## House Sponsors

(Rep. Robyn Gabel, Joyce Mason, Elizabeth "Lisa" Hernandez, Terra Costa Howard, Anna Moeller, Laura Faver Dias, Aaron M. Ortiz, Cyril Nichols, Norma Hernandez, Lilian Jiménez, Martin J. Moylan and Camille Y. Lilly)

## Synopsis As Introduced

Creates the Electric Vehicle Charging Act. Provides that the Act applies to new single-family homes and newly constructed or renovated multi-unit residential buildings that have parking spaces and are constructed or renovated after the effective date of the Act. Defines terms. Provides that a new single-family residence or a small multifamily residence shall have at least one electric vehicle capable parking space for each residential unit that has dedicated parking, unless any subsequently adopted building code requires additional electric vehicle capable parking spaces or installed electric vehicle supply equipment. Includes electric vehicle parking space requirements for a new, large multifamily residential building or a large multifamily residential building being renovated by a developer converting the property to an association. Includes electric vehicle parking space requirements for affordable housing and for an existing multi-unit residential building subject to an association that undertakes renovation. Includes electric vehicle charging station policies for unit owners and for renters.

## Senate Committee Amendment No. 1

Replaces everything after the enacting clause with the provisions of the introduced bill, and makes the following changes. Provides that the Act applies to newly constructed single-family homes and multi-unit residential buildings (rather than new single-family homes and newly constructed or renovated multi-unit residential buildings). Removes the definitions of "electric vehicle charging station", "electric vehicle system", and "renovated". Changes the definitions of "EV-capable", "EV-ready", "level 1", and "level 2". Provides that the residential requirements for electric vehicle parking spaces apply to all building permits issued 90 days after the effective date of the Act. Provides that all building permits issued 90 days after the effective date of the Act shall require a new, large multifamily residential building or a large multifamily residential building being renovated by a developer converting the property to an association to have 100% of its total parking spaces EV-capable (rather than a specified percentage of EV-capable spaces based on the total amount of parking spaces available). Changes the residential requirements for electric vehicle parking spaces for permits issued 24 months after the effective date. Provides that all building permits issued 24 months after the effective date of the Act to be as follows: (1) for permits issued 24 months after the effective date of this Act, a minimum of 40% EV-capable parking spaces; (2) for permits issued 5 years after the effective date of this Act, a minimum of 50% EV-capable parking spaces; and (3) for permits issued 10 years after the effective date of this Act, a minimum of 70% EV-capable parking spaces. Removes language providing that an existing multi-unit residential building subject to an association that undertakes a capital maintenance, repair, replacement, or improvement project related to electrical power infrastructure shall be required to upgrade or install electrical panel capacity for dedicated branch circuits sufficient to ensure that the residential building has the power capacity to become

electric vehicle capable as it relates to the space requirements. Removes language providing that a renovated large multifamily residential building that qualifies as an affordable housing development is subject to certain requirements if more than 25% of parking spaces are substantially modified. Makes other changes.

#### Senate Floor Amendment No. 2

Changes the definitions of "level 1" and "level 2". Provides that a tenant may install, at the tenant's own expense for the tenant's own use, a level 1 or level 2 receptacle or outlet or a level 2 electric vehicle charging system (rather than a level 1 or level 2 electric vehicle charging system) on or in the leased premises.

#### Senate Floor Amendment No. 3

Provides that "EV capable" shall not be construed to require a developer or builder to install or run wire or cable from the electrical panel through the conduit or raceway to the terminus of the conduit. Provides that nothing in the Act shall be construed to require that in the case of a developer converting the property to an association, no EV-capable or EV-ready mandate shall apply if it would necessitate the developer having to excavate an existing surface lot or other parking facility in order to retrofit the parking lot or facility with the necessary conduit and wiring. Establishes that an association that willfully violates the provisions shall be liable to the unit owner for actual damages and shall pay a civil penalty to the unit owner for actual damages and shall pay a civil penalty to the unit owner not to exceed \$500 (rather than \$1,000). Provides that in any action by a unit owner requesting to have an electric vehicle installed and seeking to enforce compliance with the provisions, the court shall award reasonable attorney's fees to a prevailing party (rather than a prevailing plaintiff). Provides that a landlord shall not assess or charge a tenant any fees for the placement or use of an electric vehicles charging system, except that a landlord may charge a security deposit to cover costs to restore the property to its original condition if the tenant removes the electric vehicle charging system.

#### House Sponsors

(Rep. Jennifer Gong-Gershowitz, Joyce Mason, Michelle Mussman, Janet Yang Rohr, Jonathan Carroll, Lilian Jiménez, Norma Hernandez, Maurice A. West, II, Carol Ammons, Lakesia Collins, Margaret Croke and Eva-Dina Delgado)

#### Synopsis As Introduced

Amends the Degradable Plastic Act. Provides that, on or before July 1, 2025, each State agency shall establish and implement a plan to reduce the quantity of single-use plastics used or purchased by that State agency by 50% on or before 2031 and by 75% on or before 2036. Exempts specified single-use plastics from the provisions. Provides that on or before May 1, 2026, and on or before May 1 of each year thereafter, each State agency shall deliver to the Department of Central Management Services a status report on its single-use plastics reduction efforts. Requires the Department to compile a report with specified information and submit it to the General Assembly and the public. Provides that each State agency must post specified information on its website. Exempts State agencies that ban their own use or purchase of single-

use plastics from the requirements. Defines "single-use plastic" and "State agency". Contains other provisions.

#### Senate Committee Amendment No. 1

Replaces everything after the enacting clause. Creates the State Entities Single-Use Plastic Reporting Act. Requires, beginning July 1, 2024, each State agency to (i) track the purchase of single-use plastics on behalf of the State agency that do not require procurement contracts for one year, (ii) establish goals on reducing single-use plastic purchases based on the information obtained from the purchase tracking, and (iii) submit a report of its findings to the Governor and the General Assembly on or before October 1, 2025. Defines terms. Amends the Illinois Procurement Code. In a provision regarding environmentally preferable procurement: Removes language providing that if contracting for an environmentally preferable supply or service would impose an undue economic or practical hardship on the contracting State agency, or if an environmentally preferable supply or service cannot be used to meet the requirements of the State agency, then the State agency need not contract for an environmentally preferable supply or service. Provides instead that when a State agency is to award a contract to the lowest responsible bidder, an otherwise qualified bidder who will fulfill the contract through the use of compostable foodware or recyclable foodware may be given preference over other bidders unable to do so, as long as the bid is not more than 5% greater than the cost of products that are single-use plastic disposable foodware.

#### Senate Floor Amendment No. 2

Replaces everything after the enacting clause with the provisions of Senate Amendment No. 1 with the following changes. Removes the definition of "single-use food serviceware". Defines "single-use plastic disposable foodware" as containers, bowls, straws, plates, trays, cartons, cups, lids, forks, spoons, knives, and other items that are designed for one-time use for beverages, prepared food, or leftovers from meals and that are made of plastic, are not compostable, and are not accepted in residential curbside recycling pick up. Replaces the term "single-use plastics" with "single-use plastic disposable foodware". Provides that beginning July 1, 2024, each State agency shall (1) track its own purchases of single-use plastic disposable foodware that are less than \$2,000 or otherwise not reduced to writing, and (2) establish goals on reducing single-use plastic disposable foodware purchases based on the tracked purchases. Removes the changes made to the Illinois Procurement Code. Repeals the Act on October 1, 2026.

#### House Floor Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the engrossed bill. Adds provisions amending the Illinois Procurement Code. Provides that, after January 1, 2025, State agencies and departments may not procure disposable food service containers that are composed in whole or in part from polystyrene foam for use at the State agency or department. Adds provisions amending the Department of Employment Security Law of the Civil Administrative Code of Illinois. Provides that the Department of Employment Security shall conduct a study on the potential impact on the workforce of the State of legislation prohibiting the sale and distribution of disposable food service containers composed in whole or in part of polystyrene foam. Effective immediately.

#### House Floor Amendment No. 2

Provides that after January 1, 2026, or at the renewal of its next contract, whichever occurs later, no vendor contracted through a State agency or department may provide customers with disposable food service containers that are composed in whole or in part from polystyrene foam at any site owned or leased by the State, and instead shall offer only compostable foodware or recyclable foodware for use at sites owned or leased by the State.

Fiscal Note, House Floor Amendment No. 1 (Dept. of Central Management Services)  
SB 0058, HAM #1, will have a negligible fiscal impact on CMS. However, CMS as an agency does not purchase Styrofoam. The greater impact will come from other State Agencies (ex ... DOC, OHS), that often deal with these types of containers. Compostable Styrofoam could increase across 30-50%, depending on the item.

House Floor Amendment No. 3

Makes changes to the bill as amended by House Amendment No. 1 by removing provisions concerning the polystyrene job study.

State Mandates Fiscal Note, House Floor Amendment No. 1 (Dept. of Commerce & Economic Opportunity)

This bill does not create a State Mandate under the State Mandates Act.

Defines "sign" as any outdoor sign, display, device, notice, figure painting, drawing, message, placard, poster, billboard, or other thing, which is operated or owned by a person or entity where any person or entity is paying or earning remuneration directly or indirectly for (i) the existence or placement of the outdoor sign or (ii) the placement of the message on the outdoor sign (rather than any outdoor sign which is designated, intended, or used to advertise or inform, and of which any part of the existing or intended advertising or informative content) is capable of being visible from any place on the main-traveled way of any portion of any Interstate or primary highway and which is within 660 feet of the nearest edge of the right-of-way of such highway. Provides that for purposes of the definition of "erect", attaching a vinyl substrate medium to a sign structure or wall surface shall constitute normal maintenance or repair of a sign or sign structure. Defines "remuneration". Removes the definitions of "on premise sign", "off premise sign", and "real estate sign". Removes language providing that registration must be made of each sign and shall be accompanied by a registration fee of \$5. Removes provisions concerning directional and other official signs, real estate signs, on premise signs, off premise signs, and signs affixed by public utilities. Makes corresponding changes. Effective immediately.

### Senate Floor Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes: Provides that the definition of "sign" means any outdoor sign, display, device, notice, figure painting, drawing, message, placard, poster, billboard, or other thing, which is designed (rather than designated), intended, or used to advertise or inform, and of which any part of the existing or intended advertising or informative contents is or will be visible from any place on the main-traveled way of a controlled portion (rather than any portion) of an Interstate or primary highway and which is adjacent to and within 660 feet (rather than within 660 feet) of the nearest edge of the right-of-way of such highway, and where the sign is operated or owned by a person or entity earning remuneration directly or indirectly for (i) the existence or placement of the outdoor sign or (ii) the placement of the message on the outdoor sign. Provides that the definition of "erect" does not include the attachment of a vinyl substrate to a sign that was permitted or registered to display, in another medium, advertising or other information and that does not cause a substantial change or modification that would terminate nonconforming rights. Provides that the Department of Transportation shall accord lawful status to the registered sign at issue in the decision of the Illinois Appellate Court captioned as Image Media Advertising, Inc., v. Illinois Department of Transportation, No. 1-20-0830. Provides that the Department shall also allow for the continued usage of that sign by the owner of the building or its authorized agent without requiring a new permit or registration. Makes other changes. Effective immediately.

### Senate Floor Amendment No. 2

Provides that the Department of Transportation shall accord lawful status to a previously permitted or registered sign that was a painted display on a wall or wall surface (but not a separate wall structure) of a building and that lost its lawful status because a court of competent jurisdiction through a final and non-appealable order determined that the attachment of a vinyl substrate to the wall or wall surface constituted the erection of a new sign and not normal

maintenance. Provides that the Department shall also allow for the continued usage of that sign by the owner of the building or its authorized agent without requiring a new permit or registration.

#### House Committee Amendment No. 1

Provides that the definition of "erect" does not include the attachment of a vinyl substrate to a sign that was permitted or registered to display, in another medium, advertising or other information and such attachment does not cause a substantial change or modification that would terminate nonconforming rights. Provides that the changes to the definition of "erect" are intended to be retroactive and apply to any permitted or registered sign in operation on or after January 1, 1999, and in operation as of the effective date of the amendatory Act that attached a vinyl substrate to a sign that was permitted or registered to display, in another medium, advertising or other information. Further amends the Highway Advertising Control Act of 1971. Provides that a previously registered sign that was a painted display on a wall or wall surface (but not a separate wall structure) of a building and that lost its lawful status because an Illinois court of competent jurisdiction determined through a final and non-appealable order that the attachment of a vinyl substrate to the wall or wall surface constituted the erection of a new sign and not normal maintenance and repair is validated as a lawful registered sign under the Act, including all rights regarding size, spacing, illumination, and alienability. Provides that the Department of Transportation must accord lawful status to the registered sign and must allow for the continued operation of that sign by the owner of the sign or its successor in interest without requiring a new registration or permit.

#### Synopsis As Introduced

Amends the State Universities Article of the Illinois Pension Code. Provides that for the purposes of computing service for academic years for any participant, one month of service means a calendar month during which the participant qualifies as an employee for any fraction of the month (instead of at least 15 or more days). Provides that the change applies to all service periods of a member who is a participant on or after January 1, 2024, except for certain service periods subject to purchases of service credit, repayment of a refund or distribution, or transfers of service if payment for such purchase, repayment, or transfer commenced prior to January 1,

2024. Provides that a provision concerning calculating a retirement annuity for a participant who has been employed at 1/2 time or less for 3 or more years shall not apply to a member who is a participant on or after January 1, 2024. Provides that any benefit increase that results from the amendatory Act is excluded from the definition of "new benefit increase". Makes conforming changes. Effective immediately.

Judicial Note (Admin Office of the Illinois Courts)

Based on a review of SB1235 as amended by House Amendment 1, the legislation will not increase or decrease the number of judges needed in the state of Illinois.

Senate Floor Amendment No. 1

Provides that for the purposes of computing service for academic years for any participant, one month of service means a calendar month during which the participant qualifies as an employee and contributes to the System (instead of qualifies as an employee for any fraction of the month).

Senate Floor Amendment No. 2

Changes references from January 1, 2024 to September 1, 2024.

Pension Note (Government Forecasting & Accountability)

According to SURS, the system's actuary does not recognize the actuarial liabilities associated with part-time employees; the actuary assumes all employees are full-time. SURS reports approximately 24% of active members (73,307) have some part-time service. In addition, approximately 16% of retirement claims have a part-time adjustment, and the adjustment typically impacts the final pension amount in 10% of retirement claims. Thus, while there will be no change to SURS' liabilities due to the new service accrual schedule and the elimination of the part-time adjustment (for the aforementioned reason that the actuary assumes all employees are FT employees), SURS claims more assets will be necessary to pay enhanced benefits due to the new accrual schedule and the elimination of the part-time adjustment. The amount by which payouts will increase as a result of these changes has not been provided by SURS.

House Floor Amendment No. 2

Replaces everything after the enacting clause. Reinserts the provisions of the engrossed bill with the following changes. Further amends the State Universities Article of the Illinois Pension Code. Provides that beginning September 1, 2024, a provision excluding specified earnings in the determination of the final rate of earnings applies to an employee who has been employed at 1/2 time or less for 3 or more years. Adds an inseverability provision. Effective immediately.

Land Conveyance Appraisal Note (Dept. of Transportation)

No land conveyances are included in Senate Bill 1235, HA 1; therefore, there are no appraisals to be filed.

State Debt Impact Note (Government Forecasting & Accountability)

SB 1235, as amended by House Amendment 1, would not change the amount of authorization

for any type of State-issued bond, and, therefore, would not affect the level of State indebtedness.

Housing Affordability Impact Note (Housing Development Authority)

This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence and will not impact the cost of housing development in the state of Illinois.

Balanced Budget Note (Office of Management and Budget)

Please be advised that the Balanced Budget Note Act does not apply to SB 1235, as amended by House Amendment 1 as it is not a supplemental appropriation that increases or decreases appropriations. Under the Act, a balanced budget note must be prepared only for bills that change a general funds appropriation for the fiscal year in which the new bill is enacted.

Judicial Note (Admin Office of the Illinois Courts)

Based on a review of SB1235 as amended by House Amendment 1, the legislation will not increase or decrease the number of judges needed in the state of Illinois.

State Mandates Fiscal Note, House Floor Amendment No. 1 (Dept. of Commerce & Economic Opportunity)

SB 1235 HA#1 does not create a State Mandate under the State Mandates Act.

Home Rule Note, House Floor Amendment No. 1 (Dept. of Commerce & Economic Opportunity)

SB 1235 HA #1 does not pre-empt home rule authority.
