EXPANSION,  
CARBONDALE CAMPUS, SIUC

Summary

This matter seeks project and budget approval to renovate and expand parking Lot #6 located north of Morris Library. The project will expand and re-surface the existing lot and install lighting and the infrastructure for future security enhancements. The expansion will consist of approximately 44 additional parking spaces at an estimated total project cost of \$300,000.

Funding for this work will come from the Parking Division and Parking Facilities Replacement and Reserve Fund. Physical Plant Engineering Services will prepare drawings and specifications.

Rationale for Adoption

This project will expand and re-surface the existing parking Lot #6 located north of Morris Library. New lighting will be installed as well as the infrastructure for future security enhancements which includes closed circuit surveillance. The expansion will consist of approximately 44 additional parking spaces and will be located to the west of the existing lot.

Parking in this lot will be available for students, faculty, staff, and visitors and will include handicapped accessible spaces and motorcycle parking.

Construction will be supported from the Parking Division. Physical Plant Engineering Services will prepare drawings and specifications.

Considerations Against Adoption

University officers are aware of none.

Constituency Involvement

This project has the recommendation of the Campus Traffic and Parking Committee, which has constituency representation.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The project to expand and re-surface the existing lot and install lighting and the infrastructure for future security enhancements at Lot #6 on the Carbondale campus be and is hereby approved with an estimated cost of \$300,000.

(2) Funding for this work will come from the Parking Division and Parking Facilities Replacement and Reserve Fund.

(3) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

PROJECT AND BUDGET APPROVAL:  
BOILER #5 ECONOMIZER REPLACEMENT.  
CARBONDALE CAMPUS, SIUC

Summary

This matter seeks project and budget approval to replace the economizer in boiler #5 in the Power Plant. The estimated total project cost is \$385,000.

The project budget will be funded from Physical Plant Deferred Maintenance and from the Facilities Maintenance Fee established by the Board of Trustees at the April 12, 2007, meeting. This project is part of the 2008 Facilities Maintenance Plan submitted to the Board of Trustees at the April 10, 2008, meeting.

Rationale for Adoption

The economizer, originally installed in 1996, acts as a heat transfer device for boiler #5. Flue gas circulates through the economizer and pre-heats boiler feedwater minimizing the need to re-heat water used to produce steam while lowering the flue gas temperature for additional heat recovery. This economizer has been experiencing system failures that cause boiler #5 to be taken off-line.

Boiler #5 is the main boiler for the campus. When taken off-line, the campus relies on the natural gas boiler to supplement the demand for electricity and steam. The use of the natural gas boiler creates a

potential increased expense of \$30,000 per day for the campus utilities budget.

Replacement of the economizer will be supported from Physical Plant Deferred Maintenance funds and from the Facilities Maintenance Fee.

#### Considerations Against Adoption

University officers are aware of none.

#### Constituency Involvement

This project is part of the 2008 Facilities Maintenance Plan which has been discussed with the Dean's Council, the Undergraduate Student Government, and the Graduate and Professional Student Council.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The project to replace the economizer in boiler #5 in the Power Plant on the Carbondale campus be and is hereby approved with an estimated cost of \$385,000.

(2) Funding for this project shall be from Physical Plant Deferred Maintenance and through the Facilities Maintenance Fee established by the Board of Trustees at the April 12, 2007, meeting.

#### AUTHORIZATION TO CONVERT RESIDENCE HALL TO INCOME USE FOR ADMINISTRATIVE AND ACADEMIC PURPOSES: GREEK ROW, 114 KAPLAN HALL, SIUC

#### Summary

This matter seeks authorization to convert the Kaplan Hall residence facility located in the Greek Row area of the Carbondale campus to income use for administrative and academic purposes.

Rationale for Adoption

The Greek Row area was constructed in 1960 and included 15 buildings originally constructed as residence halls. Kaplan Hall is currently occupied by the Sigma Sigma Sigma sorority and is one of six buildings still in use at Greek Row for residential purposes. The housing contract with Sigma Sigma Sigma requires that the group maintain a minimum of 20 members. In the Spring of 2007, only 15 members occupied the 12,750 square foot Kaplan Hall facility. Sigma Sigma Sigma members have been consulted by University Housing and have agreed to move to another location in University Housing facilities.

Converting Kaplan Hall to income use for administrative and academic purposes eliminates an estimated \$15,000 of the net operating loss associated with Kaplan Hall. In addition, it will alleviate the need to install sprinklers in the residence hall by 2013 as required by recently enacted state law, House Bill 4361. The cost to install sprinklers in Kaplan Hall was estimated at \$250,000.

The SIUC School of Law Legal Clinic currently operates from less than 2,000 square feet of administrative space within the Lesar Law Building. As early as 1993, the American Bar Association site inspection accreditation committee cited space problems as a primary concern for continued successful operation of the Legal Clinic. Kaplan Hall is conveniently located directly across from the Lesar Law Library and could be used to address the immediate space needs of the Legal Clinic. It is proposed that the following programs relocate from Lesar Law Building to Kaplan Hall: Legal Services to Older Persons, Public Interest Extern Clinic, Domestic Violence Clinic, Summer Judicial Extern Clinic, Self Help Legal Center, Pro Bono Family Mediation Program, and the Illinois Agriculture Mediation Program.

Kaplan Hall will need to be retrofit in order to be suitable for use by the School of Law. This would include minor remodeling, re-configuration of space, paint, installation of wireless technology, upgrading telephone hardware, and providing student computer workstations. These costs will be funded from the School of Law budget and through existing and proposed grants. The School of Law will assume responsibility for all costs associated with maintenance of the facility, to include utilities, custodial services, and grounds. In addition, the School of Law has agreed to pay rent to University Housing in an amount that will fully fund the annual debt service payment and building insurance premiums.

### Considerations Against Adoption

Sigma Sigma Sigma members will need to relocate to other housing.

### Constituency Involvement

Sigma Sigma Sigma members have been consulted by University Housing and have agreed to move to another location in University Housing facilities.

### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The Board hereby determines that Kaplan Hall, located in the Greek Row area of the Carbondale campus, is not suitable for the use and occupancy thereof for which the same were initially acquired, and therefore may be converted to income use for administrative and academic purposes.

(2) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

(3) The Executive Secretary is directed to file a copy of this resolution with the Treasurer of the Board in accordance with section 12(A) of said Housing and Auxiliary Facilities System Revenue Bond Resolution.

### PROJECT AND BUDGET APPROVAL: RELOCATION OF THE UNIVERSITY TENNIS COURTS AND THE RECREATIONAL SPORTS LIGHTED PLAYFIELDS, CARBONDALE CAMPUS, SIUC

### Summary

This matter seeks project and budget approval for the relocation of the University Tennis Courts and the Recreational Sports Lighted Playfields.

The project is estimated at \$1,300,000. The project will be funded from the facilities portion of the SIUC Student Intercollegiate Athletic fee.

### Rationale for Adoption

The location of the new Football Stadium has been identified in plans for Saluki Way. The construction of the stadium requires the relocation of the University Tennis Courts and the Recreational Sports Lighted Playfields.

The design, completed by the A/E firm 360 Architecture working with Saluki Athletics, Recreational Sports and Services and Physical Plant Engineering Services, calls for demolishing the six southern tennis courts and constructing two new courts on the west side of the remaining six tennis courts. The lighted playfields will be relocated south of the Safety Center.

The SIU Board of Trustees, at the November 7, 2007, meeting, approved the development of the detailed design and plans for phased construction of the Football Stadium, renovation and addition to the SIU Arena, and relocation of the University Tennis Courts and the Recreational Sports Lighted Playfields. The project budget was established at \$83,000,000. The SIU Board of Trustees, at its September 14, 2006, meeting, approved the development of schematic plans and cost estimates for the design and construction of the Football Stadium and renovation and expansion of the SIU Arena.

***Southern at 150: Building Excellence Through Commitment*** states that "Athletics can enhance the University image and is an essential component of campus life, providing a sense of school pride, spirit and traditions." The athletics program's mission statement calls for our athletics programs to facilitate the academic and personal growth of the student-athletes, and be successful in competition while achieving regional and national recognition.

### Considerations Against Adoption

University officials are aware that the relocation of the existing courts and playfields are not a "like for like" exchange. Future evaluations will be made to determine if additional tennis courts and playfields are needed as verified by student use of the new areas.

### Constituency Involvement

All constituency groups have been made aware of this project.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The budget for the design and construction of the project to relocate the University Tennis Courts and the Recreational Sports Lighted Playfields, Carbondale, Illinois, be and is hereby approved at an estimated cost of \$1,300,000.

(2) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

PROPOSED 15% DIFFERENTIAL TUITION SURCHARGE and PROPOSED  
MINOR PROGRAM FEE FOR THE COLLEGE OF BUSINESS AND  
ADMINISTRATION, SIUC

Summary

This matter proposes the establishment of a tuition surcharge to be applied to all undergraduate and graduate students in the College of Business and Administration beginning with the incoming class of 2008-2009.

- For undergraduate students, we propose a 15% tuition surcharge be applied to all declared College of Business and Administration majors, freshman through seniors, beginning with the incoming class of 2008-2009, and with transfer students in accordance with the University's Guaranteed Tuition Stabilization Plan. We propose a similar 15% tuition surcharge for graduate students majoring in the College of Business and Administration beginning with the incoming class of 2008-2009.
- The 15% tuition surcharge would be assessed on the applicable in-state tuition.
- Differential tuition surcharge assessment will be capped at 15 credit hours per semester.
- Differential tuition surcharge for out-of-state students would be assessed on the in-state tuition rate.
- The current Technology fees for College of Business and Administration majors would be phased out as it is being subsumed by the differential tuition surcharge. In other words, during the transition, students will be assessed the Technology fees or the differential tuition surcharge but not both.

In view of the large number of credit hours generated by students pursuing minors in the College, we also propose a "minor program fee" to be assessed for all students that declare a minor in the College of Business and Administration. This one-time fee would be set at an amount equal to 15% of 15 credit hours of applicable in-state tuition. This fee would cover 15 credit hours of coursework for a minor in the College of Business and Administration and the fee would be assessed to students that declare a minor in the College of Business and Administration. In the event that a student declares multiple minors in the

College of Business and Administration, the minor program fee will be charged for each minor. This fee would be effective beginning with the incoming class of 2008-2009, and with transfer students in accordance with the University's Guaranteed Tuition Stabilization Plan.

Funds generated from the 15% tuition surcharge will provide needed resources to support student services and curricular innovation in the College. All funds would be allocated directly to those programs and services that directly impact students: career preparation and placement services; advising services; retention programs and services; student financial support; curricular enhancement and innovation, and delivery; and, technology upgrades and innovation. Funds generated from the minor program fee will be used for non-instructional support in the College.

### Rationale for Adoption

In a resource-challenged environment, the College of Business and Administration continues to be a leader both in initiating educational innovations and attracting a talented and diverse faculty, student body and staff. Our innovations have been the result of imaginative and proactive efforts to meet student needs with a rather restricted set of resources. Examples of these innovations include improvements in the physical infrastructure of the College, the introduction of state-of-the-art technology in our classrooms, and the development of a job placement program that is the envy of many other business schools. As a result the College has been able to enhance the value of the business degrees earned by our students.

The College of Business and Administration has reached the limit of what is possible with its current level of funding. The College's ability to maintain its current competitive advantage is seriously threatened by its constrained resources to institute programmatic initiatives and provide a superior level of student services. Departmental and administrative staff cutbacks have meant a significant loss in the ability to advise students, communicate important information to the faculty and student body, and to complete graduation checks.

New investments in our undergraduate programs are needed to maintain and upgrade innovative initiatives such as our College Placement and Student Development Centers. Similarly, resources are required to expand our offering of courses with an international focus, increase our use of technology, and to provide more opportunities for development of communications skills — all imperative for today's graduates. A healthy level of financial support for undergraduate and graduate students is characteristic of high-quality programs in business and the current level of funding precludes providing an adequate number of need-based merit scholarships and graduate assistantship stipends. A hallmark of top

business programs is the extra-curricular training students receive outside of class, including workshops on career choice and development, exposure to different business careers, factory and plant visits, etc. The College's ability to provide such essential learning experiences for students is critically threatened by our diminishing resources. The College needs to continually upgrade and support our technology infrastructure while providing students and faculty with cutting edge capabilities.

The proposed use of these funds includes increased scholarships and assistantships; enhanced advising services; enhanced career preparation and placement services; curriculum innovation and enhancement; professional development; retention services; updating and maintaining technology infrastructure; and other student related services.

### Considerations Against Adoption

There are two primary considerations against adoption of the tuition surcharge and minor program fee that should be considered.

First, additional increases in tuition or fees will increase financial obstacles for students wishing to pursue a career in business. Even with the proposed surcharge, SIUC business tuition will continue to be lower, at both the undergraduate and graduate levels, than the tuition charged at other state of Illinois research-extensive institutions offering doctoral degrees in business. The plan for use of the funds generated by this surcharge includes allocations for scholarships and tuition waivers to ameliorate the effects of this increase on needy students.

Second, increasing tuition and fees might have an impact on business college enrollments. However, the experience from peer institutions with differential tuition is that while they might have initial decreases in enrollments, ultimately enrollments actually increase because the increased fees create genuine value that flows directly back to the students paying the tuition and fees. We anticipate that our students will recognize this increased value and that the College will develop a reputation as a place where "you pay more, but you get more." If increased enrollments are to occur here, then it is incumbent upon the College of Business and Administration to (a) create genuine value that will be delivered to students, and (b) to constantly communicate that value proposition to potential and current students. We are well aware that we have a marketing challenge ahead of us and we are actively preparing for it.

### Constituency Involvement

This proposal has been discussed with College faculty, staff, and advisory boards. The Dean met with students, student leaders, and Registered Student Organizations on 17 separate occasions throughout the past four months to explain the concept of differential tuition, discuss the feasibility of such a proposal, and elicit student feedback. Feedback was overwhelmingly positive and supportive with the understanding that funds generated from this surcharge would be allocated directly to student services to enhance the value delivered to the students. The most frequently voiced concern about the proposal was that it would create increased hardships on those with limited financial means.

### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

1) Effective for the Fall Semester 2008, all incoming undergraduate students and other students (Freshman through Seniors) with declared majors in the College of Business and Administration, except students in a Guaranteed Tuition Plan prior to Fall 2008, and all incoming graduate students majoring in the College of Business and Administration, will be assessed a 15% differential tuition surcharge above the university's tuition base for that and subsequent semesters. The differential tuition surcharge will be applied in accordance with the University's Guaranteed Tuition Stabilization Plan.

2) Effective for the Fall Semester 2008 and subsequent semesters, all incoming new and transfer undergraduate students that declare a minor in the College of Business and Administration will be assessed a "minor program fee" equal to 15% of 15 credit hours of applicable in-state tuition per minor.

3) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

The following item was presented to the Board:

PROPOSED INCREASE: INTERCOLLEGIATE ATHLETIC FEE, SIUC  
[AMENDMENT TO 4 POLICIES OF THE BOARD APPENDIX A-6]

Summary

This matter seeks a \$54.00 increase in the Intercollegiate Athletic Fee effective Fall Semester 2008 for a proposed rate of \$275.00 per semester, prorated over 12 credit hours for Fall, Spring and Summer academic sessions, respectively. Ten dollars (\$10.00) of the increase will be used to augment the Athletics Department's operating budget, and the remaining \$44.00 will be designated for improvements and renovations to Athletic facilities.

Rationale for Adoption

Fiscal year 2007 marks the sixth consecutive fiscal year of positive operating results, further reducing the carry-over deficit by \$68,382. Cost containment initiatives and budget reallocations resulted in cutting the carryover deficit by more than \$738,000 since FY2000, leaving the balance at (\$60,233) (Un-audited).

Fiscal year 2007 brought continued success in competition as the Men's Basketball team won the Missouri Valley Championship and earned their sixth consecutive NCAA tournament invitation, returned to the Sweet Sixteen and ended the year ranked 11th nationally. Women's Basketball won the Missouri Valley Championship and hosted an opening round WNIT game. Women's Softball received their fifth consecutive at-large invitation to the NCAA. During the Fall of 2006, Football defeated Big Ten opponent Indiana 35-28, received an at-large invitation to the NCAA playoffs (fourth consecutive appearance), won their first home playoff game since 1983, and finished the year ranked 7th nationally. In the 2007 Missouri Valley Conference All Sports Championship, the award recognizing success across all sports, SIUC finished 2nd. During the Fall of 2007 Football defeated Northern Illinois 34-31 for its second victory over a Football Bowl Series team in as many years. Men's Cross Country won the 2007 MVC championship.

Success in competition is only one venue where excellence is sought. Our student-athletes were also performing well in the classroom with 58% posting 3.0 GPA or better in the Spring 2007 semester, and a department-wide cumulative GPA of 3.00. During the 2006/2007 school year, Saluki student-athletes received 65 academic post season awards.

Grants from State Farm and the Missouri Valley Conference once again helped fund a variety of public service programs focusing on reading. Throughout the year, student-athletes visited local elementary schools to read to and interact with more than 1,000 students, along with making a host of other community-oriented appearances. Programs of this nature are vital to the continued personal growth of the student-athletes as well as building relationships for the University throughout the community.

While we continue to build on these successes in the classroom and competition, sport operating budgets are still below the levels necessary to remain competitive in the Missouri Valley and Gateway Conferences. While efforts to increase revenues from external sources continue to be successful, costs are increasing as well. Coaches continue their efforts to augment their budgets with funds raised from outside sources. This practice is not unusual for an Athletics Department. However, these funds, which would normally be used for "extras," are still being used for operational expenses. Taking into account the additional fund raising and departmental internal reallocations, sport operating budgets are constantly in need of greater funding, particularly in the areas of team travel and related costs.

Progress has been made on improving and renovating Athletics Facilities. On October 3, 2005, the Truett-Wittmann Academic and Training Center opened, providing state-of-the-art academic and weight training to help continue the success of the student-athletes in the classroom and in competition. McAndrew Stadium and the SIU Arena are in desperate need of replacement or significant renovation and there are additional needs for other facilities. The Saluki Way project has identified a number of necessary campus improvements, including a new football stadium and significant renovations to the SIU Arena. The proposed facilities fee increase of \$44.00 for Fall 2008 is the third phase of planned increases to fund a portion of the costs of these improvements. Additionally, the Athletics Department has been provided substantial fund raising goals, and increased revenue targets to assist in the funding of the initial projects and ongoing operations of these facilities.

The Athletics Department remains committed to full NCAA scholarship funding for all sports. This commitment has helped recruit and retain high-quality student-athletes but the resources required to continue this commitment comes at the expense of other areas within the program.

The sports operating budgets, athletic facility budgets and scholarship budgets remain in critical need of additional resources. Cost containment initiatives and budget reallocations can only partially fund some of these priorities. Additional revenue will continue to be necessary. A continuing focused effort to market our teams and emphasis on giving to the Saluki Athletic Scholarship Fund represent two examples of revenue growth opportunities being pursued in addition to the \$10.00 “operational” portion of this fee increase request. The Athletics Department believes an annual student fee increase is essential for the economic stability necessary to remain competitive in the world of Intercollegiate Athletics.

*Southern at 150: Building Excellence Through Commitment* states that Athletics can enhance the University image and is an essential component of campus life, providing a sense of school pride, spirit and traditions. Recent successes in Saluki Athletics have demonstrated this. The athletics program’s mission statement and the expectations voiced by University administrators call for our athletics programs to facilitate the academic and personal growth of the student-athletes and be successful in competition, while achieving regional and national recognition. These are reasonable expectations if the intercollegiate athletics program is adequately funded. Athletics success can also impact enrollment, retention and giving for the entire University.

#### Considerations Against Adoption

Any move to increase the cost of attendance for students must be reviewed carefully, weighing the benefit of what increased financial support and new facilities can mean to the future of Saluki Athletics, the University as a whole, and the value a strong athletics program has for the University against the economic impact that such increases have on the student body.

#### Constituency Involvement

This fee proposal was discussed with the Undergraduate Student Government (USG) and the Graduate and Professional Student Council (GPSC). USG and GPSC voted to oppose this proposal.

At 4:31 p.m., Trustee Williams moved that the Board go into closed session to consider pending, probable or imminent court proceedings against or on behalf of the Board and information regarding appointment, employment, compensation, discipline, performance or dismissal of specific employees or officers of the public body. The

NOTE: Copies of all background documents furnished to the Board in connection with the following matters have been placed on file in the Office of the Board of Trustees.

The Secretary reported that a quorum was physically present.

The Chair recognized the following newly elected constituency heads: (1) SIUC Administrative and Professional Staff Council Chair Don Castle, and (2) SIUC Undergraduate Student Government President Chiquita Watts.

The Chair reported that, pursuant to notice, at approximately 3:30 p.m., June 11, 2008, at the Stone Center on the SIU Carbondale campus, members of the Board of Trustees held an executive session. Before a motion was made to close the meeting to the public, a report from the Audit Committee was received, the future Board meeting schedule was discussed, and SIU's Investment Policy was reviewed. No action was requested or taken. Then a motion was made to close the meeting to the public for the purpose of considering pending, probable or imminent court proceedings against or on behalf of the Board and information regarding appointment, employment, compensation, discipline, performance or dismissal of specific employees or officers. No action was requested or taken.

The Chair reported that, after the executive session, members of the Board attended dinner at the Giant City Lodge. The gathering was social in nature.

Under Trustee Reports, Mr. Tedrick reported that he, along with Trustees Pulliam, Wiley, and Williams attended the April 26 Lincoln Academy Awards at SIUC to honor six recipients. He noted that among the

honorees were past Board of Trustee Member Bill Norwood and past SIU system Chancellor and SIU Edwardsville President Kenneth Shaw.

Mr. Tedrick provided a report of the spring 2008 meetings of the SIU Foundation Board of Directors held in Chicago on May 2 and 3. He reported the majority of meeting time was dedicated to strategic planning and was facilitated by an Association of Governing Boards consultant. The Foundation Board will complete the process with a two day retreat in January 2009. Mr. Tedrick reported that the Foundation Board's fall meeting dates would be October 2 and 3 with the *Opportunity Through Excellence* campaign celebration to be held on October 3.

Mr. Tedrick reported that on May 9, he, along with Trustees Pulliam and Wiley attended the College of Liberal Arts commencement ceremony at SIUC. He added that Trustee Pulliam also attended the ceremonies at SIUC for the Colleges of Education, Applied Sciences, Business, Graduate School, and Mass Communications on May 10.

Mr. Tedrick reported that on June 7, he, along with Trustee Williams attended the School of Dental Medicine commencement ceremony at the SIU Edwardsville campus.

Dr. Hightower reported that he attended May 10 commencement ceremonies at SIU Edwardsville, and he commended Chancellor Vandegrift's staff for the outstanding job of hosting the events. Dr. Hightower further reported that on June 10 he attended the announcement of SIU Edwardsville being admitted in the Ohio Valley Division I Conference. He recognized Chancellor Vandegrift and Athletic

Director Brad Hewitt and staff for their hard work and efforts in seeing the Division I transition through for SIUE, and he noted how much SIUE had grown under past and current leadership since he had attended there as a student.

Dr. Sanders reported that on April 26 he attended a meeting in Naperville, Illinois, called by the Illinois Board of Higher Education (IBHE) of public university trustees. He noted that the purpose of the meeting was to inform the representatives from the boards of trustees at state universities as to the strategic plan that was being developed by the IBHE, the process being used, and to give trustees an understanding of where in the process university boards could have some influence. Dr. Sanders pointed out that it is through the IBHE that all of capital and operating budget requests go before they get to the Governor and the General Assembly. He noted that the meetings were important, and he would continue to attend such meetings and keep the members informed of progress made at future meetings.

Ms. Williams reported that she and Ms. Pulliam attended the Association of Governing Boards Conference on Trusteeship held April 12 through 15 in Boston, Massachusetts. She noted that the conference provided them an excellent opportunity to meet and share experiences with other trustees from campuses across the nation.

Under Committee Reports, Mr. Tedrick, Chair of the Executive Committee, reported that the Committee had not met since the last Board meeting.

Under Executive Officer Reports, President Poshard made his report to the Board. The President welcomed Interim Chancellor Goldman to his new position and thanked him for his dedicated service to the University and the energy and enthusiasm he brought to the position.

President Poshard congratulated Chancellor Vandegrift on the admission of SIU Edwardsville to the Ohio Valley Conference (OVC). He noted that at the press conference the OVC Commissioner remarked that the main consideration for SIU Edwardsville joining the conference was the great academic excellence upon which they are building the University and their athletic program.

President Poshard reviewed his efforts since March 1 whereby he had been actively involved in an effort to pass a capital plan for Illinois. The President reported that he, along with former Speaker of the House Dennis Hastert, participated in over thirty public forums throughout Illinois to identify the state's most pressing infrastructure needs. He reviewed that the \$34 billion plan would make investments in every segment of the state's infrastructure for P-20 education, transportation, housing, environment, healthcare, energy, technology and economic development. An economic forecasting study conducted by the SIU Carbondale School of Business, led by Economics Professor Subhash Sharma predicted that the economic impact of investing in the areas would result in more than 535,000 full-time jobs with full-time benefits being created, more than \$69 billion in total economic output and \$3 billion in expected local and state tax revenues.

The President reported that on May 31, the Illinois Senate passed the capital bill. Subsequently, the gaming proposal passed out of the House Gaming Committee and was killed an hour later through a parliamentary procedure on the House floor. The bond authorization, the capital spending bill, and the health facilities proposal were not considered.

President Poshard reported that the Governor and legislative leaders were meeting in an attempt to address the capital plan and the operating budget deficit. He noted that the Governor's Office of Management and Budget was indicating that appropriations in the FY 09 budget exceeded projected revenues by \$2.0 billion.

The President outlined \$300 million in items for Southern Illinois University in the capital bill which included \$70 million to be used immediately to address the deferred maintenance backlog and new facilities constructed at Carbondale, Edwardsville and Springfield. President Poshard stated that he hoped the bill would be brought back for reconsideration by the House and hopefully passage of the bill would take place.

Trustee Sanders congratulated the President for his efforts in working with the Governor and with the leaders of the legislature for such an important bill which would benefit not only the University but also the entire state.

Dr. Vaughn Vandegrift, Chancellor, SIU Edwardsville, made his report to the Board. The Chancellor reviewed that spring commencement on May 10 had tremendous attendance with overflow crowds. Eugene Redmond received a Doctor of Humane Letters honorary degree, Carol Wetzel was awarded the SIUE Distinguished Service Award, and Assistant Professor Brian Harward in Political Science received the Teaching Excellence Award. In addition, the School of Dental Medicine held its commencement on June 7. He noted that the School of Dental Medicine had also received a \$1.5 million award from the Illinois Children's Health Care Foundation as part of a five-year program to expand oral health for Illinois children.

The Chancellor reported that the SIU Edwardsville 50<sup>th</sup> Anniversary events concluded with a rededication of the time capsule on April 16 and a community festival held on April 19.

Chancellor Vandegrift noted that on May 2, the campus hosted 130 healthcare representatives from the bi-state region for a conference on proactive pandemic flu measures. He also announced new personnel appointments of Mr. Patrick Hundley, Vice Chancellor for University Relations, and Ms. Sherrie Senkfor, Director of Human Resources.

The Chancellor commented about SIU Edwardsville's move to the Ohio Valley Conference. He thanked the President and Board for their support and endorsement when he first brought the recommendation forward to move all SIUE programs to Division I and noted that the day of

being named to the Ohio Valley Conference could not have happened without their vision.

Dr. Sam Goldman, Interim Chancellor, SIU Carbondale, made his report to the Board. The Chancellor reported that enrollment management operations on the campus had been restructured. A new committee will monitor and work hard to increase enrollment and create a strategic long-term enrollment plan. The group is chaired by Victoria Valle, Assistant Vice Chancellor for Enrollment Management and includes faculty representatives, the directors of admissions, financial aid, records and registration, and the coordinator of the first-year experience program. The Chancellor noted that once the plan is created, the group will continue to explore new options and recommend improvements on how to function in the recruitment and retention areas.

The Chancellor reported on the recruitment of faculty on the campus. From last August to the end of May, a number of new faculty were hired including 17 percent African American, slightly more than 12 percent Asian, and 7 percent Hispanic with 51 percent being women. He noted that hiring qualified female and minority applicants would continue to be a priority on the campus.

Chancellor Goldman reported success in securing grants to support outreach and research efforts. Through 11 months of the fiscal year, total awards were \$58.6 million which was a 9.2 percent increase over the same period one year ago. He attributed the overall increase primarily to increases in research awards which was 28 percent higher

than the same time last year. Awards from federal sources which total \$19 million were 28 percent higher, and the largest source of grant funds continues to be the state of Illinois with more than \$25 million. The Chancellor commended Vice Chancellor for Research and Graduate School Dean John Koropchak, his dedicated staff, and the talented faculty who work so hard to achieve the awards.

The Chancellor reported that the new Banner Student Information System reached its first major milestone over the Memorial Day weekend when the Admissions module went online. The other major modules were scheduled for spring 2009. He noted that the effort included the conversion of all students (past and present) along with faculty and staff to a new identification number called the DawgTag which is the first step in eliminating the Social Security number as the tracking number for students.

Chancellor Goldman noted that on June 21 Assistant Professor of Piano Junghwa Lee will debut at Carnegie Hall in a solo performance, and he recalled that the School of Music's wind ensemble had recently performed there in March.

The Chancellor reviewed the activities on April 26 related to the Lincoln Academy ceremony in Shryock Auditorium followed by a banquet in the Student Center. He noted that the event brought many visitors to the campus and mentioned the great job done by staff who prepared for the event.

The Chair explained the procedures for the public comment and question portion of the Board's agenda.

The Secretary called on Ms. Paulette Curkin. Ms. Curkin made her presentation to the Board. She noted her upcoming retirement, and provided a progress report with suggestions for the Gay, Lesbian, Bisexual, Transgender (GLBT) Resource Center at SIU Carbondale. She reported that during the three semesters the Center had been open, more than 30 presentations in classes, residence halls, and in the community were provided. Certification of 151 people in 12 safe-zone trainings had occurred. Students represented SIUC at regional and national conferences and statewide lobby days. Nationally recognized speakers had been brought to campus such as Rev. Melvin White.

Ms. Curkin reported that an advisory board had been formed to bring together faculty, staff, and students to work collaboratively, and a resource library had been developed. She noted that the Center had worked with Women's Studies to hopefully develop a minor or certificate program in GLBT Studies. In addition, a major fundraising campaign had been launched titled *1,000 At 100* to find 1,000 GLBT alums and friends to donate \$100 each; and Ms. Curkin reported after two weeks, several thousand dollars had been received from a demographic who had never been approached. Ms. Curkin recounted support, services, and outreach the Center provides to current and prospective students, their parents, and faculty.

Ms. Curkin provided recommendations for the future of the Center. Her first recommendation was to continue the Center and to grow it. She recommended that the half-time staff position become a full-time position and noted most universities have moved to fully staffed offices which allows for more effective outreach, recruitment, and fundraising. She recommended that the Center actively recruit students. Ms. Curkin mentioned that at most major GLBT events, universities have student information tables and are actively recruiting GLBT students. She recommended that the campus could also actively recruit GLBT faculty and staff at professional gatherings. Her last recommendation was that a similar resource center be opened at the Edwardsville campus due to the fact that she had been contacted by staff and students from SIUE and knew services were needed there as well.

President Poshard thanked Ms. Curkin for her commitment to the GLBT community and the University and wished her well in her retirement.

The Chair explained the procedure for the Board's omnibus motion and he proposed that, after discussion, there would be taken up the following matters:

----	----------------------	-------------------	-------------------	-------------	--------------------------

**Purpose:** Dr. Pearson requests a sabbatical leave to conduct research on a project that will survey employees at organizations with 100 or more employees. This research will build upon and integrate two streams of research that he is currently involved in; specifically, non-work related computing and problematic technology usage or “computer addiction.” Research in the Management Information Systems (MIS) area has typically investigated the benefits that can be achieved to individuals and/or organizations. However, research in the area of psychology has suggested that there may be a negative aspect of technology adoption and usage. This can impact both the individual and the organization through lost productivity of problematic use of this technology.

2.	<b>Watson, Dennis</b>	<b>Sabbatical</b>	<b>Plant, Soil &amp; Agricultural Systems</b>	<b>100%</b>	<b>08/16/08-12/31/08</b>

**Purpose:** The object of Dr. Watson’s sabbatical leave is to obtain advanced training to develop a greater understanding of polynomial modeling techniques using additive networks, prepare manuscripts using the modeling approach to predict outcomes, and visit with organizations having an interest or application for abductive network modeling approaches.

AWARD OF CONTRACTS AND REVISED PROJECT BUDGET APPROVAL:  
EARLY CHILDHOOD CENTER EXPANSION, SIUE

Summary

This matter approves award of construction contracts in the amount of \$1,867,427 in connection with the expansion and renovation of the Early Childhood Center, SIUE. This matter also requests approval of a revised project budget of \$2,400,000 in order to more accurately reflect certain upgrades to the project. Funding for the work to be completed under these contracts will come from an internal loan to be re-paid from Early Childhood Center user fees and University Operating funds.

Rationale for Adoption

At its November 2007 meeting, the SIU Board of Trustees approved the Early Childhood Center Expansion and Renovation project and budget. The project will increase capacity, provide observation and seminar areas for Early Childhood Education students, and provide a storm shelter area.

The approved project budget was \$2,000,000. However, upgrading the HVAC system to a more efficient gas system, the relocation of a water line, and the upgrade of the storm shelter area has increased the cost of the project. Although the bids received for the project reflect these changes, they are favorable and the award of contracts is now requested along with the increased budget. The University architect reviewed the drawings and specifications for the project on behalf of the Board. The project is expected to be completed by March 2009. A summary of bids received is attached for review.

Considerations Against Adoption

University officials are aware of none.

Constituency Involvement

AWARD OF CONTRACTS:  
VADALABENE CENTER REPAIR AND IMPROVEMENTS, SIUE

Summary

This matter approves award of construction contracts in the amount of \$4,660,602 in connection with the repairs and improvements to the Vadalabene Center gym. Funding for the work to be completed under these contracts will come from the Facilities Maintenance Fee revenues.

Rationale for Adoption

At its September 2007 meeting, the SIU Board of Trustees approved the Vadalabene Center Repair and Improvements project and budget. The project will replace the 23-year old bleachers and take advantage of space opportunities that the replacement system offers. This project will replace the existing single-tiered bleacher system with a two-tiered system, and capture an additional 13,800 square feet for offices, classrooms, and storage to be used by Athletics and the Kinesiology and Health Education Department. It will also allow for the much-needed expansion of the public restroom facilities for women. The seating capacity for the gym will remain the same at 3,500.

The approved project budget was \$6 million. The bids received for the project are favorable and the award of contracts is now requested. The University architect reviewed the drawings and specifications for the project on behalf of the Board. The project is expected to be completed in phases with the main gym floor complete by October 15, 2008, the upper bleachers and restrooms complete by October 24, 2008, and the offices and classrooms complete by December 15, 2008. A summary of bids received is attached for review.

PROJECT AND BUDGET APPROVAL:  
EMERGENCY GENERATOR AND UNINTERRUPTIBLE POWER SOURCE,  
CARBONDALE CAMPUS, SIUC

Summary

This matter seeks project and budget approval to purchase and install an emergency generator and an uninterruptible power source (UPS) at the Wham Building. The estimated total project cost is \$375,000. The project budget will be funded from the Information Technology State account.

Rationale for Adoption

Information Technology houses and supports enterprise wide computing resource systems utilized by the entire SIU system. These servers are located in the Wham Building. Currently, the only back-up power source for the core servers is one 100kw uninterruptible power source that provides approximately one hour of reserve power.

This project will purchase and install an emergency generator and a second 100kw UPS system to support the campus core servers during an interruption of electrical service.

The estimated total project budget is \$375,000 and will be funded by the IT State account.

Considerations Against Adoption

University officers are aware of none.

Constituency Involvement

This project has the support and approval from Information Technology.

Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That:

(1) The project to purchase and install an emergency generator and a 100kw uninterruptible power source (UPS) at the Wham Building on the Carbondale campus be and is hereby approved with an estimated cost of \$375,000.

(2) Funding for this project shall be from the IT State account.

(3) The President of Southern Illinois University be and is hereby authorized to take whatever action may be required in the execution of this resolution in accordance with established policies and procedures.

#### TEMPORARY FINANCIAL ARRANGEMENTS FOR FISCAL YEAR 2009

The Fiscal Year 2009 Southern Illinois University budget cannot be prepared until the Legislature and Governor have taken final actions on the State budget and the campuses have sufficient time to develop a budget based on those actions. It is essential to maintain the operation of the University between the beginning of Fiscal Year 2009 and the time at which a budget can be prepared for Board approval. Board approval of the following resolution is recommended:

##### Resolution

WHEREAS, Southern Illinois University's budget for Fiscal Year 2009 will be submitted for approval by the Board of Trustees at a meeting after July 1, 2008.

WHEREAS, This meeting of the Southern Illinois University Board of Trustees is the last regular meeting prior to the beginning of Fiscal Year 2009.

NOW, THEREFORE, BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That subject to the availability of funds, the President of Southern Illinois University is authorized to make, and to authorize the Chancellors of Southern Illinois University Carbondale and Southern Illinois University Edwardsville to make, expenditures consistent with spending levels for Fiscal Year 2008 until such date as the Board of Trustees takes further action on the Operating Budget for Fiscal Year 2009.

#### OPERATING AND CAPITAL RAMP GUIDELINES FOR FISCAL YEAR 2010

##### Operating RAMP Guidelines

Adoption of the Operating RAMP Guidelines represents the initial stage in the development of appropriation requests for Southern Illinois University. Several priorities are reflected in the guidelines, including the need to promote salary competitiveness, to maintain ongoing activities and services at their present level of quality, and to create new

programming opportunities and enhancements that will help advance University strategic priorities.

Consultation among the campuses and the Office of the President has resulted in the following guidelines to be used in the development of the Resource Allocation and Management Program (RAMP) operating budget request for Fiscal Year 2010:

1. With respect to salary increases, we will address salary issues in accordance with the IBHE's salary increase initiative. The initiative provides funds for an average inflationary salary increase for faculty and staff and additional funding to recruit and retain critical faculty and staff.
2. With respect to general price increases, we will document inflation projections using the most reliable data available. Documentation for general price requests will come from our analysis of inflationary levels measured by the Consumer Price Index (CPI), Higher Education Price Index (HEPI), and other reliable forecasts.
3. With respect to library materials and utilities, we are relying heavily upon demonstrable university cost experience and written comments from suppliers and local utility companies.
4. New requests for operation and maintenance funds should support new facilities or space on Southern Illinois University campuses including unfunded requests over the past four years.
5. With respect to deferred maintenance, we will use the funding formula established by IBHE that provides a base amount of \$100,000 per institution and allocates funds based on one-third of SIU's unmet annual maintenance needs for state funded facilities.
6. Pursuant to the Board of Trustees' approval of the FY 2010 RAMP Program Planning Document, the funding requested for the combination of new programs, program priorities, and support function requests will be included in the operating budget request.

#### Capital RAMP Guidelines

Projects proposed for the campuses will be developed recognizing the need to upgrade existing buildings, replace obsolete structures, repair structural and utility support systems, and make campus site improvements consistent to each campus facility master plan.

In developing the campus requests into priority listings by categories, the following project priority considerations are recognized:

- A. Projects to prevent future potential disruption in routine operations.
- B. Projects to make remodeling and infrastructure improvements that maintain and protect the State's investment in educational facilities.
- C. Projects to provide equipment to complete state funded facilities.
- D. Projects for which planning funds have previously been appropriated.
- E. Projects providing for accessibility for the handicapped and for rehabilitation, remodeling, and reassignment of existing facilities, with special consideration given when preservation of the facility is a factor.
- F. Projects to address new facility needs for instructional, public service, and research program activities that meet University priorities and state needs.

#### Conclusion

Upon adoption of these guidelines, formal requests will be prepared and incorporated into the Southern Illinois University's FY 2010 Resource Allocation and Management Plan (RAMP) for operations and capital. The Board will review and approve these submissions at its July meeting or soon thereafter.

#### CORRECTON TO TABLE 1, SOUTHERN ILLINOIS UNIVERSITY, TUITION RATES FOR FISCAL YEAR 2009, CARBONDALE CAMPUS, SIUC

#### Summary

This matter seeks to correct footnote 5) in Table 1, Southern Illinois University Tuition Rates for Fiscal Year 2009 to make it consistent with the approved 15% differential tuition surcharge for the College of Business and Administration.

#### Rationale for Adoption

The Board of Trustees approved the resolution for the 15% differential tuition surcharge which states, "Effective for the Fall Semester 2008, all incoming undergraduate students and other students (Freshman through Seniors) with declared majors in the College of Business and Administration, except students in a Guaranteed Tuition Plan prior to Fall 2008, and all incoming graduate students majoring in the College of Business and Administration will be assessed a 15% differential tuition

surcharge above the university's tuition base for that and subsequent semesters."

Footnote 5) of Table 1, Southern Illinois University Tuition Rates for Fiscal Year 2009, approved by the Board of Trustees in April, included lines for "Continuing Tuition Rate Fall 2004 (FY05)" and "Non-Guaranteed Rate (Prior to Fall 2004)" students to be charged the 15% differential tuition surcharge. These students do not or no longer fall under the guaranteed tuition plan. Since these students are continuing students, these lines should be deleted from the footnote. The College of Business and Administration did not intend for continuing students to be charged the 15% differential tuition surcharge. The intention was to only charge new students beginning with the incoming class of 2008-2009 and new transfer students.

In addition, the "Graduates-COBA" rate shown in Footnote 5) of Table 1, Southern Illinois University Tuition Rates for Fiscal Year 2009, did not clearly state that the 15% differential tuition surcharge was only to be charged to COBA graduate students beginning with the incoming class of 2008-2009.

The changes being recommended above will clarify the appropriate rates to be charged by the University for the College of Business and Administration students subject to the 15% differential tuition surcharge. These changes will also make Table 1 consistent with the approved 15% differential tuition surcharge resolution.

#### Considerations Against Adoption

University officers are aware of none.

#### Constituency Involvement

This clarification is being made to be consistent with the intent of the original 15% differential tuition surcharge proposal from the College of Business and Administration and the resolutions approved by the Board of Trustees at the April 10, 2008 meeting.

#### Resolution

BE IT RESOLVED, By the Board of Trustees of Southern Illinois University in regular meeting assembled, That footnote 5) of the FY2009 rates for tuition be revised, as presented in Table 1, and hereby approved.

BE IT FURTHER RESOLVED, That the President of Southern Illinois University is authorized to take whatever actions are necessary to incorporate the rates into Board policy.

**Notes:**

1) New entering and continuing non-resident tuition is 2.5 times the in-state rate for Undergraduate and Graduate students.

2) Non-resident tuition is three times the in-state rate for all SIU Professional Schools (e.g., Dental and Medicine) except for Pharmacy and Law. The Pharmacy multiplier is 1.4 times the in-state rate. For FY2009, the non-resident tuition rate for the School of Law will be \$950.00 per credit hour.

3) Students in the Master of Science Degree in Physician Assistant Studies (PA) will be assessed \$263 per uncapped credit hours in addition to the Graduate School tuition rate. A one-year Master of Science completion program will be offered for a limited time to Physician Assistants currently in practice holding Bachelor of Science degrees for a reduced rate of \$207 per uncapped credit hour in addition to the Graduate School tuition rate. First year PA students take 44 credit hours/AY (Fall 22 credits; Spring 22 credits). The PA portion of this rate (\$263/credit hour) does not change in FY09. Non-resident tuition for the PA program is 1.5 times the in-state rate.

4) The Accelerated Bachelor Studies in Nursing (ABSN) 68 hour program is a post-baccalaureate sequence of study leading to a baccalaureate in nursing degree. Applicants who have already earned a baccalaureate degree from an accredited university and have completed all pre-nursing requirements will be eligible to enter this program. The first ABSN cohort began January 2006.

5) The College of Business and Administration has implemented a 15% surcharge for new and incoming students effective Fall 2008.

The rates for these students will be as follows:

	<u>Per Hour</u>	<u>Semester</u>	<u>Annual</u>
New Students Guaranteed Rate (FY09)	\$ 267.40	\$ 4,011.00	\$ 8,022.00
Continuing Tuition Rate Fall 2004 (FY05)	\$ 203.55	\$ 3,053.25	\$ 6,106.50

New (Incoming Fall 2008) Graduates-COBA	\$ 361.00	\$ 4,332.00	\$ 8,664.00

The out-of-state surcharge will be calculated on the in-state rate.

Mr. Tedrick reviewed the many accomplishments of the recipient and then presented the Lindell W. Sturgis Public Service Award to

Ms. Julia Wetstein. The Chair also recognized past award recipients who were in attendance in the audience.

The Chair announced that the next regularly scheduled meeting of the Board of Trustees would be held July 10, 2008, at the Southern Illinois University School of Medicine. **BOARD OF TRUSTEES****SOUTHERN ILLINOIS UNIVERSITY****Minutes of the Academic Matters Committee Meeting****July 12, 2007**

The Academic Matters Committee met following the Architecture and Design Committee on Thursday, July 12, 2007, in the Auditorium at the SIU School of Medicine, 801 North Rutledge, Springfield, Illinois. Present were: Ed Hightower, Chair; Samuel Goldman; and Keith Sanders. Other Board members present were: Megan Pulliam, John Simmons, Roger Tedrick, Stephen Wigginton, Marquita Wiley, and Christine Williams. Executive Officers present were: President Glenn Poshard via teleconference; Chancellor Fernando Treviño, SIUC; Chancellor Vaughn Vandegrift, SIUE; Vice President John S. Haller, Jr.; and Vice President Duane Stucky.

**Minutes**

The minutes of the June 14, 2007, meeting were approved as submitted.

**Information Report: Approval of New Programs, Reasonable and Moderate Extensions, Approval for Off-Campus Program Locations, and Academic Program Eliminations and Suspensions, July 1, 2006, through June 30, 2007 (Board Agenda Item H)**

Vice President Haller presented this annual report to the Board and made note of the two new degree programs: (1) the Master of Architecture, which, because the entry level now for architects is at the master's level, was required by the accreditation process; and (2) the Ph.D. in Computer Science, which was kept in abeyance for approximately eight years by University administrators until such time that the quality was sufficiently high, there was sufficient critical mass of faculty, and the publication rate was such that it met administrative expectations. Dr. Haller also noted that the Illinois Board of Higher Education brought in two external reviewers who deemed the Ph.D. in Computer Science an acceptable program.

Trustee Sanders expressed his concern for making sure the University has the fiscal resources to implement new doctoral programs without sacrificing support for existing ones. He asked Vice President Haller to periodically report to the Board how well the University was doing to maintain and enhance the quality of the doctoral programs at SIU Carbondale in light of the difficult budgetary environment.

Vice President Haller stated he would make such reports in the future. He also explained that through the strategic hire process initiated by the Chancellor, faculty positions as well as internal resources were reallocated to both of the new programs.

Trustee Goldman asked about the origin of the staffing resources for other programs such as the Latino program and the status of advancing the Black American Studies program.

Vice President Haller explained that the minor in Latino Studies was not an allocation of resources but rather a restructuring of the curriculum to accommodate a certain number of courses in the minor.

SIUC Provost Don Rice stated that with respect to the Black American Studies program, staffing has increased, and the department was gearing up to present a request for adding a major.

The matter was approved for inclusion on the Board's omnibus motion.

#### **Presentation: School of Medicine Admissions Process**

Kevin Dorsey, Dean and Provost of the SIU School of Medicine, began the presentation by noting the two guiding principles that direct the school in the admissions process: (1) the admission standards set by the Liaison Committee on Medical Education, which is the accrediting body, and (2) the mission of the school, which is to assist the people of central and southern Illinois in achieving their health care needs.

Erik Constance, Associate Dean for Student Affairs, gave the visual presentation about the School of Medicine's admissions process.

**BOARD OF TRUSTEES****SOUTHERN ILLINOIS UNIVERSITY****Minutes of the Academic Matters Committee Meeting****September 20, 2007**

The Academic Matters Committee met following the Architecture and Design Committee on Thursday, September 20, 2007, in the Multipurpose Room, Evergreen Hall, Southern Illinois University Edwardsville. Present were: Ed Hightower, Chair; Samuel Goldman; Megan Pulliam; and Keith Sanders. Other Board members present were: Roger Tedrick, Stephen Wigginton, Marquita Wiley, and Christine Williams. Absent was: John Simmons. Executive Officers present were: President Glenn Poshard; Chancellor Fernando Treviño, SIUC; Chancellor Vaughn Vandegrift, SIUE; Vice President John S. Haller, Jr.; and Vice President Duane Stucky.

**Minutes**

The minutes of the July 12, 2007, meeting were approved as submitted.

**Information Report: Accreditation and Quality Assurance**

Vice President John Haller presented the Accreditation and Quality Assurance Report, submitted annually to the Illinois Board of Higher Education, and noted that all of the University's accredited programs were in good standing.

Provost Kevin Dorsey talked about the School of Medicine's recently completed accreditation process.

**Executive Summary: Resource Allocation and Management Program (RAMP) Planning, Operations, and Capital Budget Request, Fiscal Year 2009 (Joint Discussion with Finance Committee and Architecture and Design Committee) (Board Agenda Item Y)**

Vice President Haller explained the inclusion of the performance initiatives in this year's RAMP Program Planning request. SIUC Interim Provost Don Rice, SOM Provost Kevin Dorsey, and SIUE Provost Paul Ferguson reviewed the requests for their campuses.

In response to Committee Chair Hightower's question of what he would like to see the Board do to support SIUC's initiatives, Interim Provost Rice replied he would like to see support for rewarding faculty merit, providing faculty incentives, and offering faculty developmental funds as well as support for better preparing students in mathematics and science.

Trustee Sanders asked how, in light of tight budgetary conditions, the University could acquire the funding to support those initiatives and enhance the academic quality of the institution. Interim Provost Rice responded that an internal solution would be to retain more students, and he then spoke about SIUC's retention issue.

Committee Chair Hightower expressed his hope that as the budget was prepared, the two or three critical areas just discussed would become priority initiatives, even if it meant reshuffling dollars.

President Poshard talked about SIUC's commitment both to educating students from middle- and low-income families and to research, noting that the University can and must fulfill both commitments.

Committee Chair Hightower commented that the University must work more closely with K-12 institutions to ensure student success.

Trustee Stephen Wigginton expressed his appreciation to Interim Provost Rice for his candor and straightforwardness about SIUC's retention rates. He joined with Committee Chair Hightower in publicly expressing concern about retention rates and offered his support for the campus' activities to improve them.

Trustee Sam Goldman commented on the extraordinarily rich and forward-looking dialogue that took place during the meeting and noted that while the Board of Trustees was committed to supporting the initiatives, a commitment also had to come from the Provosts of the institutions to make sure the initiatives were carried out and that the Board of Trustees was kept apprised of the progress of each item discussed.

The matter was approved for inclusion on the Board's omnibus motion.

**BOARD OF TRUSTEES****SOUTHERN ILLINOIS UNIVERSITY****Minutes of the Academic Matters Committee Meeting****November 8, 2007**

The Academic Matters Committee met following the Architecture and Design Committee on Thursday, November 8, 2007, in Ballroom B in the Student Center, Southern Illinois University Carbondale. Present were: Ed Hightower, Chair; Samuel Goldman; Megan Pulliam; and Keith Sanders. Other Board members present were: John Simmons via teleconference, Roger Tedrick, Stephen Wigginton, Marquita Wiley, and Christine Williams. Executive Officers present were: President Glenn Poshard; Chancellor Fernando Treviño, SIUC; Chancellor Vaughn Vandegrift, SIUE; Vice President John S. Haller, Jr.; and Vice President Duane Stucky.

**Minutes**

Ms. Megan Pulliam moved to approve the minutes of the September 20, 2007, meeting. The motion was duly seconded by Dr. Sam Goldman.

**Information Report: Minority, Women and Disabled Students, Faculty and Staff, Annual Report 2007**

Vice President Haller presented this annual report to the Board and noted that the focus of this year's report, as assigned by the Illinois Board of Higher Education, was on academic achievement. He explained the inclusion of a new section titled Transitions, which was added by IBHE to reflect its interest in P-20 education and a greater transparency across K-12, the community colleges, and the universities. IBHE will compile a statewide report that includes all public universities and will submit that report to the General Assembly.

Paul Pitts, Kay Titchenal, and Seymour Bryson talked briefly about their respective campus reports. Trustee Goldman requested that the School of Medicine provide the Board with an implementation plan regarding the recruitment and retention of minority staff.

Following considerable discussion about the University's recruitment and retention of minority faculty, staff, and students, President Poshard commented that the Board would receive regular reports from him on the implementation and progress of the University's plan to rectify the imbalance with respect to diversity.

Trustee Sanders questioned Dr. Bryson about the success of the Future Scholars Program, a four-week summer program for select entering freshmen. Dr. Bryson noted that the data show that freshmen who participate during that summer boot camp perform much better than the regular-admit students. Trustee Sanders suggested the possibility of expanding the efforts of the Future Scholars Program to help increase the academic success and retention of the freshman class.

**Information Item: Report on Retention**

SIUE Provost Paul Ferguson and SIUC Interim Provost Don Rice made presentations to the Board regarding retention history as well as short- and long-term strategies and resource commitments to address the issue of retention.

After some discussion, President Poshard stated that retention was one of the highest priorities on both campuses. He assured the Board that the provosts have excellent plans in place and that the University would find the funds to support those programs.

**Minutes**

Dr. Sam Goldman moved to approve the minutes of the November 8, 2007, meeting. The motion was duly seconded by Ms. Megan Pulliam.

**Information Report: Fiscal Year 2007 Performance Report**

Vice President John Haller commented that the Performance Report was a report card of the University in relation to the six goals of *The Illinois Commitment*. The report outlines accomplishments, identifies best practices, speaks to institutional and mission-specific indicators, identifies challenges that remain, and summarizes academic program reviews for the past year.

Interim Provost Don Rice discussed SIU Carbondale's report. Following Trustee Goldman's request to identify one or two activities designed by and activated by SIUC to assist in solving the retention problem, Dr. Rice talked about (1) efforts to improve the pedagogy in science and mathematics to help students successfully complete troublesome courses; (2) efforts to change the nature of University 101 so that it better prepares students for the rigors of higher education; and (3) departmental efforts with respect to recruitment and personal mentoring. Dr. Rice stated he would like to see a 50 percent graduation rate with the fall 2008 cohort, but to get to that point would require the University to (1) provide the kinds of courses and mentoring that would help students become productive, educated citizens; and (2) increase its recruitment efforts to attract students who were better prepared for a university system.

After further discussion concerning the issue of retention, President Poshard directed the Board's attention to a folder containing the mid-year review of SIU Carbondale in terms of its goals and objectives. He noted the inclusion of information regarding Presidential goals and objectives as well as campus goals and objectives to address the issue of retention.

Provost Kevin Dorsey presented the School of Medicine's report, noting he was going to direct his comments at the intersection between where the school's mission was to improve the health of the region and the six goals of *The Illinois Commitment*.

During the presentation of SIU Edwardsville's Performance Report, Provost Paul Ferguson noted several programs aimed at targeting a retention-positive result. Among them were the Banner Student Information System, the Student Success Center, Evergreen Hall, and a proposed University-wide advising program, which, at Chair Tedrick's request, Provost Ferguson explained in greater detail. Trustee Goldman questioned whether SIU Edwardsville was at maximum enrollment. Provost Ferguson responded in the affirmative and then discussed SIUE's challenges to expand its educational outreach initiative and identify sources of revenue to support areas of growth.

**Information Report: Academic Status of Student Athletes**

Ms. Jacqueline DeClue, Assistant Athletic Director for Compliance and Student Services, talked about the services that are offered for student-athletes within the office of Academic and Compliance Services in the department of Intercollegiate Athletics. She also highlighted several points of pride with respect to the academic success of the student-athletes, noted some of the challenges the department faces, and made special mention of the Fifth Year Academic Assistance Program, a signature program designed to financially assist student-athletes who have not graduated by the time they have completed athletic eligibility.

In response to Mr. Tedrick's question as to whether the academic compliance issues would change when the campus moves to Division I athletics, Ms. DeClue explained that some of the standards for Division I are a little stronger than Division II, but for the most part all of the checks remain the same. She also noted that SIUE had already started watching the percentage of degree progress of its student-athletes to get them ready for next year. Dr. Brad Hewitt added that of the nearly 300 current athletes, only five would not have been eligible under Division I standards.

Dr. Goldman thanked Dr. Hewitt and Ms. DeClue for the fine report and commended them and the Athletics staff for their commitment to winning both on the field and in the classroom.

**Budget Approval and Authorization for Detailed Planning: Football Stadium Construction, SIU Arena Renovation and Addition, and the Relocation of the University Tennis Courts and the Recreational Sports Lighted Playfields, Carbondale Campus, SIUC (Board Agenda Item N).**

Vice President Stucky noted that this matter is for establishing a budget and approving a design concept, with a financial plan and a request for authorization to bid coming forward at a later date. This action establishes a fundraising goal for the Foundation and Athletics Department, and enables them to present the design to potential donors for 50% of the project costs. Phased construction of the projects is a possibility if multi-year donations are received. Trustee Goldman commended Vice President Stucky for his report. In response to a question from Megan Pulliam, Vice President Stucky confirmed that student fees will be required to cover half of the budget amount approved by the Board today.

SIUC Intercollegiate Athletics Director Mario Moccia reviewed the history of the project. SIUC Vice Chancellor for Student Affairs Larry Dietz commented that steps are being taken to assure that the relocation of the playing fields doesn't diminish capacity for outdoor student recreation. He stated that discussions have also been ongoing with students regarding athletic fee proposals. Mr. Moccia gave an overview of the status of fundraising efforts and the important aspects of the project. He introduced Tom Waggoner, principal architect for 360 Architecture, who gave a slide presentation on the design concept and explained the seating capacities of the facilities.

Trustees raised several questions regarding reduced seating capacities, officials' dressing rooms, tailgating areas, equipment costs, relocation of the track, reduction in the number of tennis courts, and environmentally friendly construction. President Poshard commented that he, Vice President Stucky and Mario Moccia met to establish a reasonably affordable budget, and the plans were drawn to fit this budget. Trustee Hightower stated that the plans will improve the overall quality of life on campus, but he feels they are shortsighted on seating – he strongly

suggested looking at 10,000 for basketball and 15,000 for football with the opportunity to extend in the future. Trustee Sanders commended the culmination of two decades of hard work by Athletics stemming from an inspiring vision, investment, and recruitment and retention of players and coaches. He stressed that this same formula should be applied in academics. Trustees Pulliam and Goldman expressed concern on preserving all students' opportunities with the replacement of softball fields and reduction of tennis courts. Trustee Hightower asked that the level of enhancement be examined and a determination be made on what resources are needed to do what the Board expects to be provided. Chair Tedrick stated that additional information will be available at a future meeting.

Marquita Wiley recommended approval of the matter and that it be placed on the Board's omnibus motion. The motion was duly seconded by Christine Williams and was passed by the Architecture and Design Committee.

**Project and Budget Approval: Early Childhood Center Expansion, SIUE (Board Agenda Item O).**

**Approval to Purchase Equipment: Vadalabene Center Repair and Improvements, SIUE (Board Agenda Item Q).**

Chancellor Vandegrift reviewed the matters. Trustee Hightower commented on the outstanding early childhood program.

Christine Williams recommended approval of the matters and that they be placed on the Board's omnibus motion. The motion was duly seconded by Marquita Wiley and was passed by the Architecture and Design Committee.

**Project and Budget Approval: Wrestling and Volleyball Center, SIUE (Board Agenda Item P).**

Trustee Hightower commented that the same commitment and visionary planning at SIUC should occur at SIUE to take the Wrestling and Volleyball Center to the next level.

Chancellor Vandegrift introduced SIUE Assistant Vice Chancellor for Administration Rich Walker, who spoke on the design and uses of the facility. A model and floor plans were shown. Chancellor Vandegrift stated that \$4 million in gifts has been pledged. Trustees Goldman and Hightower commended Chancellor Vandegrift, Brad Hewitt and the campus for their leadership.

Christine Williams recommended approval of the matter and that it be placed on the Board's omnibus motion. The motion was duly seconded by Marquita Wiley and was passed by the Architecture and Design Committee.

Dr. Goldman expressed his hope that flexibility in planning might allow more than six to be relocated. President Poshard stated that usage of the courts should determine the need for replacement.

In response to a question from Megan Pulliam, Dr. Stucky confirmed that the Construction Manager expenses had already been included in the estimated budget. **Approval of the 2008 Facilities Maintenance Plan, Carbondale Campus, SIUC (Board Agenda Item RR).**

Dr. Stucky explained that both campuses have instituted a facilities maintenance fee. SIUE's fee will be sufficient to address most of their deferred maintenance needs. However, due to the age of the campus, SIUC's deferred maintenance approaches \$400 million and the facilities maintenance fee is not sufficient. This matter puts into effect the Plan President Poshard proposed to the Board several months ago to enter into debt financing to accelerate the use of the fee to address some of the most serious deferred maintenance needs. This Plan addresses approximately \$100 million of needs over the next 10 years, \$80 million of which could be funded from the facilities maintenance fee, with debt financing of \$25 million in the early years. The amount of debt financing allows a significant revenue stream from the facilities maintenance fee for subsequent years so that additional problems can be addressed. Approval is sought to obtain the commitment of this and future Boards to the Facilities Maintenance Plan.

Marquita Wiley recommended approval of the matter and that it be placed on the Board's omnibus motion. The motion was duly seconded by Christine Williams and was passed by the Architecture and Design Committee.

Megan Pulliam expressed appreciation for the roofing projects and questioned whether the roofs will be environmentally friendly. SIUC Plant and Service Operations Director Phil Gatton stated that the possibility of a “green” roof for the Agriculture Building is being explored.

**Progress Report on SIUC Capital Campaign.**

SIUC Vice Chancellor for Institutional Advancement Rickey McCurry gave a progress report on the Opportunity for Excellence campaign, SIUC's first comprehensive fundraising campaign to raise \$100 million. Its five objectives include support for: undergraduate scholarships; graduate scholarships; faculty chairs, professorships and other faculty needs; academic programs; and, facility needs. Dr. McCurry stated that the campaign has over \$90 million in gifts and multi-year pledges as of the end of December 2007, and he highlighted how some of the contributions have been used. He expressed his thanks for all the support to the campaign, and he reminded those present that the Saluki Way project is a separate effort that will extend beyond the June 30 Opportunity for Excellence conclusion.

Keith Sanders and Roger Tedrick congratulated Dr. McCurry, his staff, and the Foundation Board on their success. Dr. Sanders also thanked Roger Tedrick for his efforts in the fundraising activities.

Dr. Poshard inquired about unrestricted funds that could be used toward needs-based student assistance. Dr. McCurry answered that approximately 98% of the money received has some restriction. He further clarified that gifts restricted to a particular major or college may then be used by that unit in whatever manner necessary.

Sam Goldman asked Dr. McCurry for an update on Saluki Way. Dr. McCurry stated that approximately \$2.5 million in gifts and pledges have been committed specifically for the first phase of Saluki Way, and additional private support donations continue to be solicited. Dr. Goldman requested that Dr. McCurry provide future updates on this topic.

(There being no objections to Chair Tedrick's request, Ed Hightower joined the committee meeting by telephone.)

**Notice of Proposed 15% Differential Tuition Surcharge and Proposed Minor Program Fee for the College of Business and Administration, SIUC (Board Agenda Item U).**

Chancellor Treviño reviewed the proposed fee increases. Keith Sanders commended Chancellor Treviño for meeting with the University community to explain the proposed fee matters.

In response to a question from John Simmons on the Student Services Building, Chancellor Treviño responded that the expected completion date is 2010.

John Simmons asked that campus groups and individuals provide their comments on Differential Tuition proposed in Board Agenda Item U. SIUC College of Business and Administration Dean Dennis Cradit listed the group meetings he held and the potential benefits to students regarding the proposal. Sam Goldman asked for clarification on the proposed surcharge and phase-out of a current program charge. Dr. Goldman and Mr. Simmons expressed concerns on how the Board would deal with requests from all colleges at SIUC for differential tuition. A/P Staff Council Chair Tuesday Ashner raised a question on the additional workload to campus staff to implement differential tuition charges. Keith Sanders listed the programs at the University already using differential tuition. Dr. Sanders asked that, prior to the next meeting, Senior Vice President Duane Stucky provide to the Board, Constituency Heads and campus community the impact on staff workloads from having differential tuition and a set of

criteria necessary to receive Board approval on differential tuition proposals. Dr. Sanders stated his opinion that one criterion should be accommodation of needs-based assistance to students, and he asked that Dean Cradit speak on this topic at the next Board meeting. Undergraduate Student Government President Demetrious White stated that the Business students he spoke with on an informal basis were not in favor of the proposal. Tuesday Ashner questioned establishing an additional charge for a minor, and Dr. Sanders stated that these criteria would also be included in the information he has requested from Dr. Stucky. Dr. Goldman clarified with Dean Cradit that the increase between the current fee and the differential tuition proposed is \$29 per hour.

**SIUE Notice Matters:**

**Notice of Proposal to Continue the Nursing Program Fee, SIUE [Amendment to 4 Policies of the Board Appendix B-4] (Board Agenda Item V).**

**Notice of Proposed Increase: Athletic Fee, SIUE [Amendment to 4 Policies of the Board Appendix B-4] (Board Agenda Item W).**

**Notice of Proposed Change: Campus Housing Activity Fee, SIUE [Amendment to 4 Policies of the Board Appendix B-4] (Board Agenda Item X).**

**Notice of Proposed Increase: Facilities Maintenance Fee, SIUE [Amendments to 4 Policies of the Board Appendix B-4 and B-17] (Board Agenda Item Y).**

**Notice of Proposed Increase: Information Technology Fee, SIUE [Amendment to 4 Policies of the Board Appendix B-4] (Board Agenda Item Z).**

**Notice of Proposed Increase: Student Success Center Fee, SIUE [Amendment to 4 Policies of the Board Appendix B-4] (Board Agenda Item AA).**

**Notice of Proposed Increase: Student Fitness Center Fee, SIUE [Amendment to 4 Policies of the Board Appendix B-4] (Board Agenda Item BB).**

**Notice of Proposed Increase: Student Welfare and Activity Fee, SIUE [Amendment to 4 Policies of the Board Appendix B-4] (Board Agenda Item CC).**

**Notice of Proposed Increase: Textbook Rental Fee, SIUE [Amendment to 4 Policies of the Board Appendix B-4] (Board Agenda Item DD).**

**Notice of Proposed Increase: University Center Fee, SIUE [Amendment to 4 Policies of the Board Appendix B-4] (Board Agenda Item EE).**

**Notice of Proposed Increase: University Housing Rental Rates, SIUE [Amendment to 4 Policies of the Board Appendix B-11] (Board Agenda Item FF).**

Chancellor Vandegrift reviewed the SIUE fee proposals and stated that all the fees have been endorsed by the Nursing students and the SIUE Student Government Association. Dr. Sanders complimented SIUE on their textbook rental program and suggested that students be able to reserve their books on line.

Steven Middleton and Demetrous White presented a joint statement by SIUC Graduate and Professional Student Council (GPSC) and Undergraduate Student Government (USG) outlining votes on the SIUC proposals. GPSC and USG passed: Campus Recreation Fee, Mass Transit Fee, Student Center Fee, SMB Primary Care Fee, and Student Recreation Fee. GPSC and USG failed: Intercollegiate Athletic Fee, Evergreen Terrace Rates, and University Housing Fund Debt. Elizabeth Street Apartment Rates: the proposal failed GSPC; USG did not vote. GSPC and USG also did not vote on the Facilities Maintenance Fee, Student Services Building Fee, Differential Tuition Surcharge or Tuition increases due to the late notification of these proposals.

Megan Pulliam raised a question on the increase in SIUC Housing rates and the elimination of the Campus Housing Activity Fee (CHAF). Chancellor Treviño responded that if a student leaves University Housing during their contract, the CHAF would not be refunded. SIUC Housing Director Julie Payne Kirchmeier stated that the CHAF began to be included with the Housing contracts to alleviate confusion on student billings. She also clarified that the two-year housing contract is an option for students, not a mandate, in response to maintaining affordability.

Megan Pulliam asked the GPSC for an explanation of why the Housing rate proposals were not supported. Steve Middleton explained that many of the students did not feel the facilities were properly maintained and did not feel they should pay more for these accommodations. Ms. Pulliam asked the USG for an explanation of why the Athletic fee and the Athletic Facility Fee proposals were not supported. Mr. White explained that the students did not feel there was adequate information on where the Athletic fee increase would be spent and that the increase was too much. On the

Athletic Facilities fee proposal, Mr. White stated that students wanted to focus on academic facilities first and were upset about the possibility of losing fields. Steve Middleton stated that graduate students are more concerned with academics, and the GSPC voted on the Athletic fee and the Athletics Facilities fee together.

**Notice of Proposed Tuition Rates for FY 2009 [Amendments to 4 Policies of the Board Appendices A and B] (Board Agenda Item GG).**

Senior Vice President Stucky stated there are now three undergraduate classes whose tuition will not be increased next year. Also, no increase is proposed for the undergraduate class enrolled prior to the tuition cap (before Fall 2004). The tuition increase proposal is for two groups of undergraduate students: students passing into their fifth year of enrollment and new students to the University. He reviewed the proposed increases for graduate and professional students.

Dr. Stucky also commented that these increases were proposed and considered prior to the Governor's budget proposal. The Governor is proposing no new funds. If that budget is passed, early indications are that both campuses would have a budget reduction in order to balance their budgets. At this point, both Chancellors have indicated an early commitment to increasing needs-based financial aid.

**Information Item: "Series 2008A Housing and Auxiliary Facilities System Revenue Bonds" Capital Improvement Projects.**

Dr. Stucky stated that this is a change from previous practice to provide additional advance reporting to the Board of the intention to seek authority at the April meeting for the sale of revenue bonds. This will allow for discussion prior to the usual ten days before authority is requested. Authorization will be requested to issue \$36 million of revenue bonds for projects previously discussed with the Board: at SIUE, Student Success Center and Fitness Center; and at SIUC, Housing Sprinkler Systems and Security System Enhancements.

At Keith Sanders' request, Senior Vice President Stucky reviewed the draft proposal under which all requests for differential tuition will be evaluated. Dean Cradit spoke on the issue regarding any extra burden on staff resulting from the implementation of differential tuition. He pointed out information

provided in the packets detailing the staff positions set aside within the college to handle increased workloads.

Dr. Sanders voiced his appreciation that revenues will be set aside for needs-based financial aid and for the involvement of Business students, faculty and staff in their proposal. Roger Tedrick commended Dean Cradit on the improvement of the College's participation in the capital campaign. Sam Goldman expressed his concerns regarding the proposal, particularly regarding the minor program fee. President Poshard reiterated his support for the proposal.

**BOARD OF TRUSTEES**  
**SOUTHERN ILLINOIS UNIVERSITY**  
**Minutes of the Finance Committee Meeting**  
**June 12, 2008**

The Finance Committee met following the Academic Matters Committee in Ballroom B of the Student Center, Southern Illinois University Carbondale, Carbondale, IL. Present were: Keith Sanders (Chair), John Simmons, Roger Tedrick, and Steve Wigginton. Absent was: Marquita Wiley. Other Board members present were: Ed Hightower and Christine Williams. Absent was: Megan Pulliam. Executive Officers present were: President Glenn Poshard; Interim Chancellor Samuel Goldman, SIUC; Chancellor Vaughn Vandegrift, SIUE; Vice President for Academic Affairs John S. Haller, Jr.; and Senior Vice President for Financial and Administrative Affairs and Board Treasurer Duane Stucky.

**Minutes**

Roger Tedrick recommended approval of the minutes of the April 10, 2008, meeting as submitted. John Simmons seconded the motion, and it was passed by the Committee.

**Notice of Proposed Increase: Pharmacy Student Technology Fee, SIUE [Amendment to 4 Policies of the Board, Appendix B-4] (Board Agenda Item H).**

Chancellor Vandegrift reviewed the matter, which will appear for action on the July agenda. Chair Tedrick asked that all future fee increases be brought before the Board at the same meeting if possible.

**Temporary Financial Arrangements for Fiscal Year 2009 (Board Agenda Item O).**

These temporary financial arrangements are necessary due to the lack of an approved FY09 State budget.

Roger Tedrick recommended approval of the matter and that it be placed on the Board's omnibus motion. The motion was duly seconded by John Simmons and was passed by the Finance Committee.

**Operating and Capital RAMP Guidelines for Fiscal Year 2010  
(Board Agenda Item P) (Joint discussion with Architecture  
and Design Committee).**

Vice President Stucky reviewed the Guidelines, which provide rationale for developing our request to the Illinois Board of Higher Education.

John Simmons recommended approval of the matter and that it be placed on the Board's omnibus motion. The motion was duly seconded by Stephen Wigginton and was passed by the Finance and Architecture and Design Committees.

**Correction to Table 1, Southern Illinois University, Tuition Rates for  
Fiscal Year 2009, Carbondale Campus, SIUC (Board Agenda Item Q).**

Vice President Stucky explained the correction necessary in the footnote regarding differential tuition.

Roger Tedrick recommended approval of the matter and that it be placed on the Board's omnibus motion. The motion was duly seconded by John Simmons and was passed by the Finance Committee.

**Investment Report.**

Vice President Stucky provided a summary of the University's investments. He noted that Western Asset Management met or exceeded the guidelines in the Investment Policy for this quarter. Proposed changes to the Investment Policy will be brought to the Board, possibly in July, which will more closely match the investment environment that Western Asset is facing with our need to segregate funds in a different way. The short term and intermediate term funds would be pooled, allowing more discretion for investments in the State treasury fund. Dr. Sanders asked that the proposed changes be provided in time to allow careful review by the Board.

**Third Quarterly Budget Report for FY 2008.**

Vice President Stucky stated that there were increases in income during the quarter in Grants/Contracts and Self-Supporting Activities.

**Other Business.**

There being no further business, the meeting was adjourned.
