New Act

Synopsis As Introduced

Creates the Educational Credit for Firefighting Experience Act. Provides that before June 1, 2027, each institution of higher education shall adopt a policy regarding its awarding of academic credit for firefighter training considered applicable to the requirements of a student's certificate or degree program. Requires the policy to apply to any individual who is enrolled in the institution of higher education and who has completed a firefighting training course or program that meets certain requirements. Provides that each institution of higher education shall develop a procedure for receiving the necessary documentation, provide a copy of its policy to certain applicants, and develop and maintain a list of qualifying firefighting training courses and programs. Provides that each institution of higher education shall submit its policy for awarding academic credit to the Board of Higher Education and the Illinois Community College Board, if applicable, before June 30, 2027 and before June 30 of each year thereafter. Provides that the Board of Higher Education shall collect data in the Illinois Higher Education Information System on students who are firefighters to assess enrollment and completion outcomes.

House Committee Amendment No. 1

Replaces everything after the enacting clause with the provisions of the introduced bill, and makes the following changes: Specifies that the institutions of higher education that have to adopt a policy under the Act are institutions of higher education with an applicable program that offers at least one course for credit hours recommended for equivalency by a national higher education association that provides credit recommendations for firefighting training courses and programs. Requires the policy to be submitted by March 31, 2027 and by March 31 of each year thereafter for the policy that is effective in the subsequent fall semester (rather than by June 30, 2027 and before June 30 of each year thereafter). Provides that the policy shall be incorporated into the institution's credit for prior learning policies required to be submitted pursuant to the Credit for Prior Learning Act. Removes language requiring the Board of Higher Education to collect data in the Illinois Higher Education Information System on students who are firefighters to assess enrollment and completion outcomes.

Synopsis As Introduced

Amends the Service Member Employment and Reemployment Rights Act. In a provision concerning differential compensation, changes the definition of "work days" to mean the actual number of shifts (rather than days) the employee would have worked during the period of military leave but for the service member's military obligation. Further provides that work days are tabulated without regard for the number of hours in a shift (rather than work day), regardless if the shift extends into the next day. Removes a provision providing that work hours that extend into the next calendar day count as 2 work days.

[330 ILCS 61/5-5](#)

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following additional changes: Provides that a service member whose employment with an employer is interrupted by a period of active service shall be permitted, upon request of that service member, to use during such period of service any vacation, annual, or similar leave with pay accrued by the service member before the commencement of such period of active service. In a provision concerning concurrent compensation for public employees who are members of a reserve component, provides that such public employees may receive concurrent compensation for both annual training orders and orders in lieu of annual training in the same calendar year; however, the combined total of their concurrent compensation shall not exceed 30 days in a calendar year. In a provision concerning differential compensation, provides that after a public employee is absent from his or her employment for a consecutive period of 365 days while performing voluntary active service, the employee's entitlement to differential compensation shall be terminated. Further provides that the public employee's right to differential pay shall be reinstated upon the employee's return to work with his or her employer for more than 90 calendar days. Provides that public employees are not

entitled to differential pay for periods of unpaid active service including, but not limited to: travel to and from military orders, rest periods immediately before or after military orders, and military service in which the public employee does not receive pay from the military. Provides that "work days" are tabulated up to 24 continuous hours in a shift, regardless if the shift extends into the next calendar day; and a shift that extends beyond 24 continuous hours will be calculated as an additional work day. Makes the bill effective immediately.

Senate Floor Amendment No. 1

In provisions concerning differential compensation for public employees during periods of military leave, provides that after a public employee is absent from his or her employment for a consecutive 3-year period (rather than for a consecutive period of 365 days) while performing voluntary active service, the employee's entitlement to differential compensation shall be terminated.

Synopsis As Introduced

Amends the Educator Licensure Article of the School Code. Adds 5 administrative or faculty members of community colleges to the State Educator Preparation and Licensure Board. For a Professional Educator License: provides that the requirements to successfully complete specified coursework are only required until July 1, 2027 or the date that the revised test for a particular content area is implemented, whichever is later; and exempts persons seeking a school support personnel or chief school business official endorsement from the requirement that a person must successfully complete specified coursework. Requires, by July 1, 2027, the State Superintendent of Education to begin incorporating specified topics into revised examinations for individuals seeking a Professional Educator License endorsed in teaching or administration, excluding a chief school business official endorsement. Exempts, for educator licenses, applicants seeking a school support personnel endorsement who hold an active and valid professional license in the same subject matter as the endorsement sought from being required to pass a test of content area knowledge for each area of endorsement for which there is an applicable test. Creates the Teacher Performance Assessment Advisory Committee to aid in operationalizing and creating a pilot, State-developed, teacher performance assessment. Establishes the Paraprofessional to Teacher Pathway Program to provide an expedited pathway for paraprofessionals to earn a Professional Educator License in a specific content area. Sets forth the Program criteria, the requirements for individuals for entry into the Program, and the adoption of rules by the State Board of Education. Provides that an institution of higher education approved to offer educator preparation programs may enter into a partnership agreement with a community college to offer an approved educator preparation program leading to educator licensure for individuals who already hold a bachelor's degree. Makes other changes.

Senate Committee Amendment No. 1

In provisions concerning educator testing, removes the requirement that no candidate may be allowed to student teach or serve as the teacher of record until he or she has passed the applicable content area test.

Senate Floor Amendment No. 2

Provides that the Educator Preparation and Licensure Board shall have 3 (rather than 5) administrative or faculty members of public community colleges located in the State. Provides that language specifying that certain candidates are not required to pass a teacher performance assessment applies through August 31, 2026 (rather than 2025). Provides that beginning on September 1, 2029 (rather than July 1, 2028), certain candidates are required to pass a teacher performance assessment approved by the State Board of Education; however, any candidate who has successfully completed student teaching or has met one of the student teaching exceptions set forth in rules prior to September 1, 2028 is exempt from this requirement. Makes other changes.

House Committee Amendment No. 1

Replaces everything after the enacting clause with the provisions of the engrossed bill, and makes the following changes: In the provisions regarding educator testing, provides that, beginning on September 1, 2026 through August 31, 2029, all institutions of higher education offering educator preparation programs in the State shall participate in a pilot program for the teacher performance assessment developed by the State Board of Education, and provides for rulemaking.
