FEDERAL COMPLIANCE REPORT

SUMMARY

The compliance testing performed during this audit of the Southern Illinois University (University) was conducted in accordance with the Single Audit Act, Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Guidance Requirements, Cost Principals, and Audit Requirements for Federal Awards (Uniform Guidance)*, and *Government Auditing Standards*.

AUDITOR’S REPORT

The Independent Auditor’s Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance; and Report on Schedule of Expenditures of Federal Awards, and the Schedule of Federal and Nonfederal Activity does not contain scope limitations, disclaimers, or other significant non-standard language.

**INDEPENDENT AUDITOR'S REPORT
ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Frank J. Mautino
Auditor General
State of Illinois

and

Board of Trustees
Southern Illinois
University

As Special Assistant Auditors for the Auditor General, we have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities, fiduciary activities, and the aggregate discretely presented component units of the Southern Illinois University (University), collectively a component unit of the State of Illinois, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the University's basic financial statements, and we have issued our report thereon dated February 9, 2024. Our report includes a reference to other auditors who audited the financial statements of the Southern Illinois University Foundation (at Carbondale), the Association of Alumni, Former Students and Friends of Southern Illinois University, Inc. (at Carbondale), Alumni Association of Southern Illinois University Edwardsville, the Southern Illinois University Edwardsville Foundation, University Park Southern Illinois University at Edwardsville, Inc., Southern Illinois Research Park, Inc. Carbondale, SIU Physicians & Surgeons, Inc., the SIUE East St. Louis Charter School, and the SIU Dental Associates, Southern Illinois University at Edwardsville as described in our report on the University's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the University's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the University's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Honorable Frank J. Mautino
Auditor General
State of Illinois

and

Board of Trustees
Southern Illinois
University

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control described in the accompanying Schedule of Findings as item 2023-001 that we consider to be a significant deficiency.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the University's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* which is described in the accompanying Schedule of Findings as item 2023-001.

University's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the University's response to the findings identified in our audit and described in the accompanying Schedule of Findings. The University's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S
REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM;
REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND,
REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
REQUIRED BY THE UNIFORM GUIDANCE AND
THE SCHEDULE OF FEDERAL AND NONFEDERAL FINANCIAL ACTIVITY**

Honorable Frank J. Mautino
Auditor General
State of Illinois

and

Board of Trustees
Southern Illinois University

Report on Compliance for Each Major Federal Program

Opinion on Each Major Program

As Special Assistant Auditors for the Auditor General, we have audited compliance by Southern Illinois University (the "University") with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the University's major federal programs for the year ended June 30, 2023. The University's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the University complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the University's compliance with the compliance requirements referred to above.

Honorable Frank J. Mautino
Auditor General
State of Illinois

and

Board of Trustees
Southern Illinois University

Other Matter – Federal Expenditures Not Included in the Compliance Audit

The University's basic financial statements include the operations of The Association of Alumni, Former Students and Friends of Southern Illinois University, Inc. (at Carbondale), The Alumni Association of Southern Illinois University Edwardsville, Southern Illinois University Foundation (at Carbondale), Southern Illinois University Edwardsville Foundation, University Park, Southern Illinois University at Edwardsville, Inc., Southern Illinois Research Park, Inc., Carbondale, SIU Physicians & Surgeons, Inc., the SIUE East St. Louis Charter School, and the SIU Dental Associates, Southern Illinois University at Edwardsville, which are not included in the University's Schedule of Expenditures of Federal Awards during the year ended June 30, 2023. Our compliance audit, described in the "Opinion on Each Major Federal Program," does not include the operations of the entities above because the component units engaged other auditors to perform an audit of their financial statements and, if necessary, an audit of compliance and we do not assume responsibility for, and accordingly make reference to, the audits of the component auditors in our Independent Auditor's Reports on the entities above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the University's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the University's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the University's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.

Honorable Frank J. Mautino
Auditor General
State of Illinois

and

Board of Trustees
Southern Illinois University

- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the University's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the University's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

Instances of Noncompliance

The results of our auditing procedures disclosed an instance of noncompliance which are required to be reported in accordance with the Uniform Guidance and which is described in the accompanying Schedule of Findings and Questioned Costs as item 2023-002. Our opinion on each major federal program is not modified with respect to this matter.

Government Auditing Standards requires the auditor to perform limited procedures on the University's response to the noncompliance finding identified in our audit described in the accompanying Schedule of Findings and Questioned Costs. The University's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

Corrective Action Plan

The University is responsible for preparing a corrective action plan to address each audit finding included in our auditor's report. The University's corrective action plan was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on it.

Report on Internal Control Over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and, therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as described below, we did

Honorable Frank J. Mautino
Auditor General
State of Illinois

and

Board of Trustees
Southern Illinois University

identify a certain deficiency in internal control over compliance that we consider to be a significant deficiency.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs as item 2023-002 to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Internal Control Findings

Government Auditing Standards requires the auditor to perform limited procedures on the University's response to the internal control over compliance finding identified in our audit described in the accompanying Schedule of Findings and Questioned Costs. The University's responses were not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Corrective Action Plan

The University is responsible for preparing a corrective action plan to address each audit finding included in our auditor's report. The University's corrective action plan was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on it.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance and the Schedule of Federal and Nonfederal Financial Activity

We have audited the financial statements of the business-type activities, fiduciary activities, and the aggregate discretely presented component units of the University as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the University's basic

Honorable Frank J. Mautino
Auditor General
State of Illinois

and

Board of Trustees
Southern Illinois University

financial statements. We issued our report thereon, dated February 9, 2024, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. In addition, the accompanying Schedule of Federal and Nonfederal Financial Activity is presented for the purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards and the Schedule of Federal and Nonfederal Financial Activity is fairly stated in all material respects in relation to the basic financial statements as a whole.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
CURRENT FINDINGS – GOVERNMENT AUDITING STANDARDS
For the Year Ended June 30, 2023

2023-001. Finding: Inadequate Internal Controls over Census Data

Southern Illinois University (University) did not have adequate internal control over reporting its census data to provide assurance census data submitted to its pension and other postemployment benefits (OPEB) plans was complete and accurate.

Census data is demographic data (date of birth, gender, years of service, etc.) of the active, inactive, or retired members of a pension or OPEB plan. The accumulation of inactive or retired members' census data occurs before the current accumulation period of census data used in the plan's actuarial valuation (which eventually flows into each employer's financial statements), meaning the plan is solely responsible for establishing internal controls over these records and transmitting the data to the plan's actuary. In contrast, responsibility for active members' census data during the current accumulation period is split among the plan and each member's current employer(s). Initially, employers must accurately transmit census data elements of their employees to the plan. Then, the plan must record and retain these records for active employees and then transmit this census data to the plan's actuary.

The University's employees are members of the State Universities Retirement System (SURS) for their pensions and the State Employees Group Insurance Program sponsored by the State of Illinois, Department of Central Management Services (CMS) for their OPEB. In addition, these plans have characteristics of different types of pension and OPEB plans, including single employer plans and cost-sharing multiple employer plans. Additionally, CMS' actuary uses census data for employees of the State's public universities provided by SURS, along with census data for the other participating members provided by the State's four other pensions plans, to prepare their projection of the liabilities of CMS' plan. Finally, SURS' actuary and CMS' actuary used census data transmitted by the University during Fiscal Year 2021 to project pension and OPEB-related balances and activity at the plans during Fiscal Year 2022, which is incorporated into the University's Fiscal Year 2023 financial statements.

During testing, the auditors noted the following:

- During cut-off testing of data transmitted by the University to SURS, auditors noted 1 instance of an active employee becoming deceased was reported to SURS after the close of the fiscal year in which the event occurred. There were also 5 instances previously reported that impacted the June 30, 2021 census data. The total impact to service credit was calculated at 29.50 years.
- During our previous testing of instructor eligibility testing, we noted 5 instructors were not reported as eligible to participate in SURS by the University. All of these instances have been previously reported, however still impacted the June 30, 2021 census data. SURS determined the total potential impact of these differences was the instructors' service credit was off by a combined 6.25 years.

The auditors provided SURS' actuary and CMS' actuary with the exceptions identified during testing, along with the results of census data testing at the State Employees Retirement System of Illinois, and determined the net effect of these errors, along with the errors of other plan

SOUTHERN ILLINOIS UNIVERSITY
A Component Unit of the State of Illinois
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
CURRENT FINDINGS – GOVERNMENT AUDITING STANDARDS
For the Year Ended June 30, 2023

2023-001. Finding: Inadequate Internal Controls over Census Data (Continued)

participants, was immaterial to SURS' and CMS' pension and OPEB-related balances and activity at the plans during Fiscal Year 2022.

The Fiscal Control and Internal Auditing Act (30 ILCS 10/3001) requires the University establish and maintain a system, or systems, of internal fiscal and administrative controls to provide assurance funds applicable to operations are properly recorded and accounted for to permit the preparation of reliable financial reports and to maintain accountability over the State's resources.

Additionally, eligibility criteria for participation in SURS under the Illinois Pension Code (Code) (40 ILCS 5/15-134(a)) states any person who is an employee of the University becomes a participant in SURS. Under the Code (40 ILCS 5/15-107), an employee is any member of the educational, administrative, secretarial, clerical, mechanical, labor, or other staff of an employer whose employment in a position in which services are expected to be rendered on a continuous basis for at least four months or an academic term, whichever is less:

- 1) not a student employed on a less than full-time temporary basis;
- 2) not receiving a retirement or disability annuity from SURS;
- 3) not on military leave;
- 4) not eligible to participate in the Federal Civil Service Retirement System,
- 5) not currently on a leave of absence without pay more than 60 days after the termination of SURS' disability benefits;
- 6) not paid from funds received under the Federal Comprehensive Employment and Training Act as a public service employment program participant hired on or after July 1, 1979;
- 7) not a patient in a hospital or home;
- 8) not an employee compensated solely on a fee basis where such income would net earnings from self-employment;
- 9) not providing military courses pursuant to a federally-funded contract where the University has filed a written notice with SURS electing to exclude these persons from the definition of an employee;
- 10) currently on lay-off status of not more than 120 days after the lay-off date;
- 11) not on an absence without pay of more than 30 days; and,
- 12) a nonresident alien on a visa defined under subparagraphs (F), (J), (M), or (Q) of Section 1101(a)(15) of Title 8 of the United States Code who (1) has met the Internal Revenue Service's substantial presence test and (2) became an employee on and after July 1, 1991.

In addition, the Code (40 ILCS 5/15-157) requires the University to, at a minimum, withhold contributions of each employee's total compensation of 8% (9.5% for firefighters or police officers) for their participation in SURS, unless further contributions by the employee would either exceed the maximum retirement annuity in the Code (40 ILCS 5/15-136(c)) or the Tier 2 earnings limitation within the Code (40 ILCS 5/15-111(b)), and remit these amounts to SURS. Further, the Code (40 ILCS 5/15-155(b)) requires the University remit employer contributions to SURS reflecting the accruing normal costs of an employee paid from federal or trust funds.

SOUTHERN ILLINOIS UNIVERSITY
A Component Unit of the State of Illinois
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
CURRENT FINDINGS – GOVERNMENT AUDITING STANDARDS
For the Year Ended June 30, 2023

2023-001. Finding: Inadequate Internal Controls over Census Data (Continued)

Finally, for CMS' OPEB plan, participation in OPEB is derivative of an employee's eligibility to participate in SURS, as members of SURS participate in OPEB as annuitants under the State Employees Group Insurance Act of 1971 (Act) (5 ILCS 375/3(b)).

University officials indicated the one current year exception is due to the difficulty in timely reporting events which occur near the end of the fiscal year to SURS.

Failure to ensure complete and accurate census data was reported to SURS reduces the overall reliability of pension and OPEB-related balances and activity reported in the University's financial statements, the financial statements of other employers within both plans, and the State of Illinois' Annual Comprehensive Financial Report. Further, failure to report all eligible employees to SURS may result in employees not receiving the pension and OPEB benefits they are entitled to receive under the Code and the Act. (Finding Code No. 2023-001, 2022-001, 2021-001, 2020-001)

RECOMMENDATION

We recommend the University continue to focus on the incremental changes to the census data file from the prior actuarial valuation, provided no risks are identified that incomplete or inaccurate reporting of census data may have occurred during prior periods. Any errors identified during this process should be promptly corrected by either the University or SURS, with the impact of these errors communicated to both SURS' actuary and CMS' actuary.

Further, we recommend the University ensure all events occurring within a census data accumulation year are timely reported to SURS so these events can be incorporated into the census data provided to SURS' actuary and CMS' actuary.

Finally, we recommend the University ensure all eligible employees are reported to SURS, along with any required employee and employer contributions.

UNIVERSITY RESPONSE

Agree. SIU continues to reconcile utilizing the periodic reports provided by SURS via encrypted email against our records of related internal transactions. We are actively in the process of working with our IT teams to create automated comparative scripts to add automation and efficiency to the reconciliation process on an ongoing basis.

SOUTHERN ILLINOIS UNIVERSITY
A Component Unit of the State of Illinois
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
CURRENT FINDINGS – FEDERAL COMPLIANCE AND QUESTIONED COSTS
For the Year Ended June 30, 2023

2023-002. Finding: Student Enrollment Reporting

Federal Agency: U.S. Department of Education
Assistance Listing Number: 84.007, 84.063, 84.268
Program Expenditures: \$168,796,624
Program Name: Student Financial Assistance Cluster
Award Number(s): P063P180116, P007A151286, P007A221285, P063P220115, P268K230115
Questioned Costs: None

Southern Illinois University (the “University”) Carbondale (“SIUC”) and Edwardsville (“SIUE”) campuses did not have adequate procedures in place to ensure student enrollment data elements were reported accurately and timely.

During our testing of students who withdrew or graduated from the University, we noted 3 out of 40 (7.5%) students did not have enrollment statuses reported accurately and timely. One student was reported as graduated on a date that did not reflect their degree date from the University (SIUE). One student was reported as active in the program despite graduating from the University (SIUE). Lastly, campus-level and program-level enrollment status for one student was not reported timely (SIUC). The sample was not a statistically valid sample.

The Direct Loan Program requirements require a school participating in Title IV aid programs to establish and maintain proper administrative and fiscal procedures and all necessary records and submit all reports to the Department of Education (34 CFR 685.309).

Uniform Guidance (2 CFR 200.303(a)) requires nonfederal entities receiving federal awards establish and maintain effective internal control to reasonably ensure compliance with Federal laws, statutes, regulations, and the terms and conditions of the Federal award. Effective internal controls should include procedures to ensure that all student enrollment reporting requirements are reviewed to ensure compliance.

University officials indicated there were misunderstandings and clerical errors between the University records, the National Student Clearinghouse, and the National Student Loan Data System rosters that resulted in the untimely updating of student enrollment status changes.

Without sufficient controls around enrollment reporting there is a greater risk that student enrollment data will not be reported accurately or timely. Inaccurate or untimely reporting of student enrollment data can result in inconsistencies between the University’s records and the National Students Loan Data System as well as potential delays in the repayment of federal loans. (Finding Code No. 2023-002).

RECOMMENDATION

We recommend the University establish processes and procedures to ensure student enrollment changes are communicated timely to the Department of Education.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
CURRENT FINDINGS – FEDERAL COMPLIANCE AND QUESTIONED COSTS
For the Year Ended June 30, 2023

2023-002. Finding: Student Enrollment Reporting (Continued)

UNIVERSITY RESPONSE

Agree. The campuses have implemented processes to prevent further errors in enrollment reporting, despite the disconnects and system problems that have been observed.

SOUTHERN ILLINOIS UNIVERSITY
A Component Unit of the State of Illinois
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
PRIOR FINDINGS NOT REPEATED
For the Year Ended June 30, 2023

A. FINDING: Inadequate Procedures for Ensuring Compliance with Earmarking Requirements for Student Support Services Program

During the prior engagement period, the Southern Illinois University Carbondale campus did not have adequate procedures to ensure the earmarking requirements for the Student Support Services program were met during the fiscal year.

During the current engagement period, our testing indicated the earmarking requirements were met. (Finding Code No. 2022-002, 2021-002, 2020-003, 2019-001, 2018-002)

B. FINDING: Sliding Fee Discount Not Applied to All Eligible Patients

During the prior engagement period, the Southern Illinois University Springfield campus did not properly apply the sliding fee discount to all eligible patients.

During the current engagement period, our testing indicated the sliding fee discounts were being provided to all eligible patients in our sample. (Finding Code No. 2022-003)

C. FINDING: Insufficient Controls over Review and Approval of Cash Drawdowns

During the prior engagement period, the Southern Illinois University Carbondale campus did not have procedures in place to consistently review cash drawdowns for the Research and Development Cluster.

During the current engagement period, the Southern Illinois Carbondale campus established additional procedures and our sample testing did not identify any instances of cash drawdowns lacking review. (Finding Code No. 2022-004)

D. FINDING: Inadequate Procedures for Ensuring Retention of Eligibility Documentation for the Upward Bound Program

During the prior engagement period, the Southern Illinois University Edwardsville campus did not have adequate procedures in place to ensure the required documentation was retained for all students who received stipends during the audit period.

During the current engagement period, no stipends were paid, no new participants were added, and the grant was closed out for the program location where the prior audit exceptions occurred. In addition, the University made some changes to ensure eligibility documentation is retained for the ongoing TRIO programs. (Finding Code No. 2022-005)

SOUTHERN ILLINOIS UNIVERSITY
A Component Unit of the State of Illinois
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
PRIOR FINDINGS NOT REPEATED (Continued)
For the Year Ended June 30, 2023

E. FINDING: Inaccurate Reporting of Student Verification Status

During the prior engagement period, the Southern Illinois University Carbondale campus incorrectly reported the verification status for a student to the U.S. Department of Education through the Common Origination and Disbursement (COD) website.

During the current engagement period, our sample testing did not identify any instances of incorrect verification statuses being reported to the U.S. Department of Education through the COD website. (Finding Code No. 2022-006)

F. FINDING: Exit Counseling Not Completed

During the prior engagement period, the Southern Illinois University Edwardsville campus did not complete exit counseling for all necessary students within the required time period.

During the current engagement period, our sample testing of students that changed status (graduated, transferred, or withdrew) identified no reportable instances of noncompliance with timeliness requirements. (Finding Code No. 2022-007, 2021-003, 2020-004, 2019-002, 2018-005, 2017-004)

G. FINDING: Procurement Requirements Not Followed

During the prior engagement period, the Southern Illinois University Edwardsville campus did not follow procurement requirements for all purchases under the Higher Education Emergency Relief Fund (HEERF).

During the current engagement period, our testing indicated no instances of procurement requirements not being followed for HEERF expenditures in our sample. (Finding Code No. 2022-008)

SOUTHERN ILLINOIS UNIVERSITY
A Component Unit of the State of Illinois
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
For the Year Ended June 30, 2023

NOTE 1 – Basis of Presentation

The accompanying schedule of expenditures of federal awards (the “Schedule”) includes the federal award activity of Southern Illinois University (the “University”) under programs of the federal government for the year ended June 30, 2023. The information in this Schedule is presented in accordance with the requirements of 2 CFR Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the University, it is not intended to and does not present the financial position, changes in net position, or cash flows of the University.

NOTE 2 – Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through entity identifying numbers are presented where available. The University has not elected to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE 3 – Transfers

During the year ended June 30, 2023, the Edwardsville campus expended \$44,644 of the 2021-2022 Federal Work-Study (FWS) Program (84.033) and \$20,737 of the 2021-2022 Federal Supplemental Educational Opportunity Grant (FSEOG) Program (84.007) in 2022-2023. The Edwardsville campus also carried forward \$70,736 of the FWS Program and \$35,635 of the FSEOG Program to be spent in 2023-2024.

During the year ended June 30, 2023, the Carbondale campus expended \$133,602 of the 2021-2022 Federal Work-Study (FWS) Program (84.033) and carried forward \$180,487 of the FWS Program to be spent in 2023-2024.

During the year ended June 30, 2023, the following transfers were initiated:

CAMPUS	TRANSFER FROM	AMOUNT	TRANSFER TO
Carbondale	Federal Work Study-84.033	\$ 458,990	Supplemental Educational Opportunity Grant-84.007
Edwardsville	Federal Work Study-84.033	\$ 114,454	Supplemental Educational Opportunity Grant-84.007

SOUTHERN ILLINOIS UNIVERSITY
A Component Unit of the State of Illinois
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
For the Year Ended June 30, 2023

NOTE 4 – Federal Direct Student Loan Program

During the fiscal year ended June 30, 2023, the University processed the following amounts of non-cash federal awards in the form of loans under the Federal Direct Student Loan Program, CFDA #84.268, which includes Stafford Loans, Parents' Loans for Undergraduate Students, and Supplemental Loans for Students:

	<u>CARBONDALE</u>	<u>EDWARDSVILLE</u>	<u>TOTAL</u>
Year ended June 30, 2023	\$ 64,152,214	\$ 64,151,837	\$ 128,304,051

NOTE 5 – Noncash Assistance and Federal Insurance

During the fiscal year ended June 30, 2023, the University received no noncash assistance, except as disclosed in Note 4. Also, there was no federally funded insurance in effect during the year ended June 30, 2023.

NOTE 6 – Loan Balances

Loans outstanding at the beginning of the year and loans made during the year are included in the federal expenditures presented in the Schedule of Expenditures of Federal Awards. The balances of loans outstanding at June 30, 2023 consist of the following:

<u>PROGRAM</u>	<u>CFDA</u>	<u>CARBONDALE</u>	<u>EDWARDSVILLE</u>	<u>TOTAL</u>
Perkins Loan	84.038	\$ 4,356,275	\$ 298,124	\$ 4,654,399
Health Professionals Loan	93.342	816,886	14,629	831,515
Disadvantaged Student Loan	93.342	19,992	-	19,992
		\$ 5,193,153	\$ 312,753	\$ 5,505,906
