INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Honorable Frank J. Mautino  
Auditor General  
State of Illinois

and

Board of Trustees  
Southern Illinois University

As Special Assistant Auditors for the Auditor General, we have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities, fiduciary activities, and the aggregate discretely presented component units of Southern Illinois University (University), collectively a component unit of the State of Illinois, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the University's basic financial statements, and we have issued our report thereon dated February 11, 2025. Our report includes a reference to other auditors who audited the financial statements of Southern Illinois University Foundation (at Carbondale), the Association of Alumni, Former Students and Friends of Southern Illinois University, Inc. (at Carbondale), the Alumni Association of Southern Illinois University Edwardsville, the Southern Illinois University Edwardsville Foundation, University Park Southern Illinois University at Edwardsville, Inc., Southern Illinois Research Park, Inc. Carbondale, SIU Physicians & Surgeons, Inc., the SIUE East St. Louis Charter School, and the SIU Dental Associates, Southern Illinois University at Edwardsville as described in our report on the University's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the University's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the University's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Honorable Frank J. Mautino  
Auditor General  
State of Illinois

and

Board of Trustees  
Southern Illinois University

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and, therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control described in the accompanying Schedule of Findings as item 2024-001 that we consider to be a significant deficiency.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the University's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **University's Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the University's response to the findings identified in our audit and described in the accompanying Schedule of Findings. The University's response was not subjected to the other auditing procedures applied in the audit of the financial statements, and, accordingly, we express no opinion on the response.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S  
REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM;  
REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND,  
REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
REQUIRED BY THE UNIFORM GUIDANCE AND  
THE SCHEDULE OF FEDERAL AND NONFEDERAL FINANCIAL ACTIVITY**

Honorable Frank J. Mautino  
Auditor General  
State of Illinois

and

Board of Trustees  
Southern Illinois University

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Program***

As Special Assistant Auditors for the Auditor General, we have audited compliance by Southern Illinois University (the "University") with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the University's major federal programs for the year ended June 30, 2024. The University's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the University complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

Honorable Frank J. Mautino  
Auditor General  
State of Illinois

and

Board of Trustees  
Southern Illinois University

We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the University's compliance with the compliance requirements referred to above.

***Other Matter – Federal Expenditures Not Included in the Compliance Audit***

The University's basic financial statements include the operations of The Association of Alumni, Former Students and Friends of Southern Illinois University, Inc. (at Carbondale), The Alumni Association of Southern Illinois University Edwardsville, Southern Illinois University Foundation (at Carbondale), Southern Illinois University Edwardsville Foundation, University Park, Southern Illinois University at Edwardsville, Inc., Southern Illinois Research Park, Inc., Carbondale, SIU Physicians & Surgeons, Inc., the SIUE East St. Louis Charter School, and the SIU Dental Associates, Southern Illinois University at Edwardsville, which are not included in the University's Schedule of Expenditures of Federal Awards during the year ended June 30, 2024. Our compliance audit, described in the "Opinion on Each Major Federal Program," does not include the operations of the entities above because the component units engaged other auditors to perform an audit of their financial statements and, if necessary, an audit of compliance and we do not assume responsibility for, and accordingly make reference to, the audits of the component auditors in our Independent Auditor's Reports on the entities above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the University's federal programs.

***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the University's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the

Honorable Frank J. Mautino  
Auditor General  
State of Illinois

and

Board of Trustees  
Southern Illinois University

aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the University's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the University's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the University's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control Over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Honorable Frank J. Mautino  
Auditor General  
State of Illinois

and

Board of Trustees  
Southern Illinois University

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance and the Schedule of Federal and Nonfederal Financial Activity**

We have audited the financial statements of the business-type activities, fiduciary activities, and the aggregate discretely presented component units of the University as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the University's basic financial statements. We issued our report thereon, dated February 11, 2025, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. In addition, the accompanying Schedule of Federal and Nonfederal Financial Activity is presented for the purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards and the Schedule of Federal and Nonfederal Financial Activity is fairly stated in all material respects in relation to the basic financial statements as a whole.

Honorable Frank J. Mautino  
Auditor General  
State of Illinois

and

Board of Trustees  
Southern Illinois University

**SCHEDULE OF FINDINGS – GOVERNMENT AUDITING STANDARDS FINDINGS**  
For the Year Ended June 30, 2024

**2024-001 Finding - Inadequate Internal Controls over Cutoff of Accounts Payable and Accrued Liabilities**

Southern Illinois University (University) did not have adequate internal controls over cutoff of accounts payable and accrued liabilities to ensure amounts owed are recorded in the proper period.

During testing performed within the financial statement audit, the auditors noted the following:

- The University recorded two invoices for \$206,741 and \$613,025, respectively, in accounts payable as of June 30, 2024. However, the services related to fiscal year 2025.
- The University recorded a duplicate invoice for \$161,675 in accounts payable as of June 30, 2024.
- The University did not record an invoice for \$48,163 in accounts payable as of June 30, 2024 although the goods were received in fiscal year 2024.
- The University accrued and expensed, rather than capitalized, two fixed assets for \$263,770 during fiscal year 2024.

The University did not record adjustments to the financial statements for these misstatements.

The Fiscal Control and Internal Auditing Act (30 ILCS 10/3001) requires all State agencies to establish and maintain a system, or systems, of internal fiscal and administrative controls to provide assurance that expenditures, resources, or funds applicable to operations are properly recorded and accounted for to permit the preparation of accounts and reliable financial reports. Good internal control procedures require adequately trained personnel with the knowledge, skills and experience to prepare GAAP-based financial statements, management oversight and review of accounting policies and procedures, as well as an overall review of financial reporting for accuracy and compliance with GAAP.

Governmental Accounting Standards Board (GASB) Statement No. 62 – *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements* requires government-wide financial statements to be prepared using the economic resources measurement focus and the accrual basis of accounting. The accrual basis of accounting records revenues and expenses when they are earned or incurred, regardless of when the cash is actually received or paid. GASB 62, paragraph 34, also requires current liabilities to be used principally to designate obligations whose liquidation is reasonably expected to require the use of existing resources properly classifiable as current assets, or the creation of other current liabilities.

University officials indicated some errors were caused by improper input of the service date within the accounting system in instances where the service period did not match the invoice date and crossed fiscal reporting periods. Officials indicated the duplicate invoice was recorded due to a lack of review of accruals impacted by voided checks as of June 30, 2024. Officials also indicated

**SOUTHERN ILLINOIS UNIVERSITY**  
A Component Unit of the State of Illinois  
**SCHEDULE OF FINDINGS – GOVERNMENT AUDITING STANDARDS FINDINGS**  
For the Year Ended June 30, 2024

**2024-001 Finding - Inadequate Internal Controls over Cutoff of Accounts Payable and Accrued Liabilities (continued)**

fixed assets were not timely reviewed to determine if they should be capitalized as of June 30, 2024.

These deficiencies in the University's internal control over financial and fiscal operations pose a reasonable possibility that a misstatement of the University's financial statements will occur and not be prevented or detected and corrected on a timely basis. Accurate preparation of the University's financial information for GAAP and financial reporting purposes is important due to the impact adjustments may have on the Statewide financial statements. (Finding Code No. 2024-001)

**RECOMMENDATION**

We recommend the University ensure performance of appropriate reviews of invoice details to ensure the service period is being utilized to determine the period in which accounts payable and accrued liabilities and the related expenses are recorded in the financial statements. We also recommend the University review the service date entered into the system to ensure amounts are accrued in the proper fiscal year.

Additionally, we recommend the University input a control to timely review for payments on fixed assets to ensure expenses are being properly capitalized in the correct period.

**UNIVERSITY RESPONSE**

Agree. The University will ensure that appropriate reviews of invoice details are performed so that accurate service dates are entered into the accounting system in order to properly record accrued expenses. The results of the audit were reviewed with accounts payable staff, and additional training has been provided to underscore the importance of the accuracy of the service dates to ensure expenditures are properly recorded in either the prior or current fiscal year. Each year at fiscal year-end, the Accounts Payable supervisor will meet with staff to provide refresher training on this issue. Accounts Payable staff have been encouraged to seek guidance and further review of any invoices in which the service dates are not clearly discernable.

Also, the University will implement the following control regarding payments on fixed assets to ensure expense capitalization in the proper period. Any invoices entered and corresponding payments made in July that are accruable due to receipt of equipment prior to July 1st will be shared with the respective Property Control staff for review and inclusion as capitalized assets as needed. The results of this audit were shared with Property Control staff. Recording an expense accrual in the prior year as well as capitalizing the equipment into the prior year fixed assets period will ensure that the applicable expense and capitalization will occur in the same fiscal year.

**SOUTHERN ILLINOIS UNIVERSITY**  
**A Component Unit of the State of Illinois**  
**SCHEDULE OF FINDINGS – PRIOR FINDINGS NOT REPEATED**  
**For the Year Ended June 30, 2024**

**A. FINDING: Inadequate Internal Controls over Census Data**

Southern Illinois University (University) did not have adequate internal control over reporting its census data to provide assurance census data submitted to its pension and other postemployment benefits (OPEB) plans were complete and accurate.

During the current examination, no exceptions were noted in relation to the census data. (Finding Code No. 2023-001, 2022-001, 2021-001, 2020-001)

**B. FINDING: Student Enrollment Reporting**

During the prior engagement period, the Southern Illinois University (the “University”) Carbondale and Edwardsville campuses did not have adequate procedures in place to ensure student enrollment data elements were reported accurately and timely.

During the current engagement period, our testing did not identify any errors in enrollment reporting at either campus. (Finding Code No. 2023-002)

**State of Illinois  
Southern Illinois University  
Notes to Schedule of Expenditures of Federal Awards  
For the Year Ended June 30, 2024**

**NOTE 1 – Basis of Presentation**

The accompanying schedule of expenditures of federal awards (the “Schedule”) includes the federal award activity of Southern Illinois University (the “University”) under programs of the federal government for the year ended June 30, 2024. The information in this Schedule is presented in accordance with the requirements of 2 CFR Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the University, it is not intended to and does not present the financial position, changes in net position, or cash flows of the University.

**NOTE 2 – Summary of Significant Accounting Policies**

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through entity identifying numbers are presented where available. The University has not elected to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

**NOTE 3 – Transfers**

During the year ended June 30, 2024, the Edwardsville campus expended \$70,736 of the 2022-2023 Federal Work-Study (FWS) Program (84.033) and \$35,635 of the 2022-2023 Federal Supplemental Educational Opportunity Grant (FSEOG) Program (84.007) in 2023-2024. The Edwardsville campus also spent \$48,688 of FWS in 2023-2024 that were carried back from 2024-2025.

During the year ended June 30, 2024, the Carbondale campus expended \$180,487 of the 2022-2023 FWS Program and carried forward \$217,499 of the FWS Program to be spent in 2024-2025. The Carbondale campus also carried forward \$44,934 of the 2023-2024 FSEOG Program to be spent in 2024-2025.

During the year ended June 30, 2024, the following transfers were initiated:

<u>CAMPUS</u>	<u>TRANSFER FROM</u>	<u>AMOUNT</u>	<u>TRANSFER TO</u>
Edwardsville	Federal Work Study-84.033	\$ 170,682	Supplemental Educational Opportunity Grant-84.007

**State of Illinois  
Southern Illinois University  
Notes to Schedule of Expenditures of Federal Awards  
For the Year Ended June 30, 2024**

**NOTE 4 – Federal Direct Student Loan Program**

During the fiscal year ended June 30, 2024, the University processed the following amounts of non-cash federal awards in the form of loans under the Federal Direct Student Loan Program, ALN #84.268, which includes Stafford Loans, Parents' Loans for Undergraduate Students, and Supplemental Loans for Students:

	<b>CARBONDALE</b>	<b>EDWARDSVILLE</b>	<b>TOTAL</b>
Year ended June 30, 2024	\$ 63,481,690	\$ 62,081,447	\$ 125,563,137

**NOTE 5 – Noncash Assistance and Federal Insurance**

During the fiscal year ended June 30, 2024, the University received no noncash assistance, except as disclosed in Note 4. Also, there was no federally funded insurance in effect during the year ended June 30, 2024.

**NOTE 6 – Loan Balances**

Loans outstanding at the beginning of the year and loans made during the year are included in the federal expenditures presented in the Schedule of Expenditures of Federal Awards. The balances of loans outstanding at June 30, 2024 consist of the following:

<b>PROGRAM</b>	<b>CFDA</b>	<b>CARBONDALE</b>	<b>EDWARDSVILLE</b>	<b>TOTAL</b>
Perkins Loan	84.038	\$ 2,844,717	\$ 182,804	\$ 3,027,521
Health Professionals Loan	93.342	941,258	8,450	949,708
Disadvantaged Student Loan	93.342	19,992	-	19,992
		\$ 3,805,967	\$ 191,254	\$ 3,997,221

**SOUTHERN ILLINOIS UNIVERSITY**
