

# A CONVERSATION OF UNDERSTANDING

“

## Elevating Employee Appreciation Across SIU Campuses

”

SIU recognizes that it is vital to demonstrate care and appreciation for employees' earnest and steady efforts. Please join us as panelists provide insights on how recognizing excellent employee performance strengthens relationships, boosts workplace morale, and improves organizational productivity.

This COU will address findings from the 2022 Viewfinder Campus Climate Survey that revealed employees do not feel recognized and appreciated for their active and sustained engagement. SIU strives to create a culture of flourishing for all team members.

Students, alumni, faculty, staff and community members from across the SIU System are invited to join a live virtual discussion focusing on critical issues regarding equity and justice in our country and what we can and must do to address those issues within the SIU System and beyond. The event will feature an SIU community panel sharing findings and solutions based on the 2022 Viewfinder Campus Climate Survey. A question and answer session will follow where audience participants can use the YouTube comment section or submit questions before or during the event by emailing [doris.williams@siu.edu](mailto:doris.williams@siu.edu).

Conversations of Understanding have become a fixture across the SIU System and on our individual campuses. They are a series of exchanges where students, alumni, faculty, staff and the broader SIU communities can share their experiences and thoughts on a variety of themes related to antiracism, diversity, equity and inclusion. We want to be a model for others in higher education and be recognized as a leader in our region and beyond for our work in fostering understanding of relevant contemporary issues.
