Provides that cumulative small purchases under \$1,000 made in a previously non-contemplated manner by the same or separate individuals or departments within an agency or university that exceed the small purchase threshold do not constitute stringing and are allowable under the Code. Provides that the Code does not apply to procurement expenditures related to efforts for the recruitment and retention of State employees. Makes changes concerning applicability of the Code to public institutions of higher education, independent chief procurement officers, duration of contracts, electronic procurement systems, job order contracting, curing a violation or deficiency during an active procurement, procurement communications reporting requirements, method of source selection, bid preferences for Illinois businesses, and prohibited bidders. Amends the State Property Control Act. Makes changes concerning new furniture purchases. Amends the Counties Code. Provides that certain competitive bidding requirements apply to an elected official in a county with fewer than 2,000,000 inhabitants (in addition to applying to a county with fewer than 2,000,000 inhabitants). Amends the Department of Natural Resources Act. Provides that the Department of Natural Resources has the power to lease, from time to time, any land or property, with or without appurtenances, of which the Department has jurisdiction, and which are not immediately to be used or developed by the State if certain requirements are met. Senate Floor Amendment No. 2

Deletes reference to:

30 ILCS 500/45-45

Removes changes to provisions of the Illinois Procurement Code concerning small business set-asides. In a provision of the Illinois Procurement Code concerning mid-size business set-asides, provides that "mid-size business" includes a construction business with annual sales and receipts in excess of \$14,000,000 but not over \$45,000,000 (instead of in excess of \$45,000,000 but not over \$67,500,000). Provides that the provisions concerning mid-size business applies only to construction-related procurements for the Illinois State Toll Highway Authority (instead of applying only to procurements by the Illinois State Toll Highway Authority for construction contracts, construction-related contracts, and construction support contracts). Repeals the

provisions 5 years after the effective date of the amendatory Act (instead of January 1, 2029).

Senate Floor Amendment No. 3

In the Progressive Design-Build Pilot Program Act, removes language that provides that the State construction agency will retain ownership of any design documents completed by the progressive design-build entity. In a provision of the Metropolitan Pier and Exposition Authority Act concerning requirements for contracts for professional services entered into by the Metropolitan Pier and Exposition Authority, specifies that the provisions apply to contracts in excess of \$25,000 for architectural, engineering, or land surveying services provided to the Authority and contracts in excess of \$100,000 (instead of \$25,000) for certain other services.

Senate Floor Amendment No. 5
